THINGS THAT NEVER HAPPEN

KENTUCKY IRISH AMERICAN

FIFTY YEARS

Cardinal Gibbons Ariated Mighty Golden Adorned on the North.

Justice Was to Have Been Celebrated With Pomp and Splendor.

Romeon Print in 1864, Bishop in 1869 and Cardinal in 1884.

INTENSELY LOYAL AMERICAN.

To be a Bishop for fifty years is a most exempt position to hold, and to be the Chief Bishop in the Catholic church is a dignity of a kind much above the multitude of persons. In addition is to be a Roman Catholic a remarkable man without reference to his dignity. The example of Bishop Gibbons is one that we can all admire, and on the whole the attainment of a high position is a sign more of the intellectual, moral, and religious and educational work which was here brought about. His was a sympathetic, kind, and charitable spirit. He was a kind and courteous man, and the respect and love of the people toward him was not the result of any effort toward special favor. He was a man of great honor and integrity, and his influence was for the good of the community.

SCHOOL DIRECTIONS.

One of the most serious of the Polish problems is to give these children an understanding of the American way of life and to prepare them for citizenship. The school authorities have undertaken this task and have been making progress. The children are learning the American language and customs, and are being taught to be good citizens. The schools are open to all children, and are doing much to improve the educational level of the community.
