If you are a kicker and see the shadow of failure in everything that is proposed to help the town, for heaven's sake go into some secluded canyon and kick your own shadow on the clay bank, and thus give men who are working to build up the town a chance. One long faced, hollow-eyed, whining kicker can do more to keep away business and capital from a town than all drouths, short crops, chinch bugs, cyclones and blizzards combined.—Ex.

The American Flag on Every School House.

The last Kansas Legislature enacted a law, chapter 319, laws of 1907, requiring the school officers of every district in this state to provide an American flag for the school building. The publisher of the Kansas Farmer, Topeka, Kansas, has procured a stock of standard flags sufficient to supply every school district in the state and propose to furnish a splendid American flag for each school house free of cost to the district. Write to the Kansas Farmer about it.

Entertainment 1907-8.

The Wa-Keeney Entertainment Association announces the following course of six numbers for the season of 1907-8. Examine the list.

November 2—W. Powell Hale, the entertainer. Impersonations, monologues, etc. It is said that Powell Hale is better than Marvin Williams who was with us last winter; in fact, Mr. Williams says so, himself. Those who heard Williams will ask nothing better, and no other recommendation is needed.

November 28—Marshall Choate Crouch in "The Simple Life." This is a popular lecture, full of humor and pathos and sure to amuse, instruct and elevate. The time is Thursday evening, Thanksgiving day. The Golden Belt Educational Association meets here on the following days and all teachers should attend this lecture, though it has no connection with the Golden Belt.

January 10—The La Dell-Fox Concert company, of Canada, including a reader and a violinist; four people. If there is any music in your soul you will want to hear this company.

February 4—Hon. G. A. Gearhart in "The Footprints of the Centuries." This is the one solid lecture of the course and should appeal to all thinking people.

March 5—The Royal Male Quartette, including two violinists and a reader. Male Quartettes have always been popular with Wa-Keeney audiences and this one alone will be worth the price of a season ticket.

The executive committee is negotiating for another number, a musical number if it can be secured, but cannot announce the date at this time. By buying season tickets now the purchaser is sure of getting six numbers, and probably seven, for the former price of five.

Season tickets will be placed on sale at the drug store Saturday, October 19, buy now and get good seats. The prices are as follows: Season tickets, adults \$2; school pupils \$1.50. Single admission 50 and 35 cents.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn out and all run-down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Freitort, Moosup, Conn.

John Shirley of Lucas, Kansas, writes to the Topeka Capital about an experiment made in the early days of planting corn in winter, as follows: When I came to my homestead on the head waters of East Wolf creek in Russell county in the month of August, 1878, I saw a small patch of corn in the neighborhood that had reached maturity several months before. I learned that it was a patch of five or six acres that had been planted by a Mr. Dalton in the month of December the year before. The patch yielded a fair average crop. I had no knowledge of this experiment ever having been tried anywhere else in the state, but I have often wondered why it was not. It is certainly practicable and most seasons possible to raise a crop of corn from December planting, which should mature early in July or even earlier. It is an experiment well worthy a trial. Kansas is ahead in many respects and when the farmers of the state get to raising corn from December plantings it will be among the leaders as a corn growing state.

I. O. O. F. Resolutions.

Long years ago the decree went forth that "All that is born must die." Friend after friend departs—Who hath not lost a friend? There is no union here of hearts That finds not here an end.

No distinction is made between the rich and poor, the exalted or humble—all must meet on this common level—all must submit to the dominion of death.

Once again we have been called to follow a brother to the tomb, there to take a last look upon his familiar face and to say farewell. Gloomy indeed would the parting be were it not for the happy thought of the time when friend and fraternity will be reunited never again to part. Another brother has paid the last debt triumphantly singing as his feet touched death's dark river. O death, where is thy sting? O grave, where is thy victory?

In the death of Brother Chalk Wa-Keeney I. O. O. F. Lodge, No. 304, loses one of its oldest and most efficient members, one that ever was a stalwart champion of all those exalted tenets of which we boast and of which we are proud. A brother that never failed or faltered, but in foul weather as in fair, stood by his brothers. A brother always ready, always willing to do his part in any movement that was for the good of the order. Sacrificing time and self to build up the different orders to which he belonged, he has passed to his reward. Therefore it is fitting and becoming that we, his brothers, should in this manner express our deep regret at his death. Bowing in humble submission to the will of the Great and Supreme Ruler, who in His infinite wisdom has removed our worthy and esteemed Brother Edward Bell Chalk.

Be It Resolved, That the wisdom and ability which he once exercised in the and for our order, his loving service, his wise counsel, will ever be held in grateful remembrance.

Resolved, That the removal of such a useful life from our lodge leaves a vacancy that will never be filled, and cast a shadow that will be deeply realized by all the members of our noble order and will be a loss not easily remedied, to not only his lodge but to the entire community in which he lived and to the public at large.

Resolved, That expressing our deep sympathy with his bereaved widow and family, we, at the same time, express the fond hope that even so great a loss may be overruled for good by Him who doeth all things well.

Resolved, That a copy of these resolutions be spread on the records of our lodge, a copy printed in the local papers, and a copy sent to the bereaved family.

FRANK LINDSAY,
E. T. TRIPP,
H. JONES,
Committee.

Eastern Star Resolutions.

WHEREAS, God in his infinite wisdom and love has removed from our midst our dearly beloved brother, Edward Chalk,

Be It Resolved, By the officers and members of Margaret Chapter, No. 249, O. E. S., of Wa-Keeney, Kansas, who, realizing that in the death of Brother Chalk, we have lost a zealous, faithful and able member, be it further

Resolved, That his earnest and efficient service in behalf of our Chapter be ever gratefully remembered, be it further

Resolved, That our Chapter extend to the bereaved family our sincere sympathy, be it further

Resolved, That our Chapter room be draped in mourning for thirty days, be it further

Resolved, That a copy of these resolutions be sent the bereaved family and a copy spread upon the records of our Chapter, that a copy be furnished each of the county papers for publication.

The Hero of the Hour.

The man who wrestles with the cow and learns the calves to suck, who cast the corn before the swine, is now in greatest luck; for butter's on the upper grade, veal's higher than a kite, pork is climbing up the scale and beef is out of sight; eggs he gathers every day from his crowded chicken coop are almost worth their weight in gold and we are in the soup. His corn brings him a fancy price, it's rising every day, and he rakes in all kinds of money for a half a load of hay. The farmer is in the saddle and when he comes to town the rest of us by right

Strain too Great.

Hundreds of Wa-Keeney Readers Find Daily Toil a Burden.

The hustle and worry of business men. The hard work and stooping of workmen. The woman's household cares. Are too great a strain on the kidneys. Backache, headache, dizziness. Kidney troubles, urinary troubles follow. A Wa-Keeney citizen tells you how to cure them all.

J. J. Hyde, living at Drummond House, Wa-Keeney, Kan., says: "My occupation requires me to be on my feet in a half bent position and this is what gives nearly all the weak backs to those in my profession. However, besides the backache attributable to my work, there were too profuse and frequent passages of the secretions, so I made up my mind to try Doan's Kidney Pills and I got a box at W. W. Gibson's drug store. They helped me all right and besides correcting the kidney action, they relieved the backache. I can recommend Doan's Kidney Pills as a good medicine for such cases, and I shall advise their use whenever I get a chance."

We wonder how many of our readers have noticed the difference between the man who has been married but a short time and one who has been married several years. You can always tell a young husband from an old one. When a man has been married a few months, you will generally see him working in the garden or fixing up about the house and while he works he whistles, or sings, or occasionally looks up towards the window to see if anyone is watching him. A year later he is still working in the garden but the smile has been exchanged for a frown and he occasionally looks up towards the house wondering why in thunder breakfast is not ready. Another year rolls by and his looks would sour milk, but he is still at work, stopping occasionally to kick the dog or throw a brick at the cat. The next year we find him sitting on the porch, smoking his pipe, while his wife does the digging in the garden. Now just watch our young men, as one by one, they are caught in Cupid's net and see if this rule does not work out the problem correctly.—Ex.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine."

Whenever we hear of the killing of an automobilist through some accident to his machine, our admiration for old Ned, our twenty-year-old family horse, grows a bit more firm. Old Ned doesn't lose his spark plug, his supply tank doesn't give out, and he has never yet had a farmer's team to haul his load home, either. Of course we have had to put shoes on him occasionally—but they don't cost \$160.00 a set—Gomer Davies.
