## KICKED IT OVER.

### Council Wants More Sidewalks Than Ordered.

### Accordingly Committee Has to Make Supplemental Report.

### WILL CUT THE WEEDS

### City Prisoners Ordered to Weild the Scythe.

### Last Chapter in Smith Street Opening Is Written.

The council kicked over the bars which the streets and walks committee had carefully erected to keep out certain sidewalk petitions and forced the committee to have another session in the midst of the evening's meeting and pass favorably upon petitions which had previously been rejected.

It was rubbing salt into the wounds, Councilman E. Montgomery, who now the watchdog of the treasury, chairman of the ways and means committee, protested loudly and long against allowing an increase in the number of petitions but he was counted out too.

Montgomery claimed that the city's finances did not permit it to indulge in so much sidewalk construction.

As the grading is done by the street commissioner and this cost is borne by the city at large, about 75 blocks of sidewalk already recommended there was some point to Mr. Montgomery's remarks.

The fight centered on a block of sidewalk on Tyler street, between Fifteenth and Sixteenth streets where there was one house in the entire block, though the promise was held out that others would be erected.

This petition was turned down originally by the streets and walks committee but was finally granted last evening along with two other petitions which went through the same experience and which called for sidewalks on the north side of Euclid avenue from Topeka to Kansas avenues and on the west side of Liberty street between Sixth and Eighth avenues.

Other petitions favorably considered were: West side of College avenue, Fifteenth street to Sixteenth street. North side of Euclid avenue, College avenue to Howell avenue. South side of Eleventh street, Washburn avenue to Woodward avenue. East side of Tyler street, Sixteenth street to Seventeenth street.

West side of Liberty street from Fourth to Fifth street. North side of Fifth street, Liberty to Lafayette street. Crossings on the north side of Fifth street at intersections of Liberty, Leiland and Lafayette streets.

East side of Grattan street, Seward avenue to Division street. East side of Lane street, Seward avenue to Gordon's addition.

South side of Seward avenue, Braner street to city limits. East side of German avenue, Seward avenue to Crane street.

West side of Mulvane street, Fifteenth street to Sixteenth street. South side of Douthitt avenue, Kansas avenue to Western avenue. East side of Quincy street, Seventeenth street to the present walk between Fifteenth and Seventeenth street.

East side of Kansas avenue, Twenty-third street to city limits. North side of West Fifth street, Clay to Buchanan street, also from Lincoln to Lane street.

North side of West Fifth street, Lane street east to alley, and south side of West Fifth street from Fillmore street to east line of alley between Fillmore and Clay streets.

South side of Fifth street, Lane street to West street. West side of Liberty street, Sixth to Eighth street.

The report of the appraisers for the opening of Smith street between Seventh and Eighth streets was approved last evening. This is the last of a litigation which has extended over a period of two years on the widening of a street for an additional 30 feet. Two different reports of appraisers have been submitted and court proceedings held to set aside the first appraisalment. The total cost now to the property owners will be \$21.55 while the original appraisalment was \$235. A special session of the council will be held next Monday at 7:30 to listen to remonstrances to the report approved last evening.

The prisoners at the city jail instead of employing all of their time breaking rock will be taken out by the city policemen and set to work over the city cutting weeds. A resolution covering this was introduced last evening and adopted. The new method will make it somewhat simpler for "Pie" Jordan to escape.

The city clerk was instructed to advertise for bids for the construction of quarters for the sewerworks department to cost on the engineer's estimate.

The fire marshal was instructed to notify the Topeka box factory to remove inflammable material which it has piled underneath the East Sixth avenue viaduct.

John R. Mulvane asked the council to vacate twenty feet along the east line of North Monroe street and south of the Union Pacific tracks. The Taylor Grain and Elevator company wishes to erect a warehouse and desires the ground for this purpose. Action was deferred.

The communication of the city of Oakland relative to annexing that town to Topeka was placed on file.

The vouchers of T. W. Harrison for land condemned by the city belonging to Mr. Harrison were returned to the city attorney. The vouchers consist of one of \$110 for 30 feet of lots 2-5 West street, Harrison Place addition, and one of \$120 for fractional portions of lots on Lincoln street. Mr. Harrison refuses to give a deed.

A remonstrance against the vacation of Lincoln street between Twenty-first and Twenty-sixth streets was referred to the streets and walks committee.

An ordinance vacating certain streets in Frank's addition to the city was referred to the streets and walks committee.

The remonstrance and petition for a sidewalk on Grattan street between Seward and Railroad streets were both filed.

W. H. Gillilan, food inspector, reported collections for the month amounting to \$179.60.

A bill for refunding the cost of a six foot sidewalk when only a four foot was laid was presented by J. G. Niles and referred to the claims and accounts committee.

The addition will be built underneath the area way at the city hall and the offices on the second floor now occupied by the department will be vacated.

An ordinance vacating a 20 foot alley running north and south along the west end of lots 611-627 on Division street and a 15 foot alley running east and west along the south line of lot 627 Division street from Division street to west line of Benson's addition was passed last evening.

The fire marshal was instructed to notify the Topeka box factory to remove inflammable material which it has piled underneath the East Sixth avenue viaduct.

John R. Mulvane asked the council to vacate twenty feet along the east line of North Monroe street and south of the Union Pacific tracks. The Taylor Grain and Elevator company wishes to erect a warehouse and desires the ground for this purpose. Action was deferred.

A bill for refunding the cost of a six foot sidewalk when only a four foot was laid was presented by J. G. Niles and referred to the claims and accounts committee.

The construction of a culvert at Twelfth and Woodward and a drainage ditch at Munson and Woodward was referred to the city engineer.

The construction of a street crossing at College avenue and Fourteenth street was referred to the streets and walks committee.

A resolution of Councilman Howard ordering the rewidening of an extra armature at the city electric light plant and the purchase of parts for 40 lamps at a total cost of \$200 was placed on file.

The remonstrance against annexation filed by residents of Maple Grove addition to North Topeka was placed on file.

## WAR PREPARATIONS.

### Fortification of Hawaii and Philippines to Be Hastened.

Chicago, July 9.—A dispatch to the Tribune from Washington says: There is to be no delay on the part of the war department in making the appropriations made at the last session of congress for fortifying the American dependencies in the Pacific ocean.

The appropriations included \$200,000 for the construction of seacoast batteries in the Hawaiian Islands and \$200,000 for the same purpose in the Philippines. For accessories \$130,000 was granted and for the construction of mining casemates, etc., necessary for the operation of submarine mines, \$200,000 was authorized. For the purchase of submarine mines and the necessary appliances to operate them an appropriation of \$205,400 was made.

It is understood that orders have been issued to the transport Crook to make a special trip to Honolulu and Manila. The transport is to be used for Pearl harbor in Hawaii and Olongapo in Subig bay, the two points which would have to be defended in the event of war.

## TO THE WHEAT FIELDS.

### The Tempting Harvest Wages Take Men From the Railroads.

Wichita, Kan., July 9.—The railways entering the city are complaining of a shortage of help for the freight and mechanical departments. The main cause of the scarcity just now is the temptations offered by employment in the harvest fields.

A schoolmaster part of the state, it is said, the freight handlers and section hands have gone to the harvest fields, leaving only the foreman in charge.

It is announced from the office of A. H. Webb, superintendent of the Missouri Pacific railway, in this city, that the scarcity of station agents at the present time is the most serious in the history of the road. Agents are needed at points on the Wichita division, and the company has no available men.

George Howell, division foreman of the Frisco roundhouse in this city, is in receipt of telegrams from the foreman at Monett, Mo., asking for four foremen from Wichita. The Wichita foreman, however, is not only unable to send any men to Monett, but he is also short of men here.

## Public School for the Deaf.

New York, July 9.—The board of education authorized the establishment of a school for the deaf. The plan was taken on the recommendation of Superintendent Maxwell, who declared that it was the duty of the board to provide for the education of all children, despite physical defects. Lip reading and oral speech will be taught exclusively in the schools, signs and the manual alphabet forming no part in the course of instruction. The school will be located in Twenty-second street and provision will be made to provide lunch and car fares for poor pupils, many of whom must necessarily come from a distance.

## Five Died of the Heat.

Chicago, July 9.—Five persons died in Chicago yesterday from the heat, ten more were stricken and three of these may die. The maximum temperature was only 84 degrees, but excessive humidity combined with the sun's direct rays was too much for flesh and blood to bear.

# The Pre-Inventory Sale A Remarkable Success

All day yesterday our store was comfortably filled with people taking advantage of the scores of extraordinary values which were advertised. Not a scrambling bargain-hunting crowd, but thoughtful, careful, economical, money-saving shoppers. Women who were good judges of quality and value and who, finding the goods to be exactly as advertised both as to quality and former price, and in many cases finding them far better than they had expected, bought liberally, even anticipating future needs.

Judging from yesterday's big business, this sale will prove one of the great successes for which this store is famous. The success is certainly well deserved as the values are in most every case even better than anything we have ever given at any previous event of the kind.

Come to this store in the morning and come as early as possible, the earlier the better.

# Tomorrow We Invite Your Attention to the Summer Wash Fabrics

**Regular 19c Qualities for 15c**

Paris Tissues; very dainty and cool for little afternoon dresses. The colorings are very delicate, yet they will launder perfectly.

Organdies; white grounds with beautiful pink, light blue, maize and lavender flowers. New designs, every one of them.

Embroidered Swisses; one of the airiest of summer materials. Clear white grounds with delicately tinted embroidered figures.

Embroidered Muslin; nothing better for wearing and working, yet it always looks fresh and dainty. Very newest patterns.

**25c and 30c Qualities for 19c**

Printed Dimities; the prettiest lot! You couldn't buy anything daintier than these for afternoon and evening wear.

Swiss Applique; another charming fabric much in favor this summer.

Embroidered Swiss; soft and sheer; neat embroidered figures and dots.

Swiss Suitings; another charming member of the Swiss family.

Checked Suitings; these are among the smartest summer suitings.

Silk Checked Muslins; a beautifully woven fabric with fine soft finish; with woven checks of silk about two inches square; printed floral designs.

**Regular 39c Qualities for 25c**

Lingerie Cloth; a very dainty material for light, cool, summer and party frocks. The colors and patterns are wonderfully pretty.

Plaid Tissues; as the name implies it's a very thin, gauzy fabric in plaid designs.

Silk Organdies; woven from a mixture of mercerized cotton and pure silk.

Voile Tissue; a beautiful soft, fluffy fabric with a fine silk finish.

Embroidered Muslin and Embroidered Swisses.

Arcadian Silk; as soft and pretty as the name. Just enough cotton to make it wash and wear perfectly and still have the appearance of silk.

**Regular 50c Qualities for 35c**

Jaquarded Silk Chiffon; the name tells you just the quality to expect. Soft and silky and washable; for summer gowns and evening wear.

Embroidered Silk Organdies; in a choice variety of delicately tinted patterns.

Coronation Silk; a new fabric for Her Imperial Majesty, the American woman.

Spider Silk; a mixture of cotton and silk, as delicately spun as a spider's web.

Sole Imprime; floral designs by a new process which gives the printed patterns the appearance of hand painting.

**75c and 85c Quality for 50c**

Embroidered Mulls; Strictly seasonable; soft, sheer, silky summer fabrics. The very highest grade of wash goods; fine sheer grounds beautifully silk embroidered dots and figures in delicate shades; it washes perfectly. 30 and 48 inches wide.

## SNAP SHOTS

At the meeting of the city council last night 20 petitions for better sidewalks were granted by the city fathers.

Bids will be called for in a short time for the erection of a \$1,500 addition to the city building for the use of the water department.

Davis, Welcome & Co. were yesterday granted a permit for the erection of a modern residence at 1119 Western avenue which will cost \$2,500.

An excursion will be run from Emporia to Topeka Sunday at the dollar for the round trip rate for the ball game between Wichita and Topeka.

There are several clothing stores in Topeka on Kansas avenue north of Sixth street that keep open Sunday forenoons. Chief Eaton hasn't found them.

William Taylor is touring northwestern Kansas in his automobile, following the trail of a number of customers which leads to that part of the state.

Yesterday was the hottest day of the season, but that does not do away with the fact that there will be other "hottest" days before the summer is over, and plenty of them.

One of the unusual sights seen on West Sixth avenue yesterday morning on the street car window was an elderly woman watering a full grown lawn with a sprinkling pot.

In the future, that is while the summer season lasts the prisoners in the city jail will cut weeds instead of cracking rock, under the direction of a sanitary policeman.

The weather of the past few days has been of the real chautauqua variety and will continue to be so at Garfield park until Monday the 15th of the present month.

This afternoon is ladies' day at the ball game and the fair fans will go out to the park to witness the final attempt of the White Sox to defeat Jay Andrews' Hutchinson team.

The little green worms that grow into big green ones and then eat the

## SCALY ERUPTIONS COVERED HIS BODY

Itched Constantly—Scratched Until Blood Flowed—Suffered 10 Years—Doctors and Medicines Were Fruitless—Tries Cuticura and Is Completely Cured

## BY THREE BOXES OF CUTICURA OINTMENT

"When I was about nine years old small sores appeared on each of my lower limbs. I scratched them with a brass pin and the sores became worse. Afterwards both of those limbs became so sore that I could scarcely walk. When I had been suffering for about a month the sores began to heal, but small scaly eruptions appeared where the sores had been. From that time onward I was troubled by such severe itching that, until I became accustomed to it, I would scratch the sores until the blood began to flow. This would stop the itching for a few days, but scaly places would appear again and the itching would accompany them. After I suffered about ten years I made a renewed effort to effect a cure. The eruptions by this time had appeared on every part of my body except my face and hands. The best doctor in my native county advised me to use arsenic in small doses and a salve. I then used to bathe the sores in a mixture which gave almost intolerable pain. In addition I used other remedies, such as iodine, sulphur, zinc salve, and so on. Ointment, and in fact I was continually giving some remedy a fair trial, never using less than one or two boxes or bottles. All this was fruitless. Finally my hair began to fall out and I was rapidly becoming bald. I used Cuticura Soap and being pleased with it. After using three boxes I was completely cured, and my hair was restored, after fourteen years of suffering and an expenditure of at least \$50 to \$60 in vainly endeavoring to find a cure. I shall be glad to write to any one who may be interested in my cure. B. Hiram Mattingly, Vermillion, S. Dak., Aug. 18, 1906."

Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Made Free, Booklet on the Skin and Blood.

leaves off of the trees have made their appearance and a liberal application of flames is about the only sure relief.

Notwithstanding the intense heat of yesterday the open air theater at Vinewood Park played to capacity on the opening night for the season, and the company merited the support given it.

The Springfield team comes tomorrow for a series of three games with the Topeka team. If Springfield meets out the customary treatment to the Topeka team, the locals are scheduled to drop three games.

Following the report that the mercury reached 95 yesterday comes the story that the Val Blatz Brewing company will withdraw from the state on account of the activity of Attorney General Fred Jackson.

No admission charge will be made to the theater at Vinewood park this week owing to the fact that the free attraction arranged for the week failed to attract owing to the absence of one of the members of the company.

The meeting of the state tax commission which was to have been held Wednesday has been postponed on account of the absence from the city of several of the members and will probably be held Friday.

Another mad dog was killed by a policeman yesterday. It had been thoroughly anointed with gasoline by a couple of young ladies who were anxious to rid his dogship of fleas, and it was little wonder that the dog was mad.

The announcement that the East Sixth street viaduct will be completed within ten days, will be welcome news to the residents of the east side who have been greatly handicapped while the viaduct has been under reconstruction.

Tetanus, the grim aftermath of the Fourth of July is almost due though from the few accidents reported the indications are that Topeka will be spared this year and perhaps the "same Fourth" is in some measure responsible.

Of the 13 games which have been played between the Hutchinson ball team and the White Sox, the former has captured seven and the best that Topeka can do is to break even by winning the last game of the present series.

Pie Jordan yesterday afternoon made his fifth escape from the city jail. He has so far succeeded in escaping from every cell in the city jail and if he is ever recaptured it will be a hard proposition to find some method of keeping him.

The head of the household will undoubtedly recall the fact that there were no cheap strawberries in the market this season and from indications the high prices will prevail the remainder of the season as far as their successors are concerned.

The contractors who agreed to have the East Sixth street viaduct completed and open for traffic by the first of the present month have issued a bulletin to the effect that the structure will be completed in ten days, which is only a few days in excess of the numerous forecasts which they have sent out.

## HIS WIFE IN POLITICS.

### Husband of a Finnish Deputy Attempts to Commit Suicide.

London, July 9.—A St. Petersburg dispatch to the Daily Mail says that the husband of one of the women deputies in the Finnish parliament tried unsuccessfully to commit suicide and the reason he gave for the attempt was that his wife was so occupied with political work that she neglected her home. The misery to which he and his family were reduced, he said, drove him to desperation.

## SALINA JOINTS RAIDED.

### Police Find Several Cases of Beer and Bottles of Whisky.

Salina, July 9.—The police made several raids here, one over Hinkley's restaurant and one over Holmmeister's cigar store. At the first place they got four cases of beer, three empty cases, two gallons of whisky, cork screws and other fixtures. At the other place they got three bottles of whisky and fixtures. An injunction was granted by Probate Judge Stuple against the owners of the building, and Joe Kube as the operator of the place, restraining them from using the place as a joint. Sheriff Myers got out a state warrant for William VanValkenburg also for conducting a joint over the Morgan hardware store. The police raided the place, securing nine cases of beer, several bottles of whisky and fixtures of several kinds. Van Valkenburg was arrested. He gave bond.

## Lansing's June Convict Record.

Leavenworth, Kan., July 9.—Sixty-three prisoners were received at Lansing during the month of June, a larger number than usual. Fifteen were discharged by expiration of sentence, twenty-two were paroled, two died, one was brought back for violation of parole and seventeen were transferred to the state reformatory at Hutchinson.

**DAN PATCH ON EARTH.**

The Old World Champion to Start for Another Record.

Minneapolis, July 9.—The Tribune says: "You are the most wonderful horse I ever saw and I never expect to see your equal," remarked Harry Hersey, as he stepped down from the sulky, after driving Dan Patch his last "workout mile" on the track at Savage.

"I think he'll do for this time of the year," he continued, turning to M. W. Savage, the horse's owner, who had been watching the exhibition. "He went in 2:11 and never turned a hair or took a long breath. If nothing happens I think we will be able to show the public some things by the time Dan appears at Hamline, Sept. 2."

"Do you mean by that that you think Dan will beat 1:55 this season?" asked a spectator.

"We are making no predictions of that kind," replied the veteran trainer. "We are going to do our best. It is a pretty hard matter to get the condition of the horse, track and weather all perfect at the same time, but if we can to this I feel sure that Dan Patch will again astonish the world and win new laurels. He never started out a season before in as nearly perfect condition as he is at present."

Mr. Savage was equally noncommittal and when questioned remarked, "I have nothing to say. It's up to Hersey and Dan."

**JEFF ISSUES A "DEFL"**

Tells Burns to Whip Schreck, Then Call Him Up.

San Francisco, Cal., July 9.—"Whip Mike Schreck, and I will talk fight with you," These were the words James J. Jeffries, champion of them all and referee of the Burns-Squires fight, sent back to Tommy after Burns had sent his representative to Jeff asking whether the fellow now considered him worthy of a fight.

Contrary to expectations, Squires will not sail for Australia on the first boat. Barney Reynolds today received a wire from Wren, the Australian bookmaker, who has Squires under contract, that all of Australia is in gloom, but that he should cheer up and use his own judgment. He suggested that Squires take on the lesser heavy weights.

There is already some talk of matching Bill and Al Kaufman in a twenty-round battle. Confident that he has the making of a good fighter, if not a real champion, Reynolds today declared he would put Squires through some hard boxing matches with some of the cleverest of the American fighters to teach him more fully the American method of the art of self-defense. While Reynolds did not sanction the move, he intimated that a match between Squires and Kaufman was perfectly in his liking.

Squires has made a lot of friends, despite his misfortune. He did not whine or offer excuses. He merely told the evident truth—that he fought carelessly, that he got a "bloody good licking," and that he considered himself a dub for getting it.

A. Y. M. C. A. Resignation.

Lawrence, Kan., July 9.—Secretary W. C. Coleman of the Y. M. C. A. has tendered his resignation effective September 1. A committee was appointed

**Oldfield Is Cleared.**

Portland, Ore., July 9.—The complaint filed against Barney Oldfield, the automobile driver, charging him with swindling the public by means of an alleged fake automobile race, has been withdrawn. Oldfield having made a written statement of his connection with the affair, which was satisfactory to the complaint. Oldfield was blamed for the failure of the race meet.

**Long Live the King!**

is the popular cry throughout European countries, while in America the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says, "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed at all druggists. 50c and \$1.00. Trial bottle free.
