Mrs. Sheldon, the Suffragist, Thinks They Should Offer Their Ballot.

Mrs. Lillie S. Sheldon, who, it will be remembered, was law an industriously in the state library some time ago, declares the attorney general is wrong concerning the foreign woman vote in Topeka.

"He is correctly reported," says she, "the opinion is that the wife of a foreigner who has taken out his first naturalization papers only, is not entitled to vote at municipal elections, although the law says men who have taken out their first papers may vote.

POLICE ARE NOT SURE.

Perhaps They Know the Highwaymen and Perhaps They Do Not.

Another highway robbery occurred in Topeka last night. They are becoming very common. This time it was James Patrick who lives on North Van Buren street. He was held up and robbed of \$5 in money by two negroes at 11 o'clock last night in front of the Christian church in North Topeka.

The police think they know who did the work but they have not found the men. It may be the man who is responsible for the case of infanticide or the man who held up Ankeny or the man who robbed the Singer sewing machine office—they are not sure.
