Cretonne flowers are cut out and glued on the crowns and brims of white hats. They make effective trimmings and, of course, when they fade or become tiresome, they can easily be removed with the aid of a little water.

## Latest Fashion Notes.

A white silk Tam O'Shanter hat shows a worsted cord and tassel as its only decoration.

Jersey scarfs, in wide stripes, are used about the neck as girdles with white morning frocks.

Scotch plaids in silk will be used to trim the return petticoats which women find necessary with the fashionable full skirt.

Velvet parasols have followed velvet hats into popularity. One is made of black velvet, with a plain bright green silk center.

Sleeves on some of the new evening frocks are no more than little ruffles, sometimes of tulle edged with beads, and sometimes held out with a flexible wire at the lower edge.

## How Editors Get Rich Quick.

A great many persons have wondered how editors all get rich so quickly with such small effort. One of them who has grown rich has at last told the secret of it. He outlines it as follows:

"Nursery firm will send us a 25c rosebud for only \$5 worth of advertising.

"For running a six-inch advertisement for year, we can get a gross of pills.

"About one dozen firms are wanting to give up shares of gold mines for advertising.

"For \$40 worth of advertising and \$25 cash we can own a bicycle. The wheels sell at just \$12.

"A fellow out west wants us to run a lot of advertising for him for nothing, and if it brings results he may become a customer.

"For running \$12 worth of locals we can get two tickets admitting us to a circus in the city and pay our own fare on the railroad.

"Gun firm wants us to run \$19 worth of advertising and then send \$10 in exchange for a shotgun. Such a gun would retail at about \$6."

## REPORT OF WISCONSIN TAX COMMISSION.

"Justice in taxation can only be attained by strict compliance with the law. This is proven by universal experience. There is no other way. With rare exceptions, when an assessor violates the law and sets up a standard of his own he either inflicts an injury upon some individual taxpayer or else he does injustice to every other taxpayer in the State. As a general rule, every step he takes outside the straight and narrow path provided by law leads to greater and more glaring inequalities, and in many cases degenerates into a mere travesty on justice."

## FROM REPORT OF KENTUCKY TAX COMMISSION, 1909.

"There are two reasons why the general property tax has failed in operation. First, because under modern conditions it cannot be enforced effectively. Secondly, because of a more or less conscious recognition of the fact that strict enforcement would result in a still greater injustice than now prevails."

"The attempt to tax all property at a uniform standard of valuation and at the same rate, regardless of its special characteristics, earning power or the benefits derived from the expenditures of government, violates the primary rules of just taxation and offends the natural sense of justice."

## DON'T FAIL TO VOTE FOR THE TAX AMENDMENT

### CLASSIFIED TAXES.

Whenever there is any talk about a lower rate of taxes on intangible personal property a great howl goes up from the owners of tangible property, who affect to believe it a gross injustice. Intangible personalty consists mostly of Stocks, Bonds, Notes, Cash, Accounts, Mortgages, and other such evidences of enterprise, all of which are limited by law or custom to a certain percent of earnings. No other kind of property has the limits of its profits fixed by Law. A man may lawfully earn all he can in his store, his shop or on his farm. He may charge what he pleases for his professional services, for his manufactured wares, for his cattle, his hogs and his corn, wheat and tobacco, but when he comes to lending money, which the investment in Securities includes, he is strictly limited to a gross income never exceeding six per cent, and is it fair to exact half or more of his income for taxes when others get off with perhaps one-tenth of their earnings from other kinds of invested property, farming, professions and business? The argument is all in favor of the money lender, as his capital is essential to all industrial improvement and cheap money greases the wheels of progress and prosperity.

### TAX AMENDMENT

## TO BE VOTED ON AT THE NOVEMBER ELECTION.

The Tax Amendment to be again voted on at the November Election will, if adopted, authorize the Legislature to enact a new Tax Law that will subject the enormous amount of personal property in the shape of Stocks, Bonds, Notes and accounts now escaping taxation to a fair share of the burden and reduce the taxes on Land and Improvements. Every taxpayer should vote for it, as any Law enacted under its provisions must be ratified by the people before it can be enforced and this guarantees a fair Law.

### The Amendment.

"The General Assembly shall provide by law an annual tax, which, with other resources, shall be sufficient to defray the estimated expenses of the Commonwealth for each fiscal year. Taxes shall be levied and collected for public purposes only and shall be uniform upon all property of the same class subject to taxation within the territorial limits of the authority levying the tax; and all taxes shall be levied and collected by general laws.

"The General Assembly shall have power to divide property into classes and to determine what class or classes of property shall be subject to local taxation. Bonds of the State and of Counties, municipalities, taxing and school districts shall not be subject to taxation.

"Any law passed or enacted by the General Assembly pursuant to the provisions of or under this amendment or amended section of the constitution, classifying property and providing a lower rate of taxation on personal property, tangible or intangible, than that upon real estate, shall be subject to the referendum power of the people."

This amendment was ratified by an enormous majority at the election in 1912, but was pronounced invalid by the Court of Appeals because it had been advertised only sixty, instead of ninety, days as the Constitution provides.

It has been advertised in legal form and in time for this year's election and should receive a larger majority than before, as Tax paying voters have had time to study the question and discover the faults in the present Tax Law.

### A Hint For Auto Drivers.

The forward gear on an automobile should never be engaged after reversing until the car is practically standing still.
