## MORE REPUBLICAN CORRUPTION.

Many Democrats as well as Republicans in Congress are ripping mad at the President because he has done something that they consider reprehensible, and this is the story in brief: Several months ago the President sent two agents or commissioners to the Indian Territory to investigate the stories of corruption and rottenness down there among the Federal officials. They went, made the investigation and reported to the President through the Secretary of the Interior. Their report has been in the hands of the President for more than a month, and some three weeks ago the House, by resolution, asked the President for the report. At that time the Indian appropriation bill was under consideration, and the House wanted some information on the charge that there was rottenness in the Territory. They got none and the bill was passed by the House and then passed by the Senate and has been signed by the President. Now, after the thing has become the law, the President sends in the report of his agents who investigated the stories of corruption, and the report is said to corroborate every charge that has been made concerning the Dawes Commission and the men who represent the government in the Indian Territory. If that report had been before the House before the Indian appropriation bill was passed the appropriation continuing the Dawes Commission in existence would have been knocked galley west, it is claimed. The President, by holding that report, has continued the very men in office who, his own agents say, are corrupt and venal and should be driven from the public service.

## STRANGER THAN FICTION.

Case Where the Defense Sought to Convict Accused and the Prosecution to Clear Him.

[Cynthiana Democrat]

The case of A. C. Adams, the self-confessed perjurer in the Jett-White trial, is a singular one. He came to Cynthiana ready to confess his guilt and go to the penitentiary. After his statement to the jury implicating certain men in the assassination of Marcum, his attorney changed the plea of "guilty" to "not guilty," and, although no testimony had been heard on either side, the jury brought in a verdict of guilty and fixed the punishment at one year in the penitentiary. A convicted perjurer cannot give testimony in any subsequent proceedings, and the prosecution, who had at first desired Adams' conviction and pleaded for a year in prison, turned about and moved for a new trial, after it was realized that Adams could not be used as a witness against other men indicted on his evidence before the grand jury. The new trial was granted, and Adams, desiring to go to the penitentiary, is turned loose on his own recognizance, and remains in Cynthiana because he is afraid to return to his home and family in Breathitt County. It is a queer turn where the defense tries to convict a man and the prosecution desires to acquit him. Stranger than fiction are the things that come out of the mountain.

## Temperance Lecture To-night.

To-night at the First Methodist Church, South, Mr. Burdick, the Virginia orator, whose reputation is almost as extensive as the nation, will talk on Gospel Temperance. The discussion will be on a high plane with nothing whatever offensive in expression. It is rarely our people have an opportunity to hear such a lecture and they will no doubt crowd the church to its utmost capacity. There is no admission fee.

## Not Kentucky Oysters.

The gentleman from Indiana smiled an unbelieving smile. "This story of a lot of oysters being drowned off the Virginia coast by fresh water seems fishy to me." The gentleman from Kentucky shook his head. "An oyster is not a fish, sub, if you will allow the correction," he said, "but there is nothing surprising in the statement. The foolish oysters, sub, probably endeavored to drink the water, sub!"—Cincinnati Commercial Tribune.

The first car genuine seed potatoes arrived to-day, direct from the North. Early Rose, Peerless, Triumph, Early Ohio and Burbanks.

# MR. B. W. WOOD.

Former Prominent Business Man  
Died Sunday Night at  
Louisville.

Was Member of One of Mason's Oldest and  
Most Influential Families.

A telegram to relatives Monday morning announced the death of the venerable Benjamin Whiteman Wood, which occurred Sunday night at 11:40 o'clock at his home in Louisville. He had been ill only four days and his death came as a great shock to his family.

Mr. Wood was born in this county and was eighty-five years old. His parents were Andrew and Matilda (Fox) Wood, and he was one of a family of nine children,—five sons and four daughters,—of whom only two survive,—Mr. George Wood, of this county, and Mrs. Anna M. Metcalfe, of Azusa, California. The others were Andrew, Henry W., and Dr. Arthur F. Wood, Mrs. Mary E. Fox, Mrs. Julia G. Morgan and Miss Lettie Wood.

Mr. Wood is survived by five children, Mrs. S. B. Richardson, Misses Lettie and Caroline Wood, Henry M. and Daniel M. Wood, all of Louisville. His wife died four years ago. He leaves a large number of relatives and a wide circle of old friends in this city and county.

Mr. Wood's first business was in Cincinnati, where he was a member of the firm of Keys, Wood & Co., which did a large wholesale grocery business. Later he moved to Maysville, and, as a member of the firm of January, Wood & Co., did a large business in operating the cotton mills. He went to Louisville in 1868 as the representative of the firm, and continued there in that capacity until 1894, when he retired to private life on a competency. Since that time he had lived quietly at his home in the Falls City.

The remains will be laid to rest in Cave Hill Cemetery, Louisville.

A granddaughter of Mr. and Mrs. J. C. Pickett died Monday at Stanford.

The Lexington conference of the A. M. E. Church has assigned Rev. P. T. Gorham as pastor of Scott Chapel, this city, Revs. H. A. Southgate to Augusta, B. J. Ward to Germantown, W. C. Stovill to Aberdeen and Dover, David McFarlane to Mayslick, Fred White to North Fork, Charles Price to Orangeburg and Tollesboro.

Mrs. Sallie Hull, widow of Archie Hull, died this morning about 9 o'clock at her home in Rectorville of the infirmities of age. She was eighty-seven years old. Three daughters survive her, Mrs. Emory and Mrs. S. A. Gardner, of Rectorville, and Mrs. George Cochran, of Tollesboro. The funeral arrangements will be announced Wednesday.

In the Police Court Monday Judge Whitaker imposed several stiff fines. Bernard Rogers and Homer Gilbert were each given \$15 and costs for being drunk, and Effie Blythe, Bertha Haver and Rena Reed \$10 and costs for being drunk and disorderly. Some of these are minors, and John Cabler was fined \$50 and costs for furnishing them the liquor. Amanda Cash, colored, was fined \$25 and costs for keeping a disorderly house, and Sis Cash and Mable Johnson, also colored, \$10 each and costs for disorderly conduct.

The first through train on the Ohio River and Columbus railroad will be run from Ripley to Sardinia on Thursday. The extension to Sardinia has been completed, and General Manager Wagenhalls stated that everything would be in readiness for the opening. The road has been in operation from Ripley to Georgetown since last Thanksgiving Day. At Sardinia the road will make direct connection with the Norfolk and Western for Hillsboro. Mr. Wagenhalls announced that the work of extending the line from Hillsboro to Washington, O. H. would be commenced at once. Surveyors are now at work establishing the grade. At Washington, O. H. the road will connect with the B. and O. for Columbus.

A Maysville lady upon seeing the announcement of the engagement of Mr. Richard Buhler in "Paul Revere" at the opera house Saturday, March 19th, said to the local management, "I am so glad that you have booked this play. I saw it not long ago and am very glad to have the opportunity to do so again, and I will advise my friends to go. Mr. Buhler is a most capable actor, his company one of excellence and his scenery beautiful and historically correct." The company has been filling engagements in the Eastern cities and has received favorable notices, and the engagement here was made possible by Mr. Buhler's manager booking a week of "one night stands" between Philadelphia and Louisville. The company numbers twenty-five people and carry a carload of scenery. Seat sale opens Thursday at Ray's.

## The Thrifty Farmer.

It is good to have a house that is snug and warm and tight. The woodshed packed, the coal bin full, the hall and rooms all bright. With books and papers scattered round, the children sweet and merry. No better season in the year than winter days so cheery.

But how about the barn stock, the poultry, pigs and sheep? Are they all snugly housed and fed, when snows the pathways heap? Is ventilation right for them, and yet no open cracks Through which the wintry winds may snarl and swirl snow on their backs?

For while the house is warm and snug, the barn should be snug, too; Not all the comforts for ourselves, there's work outside to do. For proof of the best farming is not in the farmer found. But in the evidence that shows in all the work around.

## PERSONAL.

—Mrs. L. V. Davis and Miss Mollie Edmonds have returned from Philadelphia and New York.

—Miss Louise Yochley left Monday for her home at Zanesville, O., after visiting Mr. and Mrs. Emil Weis. She was accompanied as far as Cincinnati by Mr. and Mrs. Weis.

—Daisy Fitzhugh Ayers, in her Washington City social news, has this reference to the Ninth district's popular Representative and his charming wife: "Kentucky society was out in force this week at the pretty tea Mrs. Van Duzer, the beautiful Kentucky wife of the Representative-at-large from Nevada, gave at her home on Q street. Mrs. Van Duzer, once Miss Nella Webster, of Cynthians, in a handsome costume of white, was assisted in receiving by Mrs. James N. Kehoe, wife of the Representative from Maysville. Mr. Kehoe made a brilliant and impassioned address at the celebration here of the birthday of Robert Emmet."

# A BIG SALE

"Big" is the best word we know to describe this sale.

Big in quality—no woman need be afraid of buying a single garment that looks better than it is.

Big in quantity—we never prepared so extensively, as we lacked room for display in the old store. Roughly speaking five thousand garments are on our tables to-day or ready to be taken from the shelves as fast as we have space for them.

Big in economies—start with the 12½ corset covers, the 25c. drawers, the 50c. petticoats—each is the best at the price you'll find anywhere, in cloth, size, trimming, making—and so on right through the list until you reach the finest lingerie.

Come in and be convinced.

It only takes 250 stamps to fill a book and this sale offers magnificent possibilities for stamp collecting. New premiums are being added every week. Be sure to see them.

# DEERING MACHINERY and TWINE.

Read what a Mason County farmer says of his Deering Binder:

This is to certify that I bought a Deering Tongue Truck 8 ft. Binder in 1922, and wish to say that it is far ahead of the old 6 and 7 ft. binders as day is brighter than night. In one day I cut 20 acres of heavy wheat, and without tiring my horses any more than cutting 15 acres with the old 6 ft. binder. It is perfectly free from neck weight or side draft and a pleasure to operate, elevating grain that the old small binders would choke on. Too much cannot be said in favor of this matchless labor saver. I can cheerfully recommend it to all my friends as the binder par excellence. Very truly,  
CHAS. T. MARSHALL.

This is only a sample of what everybody says who has a Deering Ideal Binder.

## The Effective Remedy

WASHINGTON, IOWA, April 4, 1903.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 13 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhœa, headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.
