### Drifted Apart.

"Drifted Apart" a society problem play will be presented in a capable manner by Munthe's Dramatic Players at Grand Opera House during the week of May 5th. The story of the play was taken from life and the characters are of the type that everyone knows and understands. The play hinges on the adventures which befall Lola Sterling, a beautiful girl, who thinking her sweetheart guilty of murder marries another man, thinking her lover has deserted her and broken his vows. On her first wedding anniversary she discovers that her lover was innocent of the crime charged against him, that he was wrongfully imprisoned and the man whom she married was the cause of it all. This is a problem up to the young wife and she solves it in a way that is very satisfactory to the office. Miss Lesse handles the difficult part of Lola Sterling in an admirable manner. Edward LaRenz does well as Ned Wayland, the wronged lover, while Edward Vall is convincing as Will Reeves, the schemer.

### New Tax Receipt.

County Clerk R. R. Terrill showed us the other day the new tax receipts which he is making out. Some 10,000 of them are to be made and as they are in duplicate form, it will keep the clerk and his deputies pretty busy for the next month or so. It is rather unfortunate for Mr. Terrill that this work comes at the time it does, as it will keep him closely confined at the very time he would like to be mingling with the voters. However, he says it is business first with him and that he intends to attend to every duty of his office, if it costs him his re-election. The tax receipts are very complete and about four times as large as formerly. It would be very hard to graft with them, even if any sheriff in the State was disposed to do so. This new form of receipt is one of the results of the sitting of the last Legislature.

### When the World Will End.

When lawyers fail to take a fee, And juries never disagree; When the politicians are content, And landlords don't collect their rent; When parties smash all machines, And Boston folks give up their beans; When naughty children all die young, And girls are born without a tongue; When ladies don't take time to shop, And officeholders never flop; When preachers cut their sermons short, And all folks to the church resort; When back subscribers have all paid, And the editors have fortunes made; Such happiness will surely portend, This world must surely come to an end.

### Stanley Speaks But Doesn't Announce.

Congressman A. O. Stanley, of the Second district, filled his appointment at Nicholasville, his former home, Monday, but did not open his campaign for the Democratic nomination for United States Senator. He made a brief address, but did not refer to the Senatorial contest. In an interview, however, Mr. Stanley stated that he would surely be a candidate and it made no difference to him whether the race was this year or in 1914. Mr. Stanley defended his vote on the Webb bill and said that he had good reason to expect that the act would be declared unconstitutional by the Supreme Court. Mr. Stanley is expected to leave Louisville today.

### Salaries of Rulers.

The King of England is paid \$2,350,000 and has a private revenue of \$350,000 besides. The Prince of Wales is paid \$500,000 a year. Denmark and Greece are very poor. Each pays her ruler but \$262,000 a year and its crown prince \$32,000. Spain is also poor and pays its king only \$1,340,000 a year for himself and \$600,000 for his family. Sweden pays its king \$85,000 and his family \$250,000. The German Emperor receives \$4,000,000 a year, which is about half of his income. The Sultan of Turkey receives all along a yearly salary of \$7,000,000 and the Czar of Russia receives each year more than \$10,000,000. The simple republic of France pays its President \$130,000 a year and allows him \$120,000 a year for expenses.

### His Phone Number is 26.

In the professional card of Dr. E. W. Youngblood, Veterinary Surgeon, which appears in this paper, we gave his phone number as 206, when it should have been 26, as the advertisement now has it. By the way, Dr. Youngblood tells us that he is doing nicely and that business is starting off good and strong with him. He likes Richmond very much.

## The Secret of Honest Values

A number of years ago, in looking over business conditions, we came to the conclusion that our greatest asset was not our stock in trade or cash in the bank, but our customers' good will, our reputation for good values and square dealing. We determined to make the name "Oldham" stand as a synonym for "QUALITY"—to stand back of our goods and to see that the goods we sold were right. In studying our sources of supply, we found that some makers did business that way too; and some did not. But the ones we could rely on were the ones who put their NAMES in their goods and said always "These are ours, we made them, they're right and we will stand behind them"
