

DEBS IS DEFIANT.

Says He Holds Judge Jackson and His Injunction

In Contempt and Will Talk When and Where He Pleases.

BOUND HAND AND FOOT Are the Miners to Corporate Capital He Says,

If Jackson Injunction Shall Be Sustained.

Pittsburg, Pa., Aug. 6.—Eugene V. Debs, who addressed the large miners' meeting last evening, left today for Turtle Creek, where he speaks this evening. Before leaving the city, Mr. Debs denounced Judge Jackson of West Virginia for issuing the injunction restraining him from interfering in any way with the Monongah coal company or its employees. Mr. Debs said: "This injunction restrains me from walking on any public highway leading to the mines of the Monongah Coal & Coke company. It is most sweeping and none other can be compared to it. This injunction annihilates the right of peaceable assembly and effectually suppresses the right of free speech. It is sustained, and I have no doubt it will be, it sweeps away all constitutional safeguards and delivers us, bound hand and foot, to corporate capital. I hold the injunction and the judge who issued it in supreme contempt. If I have occasion to raise my voice in behalf of the miners, I will do so, or at least make the attempt, totally regardless of the consequences. The face of the proceeding is that the injunction is issued by a judge. It ought to come direct from the coal operators, and at least they would not intensify the infamy of the proceeding."

In reference to the charge that the deputies now on guard at De Armit's mines were forcing miners to work at the point of revolvers, President Dolan stated that he had been in the hands of their attorney and it was probable that the miners' officials would go into court and ask for an injunction restraining the men from assault upon her several months ago. Debs said he saw Pearl leave the mine and he followed. Overtaking her, he made an insulting proposal and was repulsed. He struck the girl and when she fell he knocked her down and jumped on her stomach. He then outraged her twice. Just as he was about to leave, his victim, who groaned and opened her eyes. He then choked her until he was satisfied that she was dead. He returned to the place the next morning to make sure that he had completed his fiendish work.

DEBS AT PITTSBURG.

Thousands Turn Out to Hear Him Talk on the Strike.

Pittsburg, Pa., Aug. 6.—Miners' day closed in this city by a meeting on Dequesier wharf, where a crowd of 8,000 to 10,000 people assembled to hear Eugene V. Debs, who addressed the miners last night. Debs, who has been given a hearty reception and the sentiments expressed were loudly cheered, and especially when his address was made to the unrighteousness of the suppression of free speech and lawful assembly. Each orator said the time had arrived to call a halt on government by injunction and declared that the struggle of the miners would be conducted peacefully and lawfully as heretofore, in spite of anything any man could say. It was learned positively last night that Governor Shreve has had men in the Turtle Creek region for two weeks past to keep him posted on the condition of the strike. Factory Inspector Campbell has been the chief lieutenant of the executive in this work. Colonels Long and McCandless of the general staff have also been over the field and will make their report to the governor. It is safe to say that they will report that the national guard is not needed at this time. Large delegations of miners are expected at Turtle Creek for the meeting this evening which will be addressed by Debs. Strike leaders say the attendance will be as large as at the McCandless meeting. A delegation of Young miners has arrived. They walked fifty miles. They say there will be a free steamer on the Monongahela to carry miners to McKeesport from up river points.

Crocker's Horse Wins at Brighton.

London, Aug. 7.—Mr. Crocker's five year old bay horse America won the Southdown plate. This race is for 200 sovereigns. There were four starters; distance six furlongs.

BIG GOLD MINE SALE.

English Capitalists Buy Nevada Property for \$15,000,000.

New York, Aug. 6.—The Tribune says: The boom in gold mining ventures which the Klondike discoveries has started in this country has apparently spread to England. For some time agents representing several syndicates in London and capitalists are doing in this city endeavoring to acquire gold mines of proved value for exploration on the Pacific markets.

The latest deal reported in this city is the sale by the Gold Creek Mining company of Nevada of its property to a British syndicate for \$15,000,000. The original capital stock of the company was \$300,000.

Col. B. S. Bush, formerly chief engineer and constructor of the Crown Aqueduct, is the engineer of the company. He estimates that over \$45,000,000 of gold is contained in the placer which contains 500 acres in Eldo county along the banks of Gold creek. Of the company's officers, only Messrs. Hutchinson and Johnson are known.

Both refused to give any explicit information regarding the reported sale. Mr. Dickinson admitted, however, that negotiations were in progress with an English syndicate and would probably be completed in a short while.

It is stated, however, that no statement that the Gold creek mines had been sold, were premature.

WANT BONS' BLOOD.

Citizens of Crystal Falls, Michigan, Arranging a Lyncing Party.

Iron Mountain, Mich., Aug. 6.—The appeals of leading citizens prevented a lyncing at Crystal Falls last night. The citizens employed in the surrounding locations are now making threats and a well defined report is current to the effect that they have formed an organization and will invade the village tonight for the purpose of lynching. Those who assaulted and murdered Pearl Smith. In the meantime it is expected that the citizens will make arrangements to move the prisoner to another county.

DUST SETTLED WITH OIL.

New Plan of Eastern Railroads to Obviate a Nuisance.

New York, August 6.—A dispatch to the Herald from Mays Landing, N. J., says: The recent discovery of Chief Engineer J. H. Nichols of the West Jersey yards, second of J. Titus, "Johnny" Johnson, who was injured on Wednesday while training on the track was out this morning trying his stiffened legs. He appeared to be in rather bad shape and there was every evidence that he would not be able to raise his foot. However, using liniment until the last minute and if there is the slightest chance of his making a show he will enter in the morning trials. The first three men will qualify in the two-mile handicap professional and the two-mile handicap amateur and in all the other races, the first two with the exception of the quarter-mile championship professional in which only the winner of each heat will enter for the finals. The first event was the two-mile handicap professional. This was run in six heats and in all there were about eighty entries. First three to qualify.

DEFY THE SHERIFF.

Strikers Board a Train and Refuse to Get Off

Terre Haute, Ind., Aug. 6.—The Linton miners boarded a south-bound Evansville and Indianapolis train this morning and when ordered off told the conductor they did not propose to get off until they had reached Linton. The train was pulled into a siding, where it is still standing. The sheriff was summoned, but the miners ignored his orders to leave the train.

25,000 FLYERS

On the Rock Island—Not Railroad Trains, but Fall Festival Posters.

Major T. J. Anderson, assistant general superintendent of the Rock Island this morning placed an order for 25,000 lithographed flyers advertising the Topeka Fall Festival. The flyers will be gotten up in the Festival colors, and will be distributed throughout Kansas and Oklahoma by the lines of the Rock Island road.

108 DEGREES AT DALLAS.

Extraordinary Temperature Causes a Suspension of Business.

Dallas, Tex., Aug. 6.—At 2 o'clock yesterday afternoon the government thermometer recorded the extraordinary temperature of 108 degrees, the highest ever recorded. Business was suspended.

Wyoming Coal Miners Strike.

Salt Lake, Utah, Aug. 6.—A special to the Herald from Rock Springs, Wyo., says the miners employed by the Sevier and Coal mines have gone out on a strike this morning, demanding an increase of 10 cents a ton for digging coal.

MILES OF WHEELS

Broad Street, Philadelphia, a Mass of Wheelmen.

Opening Day of the Great L. A. W. National Meet.

RACING BEGINS TODAY

Eighty Entries for the Professional Two Mile Handicap.

Johnson Was Unable to Ride Because of an Accident.

Philadelphia, Aug. 6.—A more beautiful day could not have been asked for than that which formally inaugurated the big race meet of the League of American Wheelmen here today. The warm sun was tempered by a cool, northwestern breeze. Early morning runs were taken by many of the visiting wheelmen, especially those who could not get into the arena. There were thousands of peddlers on every run. As far as the eye could reach on Broad street there was an almost solid mass of bicyclers. By the time the leaders of the run had reached York road a distance of four miles from League headquarters, there were still many riders who had not yet mounted their wheels. All roads leading to the Willow Grove track seemed to have been converted into bicycle paths. The wheelmen owned the city and the policemen were usually so strict with regard to scorching, stood complacently by and paid no attention to the visitors who were unconsciously committing a breach of law by traveling at a 240 gait. Notwithstanding that thousands were pushing their way to Willow Grove on wheels, the street cars and railroads were also taxed to their utmost.

The Willow Grove track was a revelation to the visitors. They had never seen such a race course, specially constructed with wood, lighting fast, solid as a rock and entirely surrounded by seats with a seating capacity of nearly 25,000. Flags fluttered from hundreds of staffs and the L. A. W. purple predominated everywhere.

Bicycle Track, Willow Grove, Pa., Aug. 6.—The racing track here was ready early this morning and after a good rubbing down took preliminary spins on the track preparatory to the trial heats which were to be called at 9 o'clock. As early as 8 o'clock the crowds began arriving and when the first heat was called off a good crowd was present. The day was perfect for racing, a light breeze swept across the track from the northwest.

All the riders were delighted with the weather and track and everything was in proper condition for fast time. "Johnny" Johnson, who was injured on Wednesday while training on the track was out this morning trying his stiffened legs. He appeared to be in rather bad shape and there was every evidence that he would not be able to raise his foot. However, using liniment until the last minute and if there is the slightest chance of his making a show he will enter in the morning trials. The first three men will qualify in the two-mile handicap professional and the two-mile handicap amateur and in all the other races, the first two with the exception of the quarter-mile championship professional in which only the winner of each heat will enter for the finals. The first event was the two-mile handicap professional. This was run in six heats and in all there were about eighty entries. First three to qualify.

First heat, F. J. Loughhead, Sarnia, Ont., scratch; won; W. E. Becker, Minneapolis, 20 yards; second; J. Titus, New York, 50 yards; third. Time, 4:30.10.

W. C. Sanger was scratch man in the second heat of the two-mile race with Arthur Lee on the 50 yard line and H. R. Steenson, Dayton, 25 yards. The pace was roughly equal and the race was throughout. A. E. Weidig, 100 yards; won; W. C. Sanger, second; C. R. Newton, 60 yards; third. Time, 5:03.45.

Tom Cooper had the tape in the third heat and the nearest men were J. A. Newhouse, 20 yards; and Dook Brown, 50 yards. For the first few laps the pace was fast, but they soon bunched and lapped to the finish, when the winner crossed two lengths ahead. Cooper, scratch; won; Fred Sims, Washington, 100 yards; second; J. A. Newhouse, Buffalo, 25 yards; third. Time, 5:02.25.

Arthur Gardner of Chicago, was scratch man in the fourth heat with Starbuck the nearest at 40 yards. Arthur lost two yards at the crack of the pistol. All hands went out for home and a rapid pace was kept up until the finish. Gardner won; L. A. Callahan, 50 yards; second; Barney Oldfield, 100 yards; third. Time 4:41.25.

Eddie Bald, scratch man was excused in the fifth heat. Sam Brock and Jay Eaton were on the 35 yard mark with Frank Butler at 50 yards. Butler took the lead on the last lap but Eaton spurred from the tail end and crossed the line an easy winner. F. C. Hoyt, 50 yards; second; Will Corwin, 75 yards; third. Time, 4:50.25.

Johnny Johnson was unable to start in the sixth heat of the two-mile professional handicap and F. A. McFarland was the other scratch man, with James A. Church on the forty yard line. F. P. Kammer at 55 yards and Frank M. Dampman at 25 yards. Charles A. Church won; C. S. Wells, 90 yards; second; O. L. Stevens, 70 yards; third. Time, 4:42.

PARADE OF BICYCLES.

Cyclists Will Give One This Evening if Weather is Fair.

Rain last night interfered with the bicycle parade and it was postponed until tonight. The parade will start from the east entrance to the state house grounds promptly at 7:45, and all wheelmen in the city are urged to be present and participate.

MAY COME BACK TO US.

Some Former Citizens Who Have Been Sojourning at Lansing May Return Here.

Gov. Leedy today signed citizenship papers for the following persons whose sentences at the state penitentiary expire within a few days:

Tom Rhodes, Hamilton county, five years, burglary in the second degree; Ed Bowers, Marshall county, burglary third degree; John Kiene, Atchison, grand larceny, two years; Frank Hart, Atchison, two years, grand larceny; John V. Hagan, Wilson, eighteen months, seduction; Wm. Edwards, Wyandotte, one year, grand larceny; Chas. Bower, Wyandotte, one year, grand larceny; Thos. Wheeler, Shawnee, three years, grand larceny; Gally Clark, Johnson, two years, grand larceny; Thos. Lantz, grand jury, three years, grand larceny; Charles McAllister, Cowley, two years, grand larceny; John Hurley, Crawford, two and a half years, grand larceny; J. M. Rector, Butler, two years, grand larceny; Frank Smith, Shawnee county, two years, grand larceny; James Schroyer, Leavenworth, grand jury, one and a half years, grand larceny; Edgar Morris, Pottawatomie, two years, grand larceny; Wm. Wheeler, Shawnee, two years, grand larceny; Anthony Hamilton, Shawnee county, two years, burglary and grand larceny.

CAN WE BELIEVE?

This Time It Is Said a Real Andree Pigeon Has Arrived.

Paris, Aug. 6.—The Gaulois says a pigeon bearing instructions regarding Prof. Andree's balloon expedition has been captured at Gradisca near Cortiz, 22 miles from Trieste, in Austro-Hungary.

CHARLIE WOLFF'S BEEF.

It Will Be Done to a Turn at the Barbecue.

Interest in the Grocers' and Butchers' picnic, August 25, increases every day. Every grocer and butcher in the city has agreed to close on the day of the picnic and of course will attend the celebration at Garfield park.

Chas. Wolf said this morning: "The picnic is going to be a big thing and we are all figuring on having a good time. It is lots of work to get up a picnic of this size but everyone is working hard and I am sure that it is going to be a success. When we first talked of having a picnic, a few weeks ago, we decided to go to Garfield park for the day, but we have changed our minds now. Why the mere mention of picnic set the boys to thinking and the result is that we are going to have at this time the same feeling was experienced and several members of the committee resigned but still when the balance sheet was made up at the close of the Festival the committee found over \$2,000 in the treasury and all debts paid. The subscriptions up to date amount to \$2,100 and it is safe to estimate that \$900 more will be subscribed. That sum should be doubled but the finance committee is still finding people on the hunt for an excuse which will relieve them from their share of the burden. They expect to be in the benefits without contributing to their cost. But there are very few of such people in Topeka."

It must be remembered that the expenditures shown represent only what is spent directly by the Committee of Fifteen. It does not include the thousands of dollars being raised by the Santa Fe committee to be expended on their demonstration. It does not include the flower parade expenses except the donation of \$50 made to Mrs. Stonor. Neither does it include the Carnival fund, nor the money raised by fraternal societies. All these funds will bring the amount expended to entertain the people of Kansas at the Fall Festival up to over \$30,000.

Last year the receipts from the sham battle were over \$3,000. In the estimated receipts this year the amount to be received from this source is placed at \$2,000. When the fact is considered that a small army will engage this year with five times as much ammunition the estimate is surely low enough. The receipts from the tournament, Indian dance and "Cinderella" are also placed low to be inside a safe mark.

LICENSE FOR JOINTS.

Newton Council to Inaugurate a Fine System.

Kansas City, Aug. 6.—A Star special from Newton, Kan., says: The council here last night voted unanimously to collect fines from the "joints" of the city hereafter. The idea of some of the members seems to be one of extermination, but it is believed it means nothing more nor less than a system of license collections.

KLONDIKE FACTS.

U. S. Department of Labor Sends an Expert Into the Field.

San Francisco, Aug. 6.—Sam C. Dunham, statistical expert of the United States department of labor, is here on route to the Klondike gold fields, for which he will leave on the steamer Humboldt next Monday. His mission is to ascertain the economic conditions of the country in this comparatively unknown region and prepare the necessary data for a bulletin which the department proposes to issue about March 1 next.

Governor Leedy has promised to address a political picnic near Bonner Springs tomorrow but being himself unable to do so shifted the duty upon Lieutenant Governor Harvey who will go down at 7:30 in the morning.

PLENTY OF CASH.

State Journal's Estimate of Receipts and Expenses

Of the Second Fall Festival Given by Topeka.

NO CAUSE FOR FEAR

By the Committee of Fifteen of a Shortage.

There Will Be a Balance in the Treasury

When All the Expenses Are Paid After the Festival.

Receipts:	
Subscriptions	\$7,000
Sale of privileges	2,000
Sham battle	2,000
Tournament	1,500
Indian dance	1,000
Cinderella	500
Total	\$14,000
Expenses:	
Militia	\$2,700
Floats	1,500
Advertising	1,500
Firemen	625
Flower parade	500
Indians	500
Tournament	450
Committee of Fifteen	300
Entertainment	300
Public comfort	300
Total	\$10,675
Reserve:	
Receipts	\$14,000
Expenditures	10,675
Balance	\$3,325

The above is a conservative estimate of the receipts and expenses of Topeka's Second Annual Fall Festival. Some members of the Committee of Fifteen have been somewhat disheartened at the financial outlook. Every day calls for more subscriptions they say with no available funds in sight to meet them, but they have no occasion to be disheartened. Last year at this time the same feeling was experienced and several members of the committee resigned but still when the balance sheet was made up at the close of the Festival the committee found over \$2,000 in the treasury and all debts paid. The subscriptions up to date amount to \$2,100 and it is safe to estimate that \$900 more will be subscribed. That sum should be doubled but the finance committee is still finding people on the hunt for an excuse which will relieve them from their share of the burden. They expect to be in the benefits without contributing to their cost. But there are very few of such people in Topeka.

It must be remembered that the expenditures shown represent only what is spent directly by the Committee of Fifteen. It does not include the thousands of dollars being raised by the Santa Fe committee to be expended on their demonstration. It does not include the flower parade expenses except the donation of \$50 made to Mrs. Stonor. Neither does it include the Carnival fund, nor the money raised by fraternal societies. All these funds will bring the amount expended to entertain the people of Kansas at the Fall Festival up to over \$30,000.

Last year the receipts from the sham battle were over \$3,000. In the estimated receipts this year the amount to be received from this source is placed at \$2,000. When the fact is considered that a small army will engage this year with five times as much ammunition the estimate is surely low enough. The receipts from the tournament, Indian dance and "Cinderella" are also placed low to be inside a safe mark.

TO DEPORT AMERICANS.

Canadian Authorities Will Strictly Enforce the Alien Labor Law.

Toronto, Ont., Aug. 6.—Canada has begun to take means to enforce the alien labor law against Americans. The resources of that country, which are being put in connection with work on the Rocky West Pass railway through the Rockies mountains, and he informed the Canadian Pacific railway authorities that any American laborers engaged for that work would be deported to the United States.

SPRECKELS SUGAR CO.

Is Organized at San Francisco With a Capital of \$5,000,000.

San Francisco, Aug. 6.—Articles of incorporation of the Spreckels Sugar company have been filed. The capital is \$5,000,000. Of this amount the organizers of the company, J. D. Spreckels, A. B. Spreckels, F. M. Morgan, H. A. Weed, W. D. K. Gibson, have each subscribed \$1,000.

Producing beets and manufacturing sugar is to be the primary object of the company and incidentally the company will engage in agriculture and stock raising. Each carrier will have a list of these people and will be on the lookout for them. The carriers will hold a meeting probably some time next week and effect a permanent organization.

Woolen Mill Dance Tonight.

The dance at the woolen mill for the benefit of the Floral fund, which was postponed Wednesday evening on account of the storm, will be given tonight. A sidewalk has been constructed from the car line to the mill so that those who attend will suffer no inconvenience on account of the mud.

VENEZUELA CONCESSION.

American Spirits Co. Given a Substantial Monopoly.

New York, Aug. 6.—The Republic of Venezuela has granted a concession giving a substantial monopoly for the establishment of the distilling industry in the republic, which was obtained in the interest of the American spirits manufacturing company.

Representatives of that company have paid a number of visits to Caracas in the last 12 months and the company since the granting of the concession has sent one of its practical men to supervise the erection of a plant, all the plans of which have been assembled in that city ready for shipment.

Venezuelan statistics show an annual consumption by that country of 50,000,000 gallons of spirits and alcoholic beverages distributed among a population of about 3,000,000. The import duty is practically prohibitory, amounting to 50 cents a pound, equivalent to \$3.80 a gallon. The concession, which is for a term of 25 years, will give the company the right to bring in all the necessary plant and raw material free. It was said today that the American Spirits company is a large and powerful corporation, one of the largest in the world, where, if its expectations are only partly realized, will result in a very important extension of the business of that company.

DECLINE OF SILVER.

Prominent Mining Men Give Their Views of the Outlook for the Future.

Denver, Aug. 6.—The effect of the decline in silver to 55 cents per ounce and the probable further fall to as low as 50 cents, which seems to be the case, has been the best position to judge, is the current topic of conversation among mining men, and while some are greatly discouraged at the outlook for the future, others are more optimistic. Ex-Governor J. E. Grant of the Omaha & Grant Smelter said: "I am of the opinion that silver will continue to decline until there is a marked decrease in the production in some parts of the world, and it remains to be seen which of the silver producing countries will give way first. If the present volume of silver production is maintained with silver at 55 cents, it will not be long until the supply demanded are nearer together. Of course there will come a time when it will stop falling, but I do not think that will come until there is a very marked increase in production, unless in the meantime silver should be revalorized. One thing will result from the decline in silver, and that is, the price of gold will be raised. There will be an increased activity in the search for gold. I think it will have some effect upon the development of Mexico and that no more railroads will be built to the mines of that country. It will make no serious effect upon the production of lead, for I have figured out that with lead at \$3.50 and silver at 55¢ it is just about profitable to the mine when lead was \$3.25 and silver at 65¢."

Senator N. E. Hill of the Boston & Corning smelter thinks that silver will be seriously felt in many quarters. "The aggregate loss will be quite large," said he. "Lins will result from the decline in silver, and the difference between the price and today's quotations amount to about \$120,000,000. It is also true that the price of silver has fallen since last year. In 1892 the price was much higher, and the loss, compared to today's prices, would be nearly \$250,000,000."

EVICTING STRIKERS.

They Are Being Driven From the Company's Houses by De Armit.

Pittsburg, Aug. 6.—Eviction of strikers from company houses was begun today by the New York and Cleveland Gas Coal company.

The house to house canvass is being made and when a miner announces to a company official that he is on strike, the notice to quit the premises in five days is served.

It May Be So.

Lisbon, Aug. 6.—A dispatch from London says that word was received there on Tuesday that the Portuguese troops had again routed the rebels in Gzaland and captured two principal chiefs. The report, however, lacks confirmation.

Zimmerman Wins Another Trophy.

New York, Aug. 6.—A cablegram received here today says that Gus Zimmerman has won a shooting trophy at Frankfurt on the Main, Germany, yesterday for a white rabbit. Zimmerman has won first prize in all the important shooting matches in Europe since he has been there.

PARLIAMENT GOES HOME.

The Queen Makes the Usual Speech Before Dismissing the Lawmakers.

London, Aug. 6.—The house of commons met today at 10 o'clock in the morning and passed to the third reading of the appropriation bill, which was then forwarded to the house of lords, where it passed all stages. Both houses then suspended business until 2:30 p. m., when the queen's speech proroguing parliament was read. It was as follows:

"My Lords and Gentlemen: At the close of the session during which there has been disturbance and conflict in Europe, I am glad to be able to inform you that the cordiality of my relations with foreign powers remains unchanged. The united influence of the six power signatory of the treaty of Paris was earnestly exerted early in the year to dissuade the King of Greece from a war upon which he unhappily desired to enter. Though they failed in this endeavor they were able to bring about an early suspension of hostilities between the two belligerents and open negotiations for peace. These proceedings are protracted and a formal treaty has not yet been signed, but there is good ground for believing that all the most important matters in controversy have been adjusted and that in return for an adequate indemnity the territory conquered by Turkey, with a slight modification of the frontier, will be restored to Greece."

Prominent Mining Men Give Their Views of the Outlook for the Future.

Denver, Aug. 6.—The effect of the decline in silver to 55 cents per ounce and the probable further fall to as low as 50 cents, which seems to be the case, has been the best position to judge, is the current topic of conversation among mining men, and while some are greatly discouraged at the outlook for the future, others are more optimistic.
