CLEMENS RAVED.

Topeka Socialist Furious at an Alleged Snub.

Semi-Centennial Meeting Would Not Recognize His Party.

TORE OFF HIS BADGE.

Refused to Play Delegate at Session Any Longer.

Organization is Completed and Ready For Work.

The association organized to promote the celebration of the semi-centennial of the organization of Kansas as a territory has the following directors chosen by the convention before adjournment yesterday evening:

First district—C. D. Walker, Atchison; John E. Frost, Topeka; Arthur M. Jackson, Leavenworth.

Second—A. L. Cox, Lawrence; H. F. Sheldon, Ottawa, and W. H. McClure, Iola.

Third—P. H. Albright, Winfield; W. P. Bowen, Independence; C. C. Moore, Galena.

Fourth—E. G. Pipp, Burlingame; E. W. Hoch, Marion; J. E. Kennedy, Burlington.

Fifth—R. B. Ward, Bellevlle; Sam Kimble, Manhattan; A. P. Collins, Salina.

Sixth—O. L. Atherton, Russell; James N. Fike, Colby; J. J. Dalton, Mankato.

Seventh—William Scott, Pawnee; S. E. Cole, Harper; P. V. Healey, Sedgwick.

At large—Governor W. E. Stanley, John W. Breidenthal and F. D. Coburn, secretary of the state board of agriculture.

The officers of the association which will have charge of the business until the directors meet and have a formal election are;

President—H. M. Philips, Topeka.

Secretary—J. C. Johnson, Hutchinson.

Treasurer—John W. Breidenthal.

The election of directors at large furnished the only incident of an exciting nature during the convention. The principal actor was G. C. Clemens, the nominee of the Socialistic Democratic party for governor.

Clemens first appeared before the caucus of Fifth district delegates which was electing directors to represent that district and asked that John D. Haskell, a Dickinson county Social Democrat be made one of the directors. The request was refused and Clemens waited until the report was read before starting his fireworks. Noticing that Haskell's name was not in the list Clemens started his objections. He made a speech, which was immediately followed by the nomination of John Breidenthal, Governor Stanley and H. M. Philips for directors at large.

J. L. Brady of Lawrence, after explaining that no personal objection could be made against any of the men named that "an exposition of this kind loses its first star when Secretary Coburn is left out."

Mr. Brady then nominated Coburn in place of Philips.

At this juncture Clemens attempted to move an amendment, but his voice was not heard and Mayor Rockhold of Parsons presented the name of Fred Perkins of Oswego.

After this Clemens was recognized and said: "You have Democrats, Populists and Republicans in this organization which I presume is to be non-partisan, now I want the Social Democracy recognized. I move as a substitute for all these motions that John D. Haskell of Atchison be made a director at large.

"If you don't want us in here kick us out," exclaimed Clemens.

This motion was lost and Clemens made another effort. He said this time: "If we have no rights here let us know it now. If you do kick us out I want to say you'll be sorry before this is over."

Breidenthal, Coburn and Stanley were thereupon chosen by a unanimous vote, Clemens' motion failing because it was not seconded. Clemens then tore the 1904 badge from his coat and after cutting it into pieces and depositing it in a cuspidor stalked out of the hall.

In addition to those mentioned in the State Journal Tuesday in attendance at the meeting were the following:

Argentine—C. W. Martinson.
Iola and Allen county—W. H.McCune.
Independence and Montgomery county—M. F. Wood.
Weir City—Thad Hargis.
Cherokee county—M. A. Householder.
Osage City—J. M. Mickey.
Douglas county—J. L. Brady.
Coffeyville—T. E. Wagstaff.
Girard—Geo. E. Cole.
Franklin county—C. H. Ridgway.
Lawrence—A. L. Cox and A. Henley.
McPherson, city—Geo. L. McCourt.
Parsons—Mayor C. Rockhold.

The charter will be presented to the state charter board at once after which the board of directors will meet and outline the work which is in hand.

The meeting ended last night in a pleasant banquet at the Elks' lodge rooms, tendered by the Commercial club to the visitors. It was informal and enjoyable.

J. R. Burton who represented the state at the World's fair was called upon for a speech and in a jocular way referred to the ups and downs which Kansas experienced but closed his remarks by paying the state a magnificent tribute and prophesying a notable event in the semi-centennial celebration.

While Mr. Burton was speaking T. J. Anderson approached him and while the speaker was proceeding pinned one of the 1904 badges on the lapel of his coat.

Mr. Burton stopped a moment, then said:

"With the understanding that I'll not have to wait until 1904, I'll let the badge stay there."

This reference to his candidacy for United States senator provoked hearty applause and a prolonged laugh from the audience.

Capt. Burwell Returns.

San Francisco, June 6.—Captain W. T. Burwell, who has been in command of the gunboat Wheeling for over a year past in the Orient, arrived from Yokohama on the steamer Hong Kong Maru, having been succeeded on the Wheeling by Captain Couden. Captain Burwell is on his way to Washington. When he left China the "Boxers" were quiet and Minister Conger informed him it would not be necessary to land men from the Wheeling.

Effect of the Quarantine.

San Francisco, June 6.—Owing to the quarantine, the prices of all kinds of food have nearly doubled in Chinatown. The available supply of rice, it is said, has been cornered by a few Chinese merchants. No case of the plague has been reported.

A Call For Ito.

Yokohama, June 6.—The liberals have asked Marquis Ito to accept the leadership of the party with a view to a new coalition. The situation is dead-locked, pending a reply from the marquis.

Bynum Turned Down.

Washington, June 6.—The senate has rejected the nomination of W. D. Bynum as general appraiser at the port of New York by a tie vote.

DOLE'S INAUGURATION.

As Governor of Hawaii to Be Celebrated With Elaborate Ceremonies.

Chicago, June 6.—A Record special from Honolulu, May 29, via San Francisco, says:

Plans for the inauguration of Governor Dole and the territorial government are well under way. A largely attended citizen's meeting was held May 26 at which a committee of 15 was appointed to confer and co-operate with the local government. June 14 the day when the territorial act goes into effect has been declared a holiday. It is expected that hundreds of people will be here from other islands.

The annual Kamehameha day races in Honolulu take place Monday, June 11, and these always attract a large number of people. The inauguration day will be Thursday of the same week. The local steamship companies are arranging excursions from almost every port in the islands.

The inaugural ceremonies will be held from 10 to 12 o'clock at the executive building. It is probable that a platform and amphitheater will be built in front of the building as was done at the time of the flag raising, August 12, 1898.

Governor Dole's commission will be read, he will take the oath of office, and deliver his inaugural address. The commission of Henry E. Cooper, secretary of the territory, will be read and he will be sworn in. Following this Governor and Mrs. Dole and Secretary and Mrs. Cooper will give a reception to the public in the hall of the house of representatives, the old throne room, where King Kalakaui and later Liliuokalani used to hold court.

MRS. LOWE GIVES IN.

Consents to Become a Candidate For Re-election.

Milwaukee, Wis., June 6.—The second day of the club women's convention opened with a steady rain. Delegates who left their short skirts at home are thus wary about venturing out to the convention halls, filled the hotel corridors to discuss the live issues of the hour. The ticket made out late last night with Mrs. Lowe for president and Mrs. Denison for vice president came as a surprise to many after Mrs. Lowe's refusals, but there seems to be an impression that the ticket will carry. The color question which has been forced to a settlement precipitated no end of state caucuses, the delegations anxiously awaiting the next move of the board of directors. Added to this excitement came the much mooted question of reorganization, which was made the first order of business at the regular session today. Mrs. Horace Brock of Pennsylvania, leader of the reorganization forces, started the debate. The discussion gave way to the education session at 10 o'clock.

Last night the Alhambra theater was thronged with a fashionable audience, before which Mrs. Hamlin Garland lectured on the "Possibilities of Sculpture."

Succumbing to the pressure brought to bear from delegates all over the country, Mrs. Lowe announced about midnight to the representative of the Associated Press that she had consented contrary to her expectation, when she came to the convention to allow her name to be used as a candidate for the presidency.

At the afternoon session at the Alhambra which followed the re-organization discussion this morning the subject was "The Public Schools."

"The sectional needs of the Public Schools," was discussed by Mrs. E. G. McCabe of Atlanta, other speakers were Mrs. Chase Flagg of Portland, Me., Mrs. Anna B. Howe of Marshalltown, Iowa; Miss L. Bloemstein of Nashville, Tenn.; Mrs. William Elder of Indianapolis, Miss Maude Summers of Chicago; Mrs. Lydia P. Williams of Minneapolis and Mrs. Helen Elliott of Ottumwa, Iowa.

Simultaneously at the Davidson theater was the session devoted to "The Press." Miss Helen Winslow of Boston, Mrs. Margaret Hamilton Welch of New York; Miss Bertha Damaries Knobe of Chicago and Miss Mary Pappenheim of South Carolina, spoke on different questions involved.

HEARST'S NEW PAPER.

New York Journal Editor to Start an Afternoon Chicago Paper.

Chicago, June 6.—S. S. Carvalho and N. S. Cohen of the New York Journal staff are at the Auditorium annex. They are here to superintend the work of starting Mr. Hearst's Chicago daily, which will make its appearance on the Fourth of July, the day of the opening of the Democratic convention in Kansas City.

Willis Abbott and Mr. Hearst's representatives met at the Athletic club last night, and were in consultation until a late hour. It was learned from New York sources that Mr. Hearst and Mr. Brisbane would come to Chicago about the time of the issuance of the first paper. Nothing definite has been given out as to the formation of the staff.

Mr. Hearst is quoted as saying that the new paper will be an afternoon daily modeled on the lines of the New York Journal. A plant of four octuple presses is about completed for the enterprise. The paper will have its offices as Nos. 214 and 216 East Madison street. The foundations for the presses are being put in, and the building generally is being renovated.

A NAVAL RULING

By General Lemley Regarding Retirement of Officers.

Washington, June 6.—Judge Advocate General Lemley has decided adversely the contention of the navigation bureau that in making retirements of officers under the terms of the personnel act the officers should be retired in accordance with their rank, no lieutenants, for instance, being retired until all of the eligible captains had been retired. The judge advocate general holds that the intent of the act was to prevent wholesale retirements in one grade which might be disastrous to the service, wherefore the law specified the number of officers which should be retired in each grade. The decision is practically a reaffirmation of one provisionally adopted at the outset of the application of the personnel act.

ANOTHER FOR BRYAN.

Alaska Democrats Declare For the Nebraskan.

Seattle, Wash., June 6.—The steamer Cottage City arrived here today bringing news of the Democratic convention held at Juneau. The convention declared for Bryan.

The platform denounced the growth of trusts, expansion, "unwarranted favoritism" to shipping and commercial interests of Canada to the injury of American interests on the coast and the ruination of Alaska trade."

The convention asked that the bonding provisions be rescinded.

The steamer Nora has arrived at Bennett, cutting her way through the ice on May 31, bringing Dawson Indians who arrived at White Horse by steamer Flora. They bring the first of this year's gold output.

The rush is on from Bennett to the lower river.

The steamer Newport arrived at Sitka June 1 from Westward, and brought news of rich finds of ruby sand along the beach of Bristol Bay.

AHMED HAS SEEN ENOUGH.

Turkish Admiral is About Ready to Return.

Washington, June 6.—Ahmed Pasha, the Turkish vice admiral, who was sent to this country to investigate our ship building facilities with a view to placing an order for a new Turkish battleship in the United States, probably will return to Constantinople in a short while. The admiral has resolved to lay the plans and specifications he has obtained from our ship builders before the sultan in person, deeming this course wiser and assuredly more rapid than transmitting the reports of his investigations to his government through the mails.

Ahmed Pasha upon being advised as to the sultan's wishes in the matter, which in all probability will acquiesce with his own, will sail for home, taking with him all the data collected in this country. He will again visit the Philadelphia yards after he leaves Washington en route to New York to sail for home, and also contemplates visiting Pittsburg iron manufactories before returning to Turkey.

AFRAID OF THE COURT.

Parsons Deeds Land For Asylum Site to State to Avoid Injunction.

The Parsons asylum controversy was not improved particularly by the conference of business men and Third congressional district politicians with Governor Stanley. The Parsons people wanted the governor to appoint a board of public works to condemn the land and purchase the site, all of which the governor refused to do.

The governor however, did say that he would recommend that the board of charities proceed with the preliminary plans of preparation for the construction of the building so that in the event the supreme court dissolves the injunction against the board the delay will be ended.

The Parsons people are a sharp set of men and they now seek to evade the responsibility of the injunction secured to prevent the payment for the land to be made by deeding the land to the state without consideration.

This is one of the moves which has already been made. The state has title to the land and this condition, Parsons represents, precludes a contention over the payment, leaving nothing by which the transaction involving payment may be enjoined. By making the state the present of the land and thereby planning to evade the operation of the injunction Parsons hopes to have Governor Stanley's aid in prevailing upon the board of charities to proceed with the construction of the building.

The governor and the attorney general, also representatives of Parsons, have asked the supreme court to advance the injunction hearing and a decision is expected at the July term of court.

The Parsons committee is very anxious to see work begin on the new asylum, believing that if it is started there is no doubt about its completion. Parsons fears to trust the relocation of the institution to the next legislature. In other words, the plan now is to get the state in a place where it can not get out by taking the asylum away from Parsons.

If the Parsons lawyers had read the order of injunction carefully they would have recognized that the state board of charities and the auditor are both enjoined from accepting a deed and paying for the land.

Lawyers are now laughing at the effort of the Parsons people to dodge the decision of the court.

WOMEN DEFEATED.

Suffrage Amendment Lost in the Oregon Election.

Portland, Ore., June 6.—Complete returns from the city of Portland show that Rowe (Rep) is elected mayor by 1,073 plurality. The vote for mayor is as follows:

Rowe, (Rep.) 4,691; Storey, (Ind. R.) 3,618; Wells, (Dem.) 3,561. The four fusion state senators in Multnomah county are elected and of the lower house members, the Republicans get five and the Democrats seven. George E. Chamberlain (Dem.) is elected district attorney of Multnomah county by 952 plurality. All the remainder of the Republicans, both on the city and county tickets in Multnomah county are elected.

Complete returns from 22 counties out of the 33 in the state show that the Republicans carried the head of the ticket by at least 8,000 plurality. Returns so far give Wolverton, Republican, for justice of the supreme court a plurality of 7,571. For congressman in the First district, Tongue, Republican, has 2,421 plurality. In the Second district, Moody, Republican, for congress has 5,550 plurality.

The Republicans will control both branches of the legislature and will have a majority of 21 on joint ballot. The two houses will be made as follows:

Senate—Republicans 20; opposition 10.
House—Republicans 36; opposition 24.

The woman suffrage amendment is defeated.

DEWEY'S TOUR.

Makes His First Stop at Columbus, Ohio.

Columbus, O., June 6.—Promptly at 1 o'clock Admiral Dewey's special train rolled into the union station over the Baltimore & Ohio road, and as he and his party were escorted from the cars by the special committee which met him at Newark, an admiral's salute of seventeen guns boomed out. The station was filled with a solid mass of cheering humanity, all eyes eager for a glimpse of the hero of Manila Bay.

A way was quickly cleared and the party escorted to carriages. Headed by a platoon of police, the Junior Hussars, mounted, acted as a guard of honor to the Chittenden hotel, where quarters had been reserved for the visitors. At the hotel they were given two hours for rest and preparation. Late this afternoon the programme of entertainment, which covers two busy days, will begin with a drive to the Columbus driving park, where Admiral Dewey will greet the old soldiers and sailors.

All morning trains loaded down with veterans of three wars and sightseers from over the state kept arriving at the union station until at a conservative estimate 25,000 strangers were here to join in the welcome to the admiral. During the morning a reunion of old soldiers and sailors was held at the driving park, Mayor Swartz delivering an address of welcome.

At noon occurred the barbecue and carnival of sports, and the latter was in progress when Admiral Dewey arrived at the driving park. After an hour here the admiral was to return to his hotel, stopping at the deaf and dumb institution, where a special programme had been prepared. This evening he will attend a campfire and later the Press club smoker.

REMEMBER THE BULL PEN

The Rallying Cry of the Socialist Labor Party.

New York, June 6.—At the fourth day's session of the Socialist Labor party convention Chairman Lucien Sanial, of the committee on platform, recommended that the entire platform of the national convention held in this city in June, 1898, be re-adopted. A declaration of principles was finally adopted which was substantially the same as that of 1896.

In the afternoon special resolutions were adopted which are expected to furnish the rallying cry for this year. This cry is "Remember the Bull pen!" These resolutions censure President McKinley for the troubles with the miners in Idaho, as well as "the free silver Bryanistic Governor Steunenburg, the silver Republican State Auditor Sinclair and the Populist Governor Smith of Montana," besides various judges and labor leaders, including Gompers and Debs.

ALL WILL HAVE IT.

Rural Delivery Routes to Reach Every Farmer in the County.

It is altogether likely that the entire farming population of Shawnee county will soon enjoy the privileges of the free delivery of mail. Col. H. G. Rising, special agent of the postoffice department, who now has his temporary headquarters in this city, will devote the entire summer to the establishment of rural free deliveries in Kansas, and before he leaves the entire farming territory of the county will be interlaced with mail routes.

Four routes are now in operation in the county. The last was established a week ago from the Elmont postoffice north. Roasville and Silver Lake townships will probably be the next covered. So far the increased revenues from the routes in this county have more than balanced the increased expense of operating them.

Colonel Rising established a second route from the Meriden postoffice yesterday. Today he is planning a route out of Nortonville, and tomorrow will devote his time to Atchison.

TRANSPORTATION COST.

What Uncle Sam Paid For Sending Troops to Philippines.

Washington, June 6.—In answer to a senate resolution calling for information as to the cost of shipping troops to and from the Philippines, the quartermaster general has submitted a statement showing that by availing of the army transports the war department has saved the government $9,087,155, as compared with the commercial rates.

The estimate figures the saving as follows: On troops from Manila via San Francisco, $7,349,340; on troops from Manila, via New York, $813,731; on troops for Cuba and Porto Rico, $924,083.

For rail transportation of the Philippine's troops there was spent $2,173,847 in cash; for rail transportation of animals and supplies and freight, $856,846. The amounts accruing to the aided Pacific railroads which are not paid in cash, but are credited to the companies on the books, would have increased these expenditures to double the amounts stated.

HE PLAYED ROULETTE.

Explanation of the Failure of Mr. Feldstein, Silk Merchant.

New York, June 6.—A meeting of the creditors of Arnold Feldstein, who did business as A. Feldstein & Company, importers of raw silk, was held today. The schedules showed the liabilities of $972,870 and assets of $195,636. Nine claims, amounting to about $425,000, were filed. Two claims amounting to $285,000 of Zellweger & Company, of Basle, Switzerland, were presented. No trustee was elected and the meeting was adjourned until a decision is made on the admission of the Zellweger claims, on Thursday next.

The testimony at the bankruptcy proceedings showed that Mr. Feldstein lost large amounts of money in the last few months in gambling houses in this city, playing roulette.

COLLECTOR APPEALS.

M. H. Vogel, Convicted of Appropriating Money of Employer, Takes Case Up.

M. H. Vogel was tried in the city court Tuesday afternoon on the charge of embezzling from the American Steam laundry.

The charge was made that he made collections and failed to turn the money into the office. The charge brought was for a misdemeanor, and Vogel was found guilty and fined $10 and costs amounting to $25. He gave a $100 appeal bond, and will carry the case to the district court.

CHILD WANDERED AWAY.

Parents of Grace Williams Hunted Nearly All Day.

Roger Williams was in trouble yesterday. Not the old original of Puritan fame, but an engineer on the Santa Fe.

His little girl, Grace, left home with her dog and her doll and wandered away from the neighborhood of Fourth and Adams streets. The father and mother and the neighbors hunted for her from early in the morning till 3 o'clock in the afternoon. Frank Cope found her and the dog and the doll playing together on the river bank near Kansas avenue. She said her father was an engineer and ran between Argentine and New Mexico.

FOUR TO ONE.

Marriages Have Now Distanced the Divorces.

While divorce cases are being brought in the district court the probate court is supplying the material and issuing marriage licenses.

Charles P. Judd has asked the district court to separate him from his wife, Sarah A. Judd, on the grounds of cruelty. Lena Merritt wishes legal separation from William Merritt, on the grounds of nonsupport. In the probate court the following licenses have been issued:

John G. Rees, aged 24, Topeka; Nora Villepegue, aged 21, Grantville.

Fred F. Dawdy, aged 28, Topeka; Nina May Wilson, aged 20, Topeka.

Albert Haley, aged 28, Topeka; Mamie L. Strohter, aged 25, Topeka.

Edward Y. Hill, aged 31, Logansport, Ind.; Mary Moon, aged 24, Topeka.

DOCKERY NAMED.

(Continued from First Page.)

then taken up and Chairman Cowherd in an eloquent speech nominated ex-congressman A. M. Dockery for governor.

Dockery was nominated by acclamation, and the convention went wild as he mounted the platform to make a speech of acceptance.

The following nominations for lieutenant governor were made: R. P. Love and J. M. Lowe, Jackson county; W. S. McClintic, Marion county; J. W. Farris, John A. Lee and E. A. Noonan, St. Louis.

The second ballot for lieutenant governor resulted in gains for Lee and Farris but no choice. It was finished at 1:45, when motions to recess were howled down and balloting proceeded with. Second ballot was: McClintic, 206; Farris, 254; Lowe, 58; Love, 147; Lee, 403; Noonan, 141.

On the third ballot Lee continued to gain and when Jackson county was reached Senator Love withdrew his name and it was followed by the withdrawal of Lowe also of Jackson county. Lee will undoubtedly be named. Mr. Lee was for 20 years a traveling salesman, was for four years national president of the Travelers' Protective association and was police commissioner in St. Louis during William J. Stone's administration.

A few minutes later Noonan withdrew his name and as head of the St. Louis delegation, threw that delegation's entire vote to Lee.

Farris followed suit. McClintic, the remaining candidate, then withdrew his name, and moved that Lee be declared the nominee by acclamation. This was carried with a hurrah. Lee was then called to the platform and made a speech of acceptance that set the convention wild.

For secretary of state, Sam B. Cook, chairman of the state committee, was nominated by acclamation.

Ohio Man Gets It.

Washington, June 6.—Robert P. Kennedy, of Ohio, was today nominated to be agent on the part of the United States under the conventions for a claims commission concluded between the United States and Chile, May 27, 1897.

TODAY'S MARKET REPORT.

Chicago, June 6.—WHEAT—Wheat was firm and fairly active during the forenoon today. The Ohio crop report made the condition 29, a drop of 30 points from May and the lowest since 1895. The Northwest furnished more complaints of drouth. These conditions caused covering by shorts, which, with a good demand from the southwest, resulted in a sharp advance. July opened a shade over yesterday at 67@67½c and was bid up to 67⅝@67¾c. Local receipts were 59 cars, one of contract grade. Minneapolis and Duluth reported 331 cars against 556 last year.

The market continued fairly active and strong to the end, the whole trade broadening. Crop complaints from the northwest continued throughout the session. The "trade bulletin" reduced its wheat estimate from 374,000,000 to 340,000,000. July later in the day advanced to 68¼c and closed strong at 68@68¼c.

CORN—Corn was rather quiet and easy early on profit-taking by longs, but later reacted on the Liverpool strength, light country offerings and in sympathy with wheat. July opened a shade lower at 38¼c to 38⅜@⅜c. Sold down to 38⅛@⅜c and then rallied to 38⅝@⅝c. Receipts here were 245 cars. Liverpool was 1⅝@1½d higher than her close Friday.

Corn later did not respond to the wheat strength, but was depressed by selling by longs. July closed easy ⅛c lower at 38⅛c.

OATS—Oats were quiet and acted under the influence of corn. July opened a shade lower at 21½ to 21⅝c and rallied to 21¾c. Receipts here were 212 cars.

PROVISIONS—Provisions were strong and fairly active. Hogs were weak and receipts at the yards large, but the demand for product was much improved, resulting in a good advance early. July pork opened 50@75c cents under yesterday at $11.27½, sold at $11.25@11.37½, and then rallied to $11.47½; July lard began the session a shade lower at $6.75, touched $6.72½@6.75, and later reacted to $6.80; July ribs opened a shade down at $6.65 and sold up to $6.72½.

FLAX—Cash: N. W., $1.80; S. W., $1.80; September, $1.28; October, $1.22½.

RYE—Cash, 53¼@½c; July, 52½@53c.

BARLEY—35@42c.

TIMOTHY—$2.50.

New York Up-Town Gossip.

Furnished by J. C. Goings, Commission Merchant, 112 East Fifth street, Topeka, Kan., receiver and shipper of grain.

New York, June 6.—If a vote were taken at the stock exchange upon the question of the character of yesterday's stock market, it would be hard to say whether the bulls or bears would have the majority in an expression of satisfaction. The speculation is certainly without much gratification on either side of the speculative account for the fluctuations to the same extent downward in a like time period possess no significance as to the real tone of the market and afford no indication of what may take place in the future. The investor who has his holdings in tin boxes need not worry about the daily vagaries in the board room, but the speculative element is highly concerned. Commission houses suffer in prevailing dullness and all over extended accounts are liable to unexpected pressure. Last week there was considerable forced liquidation of beer accounts and this week there seems to have been a slow dribbling out of stocks from the tired holders coupled with the realizations of profits presented on Monday morning to those courageous enough to buy securities at the extreme depression of May.

Grain Letter.

WHEAT—Liverpool cables were one-eighth lower this morning in face of our advance during their holidays and closed ¾d lower for the day. Receipts were liberal and shipments only moderate. There were several bullish features in the situation, however, the strongest being Snow's report of crop conditions in Ohio, Indiana and the territory infected with fly", confirming reports of very small yield. The main feature was dry weather in the northwest. Reports from reliable sources state that unless the drought up there is not broken soon great damage will result. No rains are reported and none indicated for the next 24 hours.

There is a united effort among the big holders of cash wheat to bull the market and if dry weather in the northwest continues, they will probably succeed. The Hessian fly story from Kansas fell flat.

CORN—Cables were 1¼ higher this morning and closed at a still further advance for the day, but the market did not advance. Traders were bearish and inclined to sell on hard spots. The bull crowd did nothing but pick up what was offered. If July corn gets over the 39c and we may expect it to advance well into the forties as shorts will commence to cover and bulls will take advantage of the situation to help boost the market.

OATS—Oats were strong and active. Some good buying for investment.

PROVISION—July pork is still climbing toward $12.00 a barrel. The decline has been too severe and a big crop of shorts have accumulated. They will be forced to cover around the $12.00 mark.
