FOR THE CHILDREN.

To Keep Their Digestion Perfect, Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folk as for their elders.

Mrs. G. H. Croley, 538 Washington St., Hoboken, New Jersey, writes: Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks.

A Buffalo mother a short time ago was so delighted with the results from giving the child these tablets that she went before the literary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen—Stuart's Dyspepsia Tablets were recommended to me for my two-month-old baby, which was thin and puny and the doctors said was suffering from indigestion.

Notary Public in and for Erie Co., N. Y. For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth.

Use only the large sized tablets in every box. Full sized boxes are sold by all druggists for 50 cents, and the smaller size for 25 cents.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

ROOSEVELT RETORT.

Asks Same Treatment That Bryan Received at Schenectady.

Schenectady, N. Y., Oct. 25.—Gov. Roosevelt had been solicited to address two meetings here today, one in a public hall and the other in a public square.

"I have but a minute or two but I will not be satisfied until I have said something that Mr. Bryan said a week ago in this city when he said that if he were elected he would destroy every private monopoly in the United States.

Of course he could not do it. Mr. Bryan does not know what his governmental powers are, but he would destroy every private monopoly in the United States.

A reply by the governor to a man in the audience who asked why Mayor Van Wyck had not been invited to a dinner of the crowd and Union college boys present gave their yell and cried: "Teddy is all right."

Some noisy interruptions followed and the governor said: "When Mr. Bryan came here he was treated with respectful courtesy by the Republicans and let me tell you that we are trying to interrupt me to follow their example."

POLITICS IN PORTO RICO.

People Are Lined Up the Same as in the United States.

Canton, Oct. 25.—Governor Wood of Cuba, reached Canton soon after 10 o'clock this morning. He was met at the station by Secretary to the President Corteyou and taken direct to the McKinley home.

He will remain until 11 o'clock this evening. Governor Wood came to confer with this president and Secretary of War Root on a matter of importance connected with Cuban affairs.

He was accompanied by Perfecto Latorre, secretary of agriculture of Cuba, and his aide de camp, Lieut. Frank Roose.

Another caller at the McKinley home was M. G. Brulbaugh, commissioner of the island, who came primarily to deliver the president a message from Governor Allen, the nature of which has not yet been made public.

Mr. Brulbaugh said conditions in Porto Rico are steadily improving. There is much interest and considerable excitement over the first election.

The contest has developed on lines similar to those in the United States. The Republican party is in full harmony with President McKinley and for American administration while the Federal party within the island is in full harmony with the latter party.

Mr. Brulbaugh said the picking of a thirty per cent crop of coffee and the grinding of the same into sugar, giving employment to a great many laborers, is the reason of the better food now obtainable in Porto Rico.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it.

The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old, indolent sores to grow worse and worse, and eventually to destroy the bones.

Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can.

It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbot, Lock Box 26, Winona, Minn., writes: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was in bed for a year and it made a complete cure. I have been a perfectly well man ever since."

S. S. S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings.

If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.
