

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing, Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Longevity

THE TABLET OF LIFE
(Pituita At Longevity Vitam.)

The Scientific Discovery of the Age!
The Magic Key to the Mystery of Life!

From time immemorial it has been man's predominant ambition to prolong life. But among the many brilliant minds who have devoted their lives to the fascinating subject, it was left for the immortal Darwin to give to the world, in his great theory of Life, the fundamental principle upon which to build all further research in this direction. Following closely in his footsteps came Prof. Dr. Ludwig Buechner, a German scientist of international renown, with his remarkable work entitled "Das Buch des Langen Lebens" (the book on Longevity). But as like Darwin he too died, ere he could reveal the fruit of his wonderful doctrine. Others, however, equally great, took up the interrupted thread with the result that two famous German scientists, after years of experiments and research, have at last found the secret of Longevity, in the shape of a remarkable Vegetable Compound, which, if properly used, will positively prolong life. This new remedy, appropriately named "Longevity" (meaning Long Life) has been subjected to the most rigid tests at all the leading clinics and hospitals throughout Europe with marvelous results. Appreciating the importance of this discovery, we have acquired, at enormous cost, the exclusive proprietary right to this truly wonderful preparation which has proved a blessing to mankind. "Longevity" is the true Tablet of Life, a rejuvenator par excellence, embodying the veritable secret of longevity in a practical, feasible form. It is the fountain of perpetual youth, which it prolongs far beyond its present limits, while retaining health in a perfectly normal state. "Longevity" brightens the eyes, stimulates mental activity, gives elasticity to the step, makes the face full, absorbs wrinkles, cleanses the system, purifies the skin, and is the only true Fonce de Jeun remedy for old and young of both sexes. Endorsed by Europe's leading physicians.

\$1.00 A BOX, BY MAIL.

Publication Notice.

In the District Court of Sumner County, State of Kansas.

Harriet Benton, Frances H. Francis, and Harriet B. Bellamy, Executrices of the last Will and Testament of John W. Benton, deceased, and Harriet Benton, Frances H. Francis, and Harriet B. Bellamy, Plaintiffs.

The Central Trust Company, Paul F. Coste, Receiver of The Central Trust Company, Joseph Grare, Margaret Grave, Unknown Heirs and Devises of Joseph Grare, deceased, Defendants.

The State of Kansas vs. The Central Trust Company, Paul F. Coste, Receiver of The Central Trust Company, Joseph Grare, Margaret Grave, Unknown Heirs and Devises of Joseph Grare, deceased, Greening.

You and each of you are hereby notified that you have been sued by the above named plaintiffs in the above named courts, and that you must answer the petition against you filed in the office of the clerk of said court by the 8th day of November, A. D., 1900.

or the plaintiffs' petition will be taken as true and judgment will be rendered against you and in favor of the plaintiffs quieting their title to the half (1/2) of the northeast quarter (1/4) of section twenty (20), and the west half (1/2) of the northwest quarter (1/4) of section twenty-one, 21, in township thirty one, 31, south of range three, 3, west, in Sumner county, in the state of Kansas, and forever barring all your claim to an interest in or lien upon said real estate, and for the costs of said action.

HERRICK & ROGERS, Attorneys for Plaintiffs.

First Publication in VOICE Sept. 27, 1900.

Broken Bric-a-Brac.

Mr. Major, the famous cement man of New York, explains some very interesting facts about Major's Cement.

The multitudes who use this standard article know that it is many hundred per cent better than other cements, for which similar claims are made, but a great many do not know why. The simple reason is that Mr. Major uses the best materials ever discovered and other manufacturers do not do so, because they are too expensive and do not allow large profits. Mr. Major tells us one of the elements of his cement costs \$1.75 a pound, and another costs \$2.25 a gallon, while a large share of the so-called cements and putty give upon the market are nothing more than sixteen-cent glue, dissolved in mortar or citric acid, and, in some cases, altered slightly in color and odor by the addition of cheap and useless materials.

Major's cement retails at fifteen cents and twenty-five cents a barrel, and when a dealer tries to sell a substitute you can depend upon it that his only object is to make larger profit.

The profit on Major's cement is as much as any dealer ought to make on any cement. And this is doubly true in view of the fact that each dealer gets his share of the benefit of Mr. Major's advertising, which now amounts to over \$5000 a month, throughout the country.

Insist on having Major's. Don't accept any offhand advice from a druggist.

Always have a supply of Major's Cement on hand. If you are at all handy (and you will be sure to find that you are) you can repair your rubber boots and family shoes, and any other rubber and leather articles, with Major's Rubber Cement and Major's Leather Cement. And you will be surprised at how many dollars a year you will thus save.

If your druggist can't supply you, I will be forwarded by mail, either kind.

SELLERS' STORE ROBBED.

A Thief Smashes a Big Plate Glass and Steals Two Watch Cases.

A thief broke the big plate glass in front of Sellers' jewelry store Thursday night and stole two gold filled watch cases. Nothing else is missing. The theft was not discovered until next morning, although the crash of falling glass awakened Mr. and Mrs. Sellers, who were sleeping in a room over the store.

The work was undoubtedly that of a "professional." A number of diamond cuttings are visible on the glass showing that he had marked the glass with the idea of controlling the break. A heavy blunt instrument of some kind was used, and a hole large enough to admit the body of a man was broken out of the glass at the bottom and next to the north side of the window. A fine collection of jewelry was on display in the window yesterday, consisting of gold bronze ornamental clocks and gold watch cases. Before locking the store last night Mr. Sellers had removed the solid gold watch cases, and left the clocks and two gold filled cases in the window.

The robbery occurred about 1 o'clock. About that time Mrs. Sellers was awakened by the sound of falling glass. She awoke her husband, who went to the window and looked out. All was quiet on the street and he went back to bed, and thought little of the occurrence until this morning. The thief stole nothing except the two filled watch cases in the window. He evidently expected to get more valuable booty than empty watch cases. Mr. Sellers says \$15 will cover his loss. The building is owned by Emil Roser, and there was no insurance on the plate glass.

The thief must have carried away the object with which he broke the glass, as nothing could be found this morning with which the work could have been done.

Barney's Ire is Up.

Barney Sheridan's Paola Spirit this week has the following double headed editorial, under the caption, "A Straight Tip."

Our two national banks in Paola have McKinley's picture conspicuous. They would better put up Bryan along side of McKinley, or take down McKinley's.

Democrats are for safe money as are Republicans and if our two worthy, powerful and useful national banks insist on parading McKinley to the exclusion of Bryan, there will be a state bank in Paola before the election.

If the McKinley cashiers think for a second this is a bluff, let them call it.

They must pull down McKinley or put Bryan along side of him. Democrats have patronage and money and grit, too.

Barney has money enough to start a bank, and is the kind of a man to make his threat good.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at F. B. Snyder's drug store.

GOSHEN, ILL.

Genesee Pure Food Co., Le Roy, N.Y.

Dear Sirs—Some days since a package of your Grain-o preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the Grain-o as well as the best coffee I ever drank.

Respectfully yours,

A. C. JACKSON, M.D.

The hunting season opens Monday, and the pot hunters will become as big a nuisance as ever. An organization should be formed for the purpose of suppressing pot hunters. A recent congress passed a law empowering any officer to seize game in transit which was killed contrary to law, so that there is every means for stopping the evil.

A "stitch in time saves nine," and a dose of Ballard's Horehound Syrup at the beginning of a cold will save you many weary hours and days of distressing and harassing cough. Price, 25c and 50 cents. A. M. Stanley, Druggist.

The Southern Kansas Grain Dealers' association held a meeting at the office of Hunter Milling Co. Thursday, and discussed matters pertaining to the grain business. Among the out of town grain men present were: Sam Cole of Harper, J. C. Elvin of Danville, Geo. Harbaugh of Alva, W. R. Downer of Alva, Messrs. Chalf and Gordon of Kiowa, Mr. Probst of Bluff City, Mr. Work of Ellsworth, Mr. Lucas of Kansas City, and others.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it today. Try Jell-O, a delicious dessert. Prepared in two to five minutes. No baking! add hot water and set to cool. Flavors—Lemon, Orange, Raspberry and Strawberry. At your grocers. 10 cts.

Taylor Riddle, the famous Kansas Populist, was in Wellington Friday morning on his way from his home at Marion to New Mexico, on cattle business.

Tom Richardson's town shows a net gain of 61.97 per cent, according to the last government census. Houston largely owes its gain to Tom Richardson, who has been booming the place for several years.

We have seen the frail infant when the faint struggle for existence seemed almost ended, resuscitated and made strong by the use of White's Cream Vermifuge. Price 25 cents. A. M. Stanley, Druggist.

Blackwell Times-Record: W. H. Burks, president of the First National bank, was down from Wellington Tuesday of this week, and assisted by Leslie Combs, vice-president and G. E. Dows, cashier, was signing up the first issue of the First National bank bills. The work is quite a task, and one in which Mr. Dows has the worst of it, as all bills must be signed by him, while either the president or vice-president may sign them. The Summer county Jubilee at Wellington this week, was the biggest thing ever held in the county. Thursday the day of the flower parade, it was conservatively estimated that there were 20,000 visitors in the city, and the flower parade was pronounced by experts as the best parade ever held in the west, not in the number of entries, but in quality and beauty of decorations. Quite a number from this county attended the Jubilee.

A sister of Mrs. Wm Gellum was in the Galveston storm. Her husband, J. F. Smith, conducted a business college in Galveston. The storm unroofed his building and destroyed their home and its contents. Mrs. Smith was in the water for three hours, and sustained some very serious injuries. Her leg was nearly cut off, and her scalp was cut to the skull. Fortunately neither of them lost their lives.

A gasoline stove in the home of Mrs. M. A. Daniels on East Ninth street exploded about 6:30 o'clock Friday while Mrs. Daniels was trying to light it. With the assistance of neighbors she managed to put out the fire before any great damage was done. Mrs. Daniels was painfully burned on the hand. The kitchen furniture was damaged somewhat by smoke and water.

The case of S. H. Horner, receiver of the Caldwell waterworks, against the city of Caldwell was being compromised and the suit in district court has been dismissed, the city paying the costs.

The key to health is in the kidneys and liver. Keep these organs active and you have health, strength and cheerful spirits. Prickly Ash Bitters is a stimulant for the kidneys, regulates the liver, stomach and bowels. A golden household remedy.—E. Hayes.

Only ten loads of wheat exhibited at Wellington's big (?) wheat carnival. Nothing big about that show except the crowd of suckers that attended.—Mullvane Record.

This is the only knock that has been made on the Jubilee. The other county papers had representatives here during the Jubilee, and they were all pleased and tried themselves in writing up glorious accounts of it. There were 189 entries in the wheat exhibit, which would have lined both sides of Washington avenue for four blocks if the rain had not made the roads too heavy to bring the wheat in.

Strengthen the tired kidneys and purify the liver and bowels with a few doses of Prickly Ash Bitters. It is an admirable kidney tonic.—E. Hayes.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praise throughout the Universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and \$1. Trial bottles free at F. B. Snyder's drug store.

Paul Kern was up from Perth. Last winter a chicken thief visited his place and stole a dozen or so hens, and dropped a pocketbook containing \$65. The pocketbook was advertised, but the man who lost it has not yet called for it.

To the Deaf.

A rich lady, cured of her deafness and noises in the head by Dr. Nicholson's Artificial Ear Drums, gave \$10,000 to his institute so that deaf people unable to procure the Ear Drums, may have them free. Address No. 4379c, The Nicholson Institute, 680 Bigath Avenue, New York.

Dr. J. G. Beld returned Friday from several weeks' visit in Chicago and the east. He was sick a good part of the time while away. He says it commenced raining in Chicago Tuesday morning, and rained more or less all the way to Wellington.

Marshall P. Shobe of Enid, arrived in Wellington Friday for a few days' visit to his aunt, Mrs. Mary Roser. He left the first of this week for Kansas City to enter the Western Dental College.

The water works dam across La-bette creek above Parsons broke Thursday from the pressure of water caused by recent heavy rains and flooded all the lower portions of the city. Many houses have several feet of water in them. No one has been injured so far as is known.

The Democrats organized a Bryan and Breidenthal club at the council chamber Thursday, with about 100 members. Prof. Geo. C. Wakefield was elected president and Harold Herrick secretary. The organization was only temporary. A permanent organization will be effected next Wednesday night.

Wednesday night of the Jubilee, someone "doped" Harry Buttry's horse, which was driven by Frank Breeze to Buttry's big shoe. The same night someone smeared boot blacking on the shoe, which nearly spoiled it. Nothing has been said about the affair until now, in the hope that the guilty party could be caught.

H. H. Carter has bought out T. M. Erb's interest in the creamery business at Harper, and will go to that place Monday to reside. The Wellington station will be in charge of Fred Bunyon, and some milk will be churned here. Mr. Carter has been in charge of the Wellington creamery for several years, and made a success of it. He will no doubt do equally as well at Harper.

The Santa Fe Wreck.

The Winfield Courier gives the following account of the Santa Fe wreck near Oklahoma City:

Last night about 9 o'clock a freight wreck occurred on the Santa Fe at Flynn, the first station south of Oklahoma in which two men, Engineer G. S. Vancester and Brakeman E. S. Rosebrough lost their lives and Fireman McDonough had a close call. The train was an extra freight coming north and the accident occurred at the entrance to the switch at the station. The cause of the accident has not yet been determined but the engine and eight cars left the rails and turned over. Mr. Rosebrough, the brakeman, was on the engine at the time and Mr. McDonough, the fireman, was in the gang way, which accounts for his miraculous escape. The body of Mr. Vancester, the engineer, was found under the engine and that of Mr. Rosebrough under the tank. The latter's neck was broken and in both instances death must have been instantaneous. Both the men killed lived at Arkansas City. Their funerals will be held Sunday.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. Only 25 cents at F. B. Snyder's drug store.

Marriage Licenses.

W. W. Gifford, 22... Conway Springs; Zenna Strait, 19... Milan.

Susie W. Kerley has bought 78 acres of land near Belle Plaine of Charles H. Kerley, paying \$2,500 for it.

Lewis Harper has bought 80 acres of land in Morris township of Marlon Herrington. Consideration, \$1,000.

Charlie Martin's wheat is averaging from 23 to 30 bushels per acre. His big field near Whitman is turning out 30 bushels to the acre.

A letter from Mrs. Thos. Peniek at Marshall, Mo., relates that Rev. Peniek is improving. It is not known when he will start home.

TO MODIFY THE ORDER.

W. R. Savage Objects to His Former Wife's Treatment of Their Minor Children.

W. R. Savage has filed a motion in district court to modify the order of the court fixing the custody of their minor children, and asking that he be given the custody of their son Frank and not be compelled to pay the \$50 monthly allowance for the support of their daughter Ruth until she is brought back to some place where Mr. Savage can visit her at will.

Mrs. Savage and her daughter are in Winnipeg, Manitoba, where they went after their sudden departure from Wellington on May 12, last. The motion filed in court today expresses the belief that Bert Oyer of Wellington is with them, and that Mrs. Savage and Oyer are living together in open adultery.

One of the conditions of the agreement between Mr. and Mrs. Savage at the time the divorce was granted last winter was that the defendant, Mr. Savage, was to pay the sum of \$20 per month for the support of Anna Ruth Savage until she became 15 years of age, and \$10 per month for the support of Frank W. Savage until he reached his 18th year. The payments were to be made quarterly at the Security State bank of Wellington. Mr. Savage was to have the privilege of visiting the children at his pleasure. On May 12, Mrs. Savage and daughter Anna Ruth suddenly disappeared. Their whereabouts were unknown until the 18th of the present month.

Mr. Savage has made his first payment of \$60 under the terms of the agreement. He alleges that Mrs. Savage has used not one cent of the money for the support of Frank, and that he has been left to shift for himself. Frank is now at Pleasant Hill, Mo., working for his brother-in-law, who is editor of a weekly paper.

For the reason that he believes that Anna Ruth is kept under the influence of illicit relations on the part of Mrs. Savage and Bert Oyer at Winnipeg, Manitoba, Mr. Savage also asks the court to relieve him of the duty of paying \$20 per month for her support until she is brought back where he can see her occasionally and assist in looking after her welfare.

New Era: Some time ago, about the 4th of September, Mr. Brown of Hunnewell, came to this place and paid off a note at the South Haven bank, which amounted to \$125. He still had \$130 on his person, and told certain parties that he was going to Hunnewell to pay off some c'd debts. He received a letter that day from some lady at Wellington to meet her there the evening of that day. Mr. Brown asked the liveryman if he could go to Wellington and come back that evening, and was informed that he could. He left here that afternoon for Wellington, it is supposed, and has never been heard of since. Beyond a doubt there has been foul play somewhere, for we are told his property, if sold, would more than pay his debts.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. E. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by all druggists.

There are now 204 inmates of the Winfield imbecile asylum. Of this number 125 are male and seventy-nine female. The state has \$135,000 invested in this institution.

Chester White Swine.

I have a good crop of pure bred Chester White pigs I will sell. Call early and get choice, or write me and get terms.

H. A. VAWTER,

Riverdale, Kansas.

THE very word "operation" strikes terror to a woman's soul.

Nearly always these operations become necessary through neglect.

If the menses are very painful, or too frequent and excessive, get the right advice at once and stop taking chances. It will cost you nothing for advice if you write to Mrs. Pinkham at Lynn, Mass., for it, and if you let the trouble run along it will surely cost you a great deal of pain and may mean an operation.

MISS SARAH J. GRAHAM, Sheridanville, Pa., writes:

"DEAR MRS. PINKHAM—I had suffered for several years with female troubles and doctored until I was discouraged. I felt wretched and tired of living. I had disease of kidneys, bladder trouble, dropsy and bloating, had womb trouble and a large tumor had formed; in fact all my organs were out of fix.

"Seeing a woman's letter praising your remedies, I wrote to her and she begged of me to try it, telling me all that it had done for her. I bought six bottles of Lydia E. Pinkham's Vegetable Compound and now cannot express my gratitude to you. The tumor began to come away in pieces and I got better all the time. I believe now that I am entirely cured.

"My doctors could not believe it at first, as they all had told me that my case was a hopeless one, and no human power could do me any good. They were astounded. If I can say anything that can help other women, I shall be glad to."

It is not safe to wait until the last moment. Head off trouble by prompt attention to it. Don't be satisfied without Mrs. Pinkham's advice.

WOMEN AVOID OPERATIONS
