Mr. Baker Promoted. Chicago, April 30.—Mr. Charles M. Baker for many years general superintendent of construction of the Postal Telegraph Cable company will today succeed Mr. E. J. Nally as assistant superintendent of telegraph. Mr. Nally was recently appointed general superintendent. Mr. Baker is a practical telegraph man, having entered the telegraph service in 1870. He occupied various official positions and in 1883 he was made superintendent and manager of the Postal company at Cleveland where he remained until January, 1884. He was then appointed superintendent of construction with headquarters at Chicago, which position he held until 1898, when he was promoted to be general superintendent of construction.

Beautiful Lakes, Placid Rivers and Lofty Mountains.

Around in the region traversed by the Lehigh Valley railroad between Chicago and New York and Philadelphia via Niagara Falls and Buffalo.

Austria and Mexico, after a quarrel which dated from the tragic death of Maximilian, have at last resumed diplomatic relations once more.

SUGAR BEETS IN KANSAS.

Five Hundred Acres Have Been Planted in Finney County.

The following is the United States department of agriculture climate and crop bulletin of the weather bureau for the Kansas section for the week ending April 27.

GENERAL CONDITIONS. A warm week with a large per cent of sunshine. No rain fell in the southwestern or northeastern counties, while light showers extended from the northwestern counties across the state to the southeastern, being heavier from the northeastern part of Ness to the southwestern part of Lincoln, and very heavy in Kingman and Eastwick; some hail fell in the northeast part of Ness.

EASTERN DIVISION. Wheat is growing rapidly in all parts, and is jointing in Montgomery. Corn planting is well advanced in the southern counties, is progressing rapidly in the central, and has begun in the northern. Oats sowing is finished, the oats are coming up in the central and southern counties, and the earliest sown in the northern. Flax sowing is finished and the flax is coming up. Peaches and plums are blooming in the north, and cherries and early apples in the central counties; strawberries in Coffey and crab apples in Shawnee. Pastures are beginning to support stock. Early potatoes are coming up in Morris. The ground has become hard on top in some of the counties, in others it is very sticky, resulting in a rain to soften it. Chinch bugs were flying in Shawnee and Wilson the last days of the week.

MIDDLE DIVISION. Wheat is in good condition and growing rapidly. It is 8 to 10 inches high in Smith, and is beginning to joint in Republic; the heavy rain, Friday, in Harper county, washed out some large fields of wheat in the southern part. Oats sowing is almost completed and the oats are generally coming up. Corn planting has progressed rapidly in most of the counties, while in a few it is just beginning; in the southern part of Harper late corn was washed out or covered up, necessitating replanting; corn is coming up in Cowley and Butler. Alfalfa is growing well and in Sedgewick better than the other grasses. Peach, pear, plum, cherry, and early apple trees are in bloom. Strawberries are beginning to blossom in Reno. In Cowley the early fruits were badly damaged by the frost last week. Pastures are improving and in a few counties are supporting the stock.

WESTERN DIVISION. Wheat is growing and generally is in very good condition. Early sown oats and barley are up. Corn planting is becoming general. Alfalfa is growing rapidly and the range grass is quite green. In Finney about 500 acres have been planted to sugar beets. Peaches, apricots, plums, and cherries are beginning to bloom in the northern counties.

Whist Club Scores. The Topeka Whist club added two more games to the series last night. Kootna and Drum won the battles for high score of the evening. The scores made were: First game—North and south: Kootna and West, 77; Carr and Custer, 87; Hills and Hogeboom, 87; Hurlie and Sibley, 87; Merrick and Cushman, 84; Putnam, 82; Bradley and Gillett, 78; Falkner and Payne, 82; Nowers and Storey, 87; Keeler and Gillett, 87; Kootna and Drum, 79; Gilbert and Shakeshaft, 79; Noss and Noble, 77; Hart and Nevill, 74; Thrapp and Korn, 78; Mann and Ashby, 78; Brown and Herborn, 68; Larsh and Robbins, 72.

Everything New. Genry's trained animal show will exhibit at Topeka Thursday, May 2. Prof. Genry's show is enlarged exactly twice its former size, and will exhibit under canvas at Fourteenth street near Kansas avenue, afternoon and night. Prof. Genry's show is the most entertaining exhibition that exhibits under canvas, and the recent addition of nearly a hundred new acts and animals makes it more enjoyable than ever. The tiny baby elephants and the novel acts by the monkeys, together with all of the old favorites, make the performance vastly superior to anything ever seen in this city.

JENNINGS WILL MOVE.

Weather Man to Have Quarters in Federal Building.

The United States weather bureau office has been assigned quarters in the government building at Fifth street and Kansas avenue. Observer T. B. Jennings and the officials at Washington have been corresponding for some time relative to the proposed change of quarters, and photographs of the interior, the exterior, the top, the bottom, and even the direction of the winds have been sent to the experts in the District of Columbia, and they, after due and careful deliberation, have decided that Jennings shall move. The weather room will be on the second floor in the northeast corner. A platform will be built on the highest part of the postoffice roof and the instruments will be placed there. A little shed something like a pilot's cabin will be built on the roof and stairs put in to allow the observer to travel up to the instruments. The black of weather—storms, winds, rainbows and fog, or the things to measure them—will be stored in the main room.

WILL PHOTOGRAPH THEM

Gaw Will Make a Copy of the Disputed Poll Books. Ralph Gaw, official reporter of the Shawnee district court, will photograph the poll books and tally sheets which will be in question before the supreme court when the Parker-Hughes mandamus case is appealed. The original tally sheets and poll books will not be sent with the case to the higher court, but photographs of the books and sheets will be placed in evidence. It was suggested that Mr. Gaw copy the books, but Judge Hazen said he would prefer to have photographs instead of copies made. Mr. Gaw is an expert amateur photographer, and he will be assisted by the official stenographer, the official court photographer.

Opening of U. B. Church. The formal opening of the main auditorium room of the First United Brethren church, which took place last Sunday morning, was an important event in the history of the church organization. Bishop A. E. Miller who preached the opening sermon, is on his way to the east to attend the annual conference of the general church body. The building will be dedicated next October when the state conference of the church assemblies here. It has been built after seven and a half years' labor in that direction on the part of S. C. Coblenz, the pastor and is a credit to the people of that denomination in Topeka.

Reduced Alaskan Rates.

Seattle, Wash., April 30.—Further reductions are announced in Alaskan freight and passenger rates at a recent meeting of the steamship line. First-class tickets to Lynn canal are now quoted at \$10, and second-class at \$5. A week ago the rates were \$25 and \$12. Corresponding reductions in freight rates are also quoted. "I didn't know Bragg" was a publisher. "A publisher. Who told you he was?" "He did. He said he was a disseminator of light literature." "Huh! He's a little clerk in the employ of the gas company."—Philadelphia Press.

MUNYON'S RHEUMATISM CURE

When Prof. Munyon says his Rheumatism Cure will cure rheumatism there isn't any guess-work about it—there isn't any false statement about it. It cures without leaving any effects. It is a splendid stomach and nerve tonic, as well as a positive cure for rheumatism.

BETHANY AGAINST PAVING. Eighth Avenue May Have to Wait on That Account.

The proposition to pave Eighth avenue from Topeka avenue to Lincoln street will meet with opposition from the trustees of Bethany college. Street Commissioner Snyder has learned that the sentiment of the property holders along the street with the exception of the Bethany college people seems to be unopposed to the paving. In the event that the city council orders the paving of Eighth avenue the trustees of Bethany college will be required to stand half the paving taxes for the space of two blocks. The sentiment of the people along the street is also for at least 40 feet paving and some have even suggested that the pavement be made 50 feet wide. This avenue from Kansas avenue west is 30 feet wide, and by making the continuation either 40 or 50 feet wide a beautiful drive will be made. The matter will in all probability have a thorough discussion in the council Monday night.

DOCTORS ARE COMING.

Homeopathic State Society to Have Public Meeting Tomorrow Eve. The thirty-third annual meeting of the Homeopathic Medical society of Kansas will open in Topeka tomorrow. The sessions will be held in the Y. M. C. A. hall. On Wednesday evening, May 1, a meeting for the public will be held in Representative hall. E. E. Fackler, D. Emporia, Kan., vice president, W. E. Buck, M. D., Kingman, Kan.; secretary, C. F. Menninger, M. D., Topeka; treasurer, M. A. Swift, M. D., Topeka.

MORE NEW PAVING.

Petitions Circulated for Filmore Street From Second to Sixth. A petition is being circulated to secure a pavement on Filmore street between Second and Sixth avenues. It is being circulated by the approval of the residents of the street, and the petition will be presented to the council at its meeting Monday night. The question of what kind of corners should be put at the intersection of streets to be paved 30 feet wide with concrete paved 60 feet wide has been brought up.

FORMAL TRANSFER MADE.

Kansas Now Has a Mansion for the Governor. The deeds transferring the Bennett property at Eighth and Buchanan streets to the state to be used as an executive mansion have been recorded by the register of deeds. The deed transferring the property from Erasmus Bennett and wife names \$26,000 as the consideration. A quitclaim deed was given by Virginia M. Johnson, executrix of the estate of John F. Johnson, of Doniphan county, to quiet the sheriff's deed she held to the property. The consideration named in the quitclaim deed was \$1.

SEIZED RARE WINES.

Government Officers Capture \$4,000 Worth of Unstamped Champagne. Seattle, Wash., April 30.—Under special instruction from David M. Dunn, collector of internal revenue, Special Deputy Mullay, of Portland, and Deputy Ross, of the Seattle office, yesterday seized in various hotels and restaurants and saloons in this city upwards of 150 cases of imported champagnes and Rhine wines, for alleged violation of internal revenue laws. The property seized by the officers is valued at between \$4,000 and \$5,000. The allegation made by them is that the wine was found in the various establishments without having the revenue stamps as required by law.

Steamer Sells For \$26,000.

San Francisco, April 30.—The German vessel Otto Gildemeister, recently condemned as a total loss, after a stormy voyage from Yokohama for Portland, was sold at auction yesterday to Captain Ellis, of Portland, Ore., for \$26,000. It will cost over \$30,000 to repair the vessel. Gamblers on insurance lost heavily on the vessel.

Perkins Withdraws.

St. Louis, Mo., April 30.—George D. Perkins has withdrawn from the contest for the Iowa Republican gubernatorial nomination. In announcing his withdrawal he says: "Edwin H. Conger upon his return to the United States having reiterated his assurance that he would support the nomination of the Republican of Iowa for governor if they should decide to tent the nomination to him, I withdrew my name from further consideration in connection with that office."

TWO NATIONS BECOME FRIENDLY ONCE MORE.

Diplomatic Relations Between Austria and Mexico Have at Last Been Resumed Under Most Solemn Circumstances—Quarrel Resulting in Cessation of Relations Dated From Maximilian's Death.

Austria and Mexico, after a quarrel which dated from the tragic death of Maximilian, have at last resumed diplomatic relations once more.
