CITY AND COUNTY NEWS.

BOOMING!

To our friends and the public whose extremely liberal patronage has made the sales in our candy department at least four times what we expected for the first week, we wish to express our sincere regrets that we so far underestimated the demand that many of our candies were sold entirely out by the second day after our opening, especially those choice kinds that have never before been kept in the city. We promise you larger quantities this week, including several new and choice varieties, and guarantee to show you always by far the largest, finest and freshest line of confectionery in the city. Yours resp'y,

C. S. Beadle of Pittsburg, Kan., formerly connected with the engineering department of the Union Pacific and the Santa Fe railway companies, has been employed by the Pittsburg, Columbus and Ft. Smith railway company to make a preliminary survey of the line from Pittsburg via Columbus and Lyon township to the crossing of the Neosho river in Indian territory. The company is being strongly urged to run a second line directly south from Pittsburg through Pleasantview and Shawnee townships and thence southwesterly through Springvalley township, which survey the company is now considering.

The projectors of the proposed Pittsburg, Columbus and Ft. Smith railway have made contracts for the preliminary surveying of the line from Pittsburg to the Indian territory line. We understand two surveys will be made, one via Columbus and the other via Galena, both touching the territory line at a point near this city. The two routes will be nearly the same in length.

The new Banner wind engine erected on Sheridan avenue by Samuel Bricker for a public watering place, started off briskly Wednesday and does its work to perfection. This watering place is erected for the benefit of the traveling public and the country people who come to town to trade. It is feared the well will not supply water for the city stock also.

DIED.—At his home in this city Saturday night, Sept. 13, of paralysis, David H. Hybarger, aged 72 years. Funeral services were held Monday afternoon at the residence and the remains laid to rest in the city cemetery. Mr. Hybarger was one of the pioneers of this county and a respected citizen of our city for several years.

The Baxter band was out on the street Thursday evening giving our people a few slices of reunion music, such as "Marching Through Georgia," "The Girl I Left Behind Me," etc. They are playing in good shape and will make the echoes ring all round Camp Logan next week.

Hunt up your books and slates, boys and girls, only a few more days until school begins and every minute of the short term you will have should be improved to its fullest extent.

DONNA ICE BENEFIT.
The entertainment recently given for the benefit of Miss Donna Ice, to enable her to secure a new cornet, will be repeated next Thursday evening at the city hall, Baxter Springs. There will be an entire change of program, and judging by the many favorable comments made by those who attended the concert as given a few evenings since, there will be a large turnout. Miss Donna is a remarkably fine cornetist for one of her age and experience and is deserving of much credit and her entertainment of a liberal patronage. We hope to see the city hall crowded to overflowing next Thursday evening.

SUNDAY SCHOOL EXCURSION.
The Baptist Sunday schools of Joplin will arrive at Baxter Springs at 10 o'clock to-day by excursion train and spend the day in picnicking, at the Springs Park and other places of interest about our town. The affair will be under the management of Mr. J. W. Kiltner and it is hoped that a goodly number of Baxter people will meet the visitors at the depot and endeavor to make their stay here as pleasant as possible.

ALL READY FOR REUNION.

During the past week the various reunion committees have been busily engaged in placing Camp Logan in proper condition for the reception and accommodation of the vast throngs of visitors who will be here next week. Two hundred tents have been erected in military form similar to that of last year, four large tanks are full to overflowing with pure water supplied from a good well by a wind engine, a large number of new gasoline street lamps and torches have been received for lighting the camp and by next Monday morning everything will be in apple pie order for the reception of our visitors.

The News extends a cordial welcome to all old soldiers and their friends and hopes the reunion next week will fully meet the anticipations of the most sanguine as to attendance as well as pleasurable experiences for all.
