Kansas City Market Report
Kansas City Stock Yards, June 20, 1911.

The panicky feeling around the yards last week, which anticipated big runs of live stock this week from various dry sections of our territory has been proven to have been groundless. The cattle supply yesterday was less than twelve thousand head, including the 1500 calves that came in, and the run yesterday, which makes a total for two days, eight thousand head less than for the same days last week. While the moderate run this week does not prove that the country is not suffering from dry weather in many places, it does show that cattle holders are able to protect themselves, by moving their cattle to other pastures, or to where water is available, and that there will be no wild scramble to market until that action is a last resort. Prices are stronger on all kinds this week, fed grades up 10 to 15 cents, and even the lower grades firm, as the supply this week is below expectations of the buying side of the market. Exporters are taking some cattle now, while a year ago at this time no business of this kind was being done. In May nearly twenty thousand heavy beef steers were exported, against less than one thousand and head in May last year. Best fed steers are worth up to \$6.40, though \$6.25 is the top price paid here this week for steers. Prime heifers brought \$6.30 here yesterday. Bulk of the native steers sell at \$5.25 to \$6.20, quarantine steers \$4 to \$5.25, native cows \$2.25 to \$4.75, heifers \$4.25 to \$6.30, bulls \$3.00 to \$4.75, calves \$4 to \$7.50, stock steers \$3.25 to \$4.80, feeders \$4.25 to \$5.15.

Hog supply today 16,000 head, only a few more than half as many as came in last Tuesday, market 5 higher, top \$6.25, bulk \$6.15 to \$6.20. Trade conditions favor a continuation of strong prices for hogs, as the demand is heavy from all sources, and for every kind of pork product. Exports of lard in May aggregated fifty one million pounds against twenty five million pounds in May last year. Exports of bacon, ham and fresh pork more than doubled in the same month, over May last year. Domestic demand shows a similar expansion, which indicates that under the present volume of receipts the market is likely to remain firm.

Sheep are stronger this week, lambs fluctuating, but springs still selling up to \$7. Wethers brought \$4.05 today, yearlings \$4.60 yesterday, ewes selling at \$3.25 to \$3.50, goats around \$2.75. Texas and Arizona are contributing a fair share of the receipts this week, but the big movement from those states is over for 1911. Run today is 9500 head.

Market Correspondent.

The foregoing indebtedness must be paid either by an issue of bonds or by a heavy taxation; if a majority of the qualified electors of the city vote in favor of a bond issue at the election on the 10th of July the bonds will be issued and the payment of the debt thus distributed over a number of years. If the people do not favor the bond issue, the council will have no other alternative but to make as large a tax levy as the law will permit.

Women Don't Suffer

One of the most delicate subjects for discussion is that dealing with the menstrual ailments of women. Excruciating pains are suffered, permanent injury to the female organs sustained without even consulting the family physician. After years of experimenting we make a tablet whose merit has already been proven.

"MENSTRONE TABS"

are the result of scientific experimenting and are absolutely harmless in character. They are to be used for Colicky bearing down pain, headaches and painful menstruation, and have a tendency to restore the female organs to their normal condition; contain no opiates or habit forming drugs. **W. FAIR EXCHANGE

A New Back For An Old One—How It Is Done In Wa-Keeney

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame, to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Wa-Keeney citizen.

J. H. Murray, of Wa-Keeney, Kansas, says: "I used Doan's Kidney Pills and found them very beneficial. My back was very lame and ached constantly and my kidneys did not do their work as they should. When I stooped or lifted, sharp pains darted through me. After using Doan's Kidney Pills a short time, the lameness and soreness disappeared and my condition improved in every way. I do not hesitate one moment in giving Doan's Kidney Pills my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
