JURY SENT OUT.

While Lawyers in Bonine Case Argue a Point.

Washington, Dec. 7.—In the Bonine trial today counsel for the defense precipitated a lengthy argument over the right to ask an expert witness certain hypothetical questions bearing on the hip wounds of Ayers. The court directed the jury to retire during the discussion. The defense stated that it would endeavor to show by the witness, Dr. W. P. Carr, that the government's contention that Ayers received his wound at long range, was wholly untenable from the very nature of the wound. The point was not settled when the noon recess was taken.

The date of the meeting of the new organization of railway clerks has been changed to Tuesday night, December 10. At that meeting, the officers for the local lodge will be elected.

Christmas Buyers
Here's Something That Will Interest You!

How hard it is sometimes to pay the CASH for a Fine Christmas Present, You can come to our store and take a handsome and valuable present away with you by making a SMALL PAYMENT DOWN.

We are going to sell Furniture on weekly or monthly payments, but if you will call at our store we will soon prove to you that we have placed no extortionate prices on our goods. We prefer to place a reasonable price on our goods, and be just a little careful who we sell to on time, as we do not believe in good customers paying for what we lose on bad ones. We ought to be able to make our prices right, because rent is not as high on a side street, and we employ no agents or collectors, but ask the people to kindly pay at the store. Then too, our broad business experience has taught us how to buy goods so that our customers may be benefitted.

While we will give what we consider a liberal discount for cash, yet there will be no great difference between our time and cash prices, because our time prices are very low. The larger the amount paid down, the smaller the payment you will be expected to pay per month. As a general rule, if you pay us on an average of about \$1.00 per week, we will allow you to carry away most any piece of furniture in the store, and sometimes several pieces. There are a few things that we will make a specialty of, among which are:

Rocking Chairs, Couches, Iron Bedsteads, Mantle or Folding Beds, Bed Springs, Mattresses, Dressers, Sideboards, Dining and Center Tables, Parlor Lamps, Kitchen Cabinets, Smyrna Rugs.

Especially for the Christmas trade we will have a lot of Fancy Upholstered Specialties next week.

We will be kind and accommodating to our customers who meet with the misfortune of sickness or loss of employment.

LODGE NEWS.

I. O. O. F. May Have Temple of Their Own.

An effort is being made by the members of the Independent Order of Odd Fellows lodges in Topeka to regain possession and absolute control of the old Odd Fellows temple at No. 523 Quincy street.

The temple was built over 15 years ago by the members of Shawnee lodge No. 1. The original cost of the property was in excess of \$40,000. The lodge raised over \$15,000 of this amount in cash at the time the temple was built, borrowing the remainder from a wealthy eastern money lender, and giving the property a security. Being unable to raise the remainder of the cost of the building the mortgage was foreclosed, and the possession of the building passed to the easterner. The man who gained possession of the building is now dead.

The heirs to the property of this man wishing to turn all the western property of the estate into cash are anxious to dispose of the property and have offered it for sale for \$13,000.

It is considered an excellent bargain, and T. H. Bain is working up the project among the lodges of the city. An arrangement will undoubtedly be effected whereby the Odd Fellows will regain possession of the temple.

[A large number of lodge items are unavoidably crowded out until Monday.]

EXHIBIT OF RARE CHINA.

Ceramic Art Display Will Close Tonight.

The exhibit of rare hand decorated china, which has been held by the Ceramic club of Topeka since Friday morning at the First Congregational church, will close at 6 o'clock this evening. The ladies have just come to feel elated over the outcome of the affair, as it was a financial as well as an artistic success, and will form a substantial little stepping-stone for the Topeka club house.

The entire lecture room and the small room at the west were devoted to the exhibit. Starting at the right of the entrance was a large table on which was arranged the china belonging to Mrs. Edwin Lang and Mrs. H. C. Bowman. It was composed of rare pieces, both large and small, of which the owners may well feel proud.

Next in line was the exhibit of Miss Jean Wallace, which comprised some very handsome pieces deserving special mention.

Coming next was the table belonging to Mrs. W. C. Webb and Mrs. S. J. Hodgins. A large vase on which was an exquisite picture of Queen Louise was one of the striking pieces on this table, though there were many others equally as fine.

One of the very attractive tables was that of Miss Marie Witwer. Several of the beautiful vases were filled with fragrant flowers, which showed them off to good advantage. One of the prettiest things was a thistle piece, which attracted much attention.

One of the most beautiful pieces on Miss Elizabeth Smith's table, which came next, was a bon bon dish containing a copy of Hoffman's head of Christ.

Miss Anna Marie Walsh's table was equally as attractive. The table was white, the club colors and contained a rare exhibit. One worthy of special mention was a rose decorated vase for which she received the prize at Hardin college.

Mrs. W. S. Kale had one of the largest and most attractive exhibits; among the most noticeable features were several framed plaques, one with seagulls and a bit of the ocean being specially beautiful.

Mrs. Clement Smith's exhibit with its exquisite punch bowl, cups and tray, decorated with roses and grapes attracted much attention.

Mrs. W. H. Davis and Mrs. W. F. Schoch, Miss Lina Zels and Miss Helen Francis followed with very handsome exhibits.

In the tiny room at the west was a complete dining room furnished by Mrs. Charles Jordan. The table was arranged with a dinner set decorated in green and gold, and the decorations were green and white, to further carry out the color scheme. The sideboard vases done last summer under Mason at Chautauqua were among the attractive pieces.

At one side Miss Kittie Lindsay had a very attractive display. Two large plaques, one Egyptian dancers, and the other, an Empire scene, were very fine. A quaint piece was a small vase, in conventional design, which is very popular in Chicago and eastern cities.

Miss Aline Lamy enjoys the distinction of being the only miniature painter in the club and her display was especially noticeable.

Down the center of the room was a

row of tables; three belonged to Mrs. W. T. Eckert and were filled with rare pieces of all kinds, a fern decorated punch bowl and an enormous rose decorated vase being among the most elaborate.

Last, but not least was the exhibit of the president, Mrs. C. O. Knowles which contained many handsome articles. Her jardiniere ranging in size from the very small to the other extreme, and her punch bowl, tray and cups were among those deserving special mention.

The exhibit was the finest ever given by the club and those who did not attend missed a rare treat.

A FINE BLOCK.

C. J. Devlin to Double Central National Bank Building.

C. J. Devlin, who some time ago purchased the lot just south of the Central National bank building, has decided to erect thereon a handsome four story building. The new structure, to cost about \$20,000, will be a duplicate of the bank building, the front to be of cut stone and pressed brick exactly like the present one. The new block will be 25x150 feet in size, the full height of the adjoining one, and will constitute part of the corner building; archways will be cut through and the same elevator and heating plant used. Work will begin in May.
