

Chiropractic Removes the Cause of Your Disease

The Human Mill is filled with machines—lungs, heart, muscles, etc., and the product of this mill is either health or disease. Pressure cuts off or impairs the life current as it is sent from the central dynamo, the brain, to the various machines. Then the human mill manufactures disease.

Chiropractic Adjustment will remove this pressure, and will start the mill to the making of Health, without using drugs. Nothing but food should enter the stomach. Do not continue to suffer with Headaches, Indigestion, Nervous Chills, Rheumatism, Constipation, Catarrh, Spinal Irritation, Lumbago, Hay Fever, Obesity, Torpid Liver, etc. Try Chiropractic and get well.

Argonauts.

It was owing to his untiring zeal that this organization became the strong one it is today.

Mrs. Fred Clark of 1024 Quincy street had her face and one hand painfully burned Saturday afternoon at her home by a small gas explosion. The stove was not a regular gas one and all of the gas was not consumed. When Mrs. Clark opened the oven door the flames burst out. Her eyebrows were burned off and several places burned on her face. The wounds were immediately dressed and it is thought that there will be no scars.

The Soldier Township Sunday school convention including Fairview, Pleasant and East Indian schools, was held today at the East Indian school house. A good programme was given, addresses being made by Rev. W. M. Cleveland of the Methodist church, J. E. Leister, D. O. Coe, Mrs. Meuninger gave a talk on the lesson while Mrs. Margaret Hill McCarter spoke on the "Value of Teachers." Good qualifications are necessary, she said, to produce a good teacher, education, sympathy and spirituality. The programme also included good music. The attendance both morning and afternoon was large.

The North Topeka Civic Club Carnival closed Saturday night at midnight and yesterday morning with the exception of the paper streamers and the archway on the corner of Laurent and Kansas avenue nothing remained to remind one that such a street fair had been in existence. The crowd in attendance Saturday night was not as large as on Friday evening. Owing to the bad weather during the week the Civic club made no large receipts from the fair but they will come out even and have not lost any money on the venture. The Carnival people were well pleased with their treatment in North Topeka and have expressed a desire to return here at a later day. From here they went to Centerville, Iowa, and later will go to Ottumwa. If the show returns to North Topeka it will probably locate in Garfield Park.

The fire which commenced to burn Friday in rubbish pile on Central avenue is still burning. This rubbish is what has been dumped into one of the large holes made by the big flood and how the fire originated is not known. Yesterday a force of men were engaged in hauling large pieces of cotton-wood branches and throwing them on the top of the fire to prevent the sparks from blowing out and doing more damage. The smoke from the place is heavy and when the wind is from the

West Holman's addition gets the full benefit.

Smoka can be seen coming out on the south bank of Soldier creek which would indicate that the fire has been extinguished. It is thought that the fire was not a regular gas one and all of the gas was not consumed. When Mrs. Clark opened the oven door the flames burst out. Her eyebrows were burned off and several places burned on her face. The wounds were immediately dressed and it is thought that there will be no scars.

KNOCKS OUT JURY.

Criminal Cases in the District Court Accordingly Continued.

Judge Dana today set aside the special venire of jurors drawn to try the case of the state against John Ewing and Ed Green charged with attempting to kill E. E. Garner of Shorey, by assaulting him and placing his body on the railroad tracks to be run over by a train.

The judge made no statement except that he would sustain the motion to set aside the jury. The motion was argued on Saturday by O. E. Hungate, attorney for the defendants, and County Attorney Atchison. The objection was to the method of making up the list. The law provides that the list shall be done by the mayor and this was not done. It was made up by County Clerk Zimmerman at the direction of Mayor Green.

The case against Green and Ewing was continued for the term and the bonds were reduced to \$1,000 each. The amount of the bonds was originally \$2,000 each but Judge Dana had reduced them to \$1,000 each.

The setting aside of the jury panel also led to the continuance of the Johnson murder case. It will not be tried until the next term of court.

NOW THEY'RE WED

Romance of Wilbur Fennell and Minnie Henderson Ended.

Girl Declared That Pugnillist Had Never Wronged Her.

BUT SHE WAS FINED \$5

Because She Failed to Appear Against Sweetheart.

Wedding Ceremony Was the Shortest on Record.

"Do you take this man for your husband?" "Uh huh." "Do you take this woman for your wife?" "Y-e-s."

"You're married." This constituted the entire ceremony that made Miss Minnie Henderson, Mrs. Wilbur Fennell in the city court room today. The ceremony was performed by Justice of the Peace Arthur Bolinger and he omitted another important part of the ceremony and neglected to kiss the bride.

Both the bride and the bridegroom had just been on trial. Fennell had gone free and Miss Henderson had been fined \$5 for contempt of court in refusing to appear in the court to testify. Fennell himself had faced a more serious charge—one that would have landed him behind the high wall at Lansing for a term of at least five years. The injured person was the girl herself who is now Mrs. Fennell. She had signed the complaint but she testified today that she did not know what she was signing. "Didn't you know what you were signing?" asked Assistant County Attorney Atchison.

"I did not," replied the girl. "What did you think it was?" "W-y, I thought it was a marriage license," replied the girl and she blushed a deep red and covered her face with her hands.

Fennell has achieved more or less fame in Kansas as a prize fighter, his ring name being Jesse James. He has put more than one man to sleep with his right arm and his left hand but there was nothing of the bravado about him after he was arrested. When he was first arraigned he cried like a child after the manner of a defeated pugilist.

"I did not," replied the girl. "What did you think it was?" "W-y, I thought it was a marriage license," replied the girl and she blushed a deep red and covered her face with her hands.
