UNDERWEAR DEPT.

We are the exclusive agents in our city for the

STERLING Underwear.

Sterling Union Suits.

Are KNIT TO FIT, not STRETCHED TO COVER the human form, and when not on the body there is shape to the Sterling found in no other union garment made.

The patented process of knitting gives the extra fullness to the hips and bust. The patented back lap, knit to the garment, always insures a complete covering under all circumstances.

The Sterling is highly endorsed and recommended by leading physicians and professors of hygiene as the most healthful and economical garment that can be worn.

This is one of the leading makes of underwear in the east. Has never been sold in Topeka until introduced by us last season. We shall be pleased to have you compare it with "Ypsilanti" Union Suits as that make is better known in the west. We think you will appreciate THE "STERLINGS" superior points of merit.

TO SENSITIVE PEOPLE

(Or people with aversion of wool next to them we should have said) we have a special make of Underwear woven by A PATENTED PROCESS whereby the wool is all thrown on the SURFACE and the cotton thrown on the UNDERSIDE, thereby giving WARMTH with no disagreeable sensation.

We are introducing some new goods that are remarkable for warmth at very low prices.

LORD DURHAM SCORED.

Horse Owners Generally Resent Uncalled For Remarks.

New York, Oct. 19.—A dispatch to the Journal and Advertiser from London, says:

Lord Durham's ugly attack on American jockeys and on sportsmen from over the sea, unsupported by any proof, has brought on an international turf storm.

The Daily Telegraph wisely declares that "it can only be presumed that Lord Durham spoke—he was addressing the Jockey club stewards, of which he is one—with a knowledge of much that has gone on which has not yet met the public eye, but which must be known to the powers that be."

John A. Drake, who has won $1,000,000 in the three months that he has been on the English turf—which is the whole of his experience—is thoroughly disgusted at the insults indirectly heaped upon him.

"The position is intolerable," said he, "to any one who loves fair play. Our trainers and jockeys in England do not need any word of defense from me. Their record speaks for itself.

"American jockeys are in bad favor with the Jockey club but had they hurt the sport in England would the Prince of Wales have just engaged an American jockey to ride his horses? Our jockeys have won too many races.

"American boys ride to win. They have broken up the English jockey ring about which there was such a cry a while ago. American jockeys are responsible for an honesty on the English race courses that was never before known."

Lord William Beresford is preparing a rebuke to Lord Durham and will engage for next season, Wishard, Mr. Drake's trainer, to succeed Huggins, his present American trainer who wants to make a visit home and who also engage the Reiff boys for next season.

The Earl of Lonsdale has cabled to the Journal and Advertiser from Penrith, Wales, respecting Lord Durham's much discussed speech at the Jockey club meeting relative to American jockeys in England. He says:

"I regret that I can, with a most unbiased and independent feeling, thoroughly indorse all that Lord Durham said.

"I have thought and said openly for some time that I considered the turf in England in a worse state at the present time than it has ever been in my recollection.

"I did not imagine for a minute Lord Durham meant by 'American jockeys and their following' that that following was necessarily America.

"There also have been more accidents recently than I ever remember and I most certainly attribute this to the presence of American jockeys."

OPEN AND SIMPLE

The Czar Says Russia's Chinese Policy Has Been.

New York, Oct. 19.—In a long dispatch from Yalta, Russia, near which place the czar is staying, a correspondent of the Herald quotes a high Russian official who sees the czar daily and is fully conversant with the emperor's views on the Chinese situation. This official asked that his name be not stated but the tone of the dispatch leaves little doubt it was Count Lamsdorff, the newly created minister of foreign affairs of Russia. The official said of the Russian policy toward China:

"I defy any one to show that Russia has deviated in any respect from the policy which has been announced and which is given quite openly in the Russian press. What Russia undertook to do she did. Her policy has been open and perfectly simple from the first.

"So far from having designs upon Manchuria, Russia's frontier in that part was not properly protected. We were so unprepared that we had to submit to being attacked and bombarded. Does that look like our being prepared to annex Manchuria?

"Our ministers and our people were in great danger in Pekin. It was our duty to relieve them. We undertook to do so and we achieved their rescue.

"But Pekin from that moment had no further importance because it was no longer the seat of the Chinese government. Communication was cut off, which was very awkward. Then Tein Wa ten days nearer in regard to communication. That was very important fact and explains why we wanted to be there and not in Pekin.

"Circumstances have altered somewhat now, owing to the duly recognized plenipotentiaries being in Pekin to treat with and communication having been well night restored. It is of no importance to us today whether negotiations are carried on in Pekin or not.

"Just look at our country. Can any one who knows this country imagine for a moment that Russia is in want of additional territory? How can any thinking person entertain such a view? Russia is quite content with what she has got. What she has she wishes time to develop.

"Recent German communications have been much more moderate and have made the possibility of peaceful negotiations much better. Why, what would our position have been according to the best ideas? We should have been called upon to put the place ourselves in the position of public executioners. How could we accept that? None of the powers is at war with China. Why, then, should there be any talk of taking away territory from her?

"As regards our policy, my august master has decided upon all questions which have come before him in this Chinese question in a perfectly straightforward manner, his sole object being, after fully weighing each matter, to arrive at a just and upright conclusion. That is his nature. His minister of foreign affairs tries his utmost to carry out those imperial conclusions to the best of his ability.

"If the other powers, one or any of them, were to think it right to push matters and annex Chinese territory, then Russia would have to come in and hold her own. That is not what Russia wishes. Such a policy would only be forced upon her."

Library Dedication.

Madison, Wis., Oct. 19.—The magnificent library building of the state historical society which has been under construction for the past three years was formerly dedicated this afternoon in the presence of a large and distinguished assemblage. The exercises opened with an address by President Johnston, of the society who reviewed its entire history. He was followed by James H. Stout, president of the board of building commissioners, who spoke on "A word from the builders." Governor Edward Scofield and others devlivered addresses. The formal dedication address will be delivered tonight by Chas. Francis Adams, of Massachusetts.

Mail Boxes Robbed.

Fremont, O., Oct. 18.—All the street mail boxes in the city were broken open and rifled last night. The amount of loss is not yet known.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

The funeral arrangements have been made in accordance with Mr. Curtis' desire.

Hanged the Prisoner.

Plaquemine, La., Oct. 19.—Milley Johnson, a negro who shot and dangerously wounded Conductor Will Jordan of the Texas & Pacific road on Wednesday night near Baton Rouge, was lynched at 2 o'clock this morning. Johnson had had been incarcerated temporarily at the state capitol, but last night the sheriff attempted to take him to the jail at Port Allen. A determined body of men overpowered the officers and securing the prisoner, hanged him.

DISTRUST OF GERMANY.

Belief That She Doesn't Want Peace In China is Growing.

New York, Oct. 19.—Distrust of German's attitude in China has been revived as a result of information received here showing the hostility of the Berlin government to a policy of conciliation in the settlement of the far eastern question, says a Washington correspondent of the Herald. It has been learned that the recall of Baron Speck Von Sternberg, the German charge d'affaires, was due to his efforts to smooth the road looking to a prompt, peaceful solution of the Chinese trouble. Baron Von Sternberg returned to Berlin on the steamer Deutschland.

Among the friends of Baron Von Sternberg in the official circles here deep surprise was felt when the news of his removal from Washington was first noised about. His relations with the administration were of the most cordial character and the officials generally conceded that he was doing much to make a satisfactory solution in China possible. Exact details as to Baron Von Sternberg's recall are impossible to obtain, as none of the officials of the German embassy will talk about the matter and the state department does not seem to be fully advised on the subject. It is known, however, that Baron Von Sternberg, while endeavoring to carry out the several instructions he had received, presented proposals to this government in a more conciliatory fashion than the Berlin authorities had contemplated. Being on the ground Baron Von Sternberg appreciated that it would be advisable in the interest of harmonious relations between both governments for him to be less positive than his instructions required.

Officials here are very deeply grieved over Baron Von Sternberg's recall, as they say he has certainly aided in preserving good relations between the two powers. It is pointed out that if he had acted in an offensive manner the answers made to the German notes would not have been different from those given. Undoubtedly Germany was greatly chagrined by the refusal of the United States to accede to its proposition to make the surrender of the Chinese guilty of outrages precedent to negotiations, inasmuch as the attitude of this government made the rejection of the proposal certain. It was probably this feeling that had much to do with Baron Von Sternberg's recall.

Baron Von Sternberg was instrumental in allaying much of the suspicion which existed here regarding the purposes of Germany in China, but his recall for the reason understood here indicates that the Berlin government would have preferred developments which would have delayed an early settlement.

An official recently recalled that Baron Von Sternberg was largely responsible for the solution of the Samoan imbroglio; that his representations were due to the virtual withdrawal by this government from any claims to the Caroline islands it might have possessed growing out of the war with Spain, and generally that he has worked earnestly for the improvement of the good relations between the two countries.

HAWAII DEMOCRATS

Hold Convention and Endorse K. C. Platform.

[Correspondence of Associated Press.]

Honolulu, Oct. 11, via San Francisco, Oct. 18.—The Democratic party adopted a platform at its convention last Monday night in which the national ticket and platform were endorsed. The local platform declared against the acquisition of any more sugar producing territory by the United States. An appropriation for a pension for ex-Queen Lilliokalani by the next legislature was favored. The payment of just fire claims caused by the fire in Chinatown during the bubonic plague scare was advocated.

The supreme court affirmed the judgment of lower court in the case of William N. Marshall, who was sentenced to serve six months for criminal libel. Marshall was the editor of a weekly paper called The Volcano and attacked the integrity of the late Chief Justice Judd. In deciding the appeal Chief Justice Freer and retiring Justice Magoon held that during the transition period between the formal annexation of the Hawaiian islands and the date when the laws adopted by congress for the government of the territory went into effect the constitution of the United States did not apply here, but the former laws of the republic were in operation.

Registration for the territory closed Tuesday night, the 9th. The total registration for the district of Oahu was 5,893. Returns have not been received from the other islands, but it is estimated that about 3,000 names have been enrolled on Hawaii, 2,000 on Maui and 1,000 on Kauai. During the last few days preceding the close of registration there was a rush to the United States judge to be naturalized. Close to 300 foreigners were declared citizens, but in some instances applications were refused on account of inability to read and write.

Prince David Kawanankoa has been nominated for the unexpired term of the fifty-sixth and the full term of the fifty-seventh congresses by the Democratic convention.

Secretary of the Territory Cooper has submitted to Secretary of the Treasury Gage an estimate of the appropriation for federal improvements required in the territory of Hawaii for the ensuing year. He names $1,200,000.

SHIPMENTS OF GRAIN.

New York Produce Exchange Formulates New Rules.

New York, Oct. 19.—James Simpson, chairman of the New York produce exchange committee appointed to formulate rules governing the purchase and sale of grain and feed in carload lots for future shipment, has forwarded to all boards of trade and grain exchanges throughout the country the rules suggested by the committee. Members of the New York grain trade greatly feel the need of adequate regulations stating definitely the capacity of a car. It is claimed that almost invariably when the market declines the western shippers will secure one of the modern large cars and thus make a heavy carload shipment at the reduced price; whereas, if the market advances, they take equal pains to secure a small car. The rules suggested by the committee are in part as follows:

"The term 'immediate shipment' shall mean that shipment shall be made within three business days from the date when shipping directions have been received by the seller. The term 'quick shipment' shall mean that shipment shall be made within five business days from the date when shipping instructions have been received by the seller.

"The term 'prompt shipment' shall mean that shipment shall be made within ten days (exclusive of Sundays) from the date when shipping directions have been received by the seller. It shall be understood where no specification of shipment is named in contract, 'prompt shipment' shall apply.

"In all sales of grain and feeds by carloads for future delivery a carload of oats shall be deemed to contain 1,500 bushels; of corn, 900 bushels; of wheat, 800 bushels; of rye, 800 bushels; of barley, 1,000 bushels; of mill feeds in sacks, 40,000 pounds; of mill feeds in bulk, 30,000 pounds."

LOSS $5,000,000.

Official Estimate of Crop and Live Stock Damage In Texas.

Washington, Oct. 19.—The statistician of the department of agriculture has completed his investigation of the agricultural situation in those counties in Texas that were visited by the West India hurricane of September 9.

The area under cotton in the counties in which serious damage resulted from the story was approximately 1,300,000 acres, with a promise on September 1 of a crop of about 640,000 bales. The reduction of the crop is estimated at about 63,000 bales, or 10.6 per cent. On a basis of $50 per bale the amount destroyed would represent a value of $3,400,000.

The area under corn is estimated to have been about 815,000 acres, with an indicated production of about 17,500,000 bushels. The loss to the crop is estimated at about one million bushels, or about 5.7 per cent., representing a value of about $560,000.

The loss of rice is estimated at 73,000 barrels, of four bushels each, representing a value of about $219,000.

Of peanns there is an estimated loss of 2,500,000 pounds, valued at $100,000. Three thousand trees, valued at $75,000, are also reported as destroyed.

The loss of farm animals is estimated at 1,300 horses, 150 mules, 20,000 cattle, 2,800 sheep and 900 swine, representing a total value of about $490,000.

Exclusive of the damage to farm buildings, machinery, etc., the total loss may be estimated at five million dollars. It should be stated that all the counties visited by the storm were included in the crop report issued October 10.

RUMORS ARE THICK.

Cabinet Changes Are Being Eagerly Discussed In London.

New York, Oct. 19.—The air in London is thick with cabinet rumors, says the Tribune's correspondent in that city. Sir Michael Hicks-Beach will probably stay at the exchequer; he will perhaps go to the upper house. So may Arthur Balfour. Mr. Chamberlain will remain in the colonial office. There is some idea of making George Wyndham chancellor of the exchequer and Mr. Broderick secretary for Ireland.

Mr. Broderick and Mr. Wyndham were rivals for promotion when Lord Curzon left parliament for India. Mr. Broderick succeeded Curzon, but probably regretted it when the campaign came on and Mr. Wyndham made a marked advance as under secretary for war. Each is certain of promotion and both would like the war office.
