You'd Tumble TO A GOOD THING IF AN OLIVER FELL ONTO YOU

You will be hurt and so will we unless you decide to use the **OLIVER PLOWS**

They are made with a certain definite aim in view—and that is—to enable you to do better work, and more of it, and with greater ease to yourself and your horses than you have ever done before. Oughtn't a plow that will do that to be worth looking into?

We have them and want an opportunity to tell you all about them. They are "Built for Service," too, which means that they are built for you.

Who Will Get The \$15 In Gold

The Second Count in the Climax Piano Contest Will Be Held Saturday, February 15, at 4:30 P. M. Special Prizes Have No Bearing On Who Who Will Be the Winner at the Final Count

Interest in the Climax popular voting contest is now at fever heat, and the contestants and their friends are hustling for new subscribers and renewals in a manner that is very interesting. They realize that the one who wins the beautiful piano will get a prize worthy of their efforts and they are doing all they can to see that their favorite candidate comes home ahead.

This capital prize is certainly worth a lot of hustling goes without saying. You will have to hurry to get your votes in as the second count in this great contest comes off Saturday, February 15, the bonus votes hold good only until then.

Don't wait. Keep right on hustling, because, while you are laying off, some one else may be working and getting the new subscribers that you might have had if you had kept going. Ten dollars in gold to the contestant making the greatest gain since the first count; \$5.00 in gold to the contestant making second greatest gain. The ballot box closes at 4 o'clock and the count will be made at 4:30.

At the same time don't forget the merchants' coupons. Every time you get forty of them you get an extra bonus of 500. It does not make any difference whether the coupons all come from one merchant or not as long as you bring them in, in bunches of forty.

It never pays to stop even to get your breath. Just keep on going. Your friends will see that you are doing your best to win and will all turn in and help you. Nothing comes to him who waits and the ones who do the hustling are rewarded in the end.

The second count will be made on Saturday afternoon, February 15, by the judges.

Do not forget the prizes the merchants are giving. If not fortunate enough to secure the piano you may receive one of the merchants' prizes and they are well worth working for.

Bear in mind that the ballot box is closed for the second count at 4:30 p. m. on Saturday, February 15th. Be sure and have your votes all in by that time so that you will have a fair chance to show what your standing is.

For the next few days the following bonuses will be given and may be withdrawn at any time. Remember, these are positively the largest bonuses that will be given for these subscriptions during the contest, so, yet busy and get subscriptions while the bonuses are big and your work will count for the most. Here are the bonuses:

The Popular Vote.

The common belief that the presidential vote in 1912 was less than the presidential vote in 1908 is incorrect. According to the official figures compiled for the World Almanac the total vote this year was 13,053,989, as against 14,882,442 four years ago, an increase of 145,237.

But only the socialists profited from this larger vote. They alone made gains, and very significant gains. Debs vote in 1908 was 420,793; in 1912 it was 960,672, an increase of more than 100 per cent.

As for the Democrats, Wilson polled a total of 6,291,454, as against Bryan's total of 6,490,101 in 1908, a decrease of 115,650. Stranger still, the total vote cast for Taft and Roosevelt was less than the total Republican vote in 1908. Taft's 1912 vote was 3,454,980 and Roosevelt's was 4,119,538. Together they polled 7,574,518, which falls 74,580 under Taft's total of 7,649,108 four years ago.

Even the Prohibitionists suffered from apathy. Their vote in November was only 306,275 compared with 251,800. This loss of 47,565 is nearly one-fifth of the total.

It is a curious fact that with the exception of New Hampshire all the New England states cast more votes in 1912 than in 1908. The middle states of New York, New Jersey and Pennsylvania cast fewer votes in 1912 than in 1908. Ohio, Indiana, Illinois, Wisconsin, Nebraska and Iowa also took less interest in the 1912 campaign than in the 1908 campaign. The same is true of the border states, Kentucky, Tennessee and Missouri.

There's no uniform rule applying to the south. Alabama, for example, cast more votes than in 1908 and Georgia cast fewer votes. Texas showed a large increase, while South Carolina a large decrease, while Virginia's slump was exactly 70 votes and Oklahoma's was 839.

The mountain states showed an increase. Colorado, Utah, Wyoming, Montana and Idaho cast more votes than they did in 1908. By reason of woman's suffrage, California's vote should have doubled, but her 1912 vote was only 678,527, as against 988,597 in 1908. Apparently nearly 100,000 qualified citizens of California remained away from the polls.

The most significant fact in all these returns is the increase and distribution of the socialist vote. It is not a sectional vote, for the banner socialist states in this election were Ohio, Pennsylvania, Illinois, California, New York, Oklahoma, Washington, Indiana, Wisconsin and Missouri in the order named, while in Idaho more than 19 per cent. of the total vote was socialist. This is something for Democrats and Republicans alike to think about seriously.

YOUR RHEUMATISM

is probably due to uric acid in the system—the blood must be purified—the poisonous acid driven out and general health must be improved.

Thousands testify that **Scott's Emulsion** rids the system of poisonous acid by enriching the impoverished blood, and its concentrated nourishment is converted into red blood corpuscles which drive out rheumatism.

It is especially valuable to aged people.

Ask for and insist on **SCOTT'S**.

PAINT LICK ITEMS

Tom Logsdan and wife visited Berea Sunday last.

Miss Lilly Henry, of Kirksville, visited Miss Emma Birchill.

Mrs. Minnie Williams and son, Chas., are visiting the family of I. C. Rucker.

Mrs. E. H. Walker and her son, Woods Walker, have sold about 30,000 pounds of tobacco at 13 to 17 cents.

Miss Lucella Skinner, one of our local teachers, visited friends at her home at Buena Vista Saturday.

Our school has 136 pupils enrolled to date and has added Miss Minnie Johnson, of Lancaster, to the corps of teachers.

Mr. John Mowland and Mr. Vincent visited our school and were much pleased; so much so, a photo was taken of the buildings.

I. C. Rucker, who has been so long in the mill business, has gone out of the firm of Burman & Rucker and has sold his interest to Henry Riddleberger, the present miller. Mr. Rucker will look after the coal and lumber yard.

Our school building and grounds need to be beautified and improved. We need a library and other school equipment, so the lady teachers with the help of Prof. J. L. Waterbury will have the advanced pupils give an entertainment in the near future to help out in the much-needed improvements.

Best Cough Medicine For Children.

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy," writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by all dealers. ad in

In Real Estate, Crop and Stock Reports of Special Interest

Col. Jack Chinn sold his crop of tobacco in Danville last week at an average of 25 cents. His best brought 12 cents.

An item from Danville says: Cattle in the west end of the county are afflicted with a strange disease which reduces them to skin and bones, after which death occurs.

Mr. George Wilcox purchased last week from Mr. M. R. Arbuckle, of Silver Creek, Madison county, a yearling bull, paying \$85 for same. The animal which is short-horn stock, is a fine specimen, and Mr. Wilcox is to be commended for the interest he takes in breeding good stock.—Estill Tribune.

No more cases of "forage fever" have been reported in this county since the death from this trouble of 27 head of horses and mules belonging to Charles Thomas, of near Midway, whose loss was about \$5,000. Every animal affected died. The trouble was identically the same as ptomaine poisoning in a human being. It was caused, veterinarians say, by mucky ensilage from re-filled silos.—Woodford Sun.

Commissioner of Agriculture J. W. Newman believes Kentucky butter can be made as famous and distinctive as Kentucky whiskey. He intends sending a lecturer to county institutes urging farmers to create a market in New York, Chicago and other cities for Kentucky butter and send it direct to the consumer by parcel post. "This can be done by proper advertising," he said. "The country between Mt. Sterling and Louisville is the finest dairy land in the United States on account of the pasture and the climate. The pasture gives the butter a natural flavor and color that can not be equalled anywhere else. The climate permits of pasturing for an unusually long period. I am convinced that a reputation can be established for 'Kentucky butter' that will increase immensely the revenues of the farmers and the wealth of the State."

DRIVES - DANDRUFF - AWAY

The best thing you can do for your hair is to keep it free from dandruff. It is now positively known that most cases of baldness can be traced directly to the formation of dandruff and to neglect of the scalp. The powerful, yet harmless, antiseptic properties of

Penstar

HAIR TONIC

makes it supreme in this respect. Its effect can be noticed after the first two or three applications, and, if care is taken to avoid re-infection of the scalp by unclean comb or brush, the occasional use of this tonic will keep the scalp in the prime of health by condition. Penstar Hair Tonic makes a delightful hair dressing, too. It contains no sediment, is not sticky or greasy, and does not color the hair. Try a fifty cent bottle to convince yourself how good it is and you will buy the dollar size next time.
