FULL LEASED WIRE REPORT OF THE ASSOCIATED PRESS.

The State Journal is a member of the Associated Press and receives the full day telegraph report of that great news organization for exclusive afternoon publication in Topeka.

The news is received in the State Journal building over wires for this sole purpose, busy through the entire day.

A complete copy of the night report is also received.

The time had come when nothing would save Tammany from defeat.

The election in Greater New York was a notable victory for the friends of good government.

Even Spain forces restitution by the government which harbors abductors of Spanish children.

Old lines are again drawn, and Kentucky and Maryland swing back into the Democratic column.

While Boss Croker was beaten in New York, Boss Gorman seems to have won a decisive victory in Maryland.

Florida Times-Union: The man of the world judges the character of a community by its public improvements, notably the parks.

Poor old Philadelphia and the entire state of Pennsylvania for that matter will continue to founder in the mire of political corruption.

The slow rate at which bonds are coming in response to Secretary Gage's latest offer indicates that the country is not so badly in need of cash as it was supposed to be.

It is reported that the Santa Fe is about to erect a new passenger depot. Now is the time for the Commercial club to take up and agitate the matter of a union station.

The time is coming when the country roads will be such that rural mail delivery can be made on bicycles or automobiles and the farmer need not wait much longer for his letters and newspaper than the man in the city.

American farmers and stock breeders have an excellent opportunity to make money for some years to come by embarking in the business of breeding horses for the use of the British army in Africa.

If Dewey or Schley had been sent after Miss Stone they would have had her at some by this time and that without setting foot on European soil.

The principle of extending government aid to fairs has become so firmly fixed that it is not surprising to note that the promoters of the Pan-American exposition contemplate asking the nation to reimburse them to the amount of \$3,000,000 on account of losses sustained by reason of small attendance and large expenditures.

The dole of money in the treasury and it is not at all unlikely that congress will be found in a yielding mood; if not this one then the next.

A certain Indiana man was arrested for the one hundred and seventeenth time in fifteen years last Wednesday. During that period he has spent 1,429 days in jail and has cost the county in which he resides just \$681.85.

One hundred and thirty of his arrests were for drunkenness. The unfortunate man is 65 years old but in appearance is not over 45.

The man is believed to be a record-breaker in his line and Warsaw, the town where he resides, challenges any place of approximately equal population to produce a citizen who has as high a score of arrests to his credit.

The authorities of Warsaw should be able to tell the remainder of the country what good has been accomplished in those 15 years.

GLOBE SIGHTS. [From the Atchison Globe.] A third person always tells.

In any disreputable story you find the word "Lew." You'd be surprised if you knew what people say about you.

When a fool keeps his mouth shut, he is not known as a fool.

Bill Moore has been talking in Atchison thirty years, and isn't through yet.

It is said of an Atchison man that he has done every mean thing except play a bagpipe.

Some people call the performance by a ten-twenty-three dramatic company an "opera."

Every time a man receives an express package, he says the other man agreed to pay the charges.

People say things every day that they shouldn't, and hear from it a month or two later.

SCHLEY IN TEARS

Wave of Applause Greets Close of Rayner's Argument.

Washington, Nov. 6.—At 3:23 p. m. Mr. Rayner closed his argument for Admiral Schley.

Admiral Schley was in tears as he delivered his peroration. A wave of applause swept over the room as Mr. Rayner concluded. The court then adjourned until 2 o'clock tomorrow.

During the passage-at-arms between Capt. Lemly and Mr. Rayner, the former accused the latter of attempting to traduce the reputation of an officer.

This, he said, he had no right to do. "And you," replied Mr. Rayner, "have no right to traduce the reputation of Admiral Schley."

While Mr. Rayner was discussing the testimony of Lieut. Commander Potts before the Schley court of inquiry this afternoon he said that the commander had said that he always was "scared in battle."

Capt. Lemly protested against this language, and a sharp verbal encounter between the two occurred when Capt. Lemly said that Mr. Rayner was unreliable.

"You," replied Mr. Rayner, "are not only unreliable, but you are offensive." Admiral Dewey interfered to say that the court would consider all the testimony that Lieut. Potts had said that he was scared but that Mr. Rayner had stretched the testimony a little.

However, no occasion for ascerbicity. Capt. Lemly then said he regretted having made the remark and Mr. Rayner continued his speech.

Referring to the Hodgson controversy Capt. Parker said that he really believed Hodgson desired to tell the truth but unfortunately he had told a different story every time he had opened his mouth.

Capt. Parker said he did not know how the alleged controversy over the danger of colliding with the Texas arose except from the story which had been told by the captain of the Iowa.

The speaker was very sarcastic in his allusion to Capt. Evans' alleged statement regarding the damage he had done to the Spanish ships. Capt. Parker concluded with a glowing tribute to Admiral Schley.

Mr. Rayner began his argument at 11:25 a. m. He paid a compliment to Judge Advocate Lemly and his assistant, Mr. Hanna, for the "most judicial impartiality with which they have managed this case."

Mr. Rayner made a plea for the consideration of questions from what was at that time Commodore Schley's point of view.

"Let us," he said, "put ourselves in his shoes and see what the circumstances were. We know now what it would have been wise to do."

Discussing dispatch No. 7, known as the "Dear Schley" letter, Mr. Rayner contended that the order conveyed in that message made it incumbent upon Commodore Schley to remain at Cienfuegos.

He declared that this was the key to the whole case and that it did not admit of any other construction than that Commodore Schley should remain at Cienfuegos.

He declared that Admiral Schley was the victim of an unfortunate combination of circumstances that left him in total darkness as to the location of the Spanish fleet.

Concerning the question of coaling at sea, Mr. Rayner read the testimony of several witnesses to prove the great difficulty of such a task involved. He said that all they wanted to prove was that Admiral Schley was honest when he informed the department of his inability to coalesce with the coal supply and that he acted according to the dictates of his own conscience.

He was prepared to prove that one ship could not have followed the Spaniards six hours and have had enough coal to come to the reconnaissance of May 21.

Mr. Rayner contended that it had been Commodore Schley's chief object to develop the Spanish land batteries and in this he was successful.

He claimed that the man who was in command at such a time should be given great discretion for he must necessarily know more of the situation than the gentleman who makes battle plans at home on charts with compass and lead pencils and direct other people thousands of miles away how to fight a battle.

TINY FEET NO CHARM.

Mme. Wu Says Chinese Women Are Dropping Old Practice.

San Francisco, Nov. 6.—Fashion is less capricious in China than in any other part of the world, but even there a sentiment is growing in favor of allowing women's feet to grow to a larger and more nearly normal size than has hitherto been the practice.

In China the small foot has been for woman the mark of artistic caste, but it seems a change is coming, slowly of course, as all changes come in China, but perceptibly. This on the authority of Mme. Wu, wife of the Chinese minister at Washington, who has just returned from a visit to her Oriental home.

For Wales Hospital Fund.

New York, Nov. 6.—The exhibition of Prince Chiggi's Botticelli, which is now being shown by John L. Gardner of Boston, has opened in London for the benefit of the Prince of Wales hospital fund in the National gallery.

The critics unite in pronouncing it one of the Botticelli's most charming works, the background of hills and river being considered as beautiful as the Madonna herself.

The process of judicious renovation is regarded with signs of suspicion.

Gatarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is especially dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect.

Successor to Brosius. Lancaster, Pa., Nov. 6.—H. Bird Cassell, Republican, was elected to congress in the Tenth congressional district comprising Lancaster county, by about 7,500 plurality.

For Shattered Nerves. A remedy that will soothe, build up the wasted tissues and enrich the blood is indispensable.

Light's Celery Nerve Compound has been wonderfully successful in cases of nervousness, as thousands of grateful people will testify.

OVER 75,000.

Chairman Dick's Latest Estimate of Nash's Majority.

Columbus, O., Nov. 6.—Chairman Dick at noon gave out the following: "We have heard from 53 counties, 35 still being out. These 53 counties show net Republican gains over the election for governor two years ago of 27,175, which added to Nash's plurality in 1899 makes a Republican plurality of 76,738.

Cuyahoga county is among those not yet reporting and that county is still claimed by the Republicans although the Democrats claim it by 73.

But with Cuyahoga as a stand off, the net result would be a loss to Nash.

Jones carried Cuyahoga county two years ago and Nash had 13,814 over McLean, deducting this from 76,738, Nash's plurality in 53 counties would be 62,924.

Then if the other 24 counties maintain the ratio of the 53 that are in the plurality for Nash will be over 75,000 and probably over 80,000 for the rest of the Republican state ticket.

With Cuyahoga county considered to the Democrats the Republicans have 21 of the 33 state senators and 70 of the 110 representatives, with a probable increase when the other 34 counties have reported.

Since noon Chairman Dick, on the percentage of gains, estimated the 31 missing counties, and the net result of complete returns may make Nash's plurality over 85,000 and the rest of the ticket considerably above that figure.

Cleveland, Nov. 6.—Complete election returns from Cuyahoga county give (Rep.) 31,741; (Dem.) 27,175; (Fusion) 32,010. Kilburne's plurality, 269.

The Democrats elect their entire legislative and county ticket with the exception of Hatfield for judge of the common pleas court, who is defeated by Phillips (Rep.) Phillips' plurality is 1,687.

Cincinnati, Nov. 6.—Unofficial returns received here from 81 of the 83 counties in Ohio show a plurality for Nash, Republican, for governor, of 56,248.

The seven counties not heard from gave Nash two years ago a plurality of 5,878. Assuming that this plurality will be the same this year Nash's total plurality in the state would be 61,126.

MAJORITY OF SIX.

Claims of Maryland Democrats on Joint Legislative Ballot.

Baltimore, Nov. 6.—Chairman Vandevier, of the state central committee, when asked if he had any contradictory reports as to the alleged Democratic victory in Alleghany county, said he had not.

"I am prepared to believe it, however," he added, "and will be mighty glad if it proves correct."

Asked for his figures on the general assembly, Mr. Vandevier said: "We will have a majority in the general assembly of six on joint ballot and will have no difficulty in organizing the lower house. This estimate does not include Cecil county, which we are inclined to concede to the Republicans."

Later advices from Alleghany tend to confirm the reports that the Democrats have made sufficient gains there to give them a fair chance of securing the legislative delegation, at least in part.

It is regarded as certain that the Democrats have been elected over Roman, Republican, for senator by about 300 majority. Whether the minority will alter this result remains to be seen.

At Republican headquarters in this city the defeat of Roman is noted, but it is claimed that the rest of the legislative ticket is elected. The Democrats also claim gains in Talbot, Cecil and other counties, which they assert will give them 49 votes in the lower house.

They are inclined to admit the election of Isaac Losh to the senate, and the election of the Democratic ticket in the state.

Not a word has been heard from St. Marys and Prince Georges counties as to the voting in these counties, with Republican tendencies.

FROM MISS STONE.

Letter Received Dated Oct. 29, by U. S. Consul.

Washington, Nov. 6.—The state department received a cablegram from Consul General Dickinson at Constantinople saying that he had received a letter from Miss Stone, the missionary held by brigands for ransom, dated October 29.

Sofia, Bulgaria, Nov. 6.—The brigands having Miss Ellen M. Stone, the American missionary and her companion, Madame Tsilka in their custody were in Bulgarian territory near the Turkish frontier last week, according to authentic intelligence.

The captives were lodged in caves and fires were lighted to protect them from the severe cold. Since then the brigands and the women have gone to some place unknown.

The fact that violent measures, such as mutilation, to extort ransom, were taken, indicates that the captives are under the impression that the longer they wait the better will be the terms obtainable.

This attitude is regarded as being entirely due to the publicity given to the subscriptions toward the ransom, and it is increasing the difficulty experienced by Consul General Dickinson in his efforts to reduce the brigands' demands.

PROVES AN ALIBI.

Callahan Produces Some Strong Testimony in Court.

Omaha, Nov. 6.—The last bit of testimony in the Callahan perjury trial was taken this morning and the arguments were made during the afternoon.

The case will go to the jury this evening. Harry Strong, a laborer in South Omaha, testified that Phelps, who told of having seen Callahan in the vicinity of the Melrose Hill house the day of the kidnaping, was working with him the day of the abduction, and that they were some miles from the scene of the crime.

George Merford testified to having seen the man who purchased the Turpie pony and that it was not Callahan.

SALE ORDERED.

Stillwell Terminals Go to Satisfy a \$4,000,000 Mortgage.

Kansas City, Nov. 6.—A final decree of foreclosure and sale of the properties of the Kansas City Suburban Belt railway, the Consolidated Terminal railway company, the Union railway company, and the Kansas City & Independence Air Line was issued in the federal court in this city today.

These properties constitute what are known as the Kansas City system of terminals, formerly used by the Kansas City, Pittsburg & Gulf railroad, now the Kansas City Southern. They were built and operated by A. E. Stillwell before he was deposed as president of the Pittsburg & Gulf road.

The foreclosure is made under suits brought by the Providence Life and Trust company against the different companies to cover mortgages aggregating \$4,000,000.

Shannon C. Douglass is named special commissioner to conduct the sale of the properties and the date of sale is set for January 1.

DEMOCRATS GET ONE.

Election of Judges of District Court in South Dakota.

Sioux Falls, S. D., Nov. 6.—The result of the election for district judge was: Smith (Rep.) First district, 2,000 majority; Jones (Rep.) Second district, 600 majority; Bennett (Dem.) Third, 600; Frank B. Smith (Rep.) Fourth, 700; McCoy (Rep.) Fifth, 600 to 700; Goffey (Rep.) Sixth, no opposition; Malone (Fusion) Seventh, probably elected by a narrow margin; Wshabough (Rep.) Eighth, 700. Less than half the vote was polled.

RESTORED TO TEN HOURS.

Thirty-five Santa Fe Water Service Men Favored.

Thirty-five men in the water service department of the Santa Fe, who were affected by the nine-hour order Tuesday, were today restored to the ten-hour basis.

The men who are restored to the old schedule are all plumbers and water fitters and their services are needed now by the road for the full ten-hour day.

HER ONLY FRIEND.

England is Heartily Disliked by All Except United States.

New York, Nov. 6.—According to the London correspondent of the Tribune, Englishmen have been noticing with surprise the bitter resentment existing in Germany caused by Mr. Chamberlain's casual reference to the Franco-Prussian war.

It is a straw showing the direction of the wind in Germany where, in spite of the emperor's cordial relations with the reigning house here, England is regarded as an industrial enemy and is not liked.

This revelation of anti-English feeling in Germany strengthens the desire of public men and the press in London for a settlement of the alliance with Germany.

An expression commonly heard that good feeling with America will be worth more to the British government than the objection raised by Canada to a settlement of the canal controversy is attracting attention, but the hope is entertained that Premier Laurier's influence will be exercised and that there will be no opposition from Ottawa to embarrass the foreign office in opening a way for the adjustment of the entire series of Canadian questions.

TO MELT CHINESE CANNON.

Germans Will Dispose of Ancient Bronze Guns.

New York, Nov. 6.—Regarding the disposition of the 175 ancient bronze guns newly brought from China to Germany by the steamer Krefeld guns which formerly stood on the walls of Peking, the Berlin correspondent of the London Times says that the guns will be melted for the sake of the bronze in them.

The most ornamental of the guns will be placed in the naval museum at Berlin. The others will be melted for the sake of the bronze in them.

TWO FAMOUS WRESTLERS.

Ernest Roeber Matched With Nechad the Turk.

New York, Nov. 6.—Ernest Roeber, the American champion Graeco-Roman wrestler, has just been matched to meet Nechad, the Turkish wrestler, who recently arrived in this country.

The articles call for a straight Graeco-Roman match, best two in three falls. There will be a time limit of two hours, in case no fall is scored, and the man doing the most work inside of that time will be awarded the decision.

After one hour's work the men have agreed to a 15-minute rest. If only one fall is scored in two hours the man gaining the fall gets the decision. All holds will be allowed.

LOCAL MENTION.

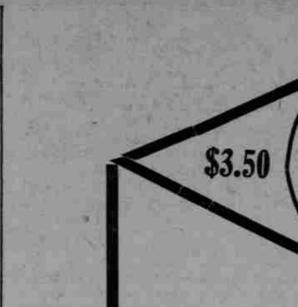

Mrs. A. C. Covell returned from a three week visit in Albuquerque, N. M., Tuesday.

Crowds of buyers are thronging Fisher's clothing store on East Sixth street, where the Mitchell Bros. bankrupt stock is being sold at half price.

MARRIAGE OF MAJOR-GENERAL CORBIN AND MISS EDYTHE PATTEN TODAY.

Major-General Henry C. Corbin. On account of the high rank of Major-General Corbin, there was a big assemblage of high officers in the army and navy, and also the diplomatic corps, in attendance at his wedding.

TOPEKA MAN KILLED.

Frederick Harmon Loses His Life in New Mexico.

Frederick Harmon, who formerly worked as a trackman in the Santa Fe storehouse here, and whose father, Solomon Harmon, is now a clerk in the storehouse, was killed this morning by being run over by an engine on the Santa Fe at Wagon Mound, N. M.

Solomon Harmon left today on No. 1 for Las Vegas, where the body was taken. The funeral will be held at Las Vegas.

While Frederick Harmon lived in Topeka his home was in Parkdale. He was 24 years of age, and not married. The particulars of the accident are not known.

GRINSTEAD CASE POSTPONED.

Pool Grinstead has been in Topeka today attending the supreme court. The habeas corpus case to determine whether or not he shall serve out the costs, the outcome of a libel suit, that was to have come up for hearing now has been postponed until February.

Mr. Grinstead secured his release from jail several weeks ago by the institution of the habeas corpus proceedings.

ALGIERS DOCK IN PLACE.

New Orleans, Nov. 6.—The Algiers dock was today towed from Chalmette, where it anchored at midnight, to the naval site just below Algiers, without mishap. Some hours will be expended in securing the great structure to the anchorage provided. The formal ceremonies attending the reception of the dock will take place this afternoon.

Miss Edythe Patten. Miss Edythe Patten, the bride, has long been a favorite in White House and diplomatic circles, where she is known as "one of the prettiest Patten girls." Her marriage with the general, who is her senior by quite a few years, is a genuine love match.
