### Library Notes.

At the last meeting of the Tourist club the library affairs were discussed and reports of the working of other libraries were listened to.

All libraries instituted by women's clubs charge their patrons a dollar a year, experience showing that is the least by which a library can grow and live.

As the first year of the existence of the Wa-Keeney Public Library had now expired, on motion it was voted that the cards for the year 1907-8 be given out on payment of fifty cents by each patron.

All patrons of the Wa-Keeney Public Library please take notice—all cards now out must be handed in and new cards will be issued for the coming year on payment of 50 cents.

Please come prepared to get your new cards. This fee entitles the holders of cards to the use of all libraries without extra charge.

Many of the libraries in this state have been begun in a very small way by the women's clubs. Salina opened their library with only about fifty books and now are beautifully and conveniently housed in a Carnegie building.

Abilene began small and soon will erect a handsome Carnegie library.

Minneapolis women still run their library themselves.

After hearing of the libraries and their methods, we can take new heart and courage that we are in the right way and not a whit behind the best of them, considering the time we have been at work.

### Mother's Meeting November 15.

### Locust Club Notes.

The Locust club met at the home of Mrs. Moore last Friday, October 18, and a most interesting program was rendered. The subject of the day was "The Aborigines". Every number on the program was rendered. Most excellent and interesting papers were read by Mesdames Poffenberger, Hardman, Blair, Wollner, Smith and Wonner. Several curios were taken for exhibition. Mrs. Blair also gave some illustrations on the piano of the early Indian music. The hostess served dainty refreshments.

The Locust club meeting for November 1st will meet with Mrs. Basil Roloson instead of Mrs. Gleason. Let the club members take notice of this changed date.

### Mrs. Olin F. Cheney Dead.

This morning a gloom was cast over our city when the news was spread that Mrs. Olin F. Cheney passed away last night at 7:30 o'clock. She had been a great sufferer for years but five weeks ago she took decidedly worse and though all care and medical aid possible were given her it was to no avail and last night after a day of terrible agony the end came. Funeral services conducted by Rev. H. O. Holter will be held at the house at 2:30 p. m. tomorrow followed by interment in the Belleville cemetery.

Emma Kennedy was born in Waverley, Morgan county, Ill., August 1, 1854, and died at her home in Belleville October 2, 1907, aged 53 years, 2 months, and 1 day.

She was married to Olin F. Cheney at Cuba, Kans., July 4, 1873 and to this union four children were born, Mrs. Robert McIlvane, Mrs. Dr. Decker and Lawrence and Flossie Cheney all of whom survive her.

She was a loving mother and faithful wife and her friends were numbered by her acquaintances.

A number of years ago she united with the Methodist church and remained a true and faithful member until her death. Besides husband and children she leaves four sisters Mrs. Fannie E. Pitner and Mrs. Mary E. Thomas both of this city, Mrs. Hattie Ingham of Garden City and Mrs. Mattie Ross of Los Angeles, Cal., and one brother, George W. Kennedy of Cuba, and a host of friends to mourn her loss.—Belleville Freeman.

[The deceased will be remembered by many old readers of World who extend sympathy to those bereaved]

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. W. W. GIBSON.

For sale—Large folding bed (new). R. H. Burns.

### Kansas City Market Report.

Kansas City Stock Yards, Oct. 22nd, 1907.

The cattle market has a lower tendency this week with the exception of stockers and feeders, which are selling steady. A big run of rangers at Chicago yesterday had a bad influence, and there is also a disposition all over the feeding section to push cattle on the market in an immature condition, that have been on feed a short time, or were being fed corn on the grass, because of the recent advances in the price of corn. Supply here today is 17,000 head. Range cattle are coming freely and will likely keep on coming till a bad storm stops shipping. In spite of the advance in corn prices, feeder buyers are active here this week, and trade in this line has been of the customary large volume right along. Prime fed steers are scarce on the general market. Some fancy fat steers that were on exhibition at the Royal show here last week sold Friday at \$7.75 to \$8.25, but the top otherwise was \$6.90. Best price today is \$6.60, with a fairly large number of fed steers at \$6.00 to \$6.60, half fed steers at \$5.25 to \$6.00, grass steers \$3.75 to \$5.25, cows \$2.75 to \$3.50, heifers \$3.00 to \$4.25, bulls \$2.40 to \$3.75, veals up to \$6.50, heavy calves \$3.25 to \$4.50, stock steers \$3.00 to \$4.40, feeders \$3.75 to \$4.75. Some show steers in the range division of the Royal sold at \$4.75 to \$5.35 to go back to the country. October cattle receipts will show a gain over the same month last year, but are not quite as heavy as during September this year.

The hog market is breaking badly this week, market off 5 to 15 cents both yesterday and today, top today \$6.15, bulk \$6.00 to \$6.10. The heavier weights are coming to the front rapidly, and all weights sell pretty close together where quality is equal. A good many inferior light hogs sell under \$6.00, and pigs \$5.75 to \$5.90. Receipts are gradually increasing here, 49,000 here last week, and 12,000 today, which is about 20 per cent heavier than the supply was running a year ago at this time.

Sheep and lambs are coming in moderate numbers, and the market is firm. A large proportion of receipts are sold for the country, demand for which class holds up good. Feeding lambs bring \$6.00 to \$6.60, wethers and yearlings \$4.75 to \$5.40, breeding ewes \$4.25 to \$5.75. Fat lambs bring \$7.00 to \$7.35, some fancy wethers yesterday at \$5.75, ewes up to \$5.35. The range season will close early in November. No fed stuff has been offered yet this fall.
