Additional Locals.

Farm for Sale.

My farm located at Knifley, Adair county. For terms, call on or address W. L. Russell, Knifley, Ky.

12-4t

There was more dirt turned last week on Adair county farms than any other week in any other January since Columbus left Corsica. A great many farmers have all their oat and corn land plowed.

All the dogs about town have either been put up or muzzled.

Tobacco Plants.

A serious disease to tobacco plants, which often greatly damages the crop, has been carefully studied by scientists of the Department of Agriculture. The Department has just issued an extensive report describing the nature and symptoms of the disease and such methods of control as have been found effective. Careful experiment has shown that certain insects spread this disease, and in green houses, plants screened with fine cloth and fumigated with a nicotine paper were kept free from it. In the field, the only method of control at present available seems to be the prompt removal of all plants infected with the disease.

Laborers in the operations of worming, suckering, and topping tobacco plants may readily communicate infection from diseased to healthy plants. For if healthy plants are brought in contact with the sap of diseased plants the malady is apt to develop. This is in addition to the spread of the disease by insects, and as the infection is so readily carried it is obvious that afflicted plants are always infection centers so long as they remain in the field.

COMMISSIONER'S SALE.

RUSSELL CIRCUIT COURT OF KENTUCKY.

Vernon Holt, Adm., Plff. vs. Sidney Holt, etc., Defts.

By virtue of a Judgment and order of sale of the Russell Circuit Court, rendered at the October term, thereof, 1913, in the above styled action, for such uses as the court may hereafter direct, I shall proceed to offer for sale, at the Court-house door, in Jamestown, Ky., to the highest and best bidder, at public auction, on Monday, the 16th day of February, 1914, at one o'clock, p. m. or thereabout, (being Circuit Court day,) upon a credit of six months, the following described property, to-wit:

Two tracts of land lying in Russell county, Ky., on the waters of Greasy creek, about two miles south of Jamestown, Ky., and known as, the David Jones place.

First tract containing 125 acres more or less; second tract containing 150 more or less.

Also one tract of land known as the Clarence Bernard place, and adjoining the above named two tracts.

Also one tract containing 25 acres, lying on the south side of the Jamestown and Greasy creek turnpikes, and partly in the town of Jamestown.

Also two town lots in the town of Jamestown, Ky., being a part of the new Jail lot.

The first two tracts named above will be first sold separately, then both tracts together, and the sale bringing the most money will be the one accepted.

For full description of the above named lands and town lots, the Judgment on record in the Russell Circuit Clerk's office is referred to.

For the purchase price, the purchaser with approved surety or sureties, must execute bond bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be prepared to comply promptly with these terms.

H. H. Dunbar, Master Commissioner.

Good News.

If you are a buyer of corn you will like this—if you are a seller you will not. It depends entirely on the point of view. In either event the following dispatch shows what is happening to the market on a number of agricultural products.

An Associated Press dispatch from New York has the following which is of more than passing interest to consumers of corn at this time:

"Nearly 300,000 bushels of Argentine corn was being unloaded in this port today, and millions more from the South American Republic is under contract. The importations are the direct result of the removal of the duty on the staple under the recent tariff act.

"More than 1,000,000 bushels has been received in the United States since the tariff went into effect, the first from the Argentine ever brought here, and already the competition with American corn has forced a decline in cash values.

"Thirteen ships are now en route from the Argentine, and one American manufacturing concern which uses corn in the manufacture of syrups and kindred products, has 5,000,000 bushels from that country under contract for delivery.

A Great Surprise.

On Thursday, January the twenty-ninth, a few of Mr. Chas. Hammond's children and neighbors assembled together and surprised him with a birthday dinner and nice presents. It was his sixty-sixth birthday and everyone enjoyed themselves fine.

We regret very much not having the rest of his children with him as we may never have the privilege of assembling together for the same purpose again. May his future days be spent with greater ease and more pleasure.

A loving grandson who was present.

Rowe's X Cross Roads.

Such pretty weather. It almost make a lazy man want to go to work.

Rev. James Sullivan and Rev. Tom Selby are both building themselves up-to-date barns which every man needs whether he has anything to put in them or not. They speak well for his farm.

W. A. Cook went to Columbia last Monday on a business trip.

Rev. J. P. Aaron preached a good sermon last Sunday at Oak Grove. He has an appointment here every fourth Sunday.

George Cook sold a horse for \$150.

Your scribe sold a mare for fifty dollars.

H. C. Gaines and family spent a day at this place this week.

T. Hadley and wife put in a day with Rev. James Sullivan this week.

I found here on the old Billy Rowe farm a grave marked Margaret M. Stapp died Oct. 11, 1818, in the 27 year of her age.

This grave is marked with a sand stone slab 3 feet wide and 6½ feet long. This grave is in the woods and is well preserved.

Old aunt Sallie Ann Blakey is in very bad health. She is very old and can't walk around but a very little, but she is cheerful.

Logan Kimbler is on the sick list this week.

Bob Aaron's condition don't get any better.

This is now Feb. 1st and the rain commenced to fall yesterday and we are having some very cold weather. Guess I will have to put off my corn planting a while longer.

Measles, whooping cough and mumps are raging in this and adjoining neighborhoods.

Mrs. Harriet Ann Morris is very low. She suffered a stroke of paralysis a week ago, and has been in a critical condition ever since.

Mr. P. M. Bryant has been quite sick for several weeks.

News reached this place last Friday that the wife of Mr. Bud Bailey was dead. They lived near Knifley.

It was with sadness we learned of the serious illness of Mrs. Lucy Hudson, also Mrs. Ruby Beauchamp. They used to be our neighbors.

Mrs. T. J. Bryant is not so well this week. For the past two weeks she had some rest, and did not cough so much. It is remarkable how patiently she bears her affliction, meeting her many friends who visit her with a smile. During the long years she has been afflicted I have never heard her murmur.

Mr. Nathan Murrell remains feeble.

Editor News:—

After seeing that my letter was printed in the columns of your last week's paper, will try to come again with a short letter.

The school at this place is progressing nicely.

A few of the boys thinking they had to have their cigarettes, undertook to walk the streets of Berea with a cute little cigarette in their mouths. They did that all right, but before breakfast next morning, they were summoned to appear before Prof. Edwards, teacher in charge of common school, where they were tried and found guilty, so by complete management, he got them to the depot, just in time to board the first North-bound passenger train. Sorry to give them up, but this is strictly not a smoking school. So boys if you want to learn to smoke don't come to Berea. With the exception of the tobacco habit a boy can take up any thing he wishes, but you certainly can not "chaw" tobacco or puff a cigarette, and be a student of Berea College. Get rid of the habit and come and enjoy your share of as good schooling as you will find in the State of Kentucky.

On Monday, the 2nd of February, Prof. Durham will direct a "walking party," consisting of ten boys and the same amount of girls to "West Pinnacle," the point from where Daniel Boone first viewed the blue grass region of Kentucky. From there we will go to a large cavern called the rock house, and then a visit will be made to the great tanks which furnish water for the college. The distance of this journey being nearly eight miles, it will be necessary to take lunch. I suppose I will be one among the number of this crowd, and if so will try to tell later as briefly as possible, the interesting things seen and heard.

Not knowing much to write this time, will "ring off," and try to prepare a little better for next time.

Hoping to hear from some of the Adair county folks, especially the boys and girls of the Casey Creek community, through the columns of the News.
