Doctor Elwood.

The people of Earlington will remember Dr. Elwood, the representative of the Kickapoo Indian Med. Co., who, during his sojourn in town last February, made many friends, and did much to entertain and amuse our citizens. A letter from his wife, on Tuesday spoke of a sudden and dangerous attack of typhoid fever Dr. Elwood was suffering from, and of her great concern. At nine o'clock Tuesday night a message was received announcing the death of the jovial, kindly man. Mr. Joseph Phillips started on the midnight train for Whitesville where Dr. Elwood died. He goes as representative of Victoria Lodge, No. 84, Knights of Pythias, to extend sympathy and offer aid in behalf of the Lodge, as Dr. Elwood during his stay in Earlington became a deeply interested member of the order. All will be shocked by the news of this sudden death and much sympathy will be extended to the widow.

"Mamma, was that a sugar plum you just gave me?" asked little Mabel. "No, dear, it was one of Dr. Ayer's Pills." "Please, may I have another?" "Not now, dear; one of those pills is all you need at present, because every dose is effective."

Sacramento, Saturday.

Walter McGary, captain of the Victors, informs us that the Sacramento Base Ball Club will cross bats with the locals here Saturday. All the "fans" should turn out.

A Substitute.
What do you think about one in war? (Not much.) What about one in peace? A Druggist would substitute something for just as good as Carlstedt's German Liver Powder. Do not trust him. If not in stock, he can order and have it in a couple of days and wait for the genuine. For sale by St. Bernard Drug Store.

Miss Alice Bourland visited in Nebo Saturday.

Some years ago when suffering with an uncommonly severe attack of diarrhoea, Mr. W. B. Gunnip, of Alto, Pa., received through the mail a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I found it to be one of the most effective remedies I ever used. It gave me almost immediate relief. It has no superior, and I think no equal. No bad effects follow the use of this remedy. It is pleasant to take when reduced with water and sweetened. Children like it if never fails. It is the most perfect remedy ever produced for bowel complaints." For sale at 25 and 50 cents per bottle by St. Bernard Drug Store, Earlington; Bess T. Robinson, Mortons Gap; George King, St. Charles.

Hall's Family Pills are the best.

The young lady who wanted her sweetheart close at hand, explains it on the ground that 'twas only a high fever of her own.

What causes bad dreams is a question that has never been satisfactorily answered; but in nine cases out of ten, frightful dreams are the result of imperfect digestion, which a few doses of Ayer's Sarsaparilla will effectually remedy. Don't delay--try it to-day.

The Dog Show.

One of the most pleasing, interesting, and instructive entertainments ever afforded the people of Earlington, will exhibit Tuesday Aug. 11th for one day only, afternoon show at 2:30 and evening performance commencing at 8 o'clock. F. J. Gentry & Co., new dog and pony show comprising 100 Equine and Canine Marvels. The crowning conception of animal intelligence. Horses that talk in their own way, dogs in their varied acts, performing feats never before attempted, demonstrating the degree of perfection, that may be attained in animal training. Beautiful little Shetland ponies, the pets of the children who will be better for an afternoon spent with Gentry & Co., and go yourself. It will make you kind to your family.

Admission: children, 75c. adults, 50c.

Tax Payers Look Here.

Marshal Barnett wishes to inform the tax payers that they have consumed the last moment of time that he has got to waste and those who do not wish to pay cost without fair had better come right up at once and "make their ante good," for in self defense he will have to crack down on them according to law immediately. "A word to the sufficient is wise."

A Million Gold Dollars
Would not bring happiness to the person suffering with dyspepsia, but Hood's Sarsaparilla has cured many thousands of cases of this disease. It tones the stomach, regulates the bowels and puts all the machinery of the system in good working order. It creates a good appetite, and gives health, strength and happiness.

Hood's Pills act harmoniously with Hood's Sarsaparilla. Cure all liver ills.

A Card of Thanks.
I take this method of returning my warmest thanks to my good friends and neighbors for kind assistance and sympathy during the recent illness and death of my mother, and assure them that their unselfish devotion will ever be remembered.

MRS. S. A. CORDIER.

A good recommendation for Simmons Liver Regulator is that it is purely vegetable and strongly tonic. Then, too, it is better than Pills because easier to take in liquid or powder and with no griping, while the relief from Biliousness, Sick Headache and Dyspepsia is quick and sure. "I find Simmons Liver Regulator a very safe and valuable family medicine."--Rev. J. M. Rollins, Fairfield, Va.

A Patriotic Painter.
Chas. McFadan, the veteran painter, has moved back to his old headquarters next to this office. He has overhauled his shop and painted the exterior in national colors, embellished with stars, until our citizens were led to believe that Uncle Sam was erecting a summer residence in the city. We understand that the patriotic Knight of the Brush will further decorate his place of business by displaying in large letters the words, "Protection to American Industries." We would not be surprised to see a plaster cast of George Washington adorning the top of Mc's shop some morning.

Victorys at Central City.

The victorys of this place crossed bats with the Central City nine of the grounds of the latter Tuesday, and won by the score of 13 to 5. Shanks, who was in the box for the Victorys, pitched good ball, striking out ten men, while Dovey, who did the sending for the Central City boys, also pitched a good game.

There were few errors made by either side, and the large crowd of spectators enjoyed the sport very much. Harrod's double play, unassisted at second, was one of the features of the game.

There was some little kicking on account of the Central City nine trying to work in "rangery" in the shape of live balls, but it did not amount to much.

Shanks and Bowers were the battery for the Victorys, while Dovey and Edwards acted in like capacity for the Central City.

The people have long since learned that the most disagreeable medicines are not necessarily the best. In fact, as a rule, they are not. What is wanted is something mild and sure, such as Chamberlain's Colic Cholera and Diarrhoea Remedy. This is really pleasant to take when reduced with water and sweetened. Then it is acknowledged everywhere to be the most successful remedy in the world for bowel complaints.

Ask any number of druggists for the best remedy they have for diarrhoea, and fully nine out of ten will recommend Chamberlain's. In speaking of this medicine, M. B. Hoffman, of Friendsville, Pa., says: "We have used it in our family for pain in the stomach, colic and diarrhoea and found it to be a most effective remedy." For sale by St. Bernard Drug Store, Earlington; Ben T. Robinson, Mortons Gap; George King, St. Charles.

Bailey's \$1.79 shoes are true, but the reason they go off so fast is, they sell themselves.

An Old Landmark Gone.
Died, at the home of her daughter in this city on July 30, Mrs. Mary A. Brasher at the advanced age of ninety years. Mrs. Brasher was born in South Carolina in 1806. Her maiden name was Armstrong. She came to Kentucky in 1808 in an ox wagon and saw many Indians in her early days. She settled in Christian County, where she married and raised four children, two girls and two boys. Her memory was good and she retained her faculties to a remarkable degree. Until about a year since, she devoted a great deal of her time to reading, of which she was very fond. She delighted in talking of early times and pioneer life; her grandfather, of whom she often spoke was captured and tortured to death by the Indians. She had for many years been a member of the Universalist Church and died in that faith. She was buried in the cemetery here, followed to the last resting place by a large crowd of relatives and friends. Four generations of descendants and a host of friends mourn her death, to whom the B's extend sympathy.

Mad Dog Killed.

Tuesday evening a mad dog made its appearance in Hecla, snapping at everything that came in his way. Several dogs were bitten and a woman and her little children barely had time to fly into the house and shut the door; the infuriated animal was within a foot of them when it slammed in his face. Mr. S. E. Stevens secured a shot gun and killed the animal, under a screeching, while in a fearful paroxysm. Two dogs known to be biters were slain on the spot. The owners of other dogs protested and several bitten canines yet survive to a few days he has probably inaugurate an epidemic of hydrophobia. The authorities would discharge a plain duty to exposed humanity to send down an armed plegation and slay every worthless cur in that district. A single human life is worth more than every dog in Kentucky.

Dr. Bell's Peppermint Chill Tonic is a perfect liver regulator--all-malarial and blood purifier. Removes filthiness without purging. Cures biliousness and makes the complexion good. Guaranteed by dealers.

A FINANCIAL OBJECT LESSON.

There is an object lesson displayed in the window of one of our merchants here that is attracting wide attention and causing a great deal of meditation. Upon one side of the window is shown a collection of "Continental Money" accompanied by the following card: "Continental Money. Fiat Money and what it bought during the Revolutionary War in 1781. Copy of a store bill purchased in 1781:

1 pair boots,	\$ 600 00
2 1/2 yards of calico, 85c,	575 75
6 yards chins, \$1.50,	900 00
4 1/2 yards moreen, \$1.00,	450 00
4 handkerchiefs, \$1.10,	440 00
3 yards quality binding, \$4.00,	12 00
1 skein of silk,	10 00
Total,	\$3,005 75

If paid in specie, \$18, 10c.
At that time ONE DOLLAR IN GOLD would buy 750 dollars in Continental Currency. By the act of August 4, 1790, these notes were receivable at the Treasury in subscriptions to a loan AT THE RATE OF ONE HUNDRED DOLLARS in paper for One Hundred Dollars in specie. But by the act of March 1791, it was declared that said money should be receivable as above until December 31, 1797, and no longer, and it then became waste paper and is only valued now as a curious illustration of an attempt to create and maintain the par value of an unlimited amount of currency based upon the simple and unsecured fiat or decree of government."

Next follows a collection of Confederate Money with the following placard: "Confederate Money. This was also FIAT MONEY, and it took in Richmond, Va., in 1865 TWELVE HUNDRED DOLLARS to buy one barrel of flour.

Five Hundred Dollars to buy one hat.
Five Hundred Dollars to buy one pair of boots.
One Hundred Dollars to buy two breakfasts.
Twenty Dollars to buy one drink of whisky.

This is the kind of money the Populists want--UNLIMITED PAPER MONEY, with no provision for redemption.

Following this is a collection of various silver coins with a placard reading as follows: "SILVER, The Money of China, Japan, Mexico and India; never the same in value; while the wages of the workman may not change, the money in which he is paid continually changes in value. He never knows one day what his wages will buy the next.

In all free-silver countries the wages are like the money, little in value. They are not equal to one-fourth the wages paid in good money in the United States.

This is the kind of money the Free Silverites would flood the country with were they to obtain possession of the Government. FIAT Silver would decree that 412 1/2 grains of Silver should be stamped One Dollar, although worth but Fifty Cents. Jefferson's and Jackson's system would change the weight to 744 grains.

Then follows a collection of various gold coins with a card which contains the following: "GOLD is the money of the Civilized World. Melt it in a crucible and its value is still the same. Melt the Standard Silver Dollar and it loses half its value. Gold is the money of the poor man; it cannot be destroyed; its value is the same every day, every year. Every workman in the United States is now paid in GOLD or its equivalent. All Savings Bank depositors--all depositors in State or National Banks; all members of Building Associations, Beneficial Societies; all holders of policies in Life Insurance, Accident and Fire Insurance; all widows and orphans dependent on income from investments, are now paid in GOLD or its equivalent.

Free and Unlimited Coinage of Silver at the ratio of 16 to 1 means the driving out of gold and the payment of all the above creditors in the money of Mexico, China, Japan and India."

Next follows a Silver Brick, weighing 86 ounces, 900 fine and accompanied by a card bearing the following:

"An easy way to pay wages and debts: THIS SILVER BRICK contains 86 ounces silver, 900 fine, and will coin One Hundred Standard Silver Dollars. When Free and Unlimited Coinage Silver men get into power this Silver Brick, which cost \$54 can be coined into One Hundred Standard Silver Dollars, without cost to the owner and \$100 worth of wages or debt paid by an investment of \$54."

The closing scene in this lesson is a pile of Mexican Dollars surmounted by the following card:

"You can buy Mexican Dollars for Fifty-four Cents each. Each Dollar contains more Silver than a Standard Silver Dollar of the United States. Advocates of Free Coinage demand laws that will permit you to take 100 Mexican Dollars to the Mint and have them coined into 100 Standard Silver Dollars. You can then pay the Laboring Man and the Farmer for wages or produce \$100 with the money that costs you \$54."

As before stated these collections and their explanations accompanying them have caused wide spread interest and men have been incited to investigate a question upon which they have hitherto been either partially or profoundly ignorant. Sometimes large crowds will congregate around the window and discuss the point of meaning of this question which is so clearly and forcibly exemplified.

Horses, Dogs and Ponies.

On Tuesday, Aug. 11th, both afternoon and evening, F. J. Gentry & Co., equine and canine parades, will give a performance. We are promised one of the most novel and unique exhibitions yet seen in Earlington, endorsed by the clergy and school superintendents throughout the nation. Prof. Fowler, in a lecture to the People's Institute, in Chicago, to 3,000 children, advised every man, woman and child to attend the exhibition of these wonderful four-footed actors. They are pronounced by the thousands of delegated visitors to pass all human belief. Price of admission will be 15 cents for children under twelve years and 25 cents for adults.

Tobacco users will find, in another column, an item of decided interest to them, headed, "Don't Stop Tobacco."

Amende de Honorabile.

With visions of a damage suit looming up before him the affronted "hoss editor" hastens to make abject apologies to Mr. Jack Day, who threatens to sue the man of nags-for slander, for saying in last week's issue during the absence of Mrs. Day, that Mr. Day slept with his socks on. Mr. Day has just called at this office with gore in his optic and threatens us with fearful consequences, saying that his reputation was seriously injured by the thoughtless assertion, for it would lead people to believe that he wore socks, when the truth is he neither wears them by night or by day. We are sorry to have offended Mr. Day and will say in extension that our mistake was quite natural, we saw his feet sticking out the window and from their raven hue, we thought he had on a pair of colored socks. We ask the gentleman's pardon and recommend him to wash his feet.
