

DEWEY INVITED.

Admiral Has Been Asked to Attend G. A. R. Reunion.

Official Communication Was Delivered by George R. Peck.

WAS NEVER IN KANSAS.

Old Soldiers Anxious to Meet Hero of Manila.

Programme Has Been Completed by Commander Smith.

Admiral George Dewey has been invited to attend the state G. A. R. reunion at Lawrence, and will probably accept. The invitation from Kansas was extended through George R. Peck of Chicago, and it is believed that Mr. Peck's influence will be sufficient to bring the famous hero of Manila here...

Admiral Dewey will accept the invitation if he has no other engagements. It is believed that he will be invited to visit through the country, but has never happened to Kansas in his itinerary. His presence at the state reunion would be about the biggest drawing card the state officers of the Grand Army could find.

With a few exceptions, one of whom is Dewey, the speakers invited for the state reunion have accepted, and today Department Commander Smith sent to the printer the copy for the official programme. It is complete with a few exceptions, but it was thought advisable to print the programme at once, before the department commander leaves for the national encampment at San Francisco. It can then be used for advertising the state reunion throughout the summer.

The programme as sent to the printer today is as follows: Tuesday evening, September 15, free for all campfire, presided over by ex-Lieutenant Governor A. J. Felt.

THURSDAY DAY, SEPT. 16. Wednesday morning, 10 o'clock, dedication of Camp Lincoln. Address of welcome. Response by Department Commander A. W. Smith.

2:30 p. m. address by General John C. Black, commander-in-chief of Grand Army of the Republic. 7:30 campfire, presided over by Rev. Bernard Kelly.

MORNING SESSION IN CHARGE OF WOMEN'S RELIEF CORPS. Address by E. W. Hoch of Marion, Kansas. Afternoon meeting, John C. Black, commander-in-chief, presiding officer. Address, "The Life and Character of Abraham Lincoln," by George R. Peck of Chicago.

Evening, address by General L. H. Waters of Kansas City, on "The Memorial of Lincoln." BETSYING DAY, SEPT. 17. Morning session in charge of Ladies of the Grand Army of the Republic. Afternoon session, Captain W. F. Henry, presiding officer. Address by E. H. Funston.

Evening session, address by Robert W. Zimm.

CHICKAMAUGA DAY, SEPT. 19. Morning session in charge of the Spanish-American soldiers. Presided over by General Willard S. Metcalf. Afternoon session, address by Captain J. G. Waters.

Evening campfire, address by W. A. Corderhead. MEMORIAL DAY, SUNDAY, SEPT. 20. Morning, 10:30, memorial services. Rev. Bernard Kelly presiding. Sermon by B. F. Boyer, pastor of the Methodist church. Afternoon service conducted by Rev. H. D. Fisher, survivor of Quantrell massacre. Sermon by Rev. Carl Swendsen, president of Bethany college.

MRS. KELLEY HAS COME

She Reaches St. Louis from Niagara-on-the-Lake.

St. Louis, July 27.—Mrs. D. J. Kelley arrived last night from Niagara-on-the-Lake, Ont., where her husband, D. J. Kelley, of New York, was captured in the trial and indictment in this state on the charge of legislative bribery.

Mrs. Kelley is on her way to Jefferson City to present the letters received by her husband from former Lieutenant Governor John A. Lee, as evidence in the trial of Senator Harris, under indictment in connection with the legislative hooding, which begins Tuesday.

The letters have been expressed to Kelley's attorney, and will remain in their keeping until they are taken to Jefferson City by Mrs. Kelley. She has been subpoenaed to appear in court, but will remain in St. Louis until she is summoned to appear.

Mrs. Kelley will immediately to her hotel and refused to be interviewed.

BUILD NEW DEPOT. Santa Fe, Rock Island and Burlington Units at Denver.

Denver, Colo., July 27.—It is considered probable that the Santa Fe, the Burlington and the Rock Island will unite in building a new passenger station in Denver, in preference to having an increased rental at the union station.

Shot by Town Marshal. Sarcoxie, Mo., July 27.—Isaac Gearhart, a young farmer, was shot and instantly killed by Town Marshal Stump late Saturday night. Gearhart and several companions had spent the day in town and were drinking. When they started for home they became boisterous. The marshal attempted to head off the party, but was run over and knocked down. He fired into the crowd and killed Gearhart instantly.

GIVE AND TAKE GAME.

Are Kansas Senators After Each Other's Endorsement?

It is rumored that the latest move in the political judiciary game is a request by Senator Long that Senator Burton endorse the appointment of Judge W. A. Johnston.

As a sequel to the story it is claimed that Senator Burton has requested Senator Long to endorse Judge Pollock.

In speaking of the rumor the Kansas City Star says: "If Senator Long really has taken this stand it is a decided advantage for Judge Johnston over his rival, Judge Pollock, and, indeed, over all other candidates for the place, except possibly Charles Blood Smith, whose endorsements have been presented to the president by D. W. Mulvane, the republican national committeeman. If Senator Long has taken this stand he is alone in it, for the men who made him senator are not with him. Cyrus Leland, Governor Bailey, Morton Albaugh, H. J. Bruce, Allen, J. C. O. Morris, Frank Brown and all their fence riders and sub-leaders who fought for Long are opposed to Johnston and the appointment is almost an open rebellion against the senator's leadership. However, the signature of Long, the United States senator, is worth more than all these, and he will certainly name the judge who will be the instrument of the other senator. What will be the outcome if the two senators can not agree is something for the president to say, and the contest is far from that yet."

It is said that harmony and federal judgment will be the subject of the camp talks of a fishing party which Senator Long will lead to the mountains of Colorado. It will be the Long, Leino and Leano and Bailey and Albaugh and all the crowd who went with Long to the Rockies mountains two years ago, when they laid their plans for the nomination of Bailey for governor and the subsequent election of Long to the United States senate. In the cool of the mountain air and softened by surrounding nature, Senator Long hopes that his peace arguments will fall on willing ears. They may not make the judge while they are gone, but it may see the right and be made to take what is best for the party, and if the senator succeeds in doing that it will be another "long victory."

MILLER AT WORK.

Union Men Work With Him Under Protest.

Washington, July 27.—W. A. Miller, the assistant foreman of the book binding department of the government printing office, resumed his duties today. Miller was assigned to his work in charge of the men who have been waging a vigorous campaign against him, but the men, acting under the decision of the union, continued at work, technically "under protest."

Secretary Dougherty of the International Brotherhood of Bookbinders has arrived here and has consulted with the local union, President Tatum of the brotherhood being detained by illness. No radical action of any sort is now contemplated. Public Printer Palmer and President Barrett of the local bookbinders' union differ in their judgments as to the consideration of the charges. Mr. Palmer said today that the charges are not being investigated and would not be kept under continuing circumstances, which he declined to specify. Barrett says the charges are under investigation, pending which the union is not to be considered a strike.

Mr. Palmer said today that the charges are not being investigated and would not be kept under continuing circumstances, which he declined to specify. Barrett says the charges are under investigation, pending which the union is not to be considered a strike. It is also stated that if the public printer does not sustain the charges the union will appeal directly to the president in order to bring on the charges on which his expulsion from the union was based.

JUMPED INTO OIL PIT.

Refuge Sought by an Engineer at Time of Explosion.

New York, July 27.—Two men are known to be dead and six injured, one perhaps fatally, as the direct result of the blowing out of a cylinder head of an engine attached to an ammonia pump in the Jacob Ruppert Brewing company's factory on Alexander avenue today. One hundred and fifty men were at work at the time and as soon as the engine stopped working the ammonia flowed from the pump, the fumes spreading to all parts of the room. The foreman David J. Coss was overcome by the fumes while rescuing others and his injuries may prove fatal. The dead are City Smith, engineer, and John Vincinsky, Bremen.

Upstairs the smell of the fumes carried warning and the employees rushed to the roof a narrow staircase delaying the few who were overcome. The assistant engineer, Chas. Katz, was on a platform over the engine when the explosion occurred, and jumped into a pit filled with oil underneath the engine, where he remained more than two hours before discovered. He was unconscious and had been burned on the face. The damage is trifling.

DUG OUT OF PRISON.

Twenty-five Youths Escape from House of Refuge.

New York, July 27.—More than a score of youths of the house of refuge on Randall's island tunneled under and through the 55 feet high and two feet thick wall surrounding the building today and five succeeded in escaping. A dozen others who were discovered in the act of escaping submitted to arrest, but the remainder were not caught. Two had swum almost to the Manhattan shore across the channel. Two more were caught in Little Hell Gate, into which they plunged. Another was caught in the water trying to swim to Ward's island, and still another was caught hiding in a cornfield outside the house of refuge. The escape was made by means of a wooden shed which had been built as a tool house and storehouse against the side of the wall, and by means of the house of refuge. It contained a lot of diggers' tools that the boys put into use.

The loaders enlisted about twenty-five youths in the attempt. Their ages range from 18 to 26 years.

Brought Back Her Senses. New York, July 27.—Ten days ago Mrs. Bridget Hurley of Bayonne, N. J., who was ill and demented, was leaning out of a window on the third floor of the house when she lost her balance and fell to the stone pavement. No doubt was felt by the hospital physicians that the shock would prove fatal. Now they have discovered that it has restored her lost powers and it is believed she will recover from her physical injuries. When her husband found she could talk to him rationally he went for joy.

A Silver Mounted Neck. New York, July 27.—August Fiaurand of this city, who had the vertebrae of his neck shattered while diving near City Island, has been subjected to a successful operation in which the pieces of the broken bone were replaced with silver. After Fiaurand recovered from the operation his neck was put in a plaster cast and he is expected to recover. The broken vertebra was much splintered.

RECEIVED CRANK LETTER. Governor Bailey Warned by Unknown Man in Paola.

A STRANGE LAW.

Fertilizer Company Will Be "Regulated" in Kansas.

In order that manufacturers of fertilizer may discover that the Kansas legislature has been "regulating" them, the state board of agriculture is sending out to a list of 50 farm papers a copy of this law, together with the following letter:

"In order that a law enacted by the Kansas legislature at its recent session, regulating the manufacture and sale of commercial fertilizers, may be brought to the attention of the manufacturers and those handling these commodities in Kansas, I am inclosing a copy of the same, with the suggestion that it might be rendering a service to the public if you kindly give it space in your excellent journal."

"So doing will help to advise those whom the law most largely concerns, many of whom might otherwise be entirely ignorant of its existence."

This law was introduced by Representative Schermerhorn for some dark and bloody purpose. He never consulted with the state board of agriculture about it, but went ahead and made the board the chief executive officer in its enforcement. Had it not been by accident, it is likely that the board would never have discovered that any such bill had become a law.

One of the officers of the board run across the law in the office of the attorney general's office in the statute book.

The law provides that the manufacturer of fertilizer must print on the packages the number of pounds contained therein, the correct chemical analysis, and must deposit with the board a glass jar containing ten pounds of the mixture.

But the part of the law which hurts worst is the section requiring that manufacturers of fertilizer obtain a license to sell their product and pay \$5 therefor. The money goes to the board and is available for making analysis of the fertilizer to see that they are kept up to the standard specified on the outside of the package.

If the law is violated the board is authorized to institute proceedings in court and a penalty of from \$25 to \$500 is provided for anyone injured by use of fertilizer not duly licensed can also recover a judgment.

FROM OCEAN TO OCEAN. First Trip in Automobile Has Been Completed.

New York, July 27.—Dr. H. Nelson Jackson, of Burlington, Vt., and Sewall B. Crocker, his chauffeur, today completed an automobile trip across the continent, which began at San Francisco May 23.

It is the first time that an automobile has made the trip from ocean to ocean. A bull terrier named Bud, which Dr. Jackson picked up in Idaho, made the journey to New York with him.

Employment Bureau Shut Up. New York, July 27.—More than a score of places in Manhattan and Brooklyn licensed as employment bureaus have been ordered to cease business by the mayor's secretary because of reports that they have been found to be carrying on an immoral business.

A Preacher Assaulted. Palmyra, Neb., July 27.—The Rev. William Van Buren, pastor of the Methodist church here, was assaulted last night while returning from church. He was knocked down and beaten by unknown men. The assault is supposed to be the result of his activity as a member of the town board in closing business houses on Sunday.

Running Full Turns. Pittsburg, July 27.—A number of new men from Cleveland were introduced into the McKeesport Tin Plate plant at Fort Vess last night, and the officials claimed that the ten mills were running full turns today.

THE KEARSARGE'S FAST RUN.

The Battleship Crossed the Atlantic in Nine Days.

The United States battleship Kearsarge arrived at Bar Harbor at 5:42 o'clock Saturday afternoon and dropped anchor in the upper harbor at 6:38 o'clock. All day the shore path had been thronged with people anxiously watching the famous ship, but it was not until 5 o'clock that her immense hull appeared out of the mist in the east. Coming full speed the ship entered the harbor and passed the other ships of the squadron at anchor, then proceeding to the upper harbor, was anchored.
