STRIKERS TIED UP KANSAS CITY

Only 15 Street Cars Were Running This Afternoon.

DEMAND THAT THEY UNIONIZE

Condition Growing Worse and by Night Is Expected Every Car Will Be Stopped—No Violence Reported.

Kansas City, Aug. 8.—Street car traffic here is demoralized by a strike of 1,000 or more motormen and conductors. By night it is expected all cars will stop as condition is growing worse. Strikers demand the right to form a union, denied them heretofore, and reinstatement of men discharged for all prohibition activities. Many crews quit cars on the street. The Metropolitan refuses to give in. Practically no violence is reported. At 2:30 o'clock not more than fifteen cars were running in greater Kansas City.

HIG BUSINESS FAVORED POOR MAN CARRIES LOAD

Washington, Aug. 4.—Chairman Kitchin, of the house ways and means committee, declared in a statement tonight that "intolerable inequality" in favor of the more prosperous has been written into the war tax bill by the senate finance committee. In rewriting the ways and means committee's measure, said Mr. Kitchin, the senators have taken an enormous load of taxation from the big business concerns and placed it on the shoulders of the farmers, the small business man and others having modest incomes; have stricken out by wholesale the house proposals for taxes on luxuries, substituting levies on necessities; have eliminated income tax schedules that would have taken needed millions from the incomes of the rich, and have added a grossly inequitable excess profits section, which is impossible of administration.

AMERICAN SCHOONER THE VICTIM OF GERMAN SUB

St. John, N. B., Aug. 3.—The torpedoing on July 27 of the American schooner John Twohy, 1,019 tons, was reported here yesterday.
