Superior to granite iron or anything else for use in the kitchen. Highly sanitary. Lasts forever. Does not peel.

90c a Set—3 Pieces

Experienced Agents Wanted To Canvass The City.

Call early Monday morning, so as to avoid the rush.

REVELATION GROCERY—817 Kansas Avenue.

LITTLE LEFT TO TELL.

Haywood Trial Has Been Adjourned Until Next Monday.

Boise, July 6.—When court met after recess in the Haywood trial Friday afternoon John Harper was on the stand. Mr. Richter asked him questions as to the conditions existing throughout the entire district, namely, that the enemies of the Western Federation persistently endeavor to create enmity against the federation and so bring about disturbances.

The court sustained an objection by the state to this line of evidence from Harper on the ground that his opinion was not competent. Harper was cross examined by Senator Borah. He was asked only a few questions as to his experiences during the troubles following the blowing up of the Independence depot, when he was under arrest and his store looted.

J. Wolfe was recalled and said that the registered letter he sent to San Francisco was addressed to "J. Dempsey," and so far as he knew contained no money.

G. N. Houtton, a miner of Canon City, Col., was called to show that he was arrested during the troubles at Victor and that the first question asked him was whether he was a member of and intended to support the Western Federation of Miners. He had replied that he was a member and on that he was immediately clapped in jail.

Mr. Darrow at the conclusion of Houtton's examination announced that with the exception of one or two witnesses who would not take up much time, and the reading of the Bradley depositions from San Francisco and the testimony of C. H. Moyer and D. Haywood, the defense was all in.

He asked that an adjournment be taken until Monday morning. The state agreed and an adjournment was taken until Monday morning.

Judge Wood announced that he would put counsel on both sides in notice before the arguments as to what the instructions of the court would be. This, he said, he thought would facilitate the preparation of the arguments.

WORLD'S BIGGEST PLAYGROUND.

Jersey City to Have One Containing Sixty-Nine Acres.

New York, July 6.—Jersey City is to have the largest play ground in the world. It will be about six times as large again as the great Stadium at Athens and more than half as large again as the famous parade ground adjoining Prospect Park, Brooklyn, which has 20 baseball diamonds, 11 cricket fields, and scores of tennis courts and lawns for various other games.

The site of the new play ground is about 69 acres in extent and is level as a floor. It is now uncultivated land on the Hackensack Meadows west of the city and bordering on the Hackensack river.

Along the river's edge will be an immense swimming pool, recreation place, refectory and a broad esplanade. Baseball fields, golf links, tennis courts and cricket grounds will be laid out on the main ground and there will be a great central field house, where all players may make ready for the games. In the winter there will be an immense skating rink free to all.

A Negro Woman Jointed.

Junction City, Kan., July 6.—Sallie Felton, a colored woman living on East Sixth, was arrested for selling beer. A barrel of beer and a case of empties were confiscated. A police court the woman was fined \$100 and costs and sentenced to 30 days in jail.

Scaffold Falls, Two Injured.

Junction City, Kan., July 6.—Friday afternoon a section of the scaffolding on the south side of the second floor of the library building gave way under the weight of a large quantity of stone severely injuring Pete Klingberg and E. F. Sherman, stone masons, who were

SNAP SHOTS

IF you'd walk a little faster Why, you'd get there a little quicker. IF you'd work just a bit harder Why, you'd get done a little sooner. IF you'd sing a little softer Why, your music would be sweeter. IF you'd be a bit more gentle Why, your ways would be more pleasant. IF you'd laugh instead of sighing. IF you'd work instead of crying. IF you'd stand a man or woman. IF you'd stand a man or woman. Stand for all these things I've named here Why, you'd be God's man and woman. —Comstock.

The Chautauqua will open up in Garfield park a week from Monday, July 15.

The city park will be lighted sufficiently hereafter so that there will be no complaint from people attending the band concerts.

The Hutchinson baseball team opens a series of four games with the locals this afternoon. The Hutchinson team is playing great ball.

Eighteen prisoners at the city jail yesterday were in the act of picking the lock and gaining their freedom when their efforts were frustrated.

Malon Burget, the deaf mute prophet says that he has heard the cry of Mayor Friell of Larned for harvest hands and will leave for the wheat fields tonight.

With the view of laying a foundation for a story tomorrow of the escape of the prisoners from the city jail, the announcement is made that he was arrested late last night.

The petitions to call a special election to vote on the commission plan of government are being rapidly signed both in North Topeka and on the south side of the river.

From now on it isn't necessary to purchase a special delivery stamp to get that service. All that is necessary is to stick on ten cents in stamps in addition to the usual postage.

Besides the cash received for stamps money orders and stamped paper at the Topeka office, Postmaster Rogers handles about \$200,000 annually of the fourth class postage funds of the state.

Herman Crow has admitted that the hit credited to him by the newspapers during the forenoon game, July 5, should have been an error and is willing that the official score shall show an error in place of a hit.

The present series of ball games with Hutchinson marks the division of the season into equal parts as far as the games to be played in Topeka are concerned, 32 games have been played and 32 more are scheduled.

The superintendent of the electric light plant has been instructed by the city council to wire the band stand in the city park and there is a possibility that Marshall's band will give evening concerts some time this summer.

Mr. and Mrs. S. H. Hostetter will leave for their farm in Dickinson county tonight to assist in the wheat harvest which is now on in that section of the state. Mr. Hostetter is in the office force in Crosby Bros. store.

The weeds which might properly be referred to as timber on the lots on the corner of Fifth street and Western avenue are being cut and the heavy piles have already discovered a number of real estate signs which have been hidden from view since early in the spring.

"It seems to me that the management of several of the teams in the Western association are starting an anti-Sunday baseball agitation rather early," said a fan who likes clean sport, "when one considers the fact that the legislature does not meet until a year from this winter."

The pastorate of the First Methodist church seems to be one of the sure steps to securing the honors of bishop for Rev. W. C. Evans, formerly of the First Methodist is being talked of as a probable bishop, while Dr. McFarland, who preceded him in the pastorate on a few years ago for the same honors.

Mr. and Mrs. L. R. Blackshere of Elmira, Kan., are the parents of a son born this morning at the city hospital. Mr. Blackshere is one of the owners of the big "Clover Cliff" ranch in Chase county. They are feeding 2,000 head of cattle, have hundreds of acres of alfalfa and the same of corn. The range, alfalfa and corn are in fine condition, says Mr. Blackshere.

Bert Cornell, who was chief clerk and assistant secretary under J. H. Burrow, when the latter was secretary of state, has bought a drug store at Smith Center and will go into business there. Mr. Cornell has not been in Topeka since the legislature was employed for some time in the office of Secretary Denton doing extra work connected with the legislature.

The Topeka Eagles took both ends of a double header ball game on the grounds of the latter, July 4th. The first game the score stood 6 to 3 and the second 2 to 9 in favor of the Topeka players. Batteries in the first game for the Eagles: Haas and Lesline; second game Groom and Lesline; first game, first game: Erv and Stewart; second game, Negonot and Stewart.

At the Air Dome. The Gilmore players repeated "Why He Divorced Her" to another well pleased audience at the Air Dome last night. Tonight this company will present for the first time in this city the four act society comedy, "A Woman's Destiny." This play has been successful in the larger cities. Its scenes are laid in and about the city of Washington. Mr. Gilmore has been in a part entirely different from any in which he has so far appeared here, that of an English lord. He is said to be at his best in this part. "There is no sign of crop failure in Lincoln county," said Mr. Lyons, who is in the real estate and farming business and knows thoroughly the conditions. "We will raise as much wheat in the county as we did last year. Some fields will run 25 bushels to the acre and the average will be bushels. Prices will be higher than last year, and the county will have plenty of money. Corn, too, is looking much better than the average. It is down here. We are going to have a fine corn crop. Take it all together, the farmers are feeling good, and everybody is prosperous."

Only trouble is to get enough men to handle the wheat. It takes about seven men to handle a good sized wheat field. Farmers would take right to en if they could get the men. The wheat this year ripened very quickly after a wet spell, and the result is that it shatters easily, and the grains of wheat come out of the hulls. "There isn't much political talk with us. In my opinion, W. R. Stubbs is gaining strength as a candidate for governor. I have thought that he

would not be a very strong candidate, but I believe he is getting a better hold all the time. Stubbs has a way of talking to people which doesn't tend to make them think he is a realist, and his speeches seem to rub people the wrong way. But people are coming to believe that he is honest and represents the things which are really for the best interests of the people.

"I don't know who will be our candidate for congress. Bill Reader had a way of always coming in strong at the finish, and he is of course sure to make a hard fight for anybody. It looks to me, though, as if this might be the time for Reader to lose. There are some strong candidates out against him.

"Lincoln county isn't a great county for politicians. We have very few of them. We will have a new state senator to elect at the next election, and it is a safe bet that D. B. Harrison won't be the man. Harrison is from Downs, Osborn county, and he has a record in the last senate which nobody could endorse. He couldn't be elected to any office in that part of the state. So nobody thinks he is a very good thing if we could have the old Populist scheme of a 'recall' for delinquent officials. It might work for the farmers, but in cases demagogues should get in their work, but ordinarily the people will stand by a man who is right, and who will stand up and tell them why he is right."

"In my opinion there is not much money in buying farms for investment now. Prices are so high that the income from the farm property is not in proportion to the capital invested. There is more money to be made by town and city investments. I know of many city property which will yield an income of 10 per cent on the investment, and this beats farm land. I think Topeka city property is a mighty good investment, but it is not as good as much as property in some other towns. I think Topeka is just getting started on its boom, and I believe that property here is going to be sold at a profit as much as though money invested in North Topeka property would pay big dividends. North Topeka property is bound to come up, and it is now very low."

DALTON IS FREE MAN.

Last Survivor of Notorious Bandit Brothers Given Parole.

After a long conference with Warden Haskell of the state penitentiary on Friday afternoon, Governor Hoch granted a parole for four months to Emmett Dalton, the noted bandit, to go to Kansas City and have his arm treated.

It is generally believed that at the end of the four months, Dalton's parole will be extended, and the chances are that he will never again go behind the prison walls.

Dalton assisted in the raid on the Coffeyville bank, at the time three of the outfit were killed. Emmett was shot in the arm and captured. The wound in his arm has given him considerable trouble and recently has become so serious that the prison doctors said it was dangerous of him to be obliged to have the arm amputated. By having an operation of a difficult nature performed, it is said the arm can be saved.

Just why it is necessary that Dalton should go to Kansas City to have the operation, instead of bringing the surgeon to the prison, has not been explained, but the probable reason is that the public mind will be prepared for a final parole and ultimate release.

The reason urged for Dalton's absolute release from prison is that he was a very young man at the time of the Coffeyville affair, and it is claimed that he was led into the plot by his older and more desperate brothers.

MARS IS NEAR.

Separated From Earth by But 38,000,000 Miles of Space.

New York, July 6.—Mars is nearer to earth than it has been in many years—only a trifle of 38,000,000 miles in fact—and astronomers the world over tonight will have trained on the planet all the improved telescopic, stereoscopic and photographic apparatus known to science.

It may be that July 6, 1907, will bring to the earth's people their first formal introduction to the Martians, those creatures of romance and imagination. It may be that we shall get positive photographic evidence of engineering work that will make child's play of the Pennsylvania and Belmont tubes and other undertakings that to us are gigantic.

Special preparations have been made at all the important American observatories for the work of tonight and whether or not the great mystery of Mars are illuminated, it is believed that much valuable data will be gathered.

BRASS BAND IN CHURCH

Immanuel Baptist Church at Chicago Makes an Innovation.

Chicago, July 6.—The blare of a brass band of thirty-five pieces will be the accompaniment to Rev. John Myers' sermon on "Does Life End At Death?" at the evening services at Immanuel Baptist church tomorrow night.

The special function of the band will be to give three classical selections. Rag time and popular favorites are to be taboed at least for the first night of the innovation in religious services.

The band engaged is the Graham School band of which William E. Watt, principal of the school, is director. It is composed of boys and girls in the grammar school grades and its cornet soloist is a crippled girl.

DEAD NUMBER 21.

Reports From Wisconsin Tornado Are Still Coming In.

St. Paul, July 6.—Twenty-one persons were known to have been killed in the tornado which swept a path 100 miles long and from a mile to a few rods in width through the counties of central Wisconsin on Wednesday. Details of the damage done by the tornado are still coming in very slowly and it is believed the death list will be somewhat increased when all reports of central Wisconsin are heard from. In addition to those killed, a score or more people were injured, some of them so seriously that their recovery is doubtful. The property damage has not been accurately estimated but undoubtedly will be heavy.

Meet me at the Chautauqua.

EAST TOPEKA NOTES

Ten cent Pie Plates for 5c at Purdy's.

Mrs. O. Clarke of 1029 Lawrence street is sick.

Mrs. Martha Zerbe spent the day with her daughter Mrs. Mitchell Thursday.

Mr. J. S. Davis of La Junta, Col., arrived here yesterday to remain permanently.

Mrs. E. H. Starum of 128 North Lake street, who has been seriously ill, is slowly improving.

Mr. and Mrs. Tom Irish, Seventh and Morris streets, are the parents of a son born this morning.

Special for Monday only: 10 yds. of 6c Lawn, 40c; 10 yds. of 7c Calico, 60c; 10 yds. of 9c Muslin, 80c.

Miss Lottie Harkins spent the Fourth with her uncle and aunt, Mr. and Mrs. B. F. Mitchell of 302 Kille street.

The C. W. B. M. society held their monthly meeting at the Third Christian church yesterday afternoon. A large crowd was present.

The Rebekah society will have to move on account of the Medical college purchasing their building and think they will occupy the G. A. R. hall.

The funeral services of little Thelma Webb will be held tomorrow afternoon at 2 o'clock from the home of her parents, Mr. and Mrs. Willis Webb of 623 Lime street.

Mr. and Mrs. Joseph Griley and family of 324 Hancock street left today for an extended visit in the west. They will visit in San Francisco, Los Angeles, Seattle, Washington, and return home by the way of Niagara Falls and Zanesville, O.

Mr. and Mrs. Geo. Haney of Pueblo, Col., who have been visiting relatives in Eskridge for the past few weeks and who intended to spend the Fourth with Mr. Haney's sister, Mrs. A. A. Adams and family, could not come on account of Mrs. Haney taking very ill.

Mr. and Mrs. W. Ward of 304 Branner street, entertained last evening for the following guests: Mr. and Mrs. V. E. Johnson, Mr. and Mrs. G. Tracey, Mr. and Mrs. Chas. Laird, Mr. and Mrs. O. D. Johnson, Mrs. C. A. Prady, Mrs. Mary Norwood and Mrs. Bessie Christian. The evening was spent in conversation and music. Ice cream and cake was served as light refreshments.

OAKLAND GOSSIP

The male chorus with their families picnicked with Mr. Costie's family.

Miss Carrie Taylor has gone to Colorado to visit her uncle and family.

Mr. H. V. Clayton's mother and two brothers of Great Bend, Kan., are visiting with him.

Mr. and Mrs. H. M. Soule and Mr. and Mrs. E. V. Clayton spent the Fourth at Leecompton.

Judging from the number of picnic parties, there were not many people left in Oakland Thursday.

Rev. and Mrs. F. A. Whittlesey spent the Fourth of July afternoon with W. A. Parks and family of North Topeka.

Mr. B. P. Williams, who has been sick the past two weeks, does not improve rapidly. His condition is considered quite serious.

LAKE BREEZES MANITOULIN

FOR COMFORT, REST AND PLEASURE. It offers an unequalled opportunity.

First Class Only—Passenger Service Exclusively. Modern comforts, electric lighting, an elegant boat equipped for people.

W. W. Gavitt Printing and Publishing Co. 401-403 E. 4th St. Call ind. Phone No. 55 and we will send for your copy. Topeka, Kansas.

DEATH LIST IS 59.

Number of Injured Exceeds Independence Day Record of 9 Years.

Chicago, July 6.—With the grim returns still coming in, the number of fourth of July casualties for 1907 already, at 3 o'clock this morning, had eclipsed all records made by the Tribune in the last nine years.

The total number of dead at that hour was 59. This figure was eight more than a year ago at the same hour and was only equaled twice before in the nine years—1900 and 1905.

The total number of injured at midnight stood at 3,807. This total eclipses all records in the nine years. The highest number heretofore reported at 3 a. m., of July 6 was 3,633 in 1893.

As usual, fire works claimed the largest number of victims—1,724. The victims of cannon, gunpowder, fire arms and toy pistols are in relative proportion.

The death roll promises to mount higher as the days go by. Already tetanus is beginning its deadly work, bringing the number up to eleven. But even with the increase Pittsburgh passed the big metropolis in the grim roll reporting twelve deaths up to 3 o'clock this morning.

New York, which on Thursday headed the death roster, added another victim to its total yesterday, bringing the number up to eleven. But even with the increase Pittsburgh passed the big metropolis in the grim roll reporting twelve deaths up to 3 o'clock this morning.

Ben Franklin's Home for Sale. Paris, July 6.—A movement is on foot here among Americans to purchase the house in which Benjamin Franklin lived while here and make it a museum. The house is situated near far from the ministry of the interior and the owners declare that it was built for Franklin himself, he preparing even the plans. It bears on its

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness.

All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

From the package ready to eat, or prepared by the addition of boiling milk. For young children, elderly persons, invalids, all classes, there is no breakfast food that can compare with it. It's flavor delicious—satisfies hunger—easily digested and meets the needs of the entire body. You will never know what a good breakfast is until you eat this food, served hot in winter and cold in summer. Palatable—Nutritious—Easy of Digestion and Ready to Eat. Can be served hot. Put in a hot oven for a few minutes; or cook in boiling milk. 10c a package. All Grocers. Dr. W. C. Price.

LINCOLN IS O. K.

Willard Lyons Says There's No Crop Failure There.

Willard Lyons of Lincoln county was in Topeka today on his way home from Holton, where he closed a deal for the sale of a \$10,000 farm. Mr. Lyons is a member of the state text book commission.

"There is no sign of crop failure in Lincoln county," said Mr. Lyons, who is in the real estate and farming business and knows thoroughly the conditions. "We will raise as much wheat in the county as we did last year. Some fields will run 25 bushels to the acre and the average will be bushels. Prices will be higher than last year, and the county will have plenty of money. Corn, too, is looking much better than the average. It is down here. We are going to have a fine corn crop. Take it all together, the farmers are feeling good, and everybody is prosperous."

Only trouble is to get enough men to handle the wheat. It takes about seven men to handle a good sized wheat field. Farmers would take right to en if they could get the men. The wheat this year ripened very quickly after a wet spell, and the result is that it shatters easily, and the grains of wheat come out of the hulls. "There isn't much political talk with us.
