# SEND OIL SOUTH.

## Big Shipments Begin From Independence by Rail.

## Product of the Neodesha Refinery Brought Over by Pipe.

## FUEL FOR SANTA FE.

## Great System Will Be Given 3,000 Barrels Daily.

## Later Texas and Oklahoma Will Want Thrice as Much.

Independence, June 29.—The Standard Oil company today began shipping fuel oil from this city to Oklahoma and Texas. The shipments at first will amount to 3,000 barrels a day and will be increased to 8,000 barrels a day. This is an important announcement for this city, as the enterprise has already brought several men here to live who will have charge of the shipments.

The oil comes from the Standard's refinery at Neodesha and is conveyed to this city through the six-inch pipe line laid between this city and Neodesha during the excitement three years ago. A loading rack has just been completed on the Santa Fe, about half a mile south of the city, where the oil is placed in cars and shipped over the Santa Fe south. The oil will be used exclusively by the Santa Fe railroad in its engines on the southern division, mostly in Texas and Oklahoma. It is first run through the refinery at Neodesha and the lighter oils taken from it, making it a much better fuel than the raw crude as it comes from the wells, as the heat units are greater and the oil is cleaner to handle.

Heretofore the Santa Fe has secured its oil in Texas, but the decline in production in that state has made it necessary for the company to look to the Mid-continent for its supply.

### THE BUSINESS MEN BIT.

**Paid a Traveling Schemer Good Prices for a Blotter "Advt."**

A few days ago a smooth fellow came along and with a few hours' labor succeeded in working the business men of Horton out of $108. This man's scheme was a hotel blotter, containing twenty-two advertisements for which he received on an average of $5 each. He paid the Commercial office $20 for printing the job and rode out of town with about $80 net for less than two days' work. Most of the parties paying $4 each for the blotter ad are fellows who don't believe in advertising in the home paper, and it is really invigorating to see them taken in on the hotel blotter deal.—Horton Commercial.

### SOME DRUG STORE SALES.

**Cherokee Co. Druggists Sell 900 Gallons of Liquor Annually.**

Columbus, June 29.—There is very little in probate court to throw light on the liquor traffic. The number of books returned in the past six months almost exactly equals the previous six months. Judge Ellis has returns showing that during his six months 72 books of 100 affidavits have been used up and returned to his office, indicating 7,200 sales of probably a half pint each, or 450 gallons by this estimate of amount. The average price was probably about a dollar a pint, so that something like $3,500 was derived from the sales. There are about a dozen drug stores in the county holding permits, so their average sales have been about $300 each month for the six months, or $50 a month.

**No Occupation Tax for Iola.**

Iola, Kan., June 29.—The city council last night passed a new occupation tax ordinance, which repeals the present measure and relieves the home merchants from the payment of an occupation tax. The ordinance passed last night deals with "foreign" merchants almost entirely. A license fee will be exacted of street men, "fakirs" with novelties, peddlers, etc. Any person may peddle his own catch of fish or killing of game or beef but ordinary vendors of these provisions, using wagons or other conveyances must pay a tax of $20 per annum for each wagon or conveyance.

**English Pheasants Hatch Out.**

A few months ago during the distribution by the state game warden of a number of English pheasants a pair of them was sent to B. J. Bragdon, of this city. The female has been laying regularly since and has produced about 30 eggs. Nine of these were put under a hen and yesterday seven of them were hatched. Another larger setting is due to hatch in about two weeks, while Mr. Bragdon intends putting still another setting under the pheasant should she show any inclination toward setting.—Beloit Call.

**A Horton Farm Sells Well.**

Horton, Kan., June 29.—John Burns has just sold his farm of 228 acres southeast of Horton to Mrs. Knudeson, living near Willis, for $20,500 or $90 per acre. This is considered one of the best farms in this locality. Mr. Burns had owned it for nearly 30 years. He is somewhat broken in health and proposes to take a rest for a year and then may move to Horton to make his permanent home.

### ARMY COLLEGE GRADUATES.

**Generals Bell and Hall Address the Leavenworth Class.**

Ft. Leavenworth, Kan., June 29.—The graduating exercises of the United States army college were held here today in Pope hall. General J. Franklin Bell and General Hall, commandant at the fort, will deliver addresses. The graduates, including the infantry and cavalry class numbered 38.

The five honor and five distinguished graduates with nine more of the highest in standing will become members of the new staff college class.

Second Lieutenant George C. Marshall is a graduate of the Virginia military institute of the class of 1901. He was appointed from civil life to a lieutenancy in the army and has been in the service since February, 1902.

Captain Kerth, Captain Rhodes and Second Lieutenant Hodges, three more of the honor graduates are graduates of the West Point military academy. Second Lieutenant Beebe, another honor graduate, is a graduate of the University of Vermont of the class of 1900 and was appointed from civil life as an officer in the army in 1901.

### PICK UP MANY BOTTLES.

**Citizens of Atchison Wonder Who Is Selling the Liquor.**

"Let me show you a result of prohibition," said C. M. Rathburn, president of the Atchison Union Depot company, to a reporter this morning. He then led the reporter to collections of empty beer and whisky bottles, made by Jack Sheehan, depot yardmaster, and Ed Sloan, porter, since the lid went on last Saturday evening. These bottles are picked up about the depot every morning. Sheehan and Sloan are making a little extra money by selling them. Sheehan has in the neighborhood of 50, and Sloan has a greater number. "Where do the people buy the stuff?" asked a reporter. "I'm sure I can't tell you," said Mr. Rathburn, "but you can see for yourself that they are getting it."—Atchison Globe.

### A FINE PHONE BUILDING.

**Garden City Company to Have a $25,000 Buff Pressed Brick House.**

Garden City, June 29.—The plans for the new "flatiron" building, which the Garden City Light, Phone & Manufacturing company will erect on its lots where the present telephone office now stands, are here and bids on the construction of the building will be received on the work. The cost is likely to be around $25,000. The building will be of the best buff pressed brick.

The entire building will be modern in every respect. It will be heated by steam, lighted by electricity and will have all the accessories of a modern office building.

The plans show it to be one of the handsomest buildings in the west for its size. They were prepared by Colorado Springs architects.

### PICKED UP 164 BOTTLES.

**A Skirmish in the Alleys Shows How "Dry Wichita" Gets Along.**

One hundred and sixty-four bottles, once containing intoxicating liquor, were found in the alleys of the city, Sunday morning, by "Doc," a negro who makes a living by picking up and selling junk, says the Wichita Eagle. He did not cover the entire city, either, as many persons were out after bottles besides "Doc." His inventory shows he found 72 pint bottles one time, containing whisky, 46 half-pint flasks which had the scent of the same kind of liquid, and 47 bottles with labels stating that they formerly held beer. He thinks the bottles were emptied Saturday night.

### CHANGE IN MERIDEN BANK.

**L. A. Sharrard Retires on Account of Failing Health.**

Meriden, Kan., June 29.—The state bank of Meriden has been reorganized, the change effective July 1. L. A. Sharrard retires on account of failing health and Guy Swallow, ex-sheriff and former cashier of the Hesston State bank, assumes charge here, assisted by Myron Waterman of Kansas City. Bolz Bros., of this place, take charge of the Hesston bank. Becker Bros and John Lomberg of Topeka, have large interest in both banks.

**Three Big Catfish.**

A colored fisherman who has a trot line across the river a little below the dam caught three big "muddies" this morning, which, when dressed, tipped the scales at 30 pounds and a little over. Mudcats lose about half their weight in dressing, therefore the live fish must have weighed close to 60 pounds each.—Lawrence Gazette.

**New Battery for Fort Riley.**

Junction City, June 29.—The Twenty-first battery of field artillery, which was recently designated Battery R, Sixth field artillery, has arrived here from Fort Sheridan, Ill. The battery came under the command of Captain John Kilberth.

**Tip on Paola's New Postmaster.**

Paola, Kan., June 29.—It is stated by men who claim to have inside knowledge that Congressman Charles F. Scott has named Alpheus Lane, ex-county attorney here, for postmaster. Mr. Lane says he has not been informed of any such action.

**Boy Drowned Near Atchison.**

Atchison, June 29.—Edgar Beckwith, aged 11 years, an inmate of the soldiers' orphans' home, from Newton, was drowned in Deer Creek two miles north of the home Friday while bathing.

## Eleven to Two Was Way the Score Read at the Close.

## The Salt Packers Had a Picnic Winning Friday's Game.

## USED ONE PITCHER.

## Bunton, Wright and Halla Each Were as Grass Before a Sickle.

## In the Meantime the Nine From Wichita Scored a Victory.

Hutchinson, Kan., June 29.—Three of Topeka's star slab artists were unable to stop the hitting of the Hutchinson pennant aspirants here yesterday afternoon. Hutchinson won the game by the lopsided score of 11 to 2.

The game started out with Topeka in the lead. Topeka got a run across in the very first inning and Barbour, who was working for Hutchinson, could not exactly locate the plate durthe early stages of the game. In the first inning Topeka scored a run after Olson had walked and Hurlburt scored him with a two base hit.

Bunton, the Louisville Pitcher, Who Was Knocked Out of the Box by Hutchinson Yetserday.

Topeka scored but once again. In the sixth inning after Tonneman had got on first through Casey's error, Halla put the ball to the right field fence for two bases, Tonneman scoring.

In the third, however, Hutchinson took the lead and were never headed. In this inning Casey hit safe and Noyes went out. Then the locals got next to Bunton, who was doing the serving for the visitors. Barbour put the ball against the left field fence for three sacks scoring Casey and Wilson secured another triple against the right field fence. This was enough for Bunton and Captain Hurlburt summoned Wright to take the drubbing for the next two innings. Wright got along in good shape until the fifth inning, when he filled the bases through a walk, a hit batsman and an error by Olson. A long hit by Pettigrew cleaned the bases and Mr. Wright went into retirement. Before the fifth inning was over four runs were made off Halla. Two more came in the seventh and eighth.

Umpire Verschure did a great job of umpiring and although there were several close decisions to pass upon, he gave satisfaction to both sides.

Score: 6-4, 6-4.

### WESTERN ASSOCIATION GOSSIP.

WHERE THEY PLAY TOMORROW.
Topeka at Hutchinson.
Wichita at Leavenworth.
Joplin at Webb City.
Oklahoma City at Springfield.

In a recent game between Oklahoma City and Joplin, Jack Henry, the former White Sox catcher, now with Oklahoma City, stole home after the Joplin pitcher started to deliver the ball. Jack always did like to pull off base running stunts.

Jack Rowan, of the Leavenworth team of last season who was purchased by Detroit in mid-season is now out of a job. He was not considered a good enough man for Detroit and was farmed out to the Atlanta, Ga., team in the Southern league. He did not suit the management of the Detroit team and has been cast adrift. He ought to get back to Leavenworth as that team needs a lot of new men to help win games.

Jake Beckley, the veteran first baseman who learned his first knowledge of the game in Leavenworth, has finally been relegated to the minors. Last week he was sold by St. Louis, where he has been for several years, to the Kansas City team, and is now guarding the initial station for the Blue Legs.

Who would have thought it? Bunton and Wright both driven to the woods and Halla taking the same medicine because there was no one to keep him from it.

Oklahoma City News: The pitching staff looks like McFarland and Bandy would have to do the bulk of the work. Bemis doesn't seem to come to with the advent of hot weather.

The games at the Novelty theatre between Hutchinson and Topeka have given a good account of all the plays in those games. The game tomorrow will commence at 3:00 p. m., and you will have to get there before that time if you want to get a seat. The Leavenworth and Wichita games will also be reported by innings.

According to the following from the Daily Oklahoman Topeka is figuring on a new outfielder:

Manager Crow offered to trade Outfielder Jack Lawler for Arlo Scoggin, who is playing in the left garden for the Mets. It is likely that the trade will be consummated. The same offer was made by Topeka for Lofton, but it was received the day after Lofton was sold to Webb City.

It is not improbable that Ed Page, who was released from the Oklahoma City team a few days ago, will be resigned. The Mets are up against it on the pitching proposition and think that Page would make good with a little more experience and another trial.

Pettigrew sprained his ankle at the game yesterday while chasing a long fly. It is the same old trouble which started when the Salt Packers were in Topeka earlier in the season and Pettigrew in annexing second stopped too quick and sprained the ankle. Wood took Pettigrew's place near the end of the game after all doubt of the result had received a quietus.

Dalrymple, about whom so much has been said of late, may join the White Sox after all. Dalrymple was traded to Decatur of the Three Eye league, has had trouble about salary and is to get his release. Dal wants to play here and Crow is now very anxious to get him. He will be ordered to report today and will probably join the team at Leavenworth next Monday. This will give Topeka a player who can hit the ball occasionally when men are on bases. He will be placed in left field in the place of Lawler who has got away in poor shape during the last couple of weeks.

Talk about the need of pinch hitters. In the first three innings of yesterday's game Topeka was retired with the bases full. One good pinch hitter might have changed the result of the game.

The next home series will open up next Thursday, the Fourth of July with the Leavenworth team as opponents. There will be two games played on that date, one being played in the morning and another in the afternoon. The morning game will be called at 10 a. m., while the afternoon game will be called at 3:30 p. m.

The batting averages this week show an awful slump. Some of them actually look sick. Here they are:
