Really such things should be kept secret, rather than publicly discussed, but so long as we promise not to divulge the identity of our Xmas purchasers or the fortunate recipients of those gifts, no harm can be done; but we digress—

New records for upper air research have been made by the Government in experiments at Catalina Island, California. A number of balloons, each equipped with instruments, were sent up, and one of them reached a height of twenty miles. At eleven miles the thermometer registered a temperature of 85 degrees below zero; at twenty miles, it ranged to say, the temperature was slightly higher—48 degrees below.

Interesting Session of the City Council.

The regular monthly meeting of the City Council was held Thursday night with Mayor Rice and members of the old Council present. After auditing claims against the city, two members, Messrs. Bybee and Stone, who have served the city for the past two years in the capacity of councilmen, gave way to their successors, Messrs. Emil Lorisich and S. P. Deatherage.

Following the induction into office of the new members of the Council, Mayor Rice, who has made a most enviable record as chief executive of the city, made a short talk to the officials, which left no doubt in the minds of the splendid audience present that Richmond has a mayor who proposes to see that every servant of the city shall do his duty as an official. Mayor Rice in addressing the Council said:

"We are entering upon two years of official life, representing the citizens of Richmond. We are friends and I trust that our deliberations will be mutual and for the best interests of the taxpayers and all the people. I shall strive for an economical and progressive administration, and I trust that each of you will adopt a policy of civic pride, and that we will work together to make Richmond a clean healthful city to live in; a city we should all be proud of. Every official under this administration will be required to do his whole duty, and if he fails to do so, he will be discharged and another selected to fill the vacancy. I trust this warning will be sufficient and that it may not become necessary for me to enforce the ordinance regarding this matter."

The first business before the new Council was the election of officers for the next two years. The following were elected: Edgar Blanton, Clerk; L. P. Evans, Treasurer; T. C. O'Neil, City Collector; Wm. Maupin, Claud Devore and James Potts, Policemen; Dr. J. G. Bosley, City Physician; Ben Daugherty, Chief Fire Department; General Nelson and Joe Mitchell, Drivers Fire Department; Mrs. Sid Winkler, Keeper Pest House; G. W. Deeringer, Street Commissioner. E. H. Bybee was elected City Assessor, and his salary was raised to \$300 per annum, with a fine of 25 per cent on all taxes not assessed.

The following gentlemen were selected as members of the Health Board: Roy C. White, T. A. Campbell and E. Berry.

The Council, in conjunction with the churches of the city, appointed Mrs. T. J. Taylor a special nurse for city charity patients.

A committee composed of Mayor Rice, Councilmen Todd and Lorisich, was appointed to purchase and install city scales. An order was made for the purchase of additional hose for the Fire Department. Mayor Rice was instructed to advertise for bids on metal to be used on the streets during the next two years.

At Richmond.

Headed by "Benny" Bartlett, the fanciers of chickens of Clark county will sojourn at Richmond on Dec. 10-14 for a four days' stay in the Madison capital to attend the second annual chicken show of the Madison County Poultry Breeders Association. It will be one of the biggest meetings ever held in Kentucky and the Clark county owners are preparing their chickens so as to secure some of the valuable prizes. Mr. Bartlett was honored with the vice-presidency of the Association at a recent meeting.—Winchester Democrat.

Mr. Smith in Washington.

Clever Thomas J. Smith, Chief Bank Examiner for Kentucky, has been in Washington a few days and is stopping at the New Willard. Until placed at the head of the State's banking department, Mr. Smith was secretary to Gov. McCreary. He is one of the best posted politicians in Kentucky and is universally liked. If he ever stands for an elective office it will be demonstrated that he is one of the State's most popular young men.—Washington cor. Danville Advocate.

Mr. Devore Moves to Main St.

A deal was perfected last week between Wm. Devore and J. S. Collins, in which the former secures the livery stable on Main street now occupied by J. W. Martin, in exchange for a stock barn on W. Irvine street. Mr. Devore will move the transfer business to his new property about Jan. 1. Mr. Martin stated to the Climax that if not sold privately before, he would dispose of his livery outfit not later than the first of the year.

Will Move to Richmond.

Mrs. Mildred Sanders, of Cottonburg, this county, has rented from Mrs. Emma Hubbard her cottage on Fifth street and will move thereto about Jan. 1st. Mrs. Hubbard, who will spend the winter in Florida, stated to the Climax that she had many inquiries regarding the property, and its renting was due entirely to a local item in this paper.
