## BERGEN CASE ARGUED.

**Judge West Presents the Case to Judge Hook.**

The people of Kansas are deeply interested in the motion made by Judge J. S. West, assistant attorney general, to have the federal court set aside the order declaring a part of the Kansas prohibitory law invalid.

This motion which is the first step in the appeal to be taken to the United States supreme court by the attorney general was argued in Leavenworth yesterday.

The decision in which Judge Hook declared a part of the prohibitory law unconstitutional was rendered in the case of William Bergen, the solicitor for the Kansas City liquor house who while taking orders for private delivery was arrested and convicted of violating the law by a justice of the peace.

The prisoner who had been sentenced to jail sought relief in a habeas corpus proceeding in the federal court. He was discharged and that portion of the prohibitory law under which he was convicted held unconstitutional by Judge Hook upon the ground that it interfered with interstate commerce.

Judge West on the part of the state claims:

First—That Bergen should have appealed to the district court of Franklin county.

Second—That the case was one which should have been heard upon its merits in the state courts:

Thid—That it was not within the jurisdiction of the federal court.

Fourth—That while the federal court had jurisdiction to examine into the cause of Bergen's restraint the rule recently laid down by the United States supreme court is that he should not have been discharged but should have been relegated to the state court.

Fifth—That the case should have gone to the United States supreme court upon a writ of error and not by the short process of habeas corpus.

## VANDERBILT COMES HOME.

**Brings Col. and Mrs. John Jacob Astor With Him on the Valiant.**

New York, June 22.—W. K. Vanderbilt's steam yacht Valiant arrived at quarantine at 9 o'clock last night from Havre. She sailed from that port on June 11. This is a very creditable trip, the yacht having made an average speed of 14.29 knots.

On board the Valiant are W. K. Vanderbilt, Colonel and Mrs. John Jacob Astor and W. S. Hoyt. The voyage was a very pleasant one and all are reported well. The Valiant was met at quarantine by the New York Central railroad tug Chauncey M. Depew, having on board Mr. Pollock of the marine department of the railroad. Although the health officer passed the Valiant the yacht remained at anchor during the night and will come up to the city this morning, when Mr. Vanderbilt and his guests will come ashore. The Valiant sailed from this port on January 8, with Mr. Vanderbilt and W. S. Hoyt on board, bound for the Mediterranean. She made a fairly good run across the Atlantic and touched first at Gibraltar. Since then the yacht has visited Monte Carlo, Nice, Cannes, Marseilles and other ports and in the spring went to Southampton. Mr. Vanderbilt spent a short time in England and France and then crossed for home on the yacht.

## LOCAL MENTION.

J. F. Hull, proprietor of the Hull Stove company, is seriously sick with congestion of the brain at Christ hospital.

Frank Jennings, E. P. Hutchings and H. D. Barrett each paid a dollar today for riding on the sidewalks. Violaters of the bicycle ordinance take as much space on the police register as do plain drunks.

H. G. Rising, special agent, returned this morning from Euders where he established a free rural delivery route twenty-five miles in length. The route will supply 1,200 people.

Cupid overworked himself Wednesday and as a result no marriage licenses were issued Thursday or today.

A meeting will be held at room 6, Office block, on Tuesday evening to organize a Republican club for the First precinct of the Fifth ward and elect delegates to the Republican state league.

It will require a month to get through with all the court cases in the district court after the jury cases have been heard.

The last meeting of the current term will be held by Topeka Post No. 71 Saturday night, at which time the by-laws will be finally revised.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Eclectric Oil.

## THE HANCOCK SAILS.

**Left Manila on the 19th For San Francisco.**

Washington, June 22.—Quartermaster General Ludington has received a cable message from Colonel Miller, quartermaster at Manila, saying that the transport Hancock, which had been unavoidably detained by continuance of storm, had sailed on the 19th inst., for San Francisco, and that the transport Warren which had been ordered south by the major general commanding would sail from Manila for San Francisco on the 1st.

It is understood here that the movement of the regiment to Manila from Tarlac, Conception and other stations on the Manila and Dagupan railway, has been delayed by the prevalence of severe storms in the interior.

## ATTEMPT TO ROB A BANK.

**Three Men Work Inside, While Three Others Keep Watch.**

Ashtabula, Ohio, June 22.—Six men attempted to rob the First National bank of Conneautville, Pa., late last night. Three went into the bank and three remained outside on guard. The outer door of the vault was blown open and the combination knob of the inner door broken off. The robbers worked there until 3 o'clock this morning, when they became alarmed and left.

Dr. L. L. Dennis passed the bank while the robbers were at work. The three on the outside knocked him down and tied him and at the point of a revolver made him keep quiet. After the robbers fled he gave the alarm.

The thieves stole two horses and two buggies in which to escape. They were tracked to Ashtabula county, but have not yet been caught. Had they succeeded in opening the safe door they would have secured $30,000.

## TOOK ALL BUT SHOES.

**Tramp Takes Clothing From Boy, Who Wanders Naked in the Woods.**

St. Louis, Mo., June 22.—James Finling, 19 years old, living at 2810 Gamble street, was found wandering about attired only in a pair of shoes on the Laughlin farm in the country this morning. He said he had started to walk from his home to Kansas City and that he had fallen in with a tramp, who first beat him with a club and then robbed him of every stitch of clothing he had on, leaving him only his shoes.

Fining is the son of Peter F. Fining, janitor of the Missouri Medical college. Fining hid in the woods, hoping yet fearing to meet some person. Clarence Campbell, foreman of the Laughlin farm, found Fining and furnished him with an old coat and a pair of trousers and took him to Clayton. Peter Fining, the father, was notified and he went to Clayton and took his son home.

## USE HOES FOR WEAPONS.

**Battle Between Four Ohio Farmers, All Over a Dog.**

Pomeroy, Ohio, June 22.—Curt and Frank Davis and Ross and Lang Holliday, all residing at Dexter, this county, fought a terrific battle late last evening with hoes. Two of the participants in the battle received wounds which, the physicians say, will result fatally.

A dog belonging to Davis was the cause of all the trouble. Some time ago one of the Hollidays killed the dog, claiming that it had killed a lot of sheep belonging to him. There was no trouble, however, until yesterday afternoon, when the four men met in the road. Each had a hoe. One of the party made some remark as they met and in a short time all four were quarreling. Then one of the party used his hoe and all four started to hammer away at one another. The result was that all were badly injured and physicians who were called say that the Davis boys cannot survive.

**Preacher May Die.**

Hopkinsville, Ky., June 22.—Owing to the physical condition of Rev. Dr. W. K. Piner, the examining trial of James Dudley Ware, charged with shooting the minister with intent to kill was continued until July 5.

**No Races at Peoria.**

Peoria, Ill., June 22.—The national circuit horse races to have been held in this city, commencing the 10th of July, have been declared off on account of lack of entries. Entries closed last week, but it was believed then that there were enough applications en route to justify an attempt to hold the meet.

**Pressmen Adjourn.**

Milwaukee, Wis., June 22.—The International Printing Pressmen and Assistants union adjourned sine die today.

## ROCK ISLAND ROUTE.

**Special Excursion.**

To Colorado and Utah. June 21st; one fare plus $2.00 for the round trip; final return limit Oct. 31st.

## TIEN TSIN BOMLARDED.

(Continued from First Page.)

in Admiral Kempff's dispatches has led the war department to make an extra effort to hurry forward the Ninth regiment from nLzon to Taku. It was supposed by General MacArthur on the receipt of the original order to send these troops to China, that owing to the break in railway communication between Tarlac, the headquarters of the Ninth and Manila, and the prevalence in the harbor of a typhoon, it would probably not be possible for the troops to get away before the 24th instant.

The war department is now determined that this movement shall be hastened, if it is possible to do so, and has instructed Gen. MacArthur in such fashion as to warrant the belief here that the troops will be on their way to China not later than tomorrow evening, thus saving one or two days on the original calculations.

There is also good reason to believe that the authorities will dispatch at least one other regiment from Manila to China with the least possible delay in order that the United States may be in a better position to assist the allied forces in protecting the lives and property of foreigners.

The United States consulate at Tien Tsin which late news advices reported to have been destroyed is situated far up on the Meadows road which runs up from the Pei Ho directly through the center of the town. It is far removed from any of the other consulates and practically isolated from all other buildings. This fact might explain the report of its destruction before the rest of the foreign consulates were molested. The Japanese and Russian consulates are close together on the Meadows road nearer the river. Away off by themselves farther up the Pei Ho stand the British and French buildings in close proximity to each other. The American consulate is, or was (as the case may be) one of the most imposing and substantial buildings in the town. A recent census of Tien Tsin shows the foreign population to be about 1,000 persons, including 110 Americans. Thus the report from Japanese sources that 1,500 foreigners at Tien Tsin had been massacred, would seem to be untrue or grossly exaggerated in point of numbers.

Every foreigner within the city boundary would have to be killed to bring the total up to anywhere near that number.

## CEREMONY BY PHONE.

**Marriage Performed With Contracting Parties Many Miles Apart.**

Princeton, Ind., June 22.—Miss Katie Cline, at Patoka, four miles north of this city, made her marriage vows at noon today in a telephone booth, Hymen's altar in this case being the telephone apparatus. Her lover was at Stanton, Tenn., some distance south of Nashville, and the ceremony was performed over the long distance telephone, Rev. Thomas C. Danks, a venerable minister, officiating. The groom was Robert Lockhart. The wedding was set for today, but for some reason the groom could not come to Patoka, and he made arrangements for a telephone wedding. Clerk Stewart sent the license to Patoka and arrangd for the minister.

Promptly at noon the young couple were at the telephones and in a short time were legally husband and wife. Mrs. Lockhart will join her husband in a few days.

**Books In Bad Shape.**

Des Moines, Ia., June 22.—The Music Teachers' National association convention closed this afternoon. Richmond, Va., is the only candidate for next year's convention, but the matter was left undecided. The secretary and treasurer's books were reported to be in unsatisfactory shape, and a committee was appointed to investigate and report in a month.

## BRYAN'S MAIL INCREASING.

**His Private Secretary Gets About 200 Letters a Day.**

Lincoln, Neb., June 22.—William J. Bryan is expected to arrive in this city from his Wisconsin outing on Saturday or Sunday next, coming direct to Lincoln from Lake Minocqua. He will remain quietly at his home until after the Kansas City convention adjourns.

Mr. Bryan's mail is already beginning to assume enormous proportions. The letters alone which reach the office of his brother and private secretary, Chas. W. Bryan, number about 200 each day. Every week the photos of three or four baby namesakes arrive and are added to the collection being made by Mr. Bryan's daughter Ruth, who now has nearly 1,000 pictures of namesakes of her father.

An effort will be made by Nebraska Democrats to induce the eastern delegates to the national convention to stop in Lincoln on the way home. This state will send 3,000 persons to Kansas City and all will return to Lincoln immediately after the convention to attend a reception that will be given by Mr. and Mrs. Bryan.

## DAMAGES FOR PICQUART.

**Echo of Paris Is Condemned to Pay Him the Sum of 100,000 Francs.**

Paris, June 22.—The action of Colonel Picquart, who, it will be recalled, was prominently identified with the Dreyfus case as one of the accused's defenders, against the newspaper Echo of Paris, was decided today. The court condemned M. Lepelletier, who wrote the article complained of, and the manager of the paper to pay a fine of 2,000 francs, and in addition granted damages to the amount of 100,000 francs. The company owning the paper was held civilly responsible for the damages.

The hearing of the action of M. Reinach was adjourned for a week.

## ALL TO SEE HIS MOTHER.

**Indiana Man Who Escaped From Prison Surrenders Himself.**

Logansport, Ind., June 22.—Edward Cantley, who seven years ago escaped from the Michigan City prison, where he was sent to serve a three year term for embezzlement, has returned and given himself up. He first obtained from the governor the promise of a parole for six months, in order to see his mother, who is very sick, and who was likely to pass away without seeing her son again unless he should surrender, since he did not dare visit her for fear of arrest.

Since leaving prison Cantley has resided in Chicago and Philadelphia, and has rapidly advanced in railroad circles. He married about five years ago, first explaining to his wife his position, and she is familiar with the particulars of his surrender. He will return to prison after six months, unless pardoned.

At the time of his arrest eight years ago Cantley was a stenographer, employed at Long Cliff insane asylum, and was sent up from Marion.

**Capital Elevator Sold.**

A deal was made Friday whereby the Capital elevator of North Topeka has been transferred from T. L. Ewan to E. F. French of Champaign, Ill., the consideration being $25,000. The new management will assume charge on June 27. Mr. Ewan, who is a member of the Kansas City board of trade, announces that he will go to Kansas City about the first of July and organize a grain company.

**James Case Commences**

The case of State of Kansas vs. T. M. James for shooting W. M. Hayes, is before the district court today. The case has been tried twice before and each time resulted in a mistrial. It is for assault with intent to kill and was the result of a boundary line fence quarrel.

# TOWNE TO COME.

**Populist Vice Presidential Nominee Will Speak in Topeka.**

**To Address the Silver Republican State Convention.**

**SILVERITES COMING.**

**Butler County Engages Accommodations For 25.**

**Political News Which Will Interest Kansans.**

F. B. Lawrence, of El Dorado, national committeeman for the silver forces in Kansas, has received from Charles A. Towne, of Minnesota, the following:

"Will be in Topeka to attend the state convention of the silver Republicans, and will be pleased to accept your invitation to address the convention."

From Topeka Mr. Towne, the vice presidential nominee for the Populists, will go to Kansas City to attend the national convention of the silver forces, which will be held in conjunction with the national Democratic convention He will be in Topeka July 2.

Mr. Towne will also see what he can do towards insuring for himself the nomination by the Democrats for vice president.

Dr. Lawrence has engaged accommodations for twenty-five Butler county delegates to the state silver convention.

## HAVE AN ORGAN.

**Fight on W. A. Deford Opens in Earnest.**

The Coffey County Populist, published at Waverly, is a new paper which has made its appearance, with O. M. Rice, who was a member of the first Populist legislature the state had, as editor.

The purpose of this paper is to defeat W. A. Deford, the Ottawa Democrat nominated for senator in the Franklin-Coffey county district.

The paper announces that after it has succeeded in defeating Deford it will go out of business.

## MR. JEFFREY RISES.

**He Says Taylor Riddle Is Not in Fight For State Senator.**

Now comes J. R. Jeffrey, of Elmdale, a Democrat, who puts Taylor Riddle's candidacy for state senator in a bad light. A report was brought to Topeka a few days ago by Marion county Populists claiming that a deal had been fixed whereby Riddle was to have the nomination for senator against George P. Morehouse, of Council Grove, in the district comprising Marion, Chase and Morris counties.

This report brought Mr. Jeffrey to the front. He is a candidate and has been given considerable support, and was as a result much surprised at the rumor of Riddle getting the place. Mr. Jeffrey says:

"I have a personal letter from Mr. Riddle, in which he says he is not a candidate, and does not desire to make the race for senator."

## OPPOSE TWINE PLANT.

**Lawrence and Wichita Papers Full of Criticism.**

The Lawrence Journal and the Wichita Eagle are leading the knockers on the state penitentiary twine plant. These two papers are criticising the state legislature and the state administration for wasting the people's money in this venture.

The Journal's principal complaint is that the province of such an enterprise is to remove the profits which go to the middlemen, but claims that the possibility of such a result has been removed by the recent determination and action in selling the twine direct to the dealers.

## HELEN KIMBER'S WORK.

**Begins Organization of Woman's Republican Clubs.**

Miss Helen Kimber, who has rendered the Republican state committee of Kansas valuable assistance for several years, has started into the work of organizing Republican clubs for the campaign. The first club was organized at Humboldt, the following officers having been selected:

President, Mrs. W. T. McElroy, wife of the editor of the Humboldt Union.
Vice president, Mrs. C. M. Smith.
Secretary, Miss Ida Greenfield.
Treasurer, Mrs. E. N. Wert.

## FEARED THE DOG.

**A Newfoundland Rescues a Victim of Strikers.**

St. Louis, June 22.—While Mamie Littel, 7 years old, was playing in Twenty-second street last night, she was struck in the head by a rock thrown at a Chouteau avenue car, sustaining a fracture of the skull. At the city hospital, where an operation was performed by the physicians her injury was pronounced very serious.

William C. Harvour, a member of the sheriff's posse was fearfully beaten by three men supposed to be either strikers or strike sympathizers, in Michigan avenue. Mrs. Louisa Saidle saw the assault and calling a powerful Newfoundland dog ran to the scene of the attack. When the assailants saw the woman and dog coming to the rescue they ran away.

## BRYAN FELLS A TREE

**Then Makes the Lumbermen a "Stump" Speech.**

Minocqua, Wis., June 22.—The fishing expedition of Wm. J. Bryan has ended and the colonel departed for Chicago en route to Omaha.

While here Mr. Bryan was the guest of a lumber camp, and ate with the lumbermen. He also felled a three-foot pine tree, and on being called on to make a speech mounted the stump of the tree just felled. He said that he had often been accused of making "stump" speeches, but that this was the first time that he had ever made a genuine one.

## ROBERTS GUILTY.

**Ex-Congressman Convicted of Polygamy in Utah.**

Salt Lake, Utah, June 22.—The jury in the case of B. H. Roberts, on trial for unlawful cohabitation, returned a verdict of guilty. Roberts in an agreed statement of facts put before the jury admitted that he entered into a polygamous marriage with Maggie B. Shipp and lived with her and his legal wife, Sarah Louisa. It is claimed that Roberts relies on the supreme court to reverse the verdict on technical grounds.

**New Rate Agreement.**

Chicago, June 22.—By an agreement of the presidents of the western roads the rate making power of all lines will be vested entirely in the executive officers of the roads. No line party to the agreement will have power to issue a new rate sheet until it has been submitted to the local committee where the business originates, and has the approval of the highest executive officer in charge of the traffic of the interested road. Committees will be located at Kansas City, Omaha, Sioux City, Council Bluffs, St. Paul and Minneapolis.

**Ticket Forger Convicted.**

Denver, Col., June 22.—A telegram from General Passenger Agent Bailey of the Colorado Midland railway who is now in New York, announces the conviction there of W. J. Blaze, who was arrested last September on the charge of forging tickets of the Midland road. About a hundred of these tickets were found, the loss to the company being in the neighborhood of $3,000. The tickets were of the coupon variety over eastern lines with which the Midland connects. This is said to be the first time a ticket forger has been convicted in this country.

**Bryan Wouldn't Say a Word.**

Monocqua, Wis., June 22.—Col. W. J. Bryan will leave for his home today. Col. Bryan kept well posted on what was going on in Philadelphia and received numerous bulletins from friends during the day. He was asked to express his opinion on the platform adopted in Philadelphia and the nomination of McKinley and Roosevelt, but he declined to discuss politics.

**Railroad Bridge Wrecked.**

Gunnison, Col., June 22.—The Colorado and Southern Railway company's iron bridge across Gunnison river, two and one-half miles above this town was wrecked by an explosion of giant powder Friday morning. The explosion is believed to have been caused by sympathizers with the strikers at the Baldwin coal mines in order to prevent the running of trains from the mines.

**Dora Clay Brock's Present.**

Versailles, Ky., June 22.—General Cassius M. Clay of White Hall, has purchased from J. H. Varnell of Pinkard, this county, and deeded to his former child-wife, now Mrs. Riley Brock, a house and three acres of land adjoining Mrs. Brock's present home. This is the third purchase of land that Gen. Clay has made for her since her marriage to Riley Brock.

**Death of Capt. Towle.**

New York, June 22.—The death is announced in London of Captain George F. Towle, U. S. A., retired, age 65. He was twice breveted for gallant and meritorious service during the civil war.

## TODAY'S MARKET REPORT.

Chicago, July 22.—WHEAT—A feeling that the northwest shortage had been played for all it was worth was an influence in the wheat pit during the forenoon session on the board of trade today. The reports from the spring wheat territory were still gloomy and buying orders came in from that section, but there was considerable selling and after the opening the market showed a disposition to keep under yesterday's closing figures. July opened 1¼c to ¾c over yesterday at 83⅞c to 83¾c, but reacted to 82¼c. A recovery at Liverpool, which early was lower, was a factor in a rally which followed the initial dip, July advancing to 83¾@84c. This bulge was not supported, however, and another decline to 82¼c, accompanied profit-taking. The market was active and nervous, but the trade was somewhat less heavy than it has been during recent sessions. Local receipts were 144 cars, 38 of contract grade. Minneapolis and Duluth reported 425 cars against 438 last week and 669 a year ago.

The tone of the market later was distinctly firmer. The crop reports from the northwest were decidedly calamitous. Expert Snow wired that the Dakotas could not raise over 40,000,000 bushels and the Manitoba situation was growing worse. July advanced later to 83½c and in the face of heavy realizing held steady, closing ½c over yesterday at 83¼c.

CORN—The corn market was moderately active, but easier. Wheat was the chief influence. Country offerings were liberal and there was some buying by the old local bull crowd. July opened ⅜@½c higher at 41⅛@41⅜c in sympathy with wheat and also in sympathy with wheat declined to 40⅝@40¾c. A recovery to 41⅛c followed the dip on the local support. Receipts here were 722 cars.

The close in corn was strong, July ⅝@¾c higher at 41⅝@41¾c.

OATS—Oats were rather nervous over complaints from the northwest. July opened ¼c higher to ¼c lower at 24⅜c to 24¼c and touched 24⅝c, but later recovered to 24⅝c. The steadiness of corn was a help. Receipts here were 288 cars.

PROVISIONS—Provisions were quiet but firm, finding support in light hog receipts and higher prices for the yards. July pork opened 5c over yesterday at $11.62½ and advanced to $11.75; July lard began the session 2½c up at $6.70 and sold to $6.80, and July ribs opened 2½c improved at $6.77½, selling to $6.82½@6.85.

FLAX—Cash: N. W., $1.30; S. W., $1.30; September, $1.39; November, $1.33.

RYE—July, 61c.

Omaha: Hogs, 5,500.

No rain in the northwest.

Four cars of wheat received at Topeka today and a sample of new wheat testing No. 1 red, 62½ pounds.

The weather map shows no rains in the northwest and weather indications for the next 48 hours predict clear and hot in the spring wheat territory.

Private wire houses at Chicago say that there has been an attempt to break wheat today, but buying orders carry the bears off their feet. If the market starts up from these prices it will be a runaway market and no telling where it will stop.

There is good buying of September pork. Looks like the fever is likely to spread from the wheat pit and set other markets on fire.

Estimated hogs tomorrow at Chicago, 16,000 head.

Kansas City receipts: Wheat, 68 cars, last year 128; corn, 29 cars, last year 19; oats, 13 cars, last year 5.

Northwest receipts of wheat today: Duluth, 189 cars; Minneapolis, 228 cars.

Puts on Chicago July wheat, good tomorrow, 79⅝c; calls, 82⅝c. Puts on July corn, 40¼@40⅝c; calls, 42⅜c.

**New York Up-Town Gossip.**

New York, June 22.—The morning news indicating the probabilities of action on the vice presidency was regarded as encouraging and expectation was confirmed by the renomination of President McKinley and the association on the ticket with him of Governor Roosevelt. If Wall street and business interests in general believe in the gold standard and in conservatism of action, it would seem natural that they would express their belief by buying stocks in anticipation of the success of conservative men and policies. Vigorous and confident bull operations would find a somewhat nervous short interest upon which manipulation would be likely to produce a decided effect. The cry of the moment seems to be for a leader. Few persons acquainted with street affairs expect anything like a boom, but there are important interests which might be willing to exert personal and money influence to bring about more of a scare on the part of the bears than the Stock Exchange has witnessed in some time. It seems to be hope, however, rather than confidence which is now influencing capital. There are other questions than these of domestic policies which are not under discussion in banking and business circles. In one respect improvement is almost in sight. The iron and steel markets are now adjusting themselves to the basis demanded by decreased consumption. Production is being curtailed even at the expense of risking or of causing some idleness on the part of labor. There is no war, however, in the iron and steel industry and consequently when the buying element decides to come into the market there will be less stock of manufactured goods on hand and a surplus back of most of the selling industrial companies.
