CARTER'S ANSWER TO SUIT

Demurrers Filed in the Federal Court by the Ex-Army Captain.

Savannah, Ga., Nov. 5.—In the United States court late Monday answers and demurrers were filed by the defendants in the case of the United States against Oberlin M. Carter and others. This is the case in which the government has proceeded to hold up certain securities and other property held in the name of Oberlin M. Carter or those closely associated with him. Ex-Capt. Carter, Lorenzo D. Carter, and Stanton I. Carter filed demurrers alike. The affidavit of ex-Capt. Carter is dated at Leavenworth, Kan., October 25. It is contended that the government has made no case that entitles it to an equity or relief, and that the bill contains no matter of equity whereon the court can grant a decree or give any relief. It appears upon the face of the bill, says the answer, that there is another suit pending for the same matter between the same parties. The discovery sought in the bill is in aid of a criminal suit and not in aid of a suit of a civil nature. There are several causes in the bill and if the complainant is entitled to relief, it should have sued at law upon the several causes. The defendant, therefore, demurs to the bill and asks the judgment of the court whether or not he shall be compelled to make further answer, and prays to be dismissed with his costs and charges most wrongfully sustained.

MASONS AT FORT SCOTT.

Degrees Extending From Fourth to Thirty-second Conferred. Fort Scott, Kan., Nov. 6.—The seventh semi-annual meeting of the four bodies of Scottish Rite of Free Masonry opened in this city in Masonic hall last evening, when degrees from the fourth to the thirty-second were conferred upon a class of 60 candidates from all over southeast Kansas. These degrees were conferred with full form and effect by the four bodies that comprise the Scottish Rite, which are the Lodge of Perfection, Mackey Chapter, Rose Croix, Council of Knights of Kadosh and the Consistory. The ceremonies performed by these four branches of Masonry are very beautiful and impressive. The reunion will continue through today.

A RUNAWAY GIRL.

Dodge City Miss Leaves Home—Arrested in Chicago.

Chicago, Nov. 5.—Dorothy Hinkle, the 16-year-old daughter of William Hinkle, manager of the Postal Telegraph company at Dodge City, Kas., is a prisoner in the annex at the Harrison street police station, and involved in her arrest is a story replete with romantic features, presenting the pretty school girl as the sweetheart of a railroad brakeman who left home because her parents objected to her suitor. The young woman was arrested by Detective Sergeants Brown and Buggie of the central station on a telegram received earlier in the day from the girl's father. She was found at the home of a friend in the southwest part of the city, where, it is said, she has been most of the time since her arrival here ten days ago. When arrested the girl broke down and cried. She declared she did not want to return home, but desired to remain in Chicago to meet her sweetheart, whose arrival she expected daily. The detectives, however, refused to listen to her pleadings and took her to the station, where she will be kept in charge of the matron until her father can be communicated with.

The girl's romance began two years ago, when she first met William Gardner, 28 years old, who had gone west from New York City, Kas., in a position as a brakeman on the Santa Fe railroad running from Dodge City, Kas., to La Junta, Colo. Gardner's uncle is employed as station agent for the same road at Dodge City, and the young man was introduced into some of the best homes of the town. Dorothy Hinkle at that time was in short skirts, but she admired the brakeman and soon an attachment sprang up between them. They were much in each other's company, as it is said, but owing to the age of the girl it was thought they regarded each other only as friends.

This friendship, however, ripened into love, and it is said they engaged to marry. Two weeks ago Gardner is said to have asked the consent of Miss Hinkle's father, and it was then for the first time that the latter realized the situation. Mr. Hinkle, it is said, refused to listen to Gardner and instructed his daughter that she must not see him again. The chief objection to the marriage is said to have been the tender age of the girl. Both were told to wait until she had at least graduated from high school. Gardner apparently was satisfied, but the girl was obstinate. She decided to run away from home, and late one afternoon took a train bound toward Chicago. Nothing was known to the parents of her intention and when she failed to return home at the usual time it was feared she had eloped.

Gardner was found, however, and he claimed he was unable to explain the strange disappearance of the girl. Later it was learned that she was at the home of his married sister, Iva, in Toledo, Ill., but when a letter reached there she had left for Chicago. Another married sister lives in this city, but the girl last night refused to give her name or address. It is believed the girl had planned to meet Gardner here, as she frequently inquired for him last night. It is said they have been informed that Gardner recently resigned his position and left Dodge City, saying he was going to the home of his parents in the east.

LONG CANOE VOYAGE.

Adventurous Canadians Make 6,400 Miles in Small Boat.

Apsa, Oct. 12.—Captain J. C. Voss and A. K. Luxton, the adventurous Canadians who sailed from Vancouver early in July in an Indian dug-out canoe for a voyage around the world in her, arrived here safe and sound October 10, having traveled in that time a distance of 6,400 miles. After leaving Vancouver they sailed for 56 days without seeing land or sail of any description and on August 31st they landed at Penryn Island. From there they cruised to Apia, Samoa, October 10. The venturesome travelers remained but a few hours in Apia—only long enough to secure a supply of water and provisions—and then set sail for Sydney by way of Fiji. Both men were in good health and expressed themselves as satisfied that they would be able to complete their undertaking.

MONROE DOESN'T KNOW.

New Yorker Who is in Dark About the Election.

One New York man who is not helping to elect anybody in that city today is John P. Monroe, who is in Kansas on a business trip and is stopping at the Throop. "No, I am not running the New York election," said Mr. Monroe to a State Journal reporter. "Tammany will probably do that. Mr. Stone is a great grandson of the 11th president, but notwithstanding his name, he is not running for president. It is impossible to tell anything about how New York will go today," he said.

TAKE THEM OUT.

Or Feed Them on Food They Can Study On.

When a student begins to break down from lack of the right kind of food, there are only two things to do; either take him out of school or feed him properly on food that will rebuild the brain and nerve cells. That food is Grape-Nuts.

A boy writes from Jamestown, N. Y., saying: "About two months ago I got into a bad condition from overstudy, but Mother having heard about Grape-Nuts Food began to feed me on that and other food, and the results were marvelous. I got fleshy like a good fellow. My usual morning meals as well as breakfast, and I found I could study for a long period without feeling the effects of it."

After I had been using Grape-Nuts Food for about two months I felt like a new boy altogether. My face had been pale and thin, but is now round and has considerable color. I have gained greatly in strength and vigor, and it is a pleasure to study now that I am not bothered with my head. I passed all of my examinations with a reasonably good mark, and it was Grape-Nuts that saved me. From a year's delay in entering college, my father and mother have both been improved by the use of Grape-Nuts Food. Mother was troubled with sleepless nights, and got very thin, and looked as if she was going to give up. She has gained her normal strength and looks, and sleeps well nights." Don E. Cooper.

Cincinnati, Nov. 5.—Early today burglars broke the big show window of the Duhme Jewelry company's store on Fourth street between Vine and Race and stole about \$20,000 worth of diamonds. In their flight they left a trail of diamonds indicating the direction they took. The night watchman who was on the floor where the robbery took place, says he heard no noise and saw nothing of the robbers. The diamonds stolen were loose in a tray and the burglars are supposed to have taken advantage of the noise of a passing wagon, or car to break the glass and seize the tray and run, as they overlooked much valuable goods in the same window.

A CASE OF BAD BOWELS

Are you happy? Not if your liver and bowels don't work. Happiness depends on the bowels. Every time you eat, you put into your body not only good material for repairs and fuel, but a mass of useless stuff that has to be removed promptly or it will clog your machinery, poison your blood, throw your liver out of gear, and make you act mean to those you love. Your stomach is sour, your skin yellow, your breath offensive, and you hate yourself and all mankind. Winter or summer it's all the same, when you are unclean inside, you are unhappy and so is everybody near you. The cure is pleasant, quick, easy, cheap, never fails. Cascarets, the world's greatest bowel cleaner and liver tonic. Cascarets are guaranteed to cure constipation, lazy liver, bad blood, bad breath, sour stomach, biliousness, and all summer and winter bowel troubles. Don't be unhappy—buy a box today. All druggists, 10c, 25c, 50c. Write for health booklet and free sample. Address Sterling Remedy Company, Chicago or New York.

CURED BY **Cascarets** CANDY CATHARTIC

"The fusion reform forces are putting up a hard fight against Tammany rule and they may defeat Tammany. On the other hand, Tammany has put up Shepard, who is one of the best known lawyers in New York city and is a thorough good man."

"What effect will Shepard's utterances and his fight on Tammany heretofore have on his candidacy?" "I don't think it will have any noticeable effect," said Mr. Monroe. "Tammany had to get hold of somebody who would give a clean bill of health and it seems to me that Shepard is no doubt that the Tammany organization will support him solidly. He has said he has said many heretofore cuts little figure with Tammany supporters as long as he is their candidate. It is a peculiar situation. Tammany wants to win and this is the reason he will like Shepard was selected as its candidate."

FAST OCEAN MAIL.

New York Letters Delivered in London a Day Early.

New York, Nov. 5.—Business men were surprised by the delivery of mails that left New York on Tuesday last, says the London correspondent of the Herald. The delivery was at least a day in advance of the usual time. Often it is Wednesday before they are delivered. This remarkable record is due to the rapid passage of the Kron Prinz Wilhelm, which arrived at Plymouth at 33 minutes past midnight on Sunday, thus covering the 2,978 miles in five days, eight hours and eighteen minutes. This is only about an hour more than the fastest passage ever recorded, which was accomplished by the Deutschland.

MISSISSIPPI SCORES.

Adds One to Her Record of Negroes Burned Alive.

Gulf Port, Miss., Nov. 5.—A negro was burned at the stake in Perry county, Mississippi, Saturday night, for the crime for which the negro suffered was committed early in the morning, and Mrs. Fortenberry is the victim. She is wife of one of the prominent men in that section. She was beaten into unconsciousness by the negro. After recovering consciousness and while almost too weak to move, she began crying for help. When assistance reached her she told the story of the crime and described the negro. A posse was organized and a negro answering the description given by Mrs. Fortenberry was caught and identified by her. She stated positively that he was the man who had committed the crime. The negro then made a confession, telling all the details he had of the crime. An informal court was organized by the members of the posse. The trial resulted in a decision to burn the negro, who was carried from the house to the exact scene of his crime and there burned at the stake.

CAPTIVES SEEN.

Miss Stone and Mme. Tsilka Declared to Be Alive and Well.

New York, Nov. 5.—A dispatch to the World from Samakov says: "Miss Stone and Mme. Tsilka have been seen within the last two days by emissaries sent by American Diplomatic Agent Dickinson from Sofia to treat with the brigands who abducted the missionaries, about a ransom for the American woman. Both captives are safe and well. It is expected that their release will be arranged soon."

NEW KLONDIKE STRIKE.

Price of Claims on Conglomerate Creek Go Up With a Rush.

Vancouver, B. C., Nov. 5.—News of a new Klondike strike was brought here today by the steamer Amur. The new find is on Conglomerate creek, a tributary to Montana creek. The price of claims jumped from \$10 to \$5,000 in a few days. The Amur had a very rough trip coming south and had several narrow escapes from being run down by icebergs.

News by the Amur tells of the highest tide of the year at Skagway. Water from Lynn canal flooded the lower streets of the town and caused considerable damage to cellars and warehouses.

Items From Jewell City.

Jewell City, Kas., Nov. 5.—This section of the country has had two splendid rains recently, the best rains since the first of last May. The Concordia M. E. district Epworth league closed its third institute at Jewell City Saturday. The other two institutes were held just previously at Clyde and Belleville. Dr. Grosscup of Jewell City, was the principal speaker at all three, giving his lecture on "The Evolution of Bob" and representing the M. E. book concern. The transfer of Dr. McGuek to the upper Iowa conference has left the M. E. pulpit without a regular pastor. A superannuated preacher is filling the vacancy until other arrangements are made. The Trego Mining company is at work and expects to reach the 35-inch vein of coal in four or five weeks. The Prairie township citizens are responsible for the enterprising effort.

NEWSPAPER CHANGES.

Several Sales and Papers Established in Jefferson County. Oskaloosa, Kan., Nov. 5.—There has been several newspaper changes in Jefferson county recently. C. B. Martin has sold the McLouth Times to W. M. Pennington. W. A. McDuffee sells the Oskaloosa Times to Emmet Gardner. Mrs. Gardner has also sold the Winchester Star to Oscar Kirkpatrick. Mrs. Carter has started a paper at Williams town and one at Grantville which will be published from Oskaloosa.

SHIPPING SUGAR BEETS.

Garden City Raisers Send First Four Carloads to Rocky Ford.

Garden City, Kas., Nov. 5.—The sugar beet men here commenced shipping their beets today to Rocky Ford, Colo. There will be beets from about 1,000 acres, and considering that our farmers have had no experience in growing them, have been quite successful, and demonstrated that it will be a paying business. As they are testing 13 per cent. sugar, and our farmers have complied with all conditions required by the sugar company and the test is satisfactory, all are expecting the erection of a \$500,000 factory next spring, as that was the agreement of the sugar company. Land is already advancing in expectation of the factory. Six cars were shipped Monday, and about the same will be each day this week if cars can be procured.

Forbes Defeats Attel.

St. Louis, Nov. 5.—Harry Forbes, of Chicago, received the decision over Abe Attel, of San Francisco, at the end of the fifteenth round of fast milling at the West End club. The bout was one of the very best seen here in a number of years. The fortunes were shifted from one principal to another throughout, and it was only Forbes' superior strength that brought him victory in the closing stages. Attel had Forbes all but out in the second round, forcing the Chicagoan to take the count. The Californian weakened under heavy punishment towards the close of the bout, the bell saving him on two or three occasions. The boys fought at 116 pounds.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure.
