Miss Myrtle Squires, of Mt. Pleasant, is teaching a class in instrumental music at the home of Mr. Taylor Young.

Miss Cornie and Jennie Taylor, of Montpellier, visited their cousin, Miss Dora Young last week.

We are already feeling the effect of the bridge burning as our currency is in the process of being ruined.

Rev. J. L. Adkins will preach at Zion again this year.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is that on which we became acquainted with Dr. King's Life-Saving Apparatus. The doctors, and all who witnessed the scenes of heroism and valor, and the lives that were saved, will on the 7th of June, at 7 o'clock, have a grand drug store.

CANACO, MEXICO.

Please find enclosed payment for News, as I cannot do without it. The paper is of great interest to me as it keeps me posted on all things of a new nature in Old Adair.

The new year brings to our camp new management. The old company having sold out to the Amalgamated Copper Co., $60,000,000. We lose one of the grand men of the paper. It was the world's largest newspaper, Col. W. C. Green, and a great favorite with the people. The new manager is a Mr. Cole, from Nebraska, and from what we infer the men say must be pretty churlish.

This is sure to make a general change in the management, and we are not sure the work will remain the same.

Now mourning soon to be succeeded by a 3 inch snow, something unusual for this place.

Miss Sallie and Miss Effie Conover, with Mr. Young's family last Thursday.
