Cholera infantum has lost its terrors since the introduction of Chamberlain's Colic, Cholera and Diarrhoea Remedy. When that remedy is used and the treatment as directed with each bottle is followed, a cure is certain. Mr. A. W. Walters, a prominent merchant at Waltersburg, Ill., says: "It cured my baby boy of cholera infantum after several other remedies had failed. The child was so low that it seemed almost beyond the aid of human hands or reach of any medicine." 25 and 50 cent bottles for sale by J. W. Gayle, Druggist. 43-1m.

The Old Original Remedy Leads.

Sick people should not be deceived by pretenders who talk about "Microbi," "germs," "baccilli," &c., to sell their preparations, thus preventing people from buying the original tested medicine. "Radam's Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read their advertisement in this paper. Don't be deceived.

GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.
