County Treasurer.
E. L. MORSE,
Deputy.

Mexico Rejoices For One Month
September Will Be One Continuous Holiday.
Every Nation With Which Diplomatic Relations are Sustained Has Representatives Present—Warships on Both Coasts.
Mexico City, Sept. 1.—September will be one continuous holiday throughout the republic of Mexico, as the inhabitants of this country have set aside the month to celebrate the centennial of their independence. Just 100 years ago Father Miguel Hidalgo, Mexico's first and greatest champion of liberty, organized the revolt against the mother country which ultimately resulted in Mexico's freedom and the death of that brave patriot, and the promoters of the centennial have planned some event for every day in the month to honor the brave men who died in the cause of liberty.
Monuments will be unveiled, new public buildings will be dedicated; there will be parades and bull fights, literary and athletic contests, as well as banquets and receptions.
Every civilized country in the world which Mexico maintains diplomatic relations with will be represented at the centennial and foreign warships will lie at anchor in the harbors on both coasts.

JOHN BROWN AND NEW INSURGENCY
As Before Civil War Special Interests Corrupt.
ROOSEVELT AT ASAWATOMIE

In His Speech Dedicating Battle Ground Park He Attacked Enemies of Civil Government as He Sees Them.
Osawatomie, Kan., Sept. 1.—Dedicating the John Brown Monument and Battle Ground park of Osawatomie, the "Great Insurgent," Col. Theodore Roosevelt, practically preached the doctrines and principles of modern insurgency. Just about every issue that insurgency has embraced was endorsed by Roosevelt.
He declared that the United States is face to face with a crisis as important as that which brought about the Civil War.
Free From Sinister Control.
"Our governments, national and state, must be freed from the sinister influence or control of special interests," he said. "Exactly as the special interests of cotton and slavery threatened our political integrity before the Civil War, so now the great special business interests too often control and corrupt the men and methods of government for their own profit."
Attacking bloated fortunes, the ex-president demanded "the destruction of special privilege" and urged, in lieu of government ownership, regulation of all corporations doing an interstate business "based on the full knowledge of all the facts, including a physical valuation of the property."
Again, "We should permit fortunes to be gained only as long as the gaining represents benefit to the community."
Better Conditions for Labor.
Mr. Roosevelt urged better working conditions for the laboring men, declaring that countless men were kept from being good citizens by the conditions of life with which they are surrounded. He also urged campaign contributions publicity.
Government supervision, he said, should be exercised not only over public utilities corporations, but all corporations doing an interstate business, especially such combinations which control the necessities of life, such as meat, oil, coal, etc.
He characterized the amendment to the Hepburn act, passed by the last session of congress, as "a long step in advance," and expressed the belief that directors of corporations should be held directly responsible when any corporation breaks the law.
In speaking of the tariff, the colonel expressed confidence in an expert tariff commission, who would investigate the rates and then recommend changes from time to time.
The elimination of all corporations and special interests from politics, however, occupied most of the colonel's time. "In this connection he urged the complete publicity of all corporate officers and stated that every national officer, elected or appointed, should be forbidden to perform any service or receive any compensation directly or indirectly from interstate corporations and added that a similar provision would not fail to be useful within the states.

He also expressed the belief that the prompt removal of unfaithful or incompetent public servants should be made easy and sure. A direct primaries law and a graduated inheritance and income tax were other measures that the former president expressed his belief in.
Stands for Square Deal.
"I stand for the square deal. But when I say that I am for the square deal I mean not merely that I stand for fair play under the present rules of the game, but that I stand for having those rules changed so as to work for a more substantial equality of opportunity, and of reward for equally good service."
No Votes for Corporations.
"We must drive the special interests out of politics. That is one of our tasks to-day. Every special interest is entitled to justice—full, fair and complete—but not one is entitled to a vote in congress, a voice on the bench, or to representation in any public office. The constitution guarantees protection to property and we must make that promise good. But it does not give the right of suffrage to any corporation."
Gov. Stubbs Oppoints Bulger
He Was the Nominee for District Judge in Cherokee County, When Vanehey Occured.

Topeka, Sept. 1.—J. J. Bulger of Baxter Springs has been appointed judge of the district court in the Eleventh district, Cherokee county, by Gov. Stubbs. C. A. McNeill of Columbus resigned as district judge a week ago to resume the practice of law. Bulger is the Republican nominee for the place and Gov. Stubbs decided to appoint him to the vacancy instead of taking a man who would have to go out of office in January.
Root Sells for Nome.
Southampton, Eng., Sept. 1.—Senator Elihu Root, who headed the American counsel in the New England Fisheries dispute before The Hague arbitration tribunal and Mrs. Root called for New York on the Kaiser Wilhelm Der Gruege.

"The Blood is The Life."
Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, the mind and judgement are clouded, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Purify impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It purifies and enriches the blood thereby curing pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.**
In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvellous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in connection with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."
You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

MONUMENTS
of classical design and correct proportions need not necessarily be expensive. We carry a large stock of finished work at all times, some of which we are sure will please you, both in design and price. Call and let us show you.
We can fix your clock or watch or jewelry right.
See our new display of Jewelry, Eye Glasses and Spectacles.
PRICES RIGHT.
