**Alum and Alum-phosphate powders are injurious Do Not Use Them**

## CAUGHT AT IT.

### Beef Trust Discovered Trying to Bribe Reporters.

### President Orders Facts in the Case Made Public.

## HINTS OF EASY MONEY.

### Dropped in Many Quarters by Trust Agents.

### Hundred Dollars Forced on One Man as Christmas Present.

Chicago, Jan. 30.—The Record-Herald today says: The revelations from Washington dealing with an attempt to influence public opinion in favor of the Chicago beef packers, were not wholly surprising to a majority of the newspaper men who have been connected in a professional way with the governmental investigation of the packing business and the subsequent proceedings resulting in the indictments under which the packers were being prosecuted. The federal grand jury which voted the indictments had been in session but a short time when rumors began to float about that certain newspaper reporters had been approached.

## WOMAN'S WORST DANGER.

No woman with unsound kidneys can be healthy. Sick kidneys, in fact, cause the majority of women's troubles. But there is no need to get down-hearted if you suffer constant back-ache, weariness, bearing-down pains, sick headaches, etc. Doan's Kidney Pills have brought new life and strength to thousands of women afflicted in this way. It is easy to tell if your kidneys are the cause of your ailments. Back-ache itself is only the signaling of the kidneys when congested and inflamed. You feel it in the back because the kidneys are in the small of the back. The bladder and urinary tubes get swollen, crowding the delicate female organs near by, and causing many of the peculiar pains thought to be female troubles. Sick headaches, dizzy spells, nervousness, irritability, neuritis and rheumatic pains, weak eyes, palpitation of the heart, etc., and caused by the retention in the blood of poisons that the kidneys should filter out and pass off in the urine. Urinary disorders are sure signs of kidney sickness. If the urine contains a sediment like brick-dust, or whitish, stringy scuffings, if passages are too frequent or scanty, or painful, the kidneys need quick attention.

Doan's Kidney Pills are made of pure roots and herbs that have a direct healing action on the kidneys. They soothe, cleanse and stimulate, rouse the kidneys to action and drive the kidney poisons out of the body. They remove the cause and cure permanently. Many women of Topeka have been cured and gladly tell of it.

### Topeka Proof.

Mrs. Ella Brown of 109 Morris ave., Topeka, Kan., says: "The opinion Mr. Brown formed of Doan's Kidney Pills and expressed through our Topeka papers in the summer of 1939 has not changed. He has never suffered so severely with pain in his back and kidney trouble as he did before using Doan's Kidney Pills. At one time he used the medicine he had a very acute attack which came on with a sharp twinge of pain across his loins and for a time it was most difficult for him to move. The use of one box of Doan's Kidney Pills worked Theodora Liebber and George C. Trier, comprising the firm of Liebler & Co., theatrical agents, to recover the amount for alleged breach of contract.

## ALLEN STEPS OUT

President State Society of Labor Leaves the Union.

Decides That He Won't Preside at Annual Meeting.

## TROUBLE IN TOPEKA.

Disagreed With Painters and Gave Up His Card.

Will Resign the Gavel to Vice President.

C. A. Allen, of Topeka, president of the Kansas Society of Labor and Industry, has apostatized, renounced unionism, and resigned the presidency of the society to avoid the danger of a clash at the meeting which will be held in Topeka on February 5, 6 and 7.

Mr. Allen was elected president of the State Labor society last February by the unanimous vote of the 250 delegates. His term of office is one year. At the time of his election he was head of the Topeka Brotherhood of Painters. Not long ago he with a number of others, withdrew from the local union because of an internal feud.

Had Allen not withdrawn voluntarily from the office of president of the State Society of Labor and Industry, it is probable that the convention would have dismissed him ignominiously. All of the delegates to this convention are union men. It is a rabid "anti-scab" affair. To have allowed a "scab" to preside over the meeting would have galled the nerves of the union men. To avoid any trouble, State Labor Commissioner Johnson called upon Allen a few days ago and suggested to him that it would be advisable for him to refrain from attempting to preside over the meeting. Mr. Allen is a peaceable soul, and he decided to accept Mr. Johnson's suggestion.

"There is no doubt that I have the right to preside over the meeting on February 5, 6 and 7," he declared. "Mr. Allen today to a State Journal reporter. 'I was elected for a term of one year, and there is nothing to prevent a nomination from being the president of the society. However, I recognize the fact that this organization is a union affair; all the delegates are members of the union. In the interest of harmony, I have decided to stay out of the convention altogether.'

Mr. Allen has not formally resigned from the presidency of the society, but his action amounts to the same thing. Labor Commissioner W. L. A. Johnson said today: "Mr. Allen will not preside at the meeting to be held beginning February 5. He has not resigned, but he has simply retired from the task of presiding. This action was taken because Mr. Allen has withdrawn from the union of which he was a member, and it is not now a member of any department of organized labor."

It seems that Allen has been troublesome in the painters' brotherhood of Topeka, which was his former membership. Mr. Allen and some of his friends could not agree with the attitude of the majority of the members, and they withdrew. Since then, Mr. Allen has been the foreman of the H. C. Lang establishment. Mr. Allen said in speaking of the matter: "My withdrawal from the painters' brotherhood here was due entirely to personal reasons. It is no concern of the public what caused led up to that step. I quit the union, and therefore did not care to intrude upon the meeting of the state society of labor and industry, of which I am president. I will have presented no formal resignation, my action amounts to that. Mr. Johnson, the labor commissioner, called on me a few days ago, and we talked the matter over. I had no objection to insist upon presiding over the meeting, and it is understood between Mr. Johnson and myself that he is to make the matter up."

## COLORED BAPTISTS MEET.

Fifteenth Annual Convention of Executive Board at Emporia.

Emporia, Jan. 27.—The fifteenth annual convention of the executive board of the Kansas Colored Baptists was held here Thursday and Friday at the St. James church. About fifty delegates from over the state were here. The meetings began when the B. Y. P. U. held their convention. The programme given the first night was in charge of the Sunday school board, and Friday the woman's home and foreign mission board met.

The most important meeting of the convention was that of the executive board. Rev. E. A. Wilson, of Kansas City, is president of the board. At the meeting the location of a home for the infirm is to be decided. They have received from Abilene, Kansas City, Kan., and Topeka. This will be the first home of this nature ever established by colored people in Kansas. Another important thing to be decided is the location of a Baptist theological seminary. It is thought that this institution will be located in Kansas City, Kan.

There are 16,000 colored Baptists in Kansas, representing 159 churches. There were talks by Rev. R. Cox, of Salina; J. A. Duncan, of Chetopa; George McNeale, Rev. Robt. Mitchell, Rev. C. J. McNeale, of Topeka; W. H. Denton, of Newton.

## Big Fight for Mine Inspector.

The state miners' association will hold its annual meeting in Topeka and will discuss the allied organization of the society of labor and industry, and the delegates to the miners' convention are also delegates to the society of labor and industry. The big fight in the miners' convention will be for the office of state mine inspector. The position of mine inspector pays \$1,000 a year, and \$1,000 allowance for expenses. The inspector appoints deputies who are allowed mileage and per diem to the amount of \$4.00 per year.

There are at present seven avowed candidates for the office of inspector, and indications are that Frank Giddy of Osage county has rather the best of it. The candidates are James Orr of Wier City, the present inspector, who wants another term; George Murphy of Emporia, a deputy; Walker of Leavenworth; another deputy; Aleck Dixon of Wier City; W. E. Davis of Pittsburg; Tom Banks of Miami; and Frank Giddy of Osage county. Giddy is one of Orr's deputies. It is unusual for an Osage man to stand any show for the job of mine inspector, because the delegates from the southern Kansas fields are so numerous that they control the situation. It seems, however, that Mr. Giddy is receiving considerable support from southern Kansas. Several strong juries in southern Kansas have instructed their delegates for him.

## Judgment for Salvin.

New York, Jan. 27.—A jury in the state supreme court yesterday returned a verdict for \$20,000 in favor of Thomas Salvin of the Italian actor who sued Theodora Liebber and George C. Trier, comprising the firm of Liebler & Co., theatrical agents, to recover the amount for alleged breach of contract.

Saturday, January 27th

Satisfaction or Your Money Back.

## JOLESERY GOODS CO

Corner Sixth and Quincy, Topeka, Kansas.

## OIL RATES IN KANSAS.

Commerce Commission Will Send Special Agent to Investigate.

Washington, Jan. 27.—The interstate commerce commission will investigate the charges of the Kansas Oil Producers' association that the Standard Oil company in a conspiracy to prevent the independent oil producers and refiners of Kansas from shipping their products out of that state. The investigation will relate specifically to the allegations of the oil men that the railroads are maintaining unreasonable freight rates to points outside of Kansas. Representative Campbell consulted members of the commission about the course they will pursue concerning the charges. He was told that a special agent would be sent to Kansas at once to get the facts. Mr. Campbell dismissed the charges of the oil men with James R. Garfield, commissioner of corporations, also. Mr. Garfield stated that they would be considered in connection with the evidence reported to the bureau of corporations by special agents of the bureau who are at work on the investigation of the oil industry in Kansas.

## RIFLE FOR MISS ALICE.

Army Officers to Give Her One Made of Gold.

New York, Jan. 27.—A Kraag-Jorgensen rifle, made of solid 24 karat gold, of full size, is being finished by expert workmen in the Tiffany Forest Hill plant, and is to be a wedding gift from the officers of the United States army to Miss Alice Roosevelt. In the same shop a magnificent silver service is being finished. It has been ordered for Miss Roosevelt by the Rough Riders' association. The rifle has been patterned after one used by Company H, First New Jersey regiment, and Miss Roosevelt's monogram will be wrought in diamonds on its stock. The gold rifle will be made to shoot gold bullets or any ordinary Kraag-Jorgensen projectile, and will be finished in gold absolutely from the smallest spring to the barrel. At the Tiffany city shop workmen are engaged right and day on a bewildering

array of jewels which friends of Miss Roosevelt are having set in special designs as wedding gifts for the daughter of the president. One of the handsets is a pearl collar of ten strands, the largest ever made by Tiffany, and worth \$31,000.

A diamond tiara, containing 590 stones, is another and there are also two diamond collars and two bow knots of diamonds.

## At the Automobile Show.

Mr. Frank E. Wear, president of the Kansas City Motor Car company, states that his company will exhibit a large number of equipments at the automobile show which will be held at Chicago from February 3 to 10. The Kansas City Motor Car company will occupy spaces A-5 and A7, First Regiment armory, Michigan avenue. They will display one of their latest 5-passenger, 4 vertical cylinder 50-horse power touring cars; also one 4-passenger, 25-horse power, 2-cylinder touring car, and a chassis of a 6-ton commercial truck. The latter is very novel in design and has mounted upon it the first successful type of 4-cylinder, horizontal motor built in this country. It is of 60-horse power capacity.

Upon the streets of Chicago in operation there will be one 2-passenger runabout, a 6-passenger touring car, a commercial truck of 1,000 pounds capacity, a commercial wagon of 2,000 pounds capacity and a 6-ton wagon carrying the product of Swift & Co.

Mr. Wear invites those intending to visit Chicago in that week to inspect this display. The Kansas City Motor Car company has recently completed large factories in Kansas City and are now building large warehouses, offices and garage on West Ninth street opposite Savoy hotel which will be open about March 15th. Touring parties are invited to inspect.

## May Live 100 Years.

The chances for living a full century are about in the case of Mr. J. J. Dunbar of Haynesville, Mo., now 70 years old.
