GOLF PLAY BEGINS.

Northeaster Doesn't Weaken Ardor of Players.

Hamilton, Mass., Aug. 27.—A dry northeaster was thrashing itself out over the hills and dunes of the Myopia hunt club when play was begun in the fourteenth open golf championship. The experts expressed themselves as delighted with the conditions and everything seemed to the players to be favorable to low scores. The field which was sent away in pairs at five minute intervals was unusually large and included seventy professionals and 21 amateurs. Among the former was Alex Ross, the winner of last year's event; Willie Anderson, a four-time national champion and the winner of the last open championship at Myopia; Al C. Smith, the 1906 champion, his brother Willie Smith, who captured the event in 1899, Lawrie Auchterlonie, the 1900 champion, and Fred Herd, who won at Myopia 10 years ago, when it was a nine hole course. The amateurs included Walter J. Travis of Garden City, and Eben M. Byers of Pittsburg, both former amateur champions.

ENFORCE THE LAW

Governor Fort Warns Atlantic City What to Expect.

Will Have a Closed Sunday One Way or Another.

EITHER MARTIAL LAW

An Extra Session of the Legislature, or Both.

Old Fight Between Legal Authority and Public Sentiment.

Atlantic City, Aug. 27.—Governor Fort's startling proclamation created a sensation here. His drastic attitude on the subject of violations of the law was the sole topic of conversation everywhere. The grand jury is meeting again today at May's Landing, the county seat and much curiosity is expressed regarding the outcome of the body's deliberations. A week ago the grand jury after much deliberation handed down two indictments against alleged violators of the Sunday liquor law, other charges being postponed. The following Sunday was declared by observers to have been more "wide open" than ever before. Members of the grand jury and Atlantic City officials declared that they would be no lenient or enforcement of law against Sunday liquor selling and gambling until after the close of the season. As a severe storm is prevailing and summer visitors are leaving the resort in great numbers, it is possible that the grand jury may conclude that the season is closed.

The sheriff has made no effort to enforce the laws relative to selling liquor on Sunday, the proclamation reads. "The chief of police will make no effort to enforce those laws or the laws against gambling and immoral houses and lewd women unless so ordered by the mayor and the mayor refuses to so order. Therefore, I, as governor of the state, propose to see that the laws are enforced and to that end I will ask the legislature for power to remove delinquent officers and otherwise enforce the laws.

Choice of Remedies.

Two methods suggest themselves as a remedy when the officials refuse, and the courts of law are powerless to punish the wrong doer.

LIMIT ON APPEALS.

American Bar Association Goes on Record in Its Favor.

Seattle, Aug. 27.—The American Bar association last night by a sharp division of the vote, adopted the report of the special committee appointed a year ago to suggest remedies and formulate laws to prevent delays and unnecessary cost in litigation. This action puts the body on record as favoring the restriction of appeals by the higher courts to cases where actual prejudice is shown, rather than on purely technical grounds. The report contained a bill to be presented to congress making proposed amendments to several sections of the act regulating judicial procedure in the courts of the United States. They covered appeals both in civil and criminal cases. A sharp debate on the report followed its introduction. F. W. Lehman of St. Louis, and Everett P. Wheeler, members of the committee, led the discussion in support of the report, and Charles W. Burch led the opposition. The final vote was 60 to 22, showing the necessary two-thirds majority to carry a resolution for endorsing legislation according to the rules of the association.

will acquit Billik and place the guilt on Emma Niemann, a niece of the murdered man. The evidence at this time is being produced at the inquest over the body of Herman Niemann, the husband of the accused woman, who also died mysteriously, which is being held at Wheaton, Ill. For the first time during the inquest Mrs. Emma Niemann appeared in her own behalf. This was entirely contrary to the advice of her attorney, but it seems now that her statements on the stand proves her innocence beyond the shadow of a doubt.

TO LIFT A MORTGAGE

While it may be best for some people to borrow on a straight loan, paying the interest semi-annually, and the entire principal in three or five years, it would be better for nine-tenths of those who borrow to have a loan where the interest and a small amount of the principal is paid each month, with the privilege of paying as much more as they desire at any time, and thereby saving interest.
