

SPORTING NEWS.

Huggins Has Arrived From the British Isles.

Whitney's Great Horse Trainer Talks Turf.

THERE SIX SEASONS. Tells What Racing Costs Across the Waters.

Animals He Has Cared For Won \$185,000.

New York, Dec. 4.—John Huggins, who has trained W. C. Whitney's racers in England this year, is back in New York, accompanied by Mrs. Huggins. Contrary to expectation, none of Mr. Whitney's horses were on this vessel and there is no certainty that they will be brought back this fall, although there is a report that they may come on the next trip of the Minnehaha, which is due here two weeks hence.

John Mackey, who is general manager for the breeder and turfman, J. B. Huggins, was also a passenger on the same vessel with Whitney. A number of thoroughbred English stallions and John E. McDonald's well known American broodmares, were on the Minnehaha.

Huggins has for six consecutive seasons trained in England, having gone over in 1895 to handle the late Pierre Lorillard's racery. During the season he has won \$185,000. Huggins has achieved the greatest honor any trainer can aspire to, inasmuch as he has trained Vandyke, Derby winner for Mr. Whitney, as well as Waterbury, winner of the Cambridge Handicap, and Game Chick, winner of the Devereux Plate, a great English 2-year-old event. All told, Mr. Huggins has trained this year which have won more than \$185,000. This includes the \$30,000 French stakes, the Consistent Mule, won by Kilmarnock, and first second and third money in all races. For four years Huggins has trained his native land. He has a cotton plantation in Texas, which he will visit in a few weeks.

Asked about Mr. Whitney's intention in respect to selling the Minnehaha next year, Mr. Huggins replied that he was just in telephonic communication with Mr. Whitney, but that he did not know Mr. Whitney's definite could be said.

Asked about everything I had, paid off my servants and made up my mind that I was done with the Minnehaha for the present," said Huggins, "but now I don't know what my future is. Mr. Whitney has a leased horse, which he will continue to race. I do not know whether or not he will send over Goldsmith and Nasturtium, as you say the report is."

"Have you any other horses," he expressed as to the suspension of Lester Reiff? Huggins was asked.

"All I know is that the stewards acted on his case, I saw the race which caused the suspension and I saw nothing wrong with the steward's action. The only thing, is more than I can say. But Reiff will be here himself in a few days and we will settle the matter."

Waterbury, winner of the Cambridge Handicap, can do anything in the hands of Kilmarnock is a fair sort of a horse, that's all. It is hard to say what the best horse in the country is, but Kilmarnock is a fair sort of a horse, that's all. There are about 4,000 horses in training at Newmarket and each is taxed at \$15 per annum.

"Racing in England is a far costlier matter than in this country," he said. "You can not send a horse from Newmarket to any part in England without its cost being \$100 each. The cost of course we have good men to help us. As far as the stable lads try our patience. They never want to do a stroke of work more than is absolutely necessary."

"How does the starting machine work in England?"

"All right," was the unqualified answer. "The barrier goes up and horses move away and that's all there is to it. This, of course, applies to the 2-year-olds. Next year it will be used for all ages. As far as the starting machine would you have any complaint about the starting?"

Huggins is one of the two only Americans who have won the Derby in England. The other, Jacob Pincus, is now in England.

Property of Edward Corrigan, h. h. by Ayrshire out of Fortuna, who has \$50,000 and is bred at Newmarket, Minnesota. He was sold at Newmarket some weeks ago for \$125.

BASEBALL MAGNATES. Discuss the Transfer of Milwaukee Team to St. Louis.

Chicago, Dec. 4.—The principal question under consideration by managers of the American League is the transfer of the Milwaukee team to St. Louis. It was rumored that the Milwaukee magnates were hard to deal with, and that they had given out an ultimatum that unless satisfactory terms were arranged in two days no transfer would be made. Matt Killilea said regarding the transfer: "The owners of the Milwaukee club are opposed to the transfer to St. Louis, and the American League cannot make the change without the consent of the owners. The men at St. Louis were all signed up to the deal, but they can't say what the outcome will be, but there will be some decision soon."

Owing to the absence of a number of members of the conveyance committee was not secured until late, thereby delaying action.

CONNIE MACK'S TEAM. Has Hartzel and Flick Signed For the Outfield.

Philadelphia, Dec. 4.—Manager Mack says he has about completed his team for the season of 1902. He has signed seventeen men, as follows: Catchers, Powers and Steelman; pitchers, Fraser, Bernhard, Plank, Witts and Dugleby; first base, Harry Davis; second base, Lajole; shortstop, Monte Cross; left base, Lave Cross; outfielders, Hartzel, Flick, Elmer Flick, McIntyre and Seybold; utility man, Robinson.

The new players in the club are Pitcher Dugleby, Outfielders Flick and Hartzel, Shortstop Monte Cross and the utility man, Robinson. The first four of these are familiar to baseball followers. Robinson is a youngster who covered third base for Kansas City last season. Four or five National League clubs and also several American League clubs were after him, but Manager Mack landed him, and now has his signature to a contract.

OORBETT'S LUCKY LOCKET. Contained the Face of His Intended Wife.

New York, Dec. 4.—If leaked out today that Young Corbett's tallman, in his fight with McGovern Thanksgiving day, was the miniature face of a young and beautiful girl, inclosed in a gold locket and tucked away beneath the folds of his fighting shirt.

KANSAS NEWS.

Trial of Young Moore at Winfield is Now On.

Jury Secured Last Evening in District Court.

IS ONLY 17 YEARS OLD. Theory is a "Hold Up" With Unintentional Murder.

Defendant Alone in Court, Dependent and Sorrowful.

JEAN BERAUD UNDER HAMMER. W. C. Whitney's Great Stallion to Be Sold at Lexington, Ky.

Lexington, Ky., Dec. 4.—At the sale of the thoroughbred W. C. Whitney will offer the stallion Jean Beraud, by His Highness, who is a 2-year-old won \$63,885.

The horse has been recently returned from England. Whitney also enters ten other horses. Among them are Beth Broeck, by Ten Broeck, a half-sister to Halam's dam, and Filway, a full sister to the dam of Jean Beraud.

The theory was that they attempted a hold-up, and shot Wiltberger unintentionally. Betts was tried at the July term of court and acquitted. He was in jail on the charge of perjury as a result of his testimony at that trial.

About two months ago, "Shorty" McFarland, a suspicious character, of Winfield, who had long been suspected of guilty knowledge of the affair, was arrested on the charge of murder and will also have his trial this week. Betts was acquitted last summer, largely through the efforts of W. P. Hackney. Now Hackney is assisting in the prosecution, while G. H. Buckner, who prosecuted Betts, is conducting Moore's defense. The entire day was spent in the selection of a jury, which was secured just before 6 o'clock. The trial will probably last all week.

Clyde Moore, the defendant, seemed to be altogether alone in the court. No relatives or friends sat with him and he spoke very seldom even to his counsel. He was rather thinner than when he was arrested and seemed to have lost much of the reckless, defiant air which he sometimes assumed.

DOLD CAR SHOPS. Will Be Moved From Kansas City to Wichita.

Wichita, Dec. 4.—The Dold Packing company has decided to locate its car repair shops in Wichita and this will be made the center for the large number of cars used by the company in handling the product of its factory. A new building will have to be erected, and this means an expenditure of thousands of dollars more in addition to the quarter of a million which is now being invested in the new plant. It is said to be the largest in the world. Now that their Buffalo house has been destroyed, the interests of the company are centered here.

ACCEPTS JOINT LICENSE. Wellington Council Refuses to Repeal Liquor Ordinance.

Wellington, Kan., Dec. 4.—A committee of 100 citizens appointed at the revival meeting waited on the city council with a petition asking for the repeal of what is known as the "small ordinance," under which joints have been licensed by the payment of an occupancy tax of \$20 a year. By a vote of 2 to 2 the council, which contains a majority of members elected last spring on a "wet" ticket, turned down the petition and refused to consider the ordinance. The temperance people are considering the advisability of bringing quo warranto proceedings to prevent the city accepting this license money.

WELLINGTON REVIVAL. Sum of \$1,500 Raised for the Evangelist—463 Conversions.

Wellington, Kan., Dec. 4.—The collections at the tabernacle meetings for Evangelist Williams, to remunerate him for his work here, amounted in the aggregate to \$1,500. At Winfield, Evangelist Williams received \$1,150, and at Hiawatha he received \$1,500.

The total number of conversions are 463.

A SUICIDE AT 71. David R. White Shot Himself Fatally at Manhattan.

Manhattan, Dec. 4.—David R. White, a Kansas pioneer, committed suicide here Tuesday by shooting himself in the temple with an old muzzle loading shotgun. It is thought that ill health and financial worry caused the deed. He had just made a will the previous day. He was 71 years old. He came to Kansas in 1853 and had lived in Manhattan since 1889.

WHY DID HE DIE? Neighbors of a Bourbon County Farmer Desire to Know.

Fort Scott, Dec. 4.—The neighbors of George Bigman, a farmer, who died night before last, have demanded a coroner's inquest to determine whether or not he was poisoned. Bigman was apparently well day before yesterday, but was taken sick early yesterday morning and is reported to have died in fifteen minutes. He lived with his stepdaughter and a housekeeper.

PLAYED AT LYNCHING. Anderson County Youths Placed in Jail For Roughness.

Garnett, Dec. 4.—Three boys from near Mont Ida, a small town in this county, were brought to this town for playing at whitewapping and lodged in jail Tuesday. Seven boys, about 15 years old each, captured a half-witted negro and made him believe they would lynch him. Each carried a gun and emphasized the threats by shots. Their victim was rescued by an officer.

These Farms Sell Well. Wichita, Dec. 4.—John and Robert Kerr have purchased 640 acres of land just southwest of Lawrence for a sum of \$16,000. The farms are fairly well improved and are valuable properties.

Sharkey Posts Challenges. New York, Dec. 4.—Tom Sharkey has posted a forfeit of \$25,000 with a challenge to Jeffries to fight for the championship, but Jeffries has turned the offer over to Dave Sullivan to bring about a match with Young Corbett.

Jangling Nerves. Are you irritable? Do you sleep badly? Is it hard to concentrate your thoughts? Is your appetite poor? Do you feel restless and despondent? Try Litchy's Cerebral Nerve Compound. It will do you more good than anything you have ever tried. Sold by George W. Stansfield, 632 Kansas ave.; Marshall Bros., 115 Kansas ave.

A Hoyt Horse Won. Kansas City, Dec. 4.—"Little Jean" owned by Hoyt won in the running race Tuesday afternoon with Wright's "Crown" of Hiawatha and Gray's "Miss Mills" of this city. The purse was \$300. Time 1:41.

WONDERFUL HYOMEI

LUCKY MANUFACTURERS.

Physicians can now look forward to the coming winter without any fear or anxiety regarding the thousands of weak-lunged and catarrh afflicted patients under their care.

Facts furnished by the Bureau of Vital Statistics in Washington have proven beyond the least shadow of doubt that consumption is curable, that all respiratory diseases can be eradicated completely and the death rate reduced wonderfully by the use of the new remedy, Hyomei.

Hyomei is a dry air germicide found in Australia, the first one ever known which can be inhaled in the air we breathe, the only possible method by which the germs of these diseases can be reached.

LUCKY MANUFACTURERS. Never before in the whole history of medicine has a remedy manufactured for these diseases received recognition by the United States Health Reports or been successful in reducing the death rate one iota, and it is expected that all physicians from this time on will use this one treatment and no other.

Of course this means a tremendous commission to the manufacturer and a fortune to the manufacturers, a reward which they richly deserve.

LACK OF SUPPLY FEARED. Undoubtedly thousands of lives will be saved during the coming winter by the use of Hyomei, but as this germicide is only obtained in Australia and at certain seasons of the year, it is feared the manufacturers have not a sufficient stock on hand to meet the increased demand.

All of those who are afflicted with coughs, catarrh or consumption should, however, obtain an outfit of Hyomei from their druggists at once, or send to The R. T. Booth Co., Ithaca, N. Y., for a free sample of the new remedy.

The R. T. Booth Co., Ithaca, N. Y.

FREE OF DUTY. Goods Imported From Philippines Will No Longer Pay Tariff.

Washington, Dec. 4.—It is stated at the war department that the decisions of the United States supreme court in the insular cases do not call for any change in the existing tariff arrangements in the Philippines and that it was not even deemed necessary to issue instructions to the civil governor of the islands on the subject as a consequence of the decisions. Secretary Root has had several conferences with other officials in regard to the enactment of legislation necessary to meet the situation.

The secretary of the treasury has issued to collectors of customs in the United States a telegraphic order directing them to admit free of duty the merchandise on the Philippine islands. Following is the order:

"Discontinue requirement entry and collection of duty on merchandise shown by manifest of vessel to be shipped from Philippines. Allow free delivery goods in bond. Detain cigars and other dutiable goods until they are affixed under circulars \$1 and \$5 current year. Refunds will be made by certified statement where protests duly filed."

Red Necktie Betrayed Him. Guthrie, O., Dec. 4.—Elmer Pecore was placed in the federal jail here today charged with rifling the mail between the small towns near the Indian Territory by the officers suspected of Pecore and laid a trap for him by placing a red necktie and a pair of beaded gloves in one of the mail sacks.

And so long as he holds said bond he shall be exempt from the regular annual interest on such bond to be in lieu of all annual dues of said member.

Lexington Sale Closed. Lexington, Ky., Dec. 4.—The Woodward and Shanklin horse sales closed here last evening. During the sale 250 horses were sold for \$58,885, an average of about \$235 per head.

The stallion Joan Beraud, by His Highness, to Kansas property of William C. Whitney, and one of a few horses which formed his original stable, brought the top price of the day and the sale, \$12,500. Kingstook, a full brother to Kingston, only brought \$500.

Stops the Cough and works off the Cold. Lattative Brown Quilins Tablets cure a cold in one day. No Cure, No Pay. Ecta

BAK BOO, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the food must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, scaling pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. E. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, while resisted all treatment. She was taken to a celebrated health springs, but received no benefit. She was finally brought to this town, and on really making up her mind to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A second bottle completely left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unflinching cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bare complexions, it causes eruptions, reds and it invigorates the old and makes new, rich blood that nourishes the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

GIVES IT A PUSH.

Topeka Commandery Knights Templar Votes \$10,000.

Their Share Toward the New Masonic Temple.

MEETING WITH FAVOR. Success of the Plan Is Now Assured.

There Will Be No Mortgage on the Building.

At the meeting of Topeka Commandery No. 5 Knights Templar held last night it was unanimously voted that the commandery should take the 100 shares assigned that body by the ways and means committee of the Masonic temple.

The commandery received the report of the committee adopted it and immediately agreed to assume the responsibility of raising \$10,000 toward the proposed \$70,000 Masonic temple.

"We hope to begin work on the Masonic temple by March 1 and to have the building completed and ready for occupancy by December 1, 1902," said Colonel T. W. Harrison this morning.

The report of the ways and means committee has so far been presented to the Chapter and the Commandery and has been unanimously accepted by both. The report will be submitted to the Scottish Rite, Sloam lodge, Topeka lodge and Orient lodge for their approval. The report of the committee on ways and means is as follows:

To the Masonic Board of Control: Your committee of twelve, to be known as the ways and means committee, have prepared a proposition for raising funds for the erection of a Masonic temple in Topeka, Kan. The following plan, which is in our opinion the best, has been adopted and carried into practice, which will result in the speedy erection of a Masonic temple which will be a credit to our city and clear of all indebtedness:

First—We recommend that the sum of \$70,000 be raised for the erection of such a Masonic Temple.

Second—We recommend to raise said sum of \$70,000 by the issue of \$100 bonds, each of \$100, based upon its present market value.

Third—Each Masonic body so interested in the erection of such a temple, and which has issued \$100 bonds, based upon its present market value, shall be entitled to subscribe for such bonds.

Fourth—A brother can hold only one such bond, and he is a member in good standing, which is entitled to issue such bonds.

Fifth—When a brother who has subscribed for a bond shall die, the sum of \$100 in full, he shall be entitled to one such bond, which shall mature at the time of his death.

Sixth—When a brother who has subscribed for a bond shall die, the sum of \$100 in full, he shall be entitled to one such bond, which shall mature at the time of his death.

Seventh—As soon as a brother shall have paid the sum of \$100 in full he shall be entitled to a roll of honor on a tablet, which shall be erected in the temple on which his name shall be inscribed.

Eighth—If during the lifetime of a brother, he should die, he can do so, but only through the body issuing the bond, which shall be restored to him at the time of his death.

Ninth—The number of such bonds apportioned to each of the bodies under this plan shall be as follows:

To the Scottish Rite, 233 bonds, and no more.

To Topeka lodge No. 61, 94 bonds, and no more.

To Topeka Chapter No. 5, 191 bonds, and no more.

To Topeka Commandery No. 5, 86 bonds, and no more.

one-sixth pure glycerin, is moderate in price but unsurpassed in quality.

With the perfume of natural flowers, there is no transparent soap so agreeable and delightful for toilet and bath.

Its maker's reputation is a guarantee of its high quality.

JAMES S. KIRK & COMPANY

ASK TOPEKA'S HELP. Commercial Club Requested to Favor Cable to Hawaii.

At the next meeting of the Topeka Commercial club the merchants of the city will be asked to endorse a resolution favoring the construction and operation of a cable extending from California to Hawaii and Manila, Japan and China.

John B. Corliss, member of congress from Michigan, has given the question a great deal of study and in addressing the various commercial clubs of the country says that it is "one of the most important projects before our people."

"For years the cable interests have been seeking to secure from the government a subsidy varying from six to ten millions of dollars as an inducement for the construction of this cable," says Mr. Corliss.

"The cable monopoly, having been defeated in their attempt to secure a successful subsidy, is now seeking to obtain the right to this utility so as to charge in tolls an amount which would exceed the subsidy originally asked for."

"This will become a continuous burden through the competition of the cable company and will check the wheels of progress in the Pacific. The ownership by our government of this great utility will be through the construction of the cable and operation of cables operated by the government at actual cost."

A British cable is now being constructed through Vancouver down through the Pacific to Australia, connecting British colonies, and if the business men of our country are to meet successfully the competition of the cable in the Pacific they must have quick communication at the least possible expense.

"The only way to secure this through government construction, ownership and operation on the plan by which we operate our postoffice department, to wit, at actual cost."

A MILD THRILL. Effect of the President's Message in Germany.

Berlin, Dec. 4.—The message of President Roosevelt caused a mild thrill in Germany. On the bourse, where it was eagerly awaited, the message was received with uncommon interest.

The first impression of the president's message in German official circles is that the repression of anarchists by international agreement is in much more accord with the lines of that of President Roosevelt is probably already on its way to the state department at Washington.

The Deutsche Zeitung says the president's message indicates that the feet of the United States are well in the imperialist line and that the ventures abroad seem to agree with them.

The National Zeitung alludes to the strong and confident tone used by President Roosevelt and to his large purposes.

Taking the message altogether, it has been favorably received, both popularly and officially. The reference to the late Empress Frederick are especially appreciated.
