ANNOUNCEMENT.

FOR JUDGE OF COURT OF APPEALS.

We are authorized to announce ROLLIN HURT a candidate for Judge of the Court of Appeals, in the Third District, subject to the action of the Democratic voters, expressed at the August primary.

There are thousands of young men in this country, who have grown very patriotic in recent days, and they are clamoring for war with the Huerta aggregation in Mexico, but those who are making the most noise are not looking for a recruiting office. They say President Wilson is too slow, that his waiting policy is intolerable; that the United States ought to fight, and fight now; that the delay has been too long already. War is a serious thing. It means death to many thousands of men, and it would cost this country millions and millions of dollars, thereby stagnating all classes of business. The fellows who are clamoring to fight, and not willing to shoulder a gun themselves, do not seem to realize the great destruction that follows war, neither do they seem to realize how much better it would be for the country not to go to war if the trouble could be honorably settled. The Huerta government is not recognized at Washington. The whole layout is regarded as a band of desperadoes, cut throats and murderers, who cannot govern themselves, neither are they willing to be governed. The News is of the opinion that if Huerta would throw up the sponge, say to the United States that he has acted wrongfully, make all amends demanded by President Wilson, our fleets and land forces could be withdrawn, and the President could say to the two fighting factions in Mexico, go together and fight as long as two men remain to stand in front of each other, it will matter not a bobbee to this country. There are many young Americans who are chivalrous, and who truly love the flag. Many of them would go out from well-governed homes, surrounded by the comforts of life, and they should not be asked to sacrifice their lives for a lot of greasers unless it should prove absolutely necessary in order to chastise the heathen Mexicans for wantonly insulting the United States. It is not a question as to whether this country could subdue the Huerta forces or even the united strength of Mexico. The United States could hold its own, in our judgment, against any two nations, were it necessary to go up against such a force. As to Mexico, the whipping of that country would be like an infant before a giant. If real war does not come the writers who are now criticizing President Wilson's policy, will see in the future

that his actions were wise and patriotic. Besides the President, he has associated with him wise men, men who know what war means. In our judgment if peace can be secured, it would be better for those who man the ships, for the land forces and for this enlightened nation. If our entreaties for peace are not heeded, there is not a doubt in our mind but the Washington government will declare war, and that the fighting would be over before the leaves fall

Hon. Rollin Hurt, of this place, formally announces his candidacy, in to-day's News, for Judge of the Court of Appeals in this the Third District, subject to the action of the Democratic primary to be held in August. Everybody throughout this section of Kentucky knows Mr. Hurt, his ability as a lawyer and his worth as a citizen, hence words of laudation from his home paper are unnecessary. It will not be out of place though, to state that he has been in a number of counties comprising the district, and that he has been given a cordial reception at each of his appointments, and at this stage of the canvass he is well pleased with the encouragement he has received. He expects to visit all the counties in the district before the primary, hoping to meet as many voters as possible in the twenty-three counties comprising it.

The very latest from Washington is that President Wilson has accepted an offer from Brazil, Argentina and Chili to use their good offices in an attempt to bring about a peaceful settlement of the difficulty between the United States and Mexico. The offer was formally submitted by three South American envoys to Secretary Bryan, who laid it before the President. It is further stated from Washington that it is ascertained that this country will recognize the constitutionalists when they gain more territory.

Hon. D. H. Smith, of Hodgenville, who entered the race for the Democratic nomination for United States Senator, has withdrawn from the contest.

WAR IN MEXICO.

Vera Cruz, April 23.—Early yesterday afternoon the city of Vera Cruz was in undisputed possession of the American invading forces. Although there was no organized force used against them and the snipers were less in evidence than at any time during the fighting, eight Americans were killed and some thirty wounded. While the Mexicans suffered more severely, the number of their casualties has not been ascertained, but the best estimates obtained by Capt. William R. Rush, of the battleship Florida, indicated that in the engagements of Tuesday and Wednesday their dead amounted to about 150. No person knows how many Mexicans fell wounded, as a large part of them were taken away and hidden by friends.

In the streets about the plaza Wednesday afternoon lay fifteen or twenty bodies, a majority of them attired in citizens' clothing. Some of the men evidently had been dead since the engagement of Tuesday and the tropical heat made their disposal imperative. One of the first orders given after the town had been captured was to bury the Mexican dead in a trench at the sea end of one of

the streets leading from the plaza.

When the city was taken the order was given to advance carefully and search every building for men bearing arms. Scores of prisoners were taken, most of them protesting volubly, many hysterically that they were not guilty of any unfriendliness whatsoever toward the Americans.

Washington, April 23.—Secretary of State Bryan and Secretary of the Navy Daniels were called to the White House late to-day. Prior to the conference the Secretary of State had communicated with a representative of the Mexican Constitutionalists and it was reported that indications had been received of a more friendly attitude on the part of the Constitutionalists than that expressed in the Carranza note last night.

Vera Cruz, April 23.—Gen. Gustavo Maas, former Mexican commander at Vera Cruz, was reported to-day to be intending to move against the city with strong re-enforcements brought up from Puebla.

Washington, April 23.—After issuing a statement declaring the intention of the United States to enforce reparation "whenever and wherever the dignity of the United States is flouted," President Wilson bent all the energies of the Administration to-day to planning for operations in Mexico.

The President's statement, issued after a Cabinet conference, in reply to the message received from the Constitutional Chief Coranza, declared that "we are now dealing only with those whom Huerta commands and those who come to his support."

Private advices reaching here to-day in code from Mexico City, disclosing that Americans there were in danger, have been communicated to Government officials.

The dispatches, which were from a source of unquestioned trustworthiness and bore date of to-day, set forth that mobs of Mexicans were forming for anti-American demonstrations; that Americans on the streets had been menaced and threatened with violence, and that they were concentrating at the Embassy for mutual protection.

The Department announced that the last message from Charge O'Shaughnessy said he expected to leave Mexico City to-night or to-morrow morning. He could by no means have reached Vera Cruz to-day, it was stated.

SENATE PASSES EMERGENCY ACT.

Washington, April 23.—The Senate late to-day after considerable debate passed the emergency resolution giving President Wilson \$500,000 to be used in his discretion for the removal of American citizens from Mexico. The resolution, which passed the House yesterday, will go at once to the President for his signature.

HUERTA'S EXACT WORDS.

Washington, April 23.—Charge O'Shaughnessy has communicated to the State Department the exact words of Gen. Huerta in refusing to salute the flag. The dictator is reported to have said: "Why in — should I salute? I have been trying to get the — to fight for three months. Now let them fight."

This version of the language of Huerta is vouched for by persons who have read the recent dispatch of O'Shaughnessy.

VOLUNTEER CALL.

Washington, April 23.—The War Department has completed a draft for a call for 250,000 volunteers. It will not be issued until necessary, but most officials believe the necessity soon will arise.

San Antonio, Texas, April 23.—All available troops at Fort Sam Houston were ordered out for border patrol service late to-day. Battery B goes to El Paso and

cavalry troops to Eagle Pass, Laredo and Brownsville.

Orders to this effect were issued by Gen. Tasker H. Bliss in response to appeals received from persons living in the border towns. As a result the garrison at the post here, consisting of 600 troops, is completely depleted.

San Antonio, Texas, April 23.—Headquarters of the Southern Division, United States army, received instructions early this morning to at once re-establish the embargo on arms and ammunition into Mexico. This statement was made at Fort Sam Houston. The order came from the War Department and was issued early to-day.

At Department headquarters Lieut. Col. J. W. Heard, Adjutant General, said enforcement of the order would be commenced just as soon as troops on the border could be notified.

According to information given out at departmental headquarters, the embargo is operative at all points along the border within the confines of the Department, but officers would not discuss its details. Both Federals and Constitutionalists control Mexican ports of entry opposite this jurisdiction.

Washington, April 23.—Gen. Carranza's note to President Wilson declaring the seizure of Vera Cruz by American forces a violation of the national sovereignty of Mexico, inviting the United States to suspend hostile operations and withdraw its forces, and servation from the Constitutionalists Government should receive demands for reparation of offenses committed by Huerta, stirred the Mexican situation to a new and acute crisis late to-day.

The opposition to the American Government's action coming from an unexpected quarter after the Washington Administration had hoped for an attitude of neutrality and passive observation from the Constitutionalists brought the Government face to face with possible hostility from the great body of Mexican forces lying in proximity to the southern tier of the United States.

Vera Cruz, April 24.—Early yesterday afternoon the city of Vera Cruz was in undisputed possession of the American invading force.

Although there was no organized force used against them, and the snipers were less in evidence than at any time during the fighting; eight Americans were killed and some thirty wounded. While the Mexicans suffered more severely the number of their casualties has not been ascertained, but the best estimates obtained by Capt. Wm. R. Rush, of the battleship Florida, indicated that in the engagements of Tuesday and Wednesday their dead amounted to about 150. No person knows how many Mexicans fell wounded, as a large part of them were taken away and hidden by friends.

DEAD ON STREETS.

In the streets about Paza Wednesday afternoon were fifteen or twenty bodies; a majority attired in citizens' clothing. Some of the men evidently had been dead since the engagement of Tuesday, and the tropical heat made their disposal imperative. One of the first orders given after the town had been captured was to bury the Mexican dead in a trench at the sea end of one of the streets leading from the plaza.

When the city was taken the order was given to advance carefully and search every building for men bearing arms.
