from Wei-Hai-Wei. This column, with the Eursian and American contingent of over 500 men, must cut its way through a superior Chinese force which is enid to have sixty guns, although this seems incredible. The fereigners at Tien Tsin are clearly in a desperate rate, with the garrison surrounded by a Chinese horde and with ammunition and supplies running short.

Somewhere beyond Then Tsin, either on the way to Pekin or at that city, is a huxed force of £300 men, with insequance supplies, ammunition and food. At the legations are probably from 1,500 to 2009 Europeans, Japanese and Americans, retagrees being added to the working official officer and the military and may all guards about 450 men.

Every link is this chain of relief is weak and detached, and there is no accurate information from any station except Taku.

Men who live in China assert that the number of foreigners at Tien Tsin is large, since the city has a Chinese population of over a milition and a commerce of over \$45,000,000. Tien Tsin is the chief distributing center for trade in nothern China and Manchuria, and the natural outlet for a half dozen of the most populous provinces. There are four foreign banks, a large body of English, German, Russian, Japanese and American merchanits and several groups of missionary stations.

The stinuitan of the foreigners at Tien Tsin is required by former British officials in China as deplorable, and doubts are expressed respecting the adequacy of the relief force which is available at Taku, unlers Russia takes decisive of the relief force which is available at Taku, unlers Russia takes decisive of the relief force which is available at Taku, unlers Russia takes decisive

BAKER MAN NOMINATED. H. F. Mason Named by Republicans of Finney.

Senator Baker's forces captured Fin-ncy county in Saturday's convention, H. F. Mason being renominated for the legislature. Mr. Mason was a member legislature. Mr. Mason was a memory of the last house and is an enthusiastic

Baker man.

Mason defeated Bob Hookins, who was seeking the nomination in the convention as an avowed Burton supporter. Hopkins represented Finney county in the lower house several years and is one of Burton's managers.

Mark Hanna's Cousin.

After every national convention Kansas always comes to the front with a relative of some mun of prominence who had to do with that gathering. This time ex-Sonator W. J. Buchan of Wyandotta county is the man who is being given much advertising because he is said to be a cousin of Mark Hanna.

Seat 3500 People.

Final preparations for the Topeka horse show are being made. The amphitheater has been completed. It is strongly built and has a seating capacity of 3,500 persons.

The prospects for the coming show are flattering. The list of entries in the professional classes are surprisingly good. The classes in which the entries are confined to Topeka, have not been filled as they should. Heretofore the home people have been rather timid in entering because of coming into competition with professional horses.

Ice Trust Hearing.

How the British Lancers Opened the Way to Pretoria.

Here is perhaps the last snapshot of the Boer war. In the hills around the Transtaal Capital the Boers made a last despairing attempt to check Lord Roberts' onward sweep. But the odds were too much for them and the little band of patriots were engulfed in the flood of hersemen whose vanguard was the dreaded lancer regiment called the "Death-or-Glory Boys." The picture shows the lancers in their final charge of the war.

J. M. MILLER, Adjutant. New York, June 25.—The grand jury today went into a consideration of the cases of conspiracy against the officers of the American Ice company. The hearing may be determined today or go on for several days.

Withdrawal From Cuba to Be Begun

Washington, June 25 .- As soon as Sec retary Root returns to this city early next week, final arrangements will be made for the withdrawal os as many troops as can be spared from further service in Cuba. According to reports received from Governor General Wood the elections passed off quietly and without serious dis-Governor General Wood the elections passed off quietly and without serious disorder and affairs generally have become tranquil, with no indications of future trouble. In consequence of this encouraging state of affairs the officials of the war department are considering the question of a large reduction of the military force in Cuba. It has been estimated that about one-half of the troops can be safely withdrawn in the next few months. Nothing will be settled as to which regiments shall come until after Secretary Root returns to the city. There is an impression, however, that the Fifth infantry, stationed principally in the department of Santiage, will be the first Cuban regiment to return to the United States, and that the Eighth infantry, stationed in the same department, will follow soon after.

The return of these troops to the United States will enable the department to carry out its plan of sending regular troops from this country to the Philippines to take the places of the volunteer army which must be brought home and discharged by June 30, 1901. Unless developments in China necessitate a change of programme the homeward movement of the volunteer troops from the Philippines will begin in the early fall, and about 8,000 or 10,000 regular troops will be sent out gradually from this country to take their places.

TODAY'S MARKET REPORT

TODAY'S MARKET REPORT.

Chleago, June 25.—WHEAT—Wheat began the new business week nervous and active with a big trade. July at the opening sold all the way from \$5\%c to \$5\%c, compared with Saturday's close at \$5\%c. The northwest was still without say and the weather was reported still engaged in scorching what remains of the spring wheat wreck. In Manitoba there was some moisture. Liverpool cables were comparatively weak, and world's shipments heavy. Russian shipments were 2,000,000 but and attracted some attention. Harvesting of the Kansas "bumper" crop was reported progressing under the best of conditions. There was heavy profit taking in longs, but the demand was equal to the occasion and gradually pulled July up to \$5\%c at 11 o'clock. A decline to \$7\%c followed. Northwest receipts were light. Chicago had 157 cars, 10 of contract grade, while Minneupolis and Duluth reported 474 cars, against \$49 last week and \$81 a Chicago, June 25.-WHEAT-Wheat be-474 cars, against 649 last week and 981 a

New York, June 25.—Much may depend in the local stock speculation this week on the the course of events in China. It is well to remember that much of the news coming from China is founded upon mere reports. In times of alarm any situation is apt to be magnified for the worst, and therefore considerable speculation should be exercised in the way of crediting the most alarming dispatches on the subject. There can be no doubt, however, that markets are likely to be called upon for some time to deal with the Chinese problem as an important factor in influencing quotations. The spring wheat crop promises to be materially reduced as compared with last year, but the street is disposed to ignore the fact that this cereal supplies only one-third of the total wheat crop of the country. The corn crop is apparently overlooked by the present hear operators in the stocks. A tremendous part of the country's wealth is derived from this grain, and according to the majority of advices corn has started well. Some uncertainty of course will attend the maturing of the crop a month of two later, but there is future favorable agricultural conditions outside of the spring wheat crop.
