The people of Ohio are to be congratulated on the defeat of the bill to steal the canals of that State. The victory of the friends of the canals is all the more significant because Boss Cox, of Cincinnati, used his efforts to put the measure through. The vote was a rebuke to "Coxism."

The Sherman law was passed in 1890. Fourteen years afterward the first decision in favor of the people was won under it and it is a barren one. What of the coal trust, sugar trust, beef trust, steel trust, et al? The man who pretends to believe that the Republican party is sincere in its war against trusts is an easy mark, is the opinion of the Georgetown News-Democrat, and Br'er Eylar is right.

## THE POSTAL SCANDAL.

The effort of the Democrats to force an investigation of the Postoffice Department was renewed Thursday but was again defeated by the Republicans. The latter claim that the rottenness has already been exposed, and some of the rascals convicted, but the Democrats assert that the bottom has not been reached yet. On this point the Washington correspondent of the Courier-Journal furnishes some interesting figures in regard to the cost of transporting the mails which certainly indicate the need of a thorough probing of the service:

In 1882 there was under the system of competition then in vogue, a clear surplus of \$1,400,984 to the credit of the Postoffice Department, so that it was then on a paying basis. How this has been changed will appear when it is stated that the deficiency in expenditures in this department in 1903 amounted to \$4,560,044, which Congress is now called upon to provide for.

I have already shown that all this large deficiency could have been saved in Shallenberger's office by wise business management. In my last article on this subject, I referred to the recent contest between Capt. Castle, late Auditor for the Postoffice Department, and Shallenberger, (Second Assistant Postmaster General) which finally resulted in the retirement of the Auditor. This has brought prominently before Congress and the country the shiftless and unbusinesslike methods that have prevailed in the contract office during the past four years. I stated that nearly \$40,000,000 are expended for railroad service annually, the actual amount estimated and called for by the Postmaster General for the current year being \$38,242,000, and the estimate for the coming year being \$39,698,000. Add to this \$13,760,000 for railway postofficers and \$600,000 for electric car service and you have a total expenditure of \$54,604,000 for railway transportation.

But if we take into consideration the cost of star, steamboat, mail messenger, wagon service in cities, pneumatic service and "special facilities" we find the extraordinary expenditure of over \$72,000,000 for mail transportation in the United States, every item of which must be examined and audited by the Sixth Auditor for the Postoffice Department.

That there is an absolute necessity for reform in the methods of settling these tremendous accounts goes without saying. Before his forced retirement Capt. Castle repeatedly declared that glaring defects existed in the system of auditing, which he was powerless, owing to Shallenberger's attitude, to remedy. The Controller of the Treasury commented in severe terms on this defective system, and stated that the data furnished the Auditor was insufficient. And as yet nothing has been done to remedy the evil.

## PLENTY OF IT.

Lots More Proof Like This, and It is All From Maysville People.

"The proof of the pudding is the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our neighbors, give a statement like the following for publication, it is proof convincing for the most skeptical. Read this testimony.

Mr. A. W. McClanahan, of 119 West Second street, says: "The use of in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for twenty years, steadily becoming more persistent as time passed on. My attention was called to Doan's Kidney Pills and I got a box at J. James Wood & Son's drug store, corner of West Second and Market streets. The treatment so greatly benefited me that my only regret is that I did not know of this valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name DOAN'S and take no substitute.

## DIED THURSDAY NIGHT.

Venerable Father of Mrs Robert Ficklin Passes Away at His Home in Covington.

[Commercial-Tribune]

Death removed a patriarchal citizen of Covington Thursday night.

Charles Albert McLaughlin, known to every man in the city for the last half century and more, died at the home of his son, Albert, 1040 Scott street. He was eighty-six years old and was born in Covington in 1817. Death was due to infirmities of age.

Up to within the last five years he was an active business man, but the infirmities of age induced him at that time to lay aside worry and he had since dwelt quietly either in Covington or at his farm near Big Bone Springs in Boone County.

Fifty years ago he was the leading business man of Covington and was considered the wealthiest man in the city. His home was in what is now the Colonial Flats, at Fifth and Greenup streets, and no house in the city was more hospitable.

Ten years ago Mr. and Mrs. McLaughlin celebrated their golden wedding at the home of her son, William. Three years ago the faithful companion of his life died. Since then Mr. McLaughlin had been in failing health.

At the celebration of the anniversary four generations were represented. William P. McLaughlin and his son, William P., Jr., and Charles, the son of William P., Jr., besides the old man.

Three sons and three daughters survive. They are William P., Charles A. and Edward B. McLaughlin, of Covington; Mrs. Robert Ficklin, of Maysville; Mrs. Frank Clark, of Matoon, Ill., and Mrs. William Orr, of Covington. There are eight grandsons, eleven granddaughters, four great-grandsons and seven great-granddaughters.

Rev. W. S. Priest formerly of this city is now minister of the Central Christian Church of Columbus, O. Several other ex-Maysvillians, among them Mr. and Mrs. Clinkenbeard and children, are members of his church.

Mr. Emil Weis is erecting a slaughter house and cold storage plant on his lot on the Fleming pike. Mr. John F. Moran of this city has the contract for the foundation and the John Dupps Company of Cincinnati will construct and furnish the buildings.

A strong effort is being made to have Governor Beckham pardon George Miller, who was given a year's sentence in the penitentiary for running a faro bank. Miller is ready to sign a pledge never to gamble in any way, shape or form in the State again. Dean Baker P. Lee went to Frankfort Thursday and made a plea for Miller's pardon.

The Bourbon grand jury in its first report Thursday indicted the poolroom operators, sheet writers, ticket writers, cashier and chalker of Paris on alleged charge of common nuisance. The poolroom has been paying a \$5 fine in the Paris Police Court every morning, and the cases will be fought out in the Circuit Court on the plea of former conviction.

Governor Beckham has approved the bill prohibiting the sale or transportation of wild turkeys, pheasants, grouse, partridge and quail within the State of Kentucky. It makes it unlawful for a common carrier to carry game except in possession of the hunter who lawfully killed it. Each bird or fowl is made a separate offense, and the penalty is from \$10 to \$25 for the first offense, and from \$25 to \$50 for any subsequent offense.

Reversing the case of Dewitt against the C. and O. taken up from Bracken County, the Court of Appeals says: "In an action against a railroad company and one of its employes for damages, the fact that appellant had brought a suit against the railroad company alone, which he dismissed without prejudice upon an order being made to transfer it to the Federal Court, the lower court was not without jurisdiction because of the removal of the first suit to the Federal Court, where it was dismissed, and it was error to overrule appellant's demurrer to the answer of appellees, and to sustain the plea to the jurisdiction."

In the appearance at the opera house, matinee at 2:30 and to-night at 8:30, of Willis Maxwell Goodhue's jolly comedy, "Hello Bill," the patrons will enjoy one of the greatest comedy treats of the season. Incidental to the plot there are scores of absurdities and it is not exaggeration to say that laughter never ceases. The company engaged in this year's presentation of the play is a notable one, including in its ranks Harry Blakemore, Herbert J. Corthell, William H. Woodside, H. Bernard Denny, Eugene Shakespeare, Robert Watt, Caroline MacLean, Gertrude Raymore, Margaret Sayres, Lena Lorraine and Marion Kirby. Matinee prices 10 cents for children and 25 cents for adults, night prices 25, 35 and 50 cents. Tickets for both performances now on sale at Ray's.

# DEERING MACHINERY and TWINE.

Read what a Mason County farmer says of his Deering Binder:

This is to certify that I bought a Deering Tongue Truck 8 ft. Binder in 1902, and wish to say that it is far ahead of the old 6 and 7 ft. binders as day is brighter than night. In one day I cut 30 acres of heavy wheat, and without tiring my horses any more than cutting 15 acres with the old 6 ft. binder. It is perfectly free from neck weight or side draft and a pleasure to operate, elevating grain that the old small binders would choke on. Too much cannot be said in favor of this matchless labor saver. I can cheerfully recommend it to all my friends as the binder par excellence. Very truly,  
CHAS. T. MARSHALL.

This is only a sample of what everybody says who has a Deering Ideal Binder.

# Whiskey and Beer Habit

PERMANENTLY CURED BY

## "ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

A CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He too, sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."  
Mr. A. E. T., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now have the smell of liquor."  
Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company 817 14th St., Washington, D. C. Interesting book—Treatment on Drunkenness, (sealed free on request. Sold and recommended by

# Sure Relief for Women.

No. 18 Central Ave.  
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any. A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years. I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson  
GRATOR, WEDNESDAY CHAUTAUQUA CLUB.

# WINE OF CARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Cardui from your druggist today and begin treatment immediately.
