

MONOGRAM HAWAIIAN PINEAPPLE

Is Packed Where Grown, on the Hawaiian Islands

This fruit is allowed to fully mature before being cut, and is packed in cans within two hours from the time it is taken from the field, thus all the flavor is retained and the hard fibrous matter usually found in Pineapple, is absent. The only cheap thing about this pineapple is the price.

Large cans, either sliced or grated	- -	25c
Medium cans, either sliced or grated	- -	20c
Small cans, sliced	- -	15c

Please remember each can is guaranteed to please you.

HIGH SCHOOL NOTES.

An open meeting of the English Play Lovers' club will be held next Friday night, December 19, in the high school auditorium. The club will play Dickens' "Christmas Carol." Patrons of the high school and their friends are invited to come and see the show. No charge for admission will be made.

Prof. P. H. Apel, the musical director of the high school, stirred up quite a little enthusiasm in a short talk to the students in chapel Wednesday morning. The purpose of his speech was to arouse spirit in the student body for the restoration of the high school orchestra to the school's activities. The result was

ERUPTION LIKE RINGWORM ON FACE

Covered with Watery Blisters. Itched and Burned Terribly. Little Rest at Night. Cuticura Soap and Ointment Entirely Cured.

Lock Box 35, Maurice, La.—"The spring of 1911 our little daughter, age five years, had a breaking out on her lip and part of her cheek that we took for ringworm. It resembled a large ringworm, only it differed in that it was covered with watery blisters that itched and burned terribly, made worse by her scratching it. Then the blisters would break through and let out a watery substance. She was very cross and fretful while she had it and had very little rest at night. When the eruption was at its worst the teacher of the school sent her home and would not allow her to attend until the disfigurement of her face was gone.

"We tried to kill it by applying ointment and then broke out again. I then wrote and received a sample of Cuticura Soap and Ointment. We washed the sore with the Cuticura Soap and applied the Cuticura Ointment and they gave instant relief, so we bought some more. It gradually grew better. We kept on using Cuticura Soap and Ointment and in three or four months the child was entirely cured."

(Signed) Mr. Henry Prink, Oct. 28, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold every where. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." See also who share and share with Cuticura Soap will find it best for skin and scalp.

that there was quite a large turnout at orchestra practice Wednesday night.

The physics students are trying vainly to see clearly the mechanism of steam engines.

The class pins of the seniors have arrived at last. Everybody is pleased with the design of the pin, which is in the shape of an arrow head.

The last meeting of the German club before the Christmas holidays was held Thursday afternoon at 3 o'clock. After an opening song and a review of the minutes by the secretary, the third part of the German novel, "Ekkehard," was given in English by Elizabeth Wyandt. Then followed three German stories told by Miss Nina McLatchey, the German instructor; Terry Gish, and Miss Helen Whitehair. A few songs were then sung, after which the club adjourned.

The prospect for a good basket ball team this year is unusually good. Four men are back from the regular 1912-13 team. The candidates for the remaining position number about 15 and competition is strong. As yet the team has not had much practice on account of the lack of a gymnasium. Last fall, the girls' team practiced back of the high school building but that was impossible for the first part of the week on account of the mud. Practice outside will be impossible when it becomes cold. By the 15th of this month we expect to play in the old Redman garage on West Second street. It is a detriment to a town of this size not to have a modern gym in connection with the high school. Solomon has one with a high school enrollment of 75; we have 208. People are coming to see the importance of systematized exercise and gymnasiums are being built all over the world. There is much feeling against athletics in Abilene and some people claim that all lines of sport ought to be ruled out. These people ought to study a physiology as we do and see how essential exercise is to the body. Abilene people, for the most part, grew up on the farm where they had plenty of exercise doing chores before school time and then walked a mile to school. But how are we to get this exercise unless we get it in either athletics or in a gym? And since we do not have a gym, the only thing left is athletics. People say that athletics only help a few, and that these few are then to be congratulated. What we want is a course of training for those who do not engage in athletics. If some of those people who have long doctor bills or have weak bodies could only be made to see that it would be a saving proposition both for themselves and for their descendants all would be well. For example: The father of one of the basketball girls asked Professor Steeper, the principal of the high school, if basket ball was going to be played again this year. When informed that it was, the father said that he was greatly in favor of it because his daughter had never gotten through a winter before without a sick spell until she took up basket ball. A strong mind in a strong body is getting to be the motto of many of the educators in America and Abilene ought not to be otherwise than up to the standard.

An extra long chapel was held Friday morning. Prof. P. H. Apel, the music instructor and H. E. Ackers were the speakers of the

morning. Letters were awarded to the football squad. Mr. Apel gave statistics showing the enormous amount of money spent annually in the U. S. for music and musical instruments. Mr. Ackers, president of the school board, gave a very interesting speech. Prof. H. T. Steeper awarded letters to seventeen of the football squad. Five of the boys Briney, Kyle, Walters, Garver and Stanley, have received letters for two seasons and were presented with a star to be worn on the "A." Those receiving "A's" for this season were: Ross, Roop, F. Little, Garvie, Waring, H. Gish, W. Gish, Geoffroy and Weller. Three boys, Kehler, Samson and H. Little worked all season but had not played the required number of games to receive an "A" and the athletic board presented them with an "R" for reserve.

The physics class has been studying the principle of the steam engine. Friday morning Henry Gish brought his small steam engine to school and Prof. G. A. Anderson connected it with two small boilers in the laboratory. Mr. Anderson ex-

plained every mechanism of the engine and then opened the throttle and set the engine to running.

The manual training class is very busy making Christmas presents of various kinds. They are constructing reading lamps, book cases, pedestals, foot stools and various other articles of furniture.

TEACHER RESIGNS TO ESCAPE PROSECUTION

Iola, Dec. 13.—Confronted with prosecution for assault and battery and because her pupils voted for her dismissal, Miss Susie Austin resigned her position as a teacher in the Gas City public schools.

For alleged impudence and flipping a bean across the aisle, Miss Austin whipped Ray Miller, 12, with a rubber hose. His father demanded that the teacher be prosecuted and the county attorney investigated. Going to Miss Austin's room he asked how many pupils wanted a new teacher. Many hands went into the air. Miss Austin was given the alternative of resigning or being prosecuted. She chose the former.

PRIZES FOR KANSAS DAIRYMEN

K. S. A. C. Holds Contest Jan. 2 at Manhattan.

Manhattan, Dec. 13.—Dairymen of Kansas have a chance to win prizes valued at \$100 by exhibiting samples of milk, country butter and creamery butter at the agricultural college January 2, when the State Dairy association meets here. The prizes consist of milk-testing outfits of several sizes, patented stanchions, milk scales, sanitary milk pails, and milk stools, a carving set, and a number of cash prizes.

The State Dairy association was organized only a year ago, but its membership includes the leading dairy farmers and creamerymen of Kansas.

GULF RAILWAY IN FINANCIAL STRESS

Kansas City, Dec. 13.—The financial storm in Europe which caused a liquidation of the Franco-American bank in Paris has brought temporary distress to the Missouri, Oklahoma & Gulf railroad, of which William Kenefick of Kansas City is president. The road extends 335 miles from Denison, Tex., to Baxter, Kan., where it has traffic arrangements with the St. Louis & San Francisco and the Missouri Pacific for reaching Joplin.

A receivership suit was brought in the federal court at St. Louis before Judge Hook. Mr. Kenefick was appointed receiver.

After a hearty meal, take Doan's Regulite and assist your stomach, liver and bowels. Regulite are a mild laxative. 25c at all stores.

MANHATTAN HAS \$100 IDEA ABOUT GOOD ROADS

Manhattan, Dec. 13.—The Manhattan Commercial club voted to give \$100 to the Eureka lake road fund. This money will be turned over to the committee that has charge of the road building, and will be used with that subscribed by merchants and others.

GIRL KILLED BY A BOMB SENT BY EXPRESS

New York, Dec. 13.—Anna Anuzwitz, a girl of 18, employed as confidential bookkeeper of the O. K. Bottling company, was killed by a bomb sent to her employers by express. Thomas McCabe, managing salesman, was cut in the head by flying metal and Michael Ryan, an employe standing outside the office, was injured by shattered glass. The office was wrecked.

TELL OF MORE GRAFT IN JOHN DOE INQUIRY

New York, Dec. 13.—James E. Flood and John B. Davis, president and treasurer, respectively, of the Flood and VanWirst Engineering and Construction company of Hudson Falls, N. Y., testified at District Attorney Whitman's John Doe inquiry into state highway graft that their corporation had given \$4500 to the Democratic state committee because they feared contracts the concern had with the state highway commission and the canal board would be held up.

S. W. KANSAS EDITORS MEETING AT WICHITA

Wichita, Dec. 13.—The Southwest Kansas Editorial association is holding its semi-annual social convention in Wichita. Fifty editors are present.

SAYS PROSECUTION OF WHITE SLAVERS NOT LAX

Washington, Dec. 13.—Direct denial from the department of justice that there has been any relaxation in the prosecution of white slave cases was laid before the senate by Senator Kern.
