WHAT PEOPLE WANT TO KNOW.

When Dr. Dulin and Prof. Boring will have their first joint discussion?

When Pete Davis will go to Oklahoma? Who will be County Judge if Dempsey knocks the Owensboro plum?

Who will be the next couple to elope? Will the Earlington girls wear crinolines? When slanders will give their tongues a holiday?

Will George Rash go to Owensboro? Who will take Judge Farnsworth's place? When will the Municipal election take place?

When will Hon. John Lee Payne come home? Will Squire Head accept the post office? Will ducks swim?

When some loafers and dead-beats will go to work?

Two Hearts That Beat as One.

Since the last issue of The Bee Mr. Thomas Gill and Miss Emma Vincent were united in the holy bonds of matrimony.

The happy ceremony took place at Springfield, Tenn. Mr. Gill is an employe of the St. Bernard coal company and the bride is a charming daughter of F. C. Vinson. The Bee extends its hearty congratulations.

He Frightened the Fellow.

An employe of the Hecla Coal Company made himself exceedingly obnoxious last Friday to Secretary W. F. Anderson. So abusive did the employe become that Mr. Anderson felt compelled to draw his "hip pocket playing" and crack down a couple of times. Neither shot proved serious, as they missed the mark. "Distance lent enchantment" to the may-fellow, as he "quit" the office at once.

A Bride at Thirteen.

On last Friday evening, Esquire Priest joined in holy matrimony Mr. Will Ellswick and Miss Mary Jane Jones. The groom is an employe of the Hecla Coal Company. The bride is a pretty girl of thirteen summers, whose parents, residing with her father secured the lady's consent to the ceremony.

On the Upward March.

The Earlington Wine Company is proving to be a great industry. During the past week this company has employed two traveling salesmen to introduce their products throughout Kentucky and Tennessee. They contemplate at an early date the establishment of an office and agency in Louisville.

To Heal the Afflicted.

There is no healthier spot in Kentucky than Earlington. Realizing this fact, Dr. Rucker is endeavoring to establish a Sanitarium in some suitable locality in the town. With energy and a small capital Earlington can easily be made a health resort. Dr. Rucker has the energy and the Hee hoos he may soon succeed in his undertaking.

An Expensive "Pop."

A. L. Hudson was fined in the Municipal Court on Saturday for shooting a firecracker. It was a direct violation of the town ordinance and the fine was expensive. Firecrackers are dangerous even during the Christmas holidays.

The Coming of Sam Jones.

Sam P. Jones, the great evangelist, will lecture at this place some evening during the latter part of this month, for the benefit of the Christian church. In a few days the committee in charge will arrange all matters, and a great throng will no doubt embrace the opportunity to hear this renowned divine. The lecture will doubtless take place at the risk.

Wanted From The River.

Last Friday night, Mrs. Annie Lane, the estimable wife of Curtis Lane, breathed her last. She was a most charming lady and her sad demise cast a gloom over her numerous friends. The sympathy of the community goes out to her sorrowful husband and relatives.

A Good Man Gone.

Mr. Hugh Donahue, an aged and respected citizen of Earlington, breathed his last on Sunday night. He was 74 years of age, and leaves five daughters, one of whom is Mrs. Peter J. Herb, to mourn his untimely loss. Mr. Donahue came to this country in 1840 and settled in Indiana. The remains were taken on Monday to Washington, Ind., where they were interred.

Theatrical Notes.

On last Thursday night Heywood's celebrities held down the boards to a crowded house at the opera house. There are some excellent artists in this troupe whose flexible voices charmed the lovers of music, while Miss Glession, as an impersonator, bore away the palm.

On Monday and Tuesday nights Jolliffe & Hirschhorn's Comedy Company delighted an appreciative audience. This combination is an excellent one. The entertainment is varied in its character and therefore interests an average crowd. Earlington is always ready to patronize a good show.

Efforts, it is said, are being made to secure a good minstrel company at an early day, which will no doubt prove a good drawing card.

If you want a driving or work mare, don't miss Browning's auction sale of Iowa mares, Monday, March 13th, at Bassett & Hibb's stable, Madisonville.

THE NEXT POSTMASTER

Judge Farnsworth's Successor to be Appointed Shortly.

Since the election of Grover Cleveland to the presidency of the United States, the earnest believers in the motto, "to the victors belong the spoils" have been active in endeavoring to secure for their friends the various positions of trust under the Government. The Earlington postoffice is not one of the fattest plums, yet there are several applicants for the place.

At present there seems to be in some quarters considerable doubt as to who will be the general judge's successor, yet, unlike former contests for places, no one seems willing to bet on the result. While grave doubts may exist concerning this matter, no one for a moment doubts that the people of Earlington are now on the lookout to save money.

No one doubts that J. M. Victory has proven himself the leader of low prices, and the introducer of new novelties. There is no doubt about it. He has the largest stock of shoes ever brought to Earlington. On last Monday he received over thirty cases of fine shoes and these, in addition to his already large stock, enables him to show over 200 different styles to select from. He has all new goods, and there is no shelf-worn shoes or old stock in his establishment. He can fit any foot in Earlington from the little wee baby to the tottering old men whose faces are marked with age and who loves comfort. A foot clothed in a stylish shoe always looks well and Victory has got them in abundance.

He is now the agent for M. D. Wells' shoes which are recognized to be the "best" wearers manufactured in this country, and they are beautiful. While he makes fine dress shoes a specialty, he has good shoes cheap and cheap shoes good.

Wells' celebrated Majestic ladies' shoe, a cut of which is here given, is sold for only \$2. It wears equally as well as any other brand of \$3 shoes. Having a white oak tanned sole which is flexible, and a genuine dogola upper, it is made in the latest style and delights all who purchase them. Victory's store is now headquarters for fine shoes. Everyone in Earlington is invited to call around and see the latest thing in shoes whether they wish to buy or not. His children's shoes are simply beauties and must be seen to be appreciated. If you want to be in the swim just now wear Wells' stylish shoes, and they can only be found at J. M. Victory & Co's. Every pair of shoes examined as represented. Be sure and examine this beautiful selection. Nothing like there has ever been in Earlington before.

CHOLERIA IN PENNSYLVANIA.

Swickley, Penn. We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great bit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine. P. P. Knapp, Ph. G.

Will Pritchett and Ed Whitsell called on their best girls one night last week and the next day it turned cold and snowed furiously, but we do not mean to say that these gentlemen were in any way responsible for this sudden and unexpected change in the weather.

A case of measles is reported in town, but whether or not it will be allowed to go further we are not able to say. However, we fear it will interfere somewhat with the school here as quite a number of students are from the surrounding country and will not care to come in contact with the disease.

A mad dog scare prevailed in this community not long since, but as far as we can learn no damage was done. But of one thing we are sure, there are by far more of the canine tribe in this part of the country than we have any use for. We could, we believe dispense with at least nine-tenths of them and then get along admirably well.

HAMBY STATION.

MINING BEES.

The cold weather of the past few days caused the coal business to become more active.

The New mines sent a man South last week to look after their interests in that section of the country.

Some of the miners at Mortons Gap have been suffering from lagrippe, and also a case or two of scarlet fever.

Hecla furnished from among its miners another representative for the Madisonville rock pile last week. Too much liquor again.

The glass and tack eater caught quite a number of the boys last Saturday night, and some of them, no doubt, really believe he eats his hard diet.

Last Saturday while Mr. Eges Smith, one of the Hecla men, was moving a car, his hand was caught and badly mashed, but it is thought by the attending physician that the wounded member can be saved and amputation if it avoided if great care in the treatment is exercised.

Judge Stokes was busy last week making some additional improvements at the Free Library. This new institution is proving quite an attraction for our people who love to read a good book or paper, and how could they better improve their time than reading first-class literature?

Rather a novel way to raise money for marriage purposes was brought in vogue here last week, when a youth who desired to skip to Springfield, Tenn., called on his friends to take up a collection for that purpose. Success attended this move, and through the liberality of sympathizing friends the young couple were soon on their way rejoicing.

The following statistics as regards coal is of interest to all and especially those engaged in its production.

Tons.	
Great Britain, output of coal, 1890	170,000,000
Germany	80,000,000
United States	40,000,000
France	10,000,000
Canada	2,000,000
Sweden	1,000,000
Norway	500,000
Denmark	200,000
Belgium	100,000
Spain	50,000
Italy	25,000
Portugal	12,500
Australia	6,250
Other countries	3,125
Total	310,000,000

In addition to the successful operation of their mines, the St. Bernard Company will soon have in operation a first-class saw-mill.

There are few towns in the State where so many miners own the property they occupy as in Earlington. Yet, many more could be blessed with more of this world's goods if they would make fewer trips to those towns where saloons are in full blast and wherein they spend their hard-
