There has been something said about organizing a news paper association in Powell county. We think this would be a good thing. Mr. Burgher has expressed himself as being willing to do all in his power to make it a success. We don't see why it should not be. Suppose we meet soon and organize. What do you all say?

THE GREAT DISMAL SWAMP.

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Clay City Lumber & Stave Co. guarantee satisfaction.

To know what to do and how to do it are the keys to success.

A man required by his wife to do housework and mind the baby asks a divorce in Chicago because she would not allow him even five cents a day. If the millions of women who have done housework and minded the babies all their lives without a personal al-

lowance of one cent a day were to get divorce on that ground there would be a startling dislocation of society.

A DOCTOR'S BAD PLIGHT.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by C. C. Lum. & Stave Co. 50c and \$1. Trial bottles free.
