The charges preferred against the Eastern Kentucky Normal School by Inspector Goodpaster some months ago and again being made a part of the Legislative Investigating Committee, were answered in the Climax on the publication of Mr. Goodpaster's report during the summer, hence we know Dr. Crabbe will amply justify his acts before the investigating body at Frankfort. Mr. Goodpaster to the contrary notwithstanding. Those who have been in touch with the splendid work of the Normal School of this city, and are familiar with the character of men in whose hands the future of that institution has been intrusted, have implicit confidence in the integrity of Dr. Crabbe and every other official connected with the school, and nothing that Inspector Goodpaster or any other man may say to its detriment will cause those in a position to know and appreciate a school of this character to lessen their regard for this, one of the greatest institutions of learning in Kentucky.

BECAUSE the Secretary of State failed to advertise the constitutional amendment requiring the classification of property for purposes of taxation within the period prescribed by law, the Court of Appeals holds that the amendment is invalid, therefore the will of the people who voted at the last general election in favor of the constitutional amendment has been thwarted as the result of the dereliction of duty of a State official. The convict labor amendment, which was not passed on by the court, will also be invalid for the above stated reasons.

A NEGRO paroled convict has been arrested in St. Louis and to less than seventy thefts have been traced to his restless activity since his release from the penitentiary on parole two years ago. The incident shows the danger of the indiscriminate parole. Some years ago a paroled convict killed two people in the city of Louisville. Prison boards lose nothing by going slow in turning convicted criminals loose upon a community.—Bourbon News.

SENATOR CHAS. D. ARNETT has introduced in the State Senate a bill making it a penitentiary offense for the conviction for carrying concealed deadly weapons and fixing a fine of \$50 to \$200 and a jail sentence of 30 days and disfranchisement for a term of two years for the first offense. This is a splendid bill and should pass both Houses unanimously. It would be more effective if made a felony for the first offense.

PRESIDENT WILSON has reason to be pleased with his first year's work, since the country is pleased with it.

## An Unusual Phenomenon.

We have learned from a reliable source of a most unusual and spectacular phenomenon which occurred near Tates creek one day last week. We often see brilliant meteoric displays at night, but to see a large ball of fire descend from the heavens in mid-day is something most extraordinary. Those who witnessed the above, stated that the ball of fire descended and when within a few feet of the earth burst and flowed out in all directions, leaving only a dense cloud of smoke to arise.

Oldham and Lackey for the kind and efficient manner in which the funeral was conducted.

MISS EVA ROBERTS.

The Doll Girl.

"The Doll Girl" has had a most interesting history. Originally it was a French comedy that won success on the banks of the Seine. Stein and Willner conceived the idea of turning it into German, and Leo Fall, the composer of "The Dollar Princess," agreed to furnish the score that would make of it a musical comedy. Under the title of "Das Puppenmaedel," the work was produced in Berlin, and there made a most substantial hit.

A Hard Duty to Perform.

Constable Jake Tresler, of Fayette had a disagreeable duty to perform when he was called upon to convey his own son, Mack Tresler, to the penitentiary to serve an indeterminate sentence of two to twenty one years for the murder of Neal Mitchell, at Lexington, several months ago.

Bourbon county will give \$5,000 annually to the support of the W. W. Massey Memorial Hospital at Paris. At a meeting of the fiscal court it was ordered that an appropriation to this amount be paid in monthly installments to the trustees of the institution. The hospital, which was endowed by the late Mrs. Annie Massie, is supported in part by the city and county.

Accidentally Killed.

News reached here Sunday evening of the accidental killing at Valley View that afternoon of Terry S. Perkins by his cousin, Luther Perkins. The young men were engaged in a scuffle in front of the Perkins home, when Terry is reported to have said to his cousin: "You have a pistol and if you will put it away I am as good a man as you." Luther tossed the pistol aside and when it struck the ground it was discharged, the bullet taking effect in young Terry's head, death following a few hours later. Both young men were about the same age, about 22 years, and sons of well known residents of that village. Terry Perkins was a turnkey under Jailer N. B. Jones during the past year and was popular with all who knew him. No arrests have been made in connection with the tragedy.

The Zeisler Concert.

Through the energy of President J. G. Crabbe and an efficient faculty committee, Richmond has from year to year a lecture course that surpasses those given in the average cities of like population. The Normal lectures courses are established. They have brought talent that is very much worth while. Now, by virtue of the energy of the musical clubs of the city and the financial backing of Prof. Hoskinson, Richmond is to have another rare privilege. We believe no community in the State will hear better music this season than that heard right here at home. Two of the artists would be big drawing cards in any city in America or Europe. The remaining numbers of the series of concerts are far above the usual musical attractions.

Friday evening, Fannie Bloomfield Zeisler gave to a splendid audience in the Normal chapel what will no doubt prove to be the most artistic of the four great numbers. Her technique is beyond adverse criticism. To find a flaw would be to prove one's judgment unbalanced. The delicacy and clarity of the light runs, the bold thundering of her marvelous fingers as she rendered the heavier selections, the perfect sense of rhythm, all will be a memory long to remain in the hearts of lovers of the piano. To her technique she added a temperament as clearly marked as her technique. Under her matchless power the simple and over-worked sections took unto themselves poetic beauty. Under that same sway brilliant numbers like the 12th movement of Liszt's Hungarian Rhapsody, or the Ed-King, were wrought with marvelous effect. Such renderings elevate the standard of music for any community. World artists are not every-day fare. The attention and response given this splendid performer are a delight to record.

Music-lovers were present; all of them. B. G. S.

### TO THE TOBACCO GROWERS OF MADISON AND ADJOINING COUNTIES:

We have been giving each week as near an accurate report of the condition of our market as it was possible for us to do this without coloring simple facts. We believe that we have been here long enough for our statements to pass without question, as facts at last is all that enters in the count. We sold during the week just closed 433,000 pounds of tobacco; the entire market up to Saturday had sold 4,285,390 pounds. The Madison House sold, 2,268,585 pounds of this, more than both other houses by over a quarter of a million. We are not boasting, we are simply pleased over your confidence in us and our methods.

Then again we say THE MADISON STILL LEADS BOTH IN PRICES AND POUNDS. While the week's prices were a shade lower than last week, but compared favorably with it, considering the quality of tobacco offered and the dry weather. No real fancy tobaccos were offered. We still believe we have the strongest market in the State. We sold on Monday the 19th, over 70,000 pounds. The market opened up Monday from one to two dollars per hundred higher for all grades. We give below some of the best prices obtained throughout the week: Whittaker & McCreary Madison county, 2135 pounds, average \$17.25; Guiley & Prather, Garrard county, 3500 lbs, average \$19.15; B. T. Lunsford, Garrard county, 1905 lbs, average \$17.37; Prather and Sons, Garrard county, 3805 lbs, average \$16.15; Nat. Prewitz, Garrard county, 2720 lbs, average \$16.17; Million and Long, Madison county, 3305 lbs, average \$16.80; J. Q. Oldfield, Madison county, 2080 lbs, \$15.90; T. J. Curtis & Son, 6865 lbs, average \$15.85; D. N. Long, Garrard county, 1950 lbs, average \$17.75, one basket of this bringing \$20.50; J. J. Kirby, Madison county, 2375 lbs, average \$15.90. The last two crops were sold on Monday.

We expect the same strong market to obtain throughout the season. Tobacco is coming in more slowly will give us a better opportunity to give each and every seller individual attention and to assist him in securing every cent for his tobacco that can be gotten. Our experience in the market is your gain.

We thank you once again for your very liberal patronage and hope that we can be of further service to you in the matter of getting the top prices for your tobacco. Call on us day or night, we will be glad to see you. We are very sincerely and gratefully
