Officers' Association.

Quite a number of officers of the Kentucky State Guard met in this city on Wednesday and Thursday, and formed an "Officers' Association." The principal subject of discussion after organization was the encampment next summer and it was unanimously decided to hold it at Chicago, beginning August 4th, if the necessary funds could be secured. Governor Brown informed the association that there was not enough money to the credit of the State guard to pay for the trip, but, as it would cost only about \$2,000 more in all to hold it at Chicago than at some point in this State, he did not doubt the Legislature would appropriate an amount sufficient to enable the project to be carried out. It was finally decided to ask the Legislature to make such an appropriation, and after discussing other subjects of interest to the State Guard the association adjourned.

Among the higher officers present were Colonels Castleman, Barrett, Smith, Gaither and Graham; Major Watt, Adgt. Gen. Gross, Asst. Adgt. Gen. Richardson, and nearly all the regimental officers of the 2d regiment, besides the Captain or a Lieutenant from most of the companies of the State.

Preparing to Move Out.

The Mason & Ford Company broke ground yesterday for the foundation of a large warehouse, one hundred and fifty feet long by seventy-five wide, on their lot near the Kentucky Midland yards. The work will be pushed right along so as to have the building in readiness to receive their large stock of chairs on the first of May, as they expect to give up their lease on the prison labor about that time.

They have already begun shutting down labor in the shops within the walls, and will shortly begin the erection of buildings on outside of the prison into which they will remove their valuable machinery and continue the manufacture of chairs with free labor.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on everyone who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by J. W. Gayle, druggist, 1m.

Your committee to draft proper resolutions upon the death of our brother, M. E. Jett, beg leave to report the following:

WHEREAS, In view of the temporary absence from our midst of our beloved brother, M. E. Jett, and of the still greater grief experienced by those who are nearest and dearest to him. Therefore, be it

Resolved, That it is but just to say, that in the absence of our brother, we are deprived of an active, social and dutiful member.

Resolved, That we tenderly condole with the family of our beloved brother and extend to them our heartfelt sympathy, with the assurance that the temporary absence of our brother has brought us nearer and increased the affection of the brotherhood towards the family.

Resolved, That in the severance of the brother from his family and friends we must not forget that it has

pleased the Divine Providence to afflict them. Therefore commend them for consolation to Him who orders all things for the best, and whose chastisements are meant in mercy.

Resolved, That this heartfelt testimonial of our sympathy be forwarded to the family of our deceased brother.
