

# The New Montgomery Ward & Co. Building at Kansas City

Entirely Constructed of Concrete,  
Steel and Glass.

Fire-proof Throughout

We have a large business and many friends in the West and Southwest.  
We want more business.  
We want more friends.  
We want more business from old friends.

This we have merited by establishing a branch house in Kansas City, which saves you 460 miles of freight you formerly paid from Chicago, saves you both time and money. This saving will mean much to you in the course of a year's business, will mean more business for us, and, consequently, still lower prices in the future.

## KANSAS CITY is the Gateway to the Southwest

Kansas City is one of the most favorably located commercial centers of the country. With its twenty railroads radiating in all directions, it is the natural distributing point for a rich territory thousands of square miles in area. Customers living in all states west, northwest and southwest of Kansas City are now able to buy their supplies direct from our Kansas City branch, saving time, saving freight and money. Our unexcelled railroad facilities enable us to load and unload several freight cars under cover at our own platforms inside our new Kansas City building. Hence we can serve our hundreds of thousands of customers more quickly and cheaply now than ever before.

business extends over the entire world, and our Chicago building is said to be the largest in the world, while our Kansas City building is, as you can judge from the illustration above, one of the finest, handiest and most substantial buildings in the southwest, and of ample size. We occupy the entire building and carry here a very large stock of goods, ready to fill your orders.

Our goods are the actual quality claimed and are often better qualities than are obtainable outside of the largest cities.

Our various machines, tools, implements, musical instruments, sporting goods, electrical goods, etc., are standard makes and the same first quality goods that obtain higher prices in usual stores.

## This is Our Thirty-Eighth Year

To those who have traded with us during our 37 years of successful business, no word of introduction is necessary. To others, we wish to say that the idea of doing business by means of a catalogue originated with Mr. Ward in 1872. Today our

## We Save You From 10% to 60%

on everything you buy of us, and this on goods of standard quality. If you have our latest large Catalogue, No. 77, take it down and send us an order. We are ready to fill same promptly and save you considerable money on your purchase.

If you have not a copy of our large No. 77 Catalogue, we will send you one free and prepaid on request.

### Goods Must be Weighed.

The new statute concerning weights and measures goes into effect this week and all people

will receive absolute fairness in weights and measures. Every merchant will be required to weigh the goods as they go into his store, as well as when they go out.

Every print or package of butter must weigh sixteen ounces, avoirdupois, or have a statement of its net weight attached.

Berries and other small fruits, whenever sold in boxes, shall contain one dry quart or pint, unless the package is labeled with the net contents.

All bread, with the exception of that which contains a greater part of rye or maize, shall be sold in whole, half and quarter loaves. Each whole loaf weighing two pounds, upon request, must be weighed in the presence of the purchaser.

### WE ARE

Specialists in the monument business and can furnish you a monument in any design in granite or marble that has all the desirable qualities for a monument—beauty, durability and color. We can make you a good monument at a reasonable price and respectfully solicit a share of your business. Let us figure with you.

### \$10 REWARD

For evidence which will convict the party or parties who have been damaging the property of the Baxter Telephone Company, by breaking glass insulators or otherwise.

E. W. Dow, Manager.

### FOR BARGAINS

Watch the windows of the Baxter Paint and Wallpaper Co.

The water system at Reunion park is being improved. During one of the sudden freezes last winter the pump down in the pumping plant was broken and damaged considerably, and it was deemed advisable to overhaul the entire plant and put it in good shape before it will be needed.

### The City Council.

April 27, 1909.

Council met in regular session, with Mayor Jones presiding and all members of the council present.

Minutes of the last meeting were read and approved.

The petition of Joe Kelley et al. for a light on South Military street was referred to the light committee.

Bills were allowed and ordered paid as follows:

W. C. Dills, sidewalk stub, \$7.92.

Decker & Chapman, sidewalk work, \$32.44.

G. Nichols, street commissioner, pay roll, \$5.

Joe Kelley, helping city engineer, \$3.45.

E. H. Cullison, legal work, \$3.25.

Albert Watson, work with team, \$9.

W. M. Jones, for railing and work on sidewalk on North Military street, \$38.05.

C. L. Opperman, postage for the year 1908, while city treasurer, \$1.

Water Company, water for sprinkling, \$15.

C. M. Jones, transportation for pauper, \$1.58.

The bill of E. B. Morgan, \$50, for services as counsel for the city in some damage cases, was referred to the committee on claims and accounts.

The bid of Decker & Chapman, 38c per lineal foot, for the concrete curb and gutter to be built on Military street, was accepted. There were two other bids, but this bid was much the lower. A bond was ordered filed in the sum of \$600, and the city attorney was told to draw a contract to be entered into by Decker & Chapman.

The mayor appointed his committees as follows:

Ways and Means—Connor, Hartley, Harvey.

Claims and Accounts—Youse, Harvey, McAboy.

Laws and Ordinances—Hartley Connor, Nichols.

Fire—Harvey, Hartley, McAboy.

Streets and Alleys—Harvey, Connor, Hartley.

Police and License—Nichols, Youse, Harvey.

City Property—McAboy, Youse Hartley.

Cemetery—Harvey, Connor, Hartley.

Library—McAboy, Connor, Youse.

Light and Water—Connor, Hartley, Nichols.

Council then adjourned to meet Tuesday evening, May 4.

### Cherokee County lands to be sold to pay delinquent taxes.

The county attorney has been directed by the commissioners to bring action to have all lands in the county, against which the county has a tax lien, sold to satisfy taxes do. Persons whose property has been sold for taxes can save costs by redeeming their lands within the next four weeks and before this action is brought.

A. SHEARER,  
D. M. BOYCE,  
JOHN COLLINS,  
Commissioners.

Some sections of the country have suffered severe damage within the past ten days from hail storms and winds, but this section has passed through unscathed. For all of which we are truly thankful.

An electric line project, backed by local people, is on tap in this city. It is very likely we will be able to tell the whole story within a very short time. The project is to build a line from this city to Lincolnville, the line in this city beginning at the Frisco station. Considerable encouragement has been met with and it may be that the project can be financed all right.
