Tom Sharkey Easily Knocks Out Yank Kenny.

Only Lasted One Round Against the Sailor.

OTHER FISTIC BATTLES

Paddy Purtell Again Demonstrates His Staying Ability.

General News From the World of Sport.

New York, June 9.—Tom Sharkey easily defeated Yank Kenny in the first round of what was to have been a twenty-five round bout before the Broadway Athletic club last night. Sharkey took the aggressive from the start and rove his antagonist all over the ring and finally ended the battle with a right hand smash on the jaw which put the big fellow down and out. Before the men entered the ring even money was offered that Kenny would stay five rounds.

As soon as they came out of their corners Tom let go a hard left to the ribs, Kenny tried to return his right and missed, but as Tom came in he drove his right to the body. This blow made Sharkey angry and he went at Kenny with a rush and let go a wild swing that went over the big fellow's shoulder and Tom fell into a clinch. When they broke Tom hooked left twice to the chin and had Kenny going, but he saved himself for the time being by holding on to Sharkey. They broke and Kenny jabbed his left to the face, but could not hold the sailor off and he went to the ropes from Tom's rush, where he took left and right on the head. He broke to the center with Sharkey after him. Tom with a short right swing on the jaw stretched Kenny on the floor. Kenny tried to get up, but was unable, and was on his face when the count ended. Kenny was carried to his corner where he quickly revived and was soon able to leave the ring.

PURTELL WINS.

Tacoma, Wash., June 9.—Paddy Purtell whipped Nick Burley here last night in the fourteenth round of what was to have been a twenty-five round fight. Burley had all the best of the fight for the first six rounds, but Purtell hung on like a bulldog and grew stronger as the fight progressed. Burley's seconds threw up the sponge after he had been knocked down three times in the fourteenth round.

AL NEILL KNOCKED OUT.

San Francisco, June 9.—Jack Moffatt of Chicago knocked out Al Neill of this city in the eleventh round before the Columbia Athletic club last night.

CHILDS DEFEATS RUSSELL.

Chicago, June 9.—Frank Childs defeated Fred Russell of San Francisco in six rounds last night at the Fort Dearborn Athletic club. Russell put up a good fight and had the best of it up to the fourth round, but Childs got in enough telling blows in the last two rounds to win the decision. The decision was unpopular with the spectators.

In the preliminary Jimmy Lawter of San Francisco was given the decision over Jimmy Reader of Altoona, Pa.,

HARRY VARDON BEATEN.

J. H. Taylor Recovered Golf Championship by Great Play.

London, June 9.—Harry Vardon, for two years the open champion, and considered the greatest exponent of golf that ever lived, has had his colors lowered in the annual open tournament at St. Andrew's by J. Y. Taylor, who made a net score of 309 strokes for the seventy-two holes. Taylor and Vardon tied on the first round of eighteen holes with seventy-nine strokes each. On the second round the old champion forged ahead, making the second eighteen in the remarkable score of seventy-seven, while the best Vardon could do was eighty-one, making their total scores for the first day's play 156 to 160. This morning the tournament was resumed in dull, but good, golf weather. The field had dwindled down to twelve amateurs and thirty-three professionals, and the interest was intense.

Jor was the favorite, and in the third round increased his advantage, making the eighteen holes in seventy-eight, as against eighty for Vardon, making their scores 234 to 240. Braid and White were tied with 234. Park had 244, and Robert Maxwell led the amateurs with 248. In the final round Taylor negotiated the course in the record-breaking score of 75, making his total 309, 13 strokes better than the score with which he won the championship over the same course in 1895. The next scores were: Harry Vardon, 317; J. Braid, 322; "Jack" White, 323; Auchterlonie, 326; "Willie" Park, 328. Maxwell, the amateur, and Archie Simpson scored 329; R. Sayers, 330; Tom Vardon, 331; A. Lothard, 331; Kirkaldy, 331, and Bay, 334.

TRIED TO KILL COOLEY.

Manager Clark of Pittsburg Complains of Harsh Treatment.

Pittsburg, Pa., June 9.—Manager Fred Clarke of the Pittsburg team, whose departure from the boys at Philadelphia caused some comment, arrived here this morning. He had a secret conference with W. W. Kerr of the Pittsburg club, and left this evening for a health resort. Clarke was not too sick to kick at the harsh deal being given western clubs in the east. He said:

"It seems that medals have been offered for each eastern player who will disable a western man. I never saw such vicious work. Not only are the players deep in dirty work, but managers and club owners are anxious to get tangled up with players from the west. Think of Colonel Rogers of the Philadelphias wanting to fight! Why, that gentleman sent me a formal challenge to battle at his club house. I laughed in his messenger's face. They tried to kill Cooley in Philadelphia. On the last play yesterday Thomas deliberately ran into Dick and hurt him so he could scarcely walk during the evening. Tebeau told me he was also having trouble keeping his men whole. There will be some great scores to settle when the eastern clubs make their next western trip."

TEN EYCK ACCEPTS.

Will Row Jake Gaudaur a Three Mile Race.

Worcester, Mass, June 9.—James A. Ten Eyck, of Worcester, champion sculler of New England and father of Edward H. Ten Eyck, the amateur champion, has accepted the challenge of Jake Gaudaur, the world's champion sculler, issued a few days since by Ned Hanlon, ex-champion sculler of the world, and will row him three miles for a suitable purse.

For First Rank Among the Amateurs.

Johnnie Lake Wahrenberger was one of the stars of the cycle track last year, and now that Frank Kramer has joined the professional ranks he is looked upon as a prominent candidate for premier honors among the amateurs. Wahrenberger is a New Yorker and rides under the colors of the Greenwich Wheelmen.

SALINA WAS EASY.

Minneapolis Ball Players Outclass the University Team.

Minneapolis, June 9.—Minneapolis had a walk away with Salina Normal university baseball club here yesterday, winning by the one-sided score of 25 to 3. The feature of the game was the terrific batting of Minneapolis, batting Lockridge for 17 runs in the first two inning. Game was called at the end of the 5th inning.

Minneapolis	8	2	3	0	1	4	0	—	25
Salina	2	0	0	0	0	0	1	—	3

New Bowling Record.

Dubuque, Ia., June 9.—Geo. Schreiner, of this city, establish a new bowling record yesterday by making a score of 257 in a single game. In this game Schreiner made nine strikes and two spares, finishing one pin ahead of the record.

Base Ball Gossip.

The St. Louis club wants more pitchers. Ten is not enough, apparently. There are too many men now on the staff. There is an abundance of good men there now. The team is good enough to win the pennant as it is, if the umpires would only let it. Like the hills of Tipperary, which were overrun with men enough to free Ireland if the "Polis" would but permit them, St. Louis has men enough to win the pennant if the umpires would only let them. Too bad. Why not imitate Cincinnati and have Tim Hurst "pinched" when next he comes to St. Louis, and have "Chaky," the rooter, take his place?—St. Louis Republic.

Fred Clarke is sick with kidney trouble and has been sent home to recuperate. Dick Cooley is running the club in his absence. It looks as if Clarke had about run his race as manager of the Pittsburg club, Wagner and Ritchey are the only regular members of the Pittsburg club hitting over 300. Williams has hit but 250, Beaumont 225. Clarke, 160. Yet every one had the Pirates for kingbee sluggers this spring.

La Joie is out of favor with Philadelphia crowds. He has been shown up as a big bully, a bulldozer from the word go. Flick is very popular with the Quakers since he stood La Joie off and had a shade the best of the encounter. The little right fielder gets a hand every time he comes to bat. It is said that the hatchet has been buried by the two players. But the crowd has not entombed the tomahawk. It is laying for La Joie. The big Frenchman will find his road a thorny one for the rest of the season. They are talking about trading him, though he is the best mechanical player in the league and, up to his fight with Flick, one of the most popular.

Padded dressing rooms will now be in order in Philadelphia.

Fred Wolverton is back again on the Quakers' third sack. Little Ziegler was far from being what the physician prescribed. Lightness is his chief fault, according to reports.

It leaks out that Col. Rogers, the majestic high "muck-a-muck" in the management of the Phillies, was never stuck on Ed Delehanty's ability to captain the team, and that he appointed him to the position merely because he demanded extra money and the club did not want to pay two captains' salaries.

President Ban Johnson, of the American league, announces the suspension of Second Baseman Reitz, of the Milwaukee club. Reitz left the Brewers on account of sickness in his family and has refused to return. He is at present in California, where he wishes to play during the rest of the season.

With the Fighters.

Bob Fitzsimmons is now offering to accept Jeffries' terms for a fight and has signified his willingness to take 35 per cent of the gate receipts as his share. Jeffries has all along demanded that Fitz must fight under the same terms that he was forced to accept when he took the championship from "Lanky" Bob, 65 per cent of the gate receipts going to the champion, win or lose. Fitzsimmons has refused to fight on these terms right along, but has now changed his mind and offers to put up a forfeit to bind the match.

Frank Erne says that he is not looking for a match with McGovern at 128 pounds, as he can not make that weight and fight strong. Dave Sullivan is also out with a challenge to fight Erne at 128 pounds, but Erne has shown wisdom enough not to try to train down and has closed a match with Jack O'Brien at the light weight limit. O'Brien has a 25-round draw to his credit with Erne and the go should be a good one.

Joe Choynski has refused to meet Joe Walcott in a six round go at Chicago, and the match between them is off.

The match between Billy Stift and Jack Jeffries, the champion's brother, has been closed, and the two will go six rounds in Chicago next Tuesday.

Terry McGovern and George Dixon are to meet again. The go is to be for six rounds, and will come off in Chicago on the night of the American Derby, June 23.

In regard to his poor showing with Tim Callahan and his coming fight with Benny Yanger, Dixon says: "It is no easy matter to best one of those Philadelphia feather weights in six rounds. Callahan is a pretty big boy, and would do well to get inside of 133 pounds. He is fast, too, and cut a merry pace for six rounds. I think I bested him, although at the close there was a demonstration for the home boy. I guess they thought I should have knocked him out. It would take a sure enough champion to do that. I have some respect for your local man, as I have heard a good deal about him. I will enter the ring at Tattersall's weighing about 118 pounds.

KANSAS NEWS.

Miss Elsie Fry Found at Jarbalo Near Leavenworth.

Wandered Into a Hotel at Noon Friday.

APPEARS DEMENTED.

Unable to Give an Account of Her Wanderings.

News From Every Section of the State.

Leavenworth, June 9—Elsie Fry, who disappeared from the home of her sister, Mrs. A. G. Sanderson, 1490 Liberty street, last Monday, has been found. She is being cared for at Jarbalo, 16 miles from Leavenworth, by a Mrs. Ecton, who, with her husband, conducts the village hotel. At least, a young woman suffering from brain trouble, but who remembers that her first name is Elsie and that she had been in Kansas City, and whose description corresponds with that of the missing young lady, is there.

She wandered into the hotel Friday noon and complained that her head hurt her so she could hardly stand the pain. Mrs. Ecton took care of her and sent for a physician, who gave her a sedative. When the pain had subsided she said she could remember that her first name was Elsie and that it seemed she had been in Kansas City recently. Conductor Watson, of the Leavenworth & Topeka railroad, was told of the occurrence, and he instructed Mrs. Ecton to keep the young woman there and he would make inquiry about her.

Conductor Watson notified Chief Cranston, of the Leavenworth police, who promptly telegraphed the Kansas City police. Her description was also recognized as that of a young woman seen in Leavenworth last Tuesday.

On that day a good looking young woman with pretty blue eyes and an abundance of rich blonde hair called at the hair dressing establishment of Mrs. E. Lightner on Delaware street, to whom she wanted to sell her hair. She said she was alone in the world and needed money and that personal appearances did not count for much with her. Mrs. Lightner would not consent to be a party to such a sacrifice, but instead helped her out of her own purse and directed her to Mrs. William Lamborn, on Fifth avenue, for work. She called on Mrs. Lamborn and after a conversation was told to call on the following day. This was the last seen of her here. The only information she gave about herself was that she had a friend, a Mrs. Neish, at Hoge station.

Conductor Watson held his train for a few minutes this afternoon to give Kansas City friends an opportunity to catch the train.

The Leavenworth chief of police says that a young woman looking extremely tired and half sick, appeared in Jarbalo, and went to the hotel where she sat in the office for several hours without speaking to anyone. She looked as though she had walked several miles and appeared to be in a half-demented condition. The landlord of the hotel, noticing her, asked her what she wanted and received a reply that she just wished to be left alone. In answer to another question, she said that her name was "Elsie," but refused to give her last name. A doctor was sent for and she was cared for at the hotel and the chief of police of Leavenworth notified. He immediately notified Chief Hayes, of this city. Her father and A. J. Saunderson, her brother-in-law, went to Jarbalo last night.

HER VISIT TO MR. NORDYKE.

B. R. Nordyke, the manager of the Pacific Express company, 18 West Fifth street, Kansas City, has given the only reliable information since Miss Fry's disappearance last Monday. He said that she called at his place of business and asked for work last Monday afternoon. He told her that he had nothing to give her, but on account of her being so pale and apparently refined, he became interested in her and asked her a few questions, to each of which she cheerfully responded. She said that she had been teaching school near Junction City and that she had come to Kansas City to earn enough money to pay for further education and was stopping with a sister, Mrs. A. J. Saunderson, 1490 Liberty street, of this city. When she left his establishment, she started toward Delaware street, saying that she was going to her sister's home. She did not take a Delaware street car, but went toward Main street and Mr. Nordyke is of the opinion that she took either a Main street or a Fifth street car.

He did not see her again, but the following day, Tuesday, J. E. Wright, a clerk in Richards & Conover's hardware store, on Fifth street, saw her at the corner of Fifth and Main streets. Mr. Wright is sure that he was not mistaken in the girl, as he went to school with Miss Fry in Junction City. He spoke to her, but she paid no attention to him. He is quite sure that she heard him call and that she recognized him, but for some reason she did not wish to let him know that she did.

Miss Fry is a prepossessing girl with expressive blue eyes and a wealth of blonde hair. She is very refined and intelligent. The day she left her sister's house she said that she was going to a store on Main street to change a hat which her sister had bought for one of her children. Mr. Saunderson told the police that when Miss Fry arrived at the house she had $70 in her pocketbook, but believes that she left it in her trunk. He said that he did not wish to examine the trunk until he was fully assured that his sister-in-law was demented or had been lost. When she was talking with Mr. Nordyke she said that she had only $1.70 in her possession and it might have been that she left the balance of her money in the trunk and then forgot about it. A groceryman living near Mrs. Saunderson's place said yesterday that on Monday Miss Fry came into the store and made a small purchase and tendered a $20 bill in payment. He was unable to change the bill and for that reason he remembers the incident very clearly.

SEATS FOR FARMERS.

Columbus Provides Places for Visitors to Sit Down.

Columbus, June 9.—City Attorney Al. F. Williams conceived the idea some time ago that the people and especially the farmers, should have some suitable place to rest when they visited the city, and not be compelled to occupy the stairways and other inconvenient places for such purposes.

He proceeded to put his plans into execution, and obtained permission from the county commissioners to place seats on each side of the square, beneath the shade trees just inside the hitchrack. In company with Mort Nichols he called upon the merchants and business men and succeeded in raising enough money with which to place three seats on each side of the square.

This will be a great convenience to everybody and it seems strange that the plan was not carried out before. People who attend the Saturday night band concerts will find them very acceptable, and in fact the seats will come in handy upon all occasions.

MRS. GEO. W. MARTIN DEAD.

Wife of Secretary of Historical Society Succumbs to Paralysis.

Kansas City, June 9.—Mrs. George W. Martin, wife of the secretary of the state historical society and editor of the Kansas City, Kan., Gazette, died last night at 11:50 o'clock. The cause of death was paralysis. She was 55 years of age and was born at Minerva, Columbian county, Ohio, March 16, 1845. She was the daughter of Allen Coulson and Catherine Myers, the former a Quaker from Mercer county, Penn., and the latter a Methodist from Virginia. She came to Kansas with her parents in April, 1857, landing at the old Wyandotte and moving by ox team to Pottawatomie county, settling a few miles east of Manhattan.

Both parents died in 1859. She was married December 20, 1863. She bore five children, two dying in infancy and the remander still living. In her early married life on the frontier she was greatly interested in home missionaries and was one of the original movers in the organization of the Presbyterian church in Junction City.

Her father was interested in the underground railroad through Ohio, and among the early impressions of her childhood was the occasional arrival of numbers of black people in the morning for breakfast, to be hidden during the day and started again when darkness came, on their way to Canada. Mrs. A. U. Mussey, of Pottawatomie county, an elder sister, is the only one of the family left.

The funeral services were held this morning at the family residence. The remains will be buried at Junction City, Kan.

WATER MIKE MAY DIE.

Well Known St. Louis Character Suffering From Beating.

Leavenworth, June 9.—Mike Conway, who was set upon and severely beaten Sunday night, he claims by a gang of toughs, is not expected to live. Conway is now lying very ill at the corner of Third and Shawnee streets. A number of his ribs were broken and he received internal injuries. He now has pneumonia.

For many years Conway was a well known character of Leavenworth. He formerly worked for the water company and was known as "Water Mike." It was said he was one of the best men the company ever had to locate a break in a main and it was also said that he was better acquainted with the underground system of pipes of the company than any other man in the city.

Conway has been unable to give account of the men who beat him.

ELLIS NEEDS 500.

Harvest Hands Must Be Had — News of Interest.

Hays City, June 9.—Ellis county is wild with joy this year. With an immense acreage of wheat, fully 25 per cent better than in 1898 when we got over three million bushels.

We need 500 harvest hands on June 20. Will give them $2 a day for the 30 days and if good men give them 3 months longer work with the threshers. But our farmers will only hire good men.

We are in it with the Pevey elevator syndicate; have one now and this season they are building one at Hays and another at Walker.

MURDERER PLEADS GUILTY.

James Hoy Escapes With Light Sentence in Consequence.

Leavenworth, June 9.—In the district court James Hoy, who shot and killed Jerry Scott at 218 Delaware street on the 21st of March last, pleaded guilty to the charge of manslaughter in the third degree. A jury had been empaneled to try Hoy when he plead guilty and the case had been set for trial, but after his plea had been entered, court adjourned for the day. Under the law, Hoy will be sent to the penitentiary for three and one-half years for the crime. The shooting was the result of trouble over a crap game in which Scott and Hoy had been engaged.

KANSAN IN LADRONES.

Charles Harrison, of Cawker City, Writes of His Trials.

[From the Cawker City Record.]

Mr. Chas. Harrison has received a letter from his son Charles, written March 28, the first for nearly four months. Charlie is one of twenty-five mounted scouts among the fierce Ladrones, whom he thinks worse than the Filipinos. Charlie is well, with plenty of rice and deer meat to eat, but only half rations and no medical attendance furnished in the mountains; so they have lost a number of their men and buried them with banana leaves for a winding sheet. He writes in good spirits and looks forward with pleasure to coming home.

AN OCEAN PILE DRIVER.

Kansas Boy Relates His Experience on One.

The following letter from a Kansas boy was published in the Norton Plaindealer:

"Blaine, Washington.

"To the Plaindealer:

"I wish to tell of my little experience at sea. I am working on an ocean pile-driver and I've found out it isn't what it's said to be, and think a dirt storm in Kansas is preferable to the one we were in last night. We were driving fish trap when it came upon us and drifted our cook and cook house three miles away. There was one big anchor chain broken and three anchors lost, and we drifted four miles. The spray would go over the house and thirty feet into the jibs. We lost two 400-feet lines and went through the lead of another trap. Two other pile-drivers drifted away right by us and three more were pulled in by steamers. All vessels were saved by them having good bottoms. Our driver seemed to swell up and down 15 to 20 feet, and the jibs which are 65 feet high would rock 40 to 50 feet. The great breakers looked liked a big Kansas snow bank, and the crash of our old driver made a fellow think she was going to pieces. Our steamer couldn't get out last night, but is pulling us in today. We are working about sixty miles from Blaine, Wash. I can count about twenty steamers now and about twelve pile-drivers. This isn't the best place in the world to write as the sea is very rough yet. I believe I'll take Kansas yet.

Galena, June 9.—Wednesday afternoon two women, Mrs. Jessie Schrump and Nellie White, living in the west part of the city, were arrested upon the grave charge of murder and this morning were arraigned before Justice Cullison, who set their trials for the 11th and committed them without bail.

About three weeks ago the White woman gave birth to a child and the Schrump woman threw it into an old shaft. A few days ago the officers were notified of the fact and recovered the body and turned it over to Stough & Miller for burial.
