National Educational Association.

Kentucky is planning to send a large delegation to the National Educational Association convention at Salt Lake City July 8-14, 1913. Dr. J. G. Crabbe, the president of Eastern Normal School, of this city, is Director for Kentucky and has arranged for special railway rates. This meeting will be the greatest educational gathering in the history of the States. To hear the great leaders in education will be the privilege of those who attend.

Kentucky people can see Yellowstone Park this year cheaper than ever before. The trip will also afford opportunity to visit Bingham—the largest copper camp in the world—Golden Canyon, "Over the Old Mormon Trail" and numerous other wonders of the Golden West.

Indications are that Kentucky will be well represented. The cause of education in Kentucky is gaining ground rapidly and the educational treat at Salt Lake City will be well worth while to Kentucky educators who attend. Kentucky headquarters will be at the Hotel Utah. Full information regarding the trip can be obtained from the State Director.

COVINGTON & BANKS

Had a Talk with Secretary Bryan

Hon. W. B. Smith is back from Washington where he spent several days very enjoyably last week. While at the capital he had the pleasure of a chat with Secretary of State William Jennings Bryan, who gave him a most hearty welcome. The Secretary remembered very well Mr. Smith, with whom he has addressed many democratic crowds in this and other States. "I am glad to see you again, Mr. Smith," said the Commover, as he gave him a hearty grasp of the hand. The two had a friendly talk, during which our distinguished townsman may or may not have said something about his candidacy for the collectorship. Anyhow, Mr. Smith is back home wearing a smile and a satisfied air that is calculated to make the other applicants believe

he has heard something good. The trip was a very interesting and enjoyable one to Mr. Smith, who had not made it before in years. The C. & O., over which route he went, traverses much historic ground and the scenery for a good portion, is more or less picturesque. Asked if he felt good over his prospects for appointment, he smiled and said he had no reason to feel otherwise than satisfied. As stated in the Climax last week there are many democrats all over the State who would be glad to see Mr. Smith land the coveted plum and who will believe that if he does not do so, it will be because he did not make known his wishes in the matter earlier.

Phelps Case Dismissed.

When the case against George Phelps, on the charge of detention was called this morning, Commonwealth Attorney Crutcher moved that it be dismissed because of a lack of jurisdiction. The motion was sustained and the case was dismissed. It is currently reported that a compromise was effected. This we are not in position to confirm or deny.

The sale of the effects of the late David F. Sharp at Panola, Saturday afternoon, by Trustee John C. Chesnut, was well attended and satisfactory prices were realized. Until Death Do Us Part.

"Until Death Do Us Part" is a two-reel feature reel that will be shown at the Opera House tonight. This will be followed by the Mutual Weekly No. 16 "Iconoclast," the three-reel picture that was shown last night, was especially good and the vaudeville, which will be seen again tonight, is one of the best double stunts that has been put on here for some time. Hagan's Chances Bright.

News comes from Washington that the prospects of John J. Hagan's appointment as postmaster at Corbin are very bright and it is probable that the appointment will be made this week. Mr. Hagan is a brother of Mr. T. S. Hagan, of this city, and his younger days were spent in Madison county. He is a wheel-horse democrat and his work for the party entitles him to any recognition he may receive. Senator James is said to be very warm for him, which means that he is cock sure to knock the juicy plum. His legion of friends here hope he will, many of them having used their influence in getting for him what he so greatly desires.

Death of Prominent Negro.

Ben Chenault, one of the best and most progressive negro farmers of the county, died at his home in the Foxtown section and was buried Friday. He is survived by his wife. He was not only a thrifty farmer, but a mighty good citizen.

Mrs. Million Dead.

Mrs. Harriet Newby Million, widow of Twyman Million, died at her home in the Million section Thursday and the remains were laid to rest in the old family burying-ground at Newby on Friday. She was 85 years old and most of her long life had been spent in Madison county. She is survived by two sons, John and Shelby Newby, both sturdy citizens of this county. Mrs. Million had been a member of the church over 60 years and was a splendid woman in every way. She was the surviving member of a family of eleven. Her ten brothers and sisters each had large families, but she had only three nephews. They are Messrs. H. H. Million, of this city, Woodson Newby, of Newby, and Jesse March, of Woodford. A Godly mother has gone to join those on the other shore. May her splendid life be emulated.

Madame Lund To-night.

This evening at 8 o'clock, at Normal Chapel, Madame Edna Lund, Swedish mezzo-soprano, will sing and Miss Irma Knaphide will give a dramatic reading of Madam Butterfly. These two artists will be assisted by Miss Edna Givynne, pianist and accompanist. Madame Lund is a singer of wide renown, having sung throughout the West and North during many years. She sings as one thoroughly possessed of the spirit of song and with deep emotional power. It is a rare treat to have with us such an artist as she. Miss Knaphide portrays a rare power of impersonation in Madam Butterfly. During the evening's recital she will read the entire cutting from Madam Butterfly, which must necessarily be to the delectation of those who hear her. Miss Givynne possesses unusual skill as an accompanist and as an artist she will satisfy every expectation. It will be an evening of delight and interest to every lover of good music and art.

Mr. Park Buys Valuable Hog.

Mr. William Park, one of our most industrious and influential farmers, has recently bought a hog that will be a great benefit to Madison county. The size of this animal recently sold for \$5,000. For good stock, we certainly cite our farmers to the stock raisers of this county. It seems that each addition to the stock of Madison county is an improvement upon what they formerly had.

Something You Need—
A Guaranteed No. 40 "Wearever" Hot Water Bottle for \$1.50

As an all 'round necessity in every home, the ordinary hot water bottle is with out an equal, and as an example of our methods of retailing and of the quality of our Rubber Goods, this particular No. 40 "WEAREVER" Hot Water Bottle is without an equal.

Everybody needs a Hot Water bottle—and ought to have one—so we are going to convince you of the quality of our Rubber Goods by selling you something you need at a price far below what most stores charge for an article not so good. We think this "WEAREVER" Water Bottle represents the utmost in rubber goods quality. It is

One-piece Construction
No Seams or Joints to Open and Leak

and is vulcanized over a steel mould the exact size and shape of the bottle. Only the finest rubber is used, because it is necessary to take the bottle, when completely shaped, off this mould by pulling it through the opening in the neck. Of course second grade rubber won't stand that treatment.

Easily and Quickly Filled

because the neck is large and the funnel so shaped that the water runs rapidly. Plenty of room to hold the bottle while filling it and no danger of scalding the hand. The method of construction of the bottle-neck eliminates all chance of a break or crack there. Convenient screw stopper. Very neat and trim and when full is pliable and presents a large surface. Handsome maroon color and absolutely guaranteed against any and all defects by the manufacturer—and we make good on the guarantee.

You could pay perhaps twice the price for a hot water bottle of inferior quality at some stores. By pricing our Rubber Goods at a reasonable figure we gain your confidence and sell more goods. The price of this bottle—\$1.50—is low for the article. It is not a special price, but a convincing example of how low our regular prices are. Everything else in our Modern Rubber Goods Department is marked at correspondingly reasonable prices.

You need a Hot Water bottle. Get it here and now. Save money and get a better article by securing one of these No. 40 "WEAREVER" hot water bottles at \$1.50. 40 uses for this Hot Water Bottle are told in our Home Book on Rubber Goods. Be sure to ask for a Free Copy.
