WEYLER SOON TO BE ARRESTED.

Will Be Prosecuted for His Criticisms on the Operations in Cuba and the Philippines.

MADRID OFFICIALS HESITATE

As to Whether to Order the Commander at Santiago to Surrender, or to Resist Another Attack.

HEAVY SPANISH LOSSES JULY 1 AND 2.

Madrid, July 9.—Weyler will probably be arrested soon. An inquiry as to his recent criticism of the operations in Cuba and the situation in the Philippines has been ordered by Correa, the minister of war. There is no doubt but that Weyler will be vigorously prosecuted by the government.

Madrid, July 9.—The indications are that the government is undecided as to whether to instruct Gen. Toral, in command at Santiago, to yield or resist the American attack which is expected to begin today.

HEAVY SPANISH LOSSES.

Havana, July 9.—It is estimated that the Spanish losses in the battle near Santiago on July 1 and 2 were 900 killed and wounded. This estimate, closely figured, shows the poor quality of the Spaniards as fighters, when it is known that 1,800 were engaged.

PATRIOTIC GERMANS.

Chicago, July 9.—Notwithstanding the attitude of the German government in the war situation the German-Americans have shown their appreciation of a free government by a subscription among German-Americans exclusively, with which they propose to purchase and present to the United States government one of the finest battleships afloat. If successful the ship will be named Teutonic.

DELAWARE BURNS.

Destruction of the Big Clyde Line Steamer This Morning.
The Passengers and All the Crew Saved—The Boat is a Total Loss.

New York, July 9.—The big Clyde Queen liner Delaware burned this morning off the coast Cedar Creek, N. J. The passengers and crew were all saved, but the steamer was a total loss.

ANOTHER TRANSPORT.

New York, July 9.—The big transatlantic liner Berlin has been bought by the government for use as a transport.

PLANS OF REFUGEES.

Hope That Gen. Castillo Will Be Made Governor of Santiago After Surrender.

Siboney, July 9.—Refugees from Santiago are preparing for the government of the Province after the surrender of the city. It is said that they have selected the Cuban general, Castillo, for the governor.

BLOCKHOUSES DESTROYED.

Key West, July 9.—News from the blockade line off Matanzas says that two new blockhouses at Playa Camanicho, built by the Spaniards, were destroyed by shells from the gunboat Uneas, July 4.

LICENSED TO MARRY.

Rufus Neece and Little Davis, colored, were licensed to marry today.

BATTLE BEGUN.

Believed That the Bombardment of Santiago Commenced Today at Noon.

LINARES OFFERED TO SURRENDER

But His Terms Were Not Satisfactory—McKinley Says He Must Surrender Without Conditions.

LOSSES BY AMERICANS ON THE 1ST AND 2D OF JULY.

WASHINGTON, July 9.—At 1:45 p. m. Gen. Corbin hurried to the White House with a telegram. He refused to talk but it is supposed the telegram was from Shafter, in reference to Santiago.
Later—it is learned Shafter cabled that Gen. Linares had offered to surrender under certain conditions which the department refused to make public now.
The President directed the department to reply the surrender must be unconditional.

WASHINGTON, July 9.—Nothing has been received by the war department today from General Shafter that would indicate that the plan of a bombardment of Santiago today will not be carried out. The battle is expected to begin at noon all along the line, unless the city previously surrenders.

WATSON WILL SAIL NEXT WEEK.

WASHINGTON, July 9.—The navy department expects Commodore Watson's Eastern squadron will sail for the Spanish coast on next Tuesday, though it is barely possible its departure may be delayed until next Wednesday.
The squadron will be made up at Santiago and will sail from there. The squadron will include the two first-class battleships Iowa and Oregon, and four cruisers, besides several colliers, sufficient to carry 25,000 tons of coal in addition to the amount on the war vessels.

ANOTHER SPANISH VESSEL GOES DOWN.

KEY WEST, July 9.—Officers from vessels of the Havana blockading squadron bring the story of the destruction of a Spanish steamer, which is believed to be the Vilavoide. The ship had sailed from a Mexican port with munitions of war and supplies for Blanco.
The Vilavoide was chased by the converted gun boat Hawk and was beached and sunk.

OUR LOSSES ON JULY 1 AND 2.

WASHINGTON, July 9.—General Shafter's report of the losses sustained by our troops is as follows:
Complete report of the American loss in the battles of July 1 and 2:
Killed—Twenty-two officers and 208 enlisted men.
Wounded—Eighty-one officers and 1203 enlisted men.
Missing—Seventy-nine enlisted men.

SAMPSON GIVES THEM 48 HOURS.

MADRID, July 8.—It is reported here that Admiral Sampson has summoned General Blanco to order the evacuation of Santiago within forty-eight hours under pain of a bombardment of the city.

HAS IT REALLY BEGUN?

WASHINGTON, July 9.—Shortly after noon today Secretary Alger's private secretary announced that the bombardment of Santiago was begun at noon.
Later, at the department, when asked when a copy of the dispatch would be made public, it was stated no such dispatch had been received, although there was no doubt but the bombardment of Santiago was now in progress.

ANOTHER REPORT OF THE BOMBARDMENT.

NEW YORK, July 9.—The Mail and Express in its last afternoon edition states on authority of one of Alger's official aides, the bombardment of Santiago has actually commenced.

QUIETED THE CROWD.

Justice Settle Pays a Visit to the Poor Farm.
Justice Settle this morning went out to the poor farm to lay the law down to one or two of the inmates who had become obstreperous, and who were greatly annoying the remainder of the unfortunates there.
He informed them that they had to behave, or be expelled, and they all promised to do so. One woman in regard to a report published in some of the local papers that she and one of the men desired to marry, denounced it as a lie.

POLICE COURT.

Augusta Ligon, colored, was presented in the police court this morning on a charge of stealing a pair of shoes from Sarah Allen. She was held to answer, and in default of a \$100 bond, was remanded to jail.
The case against Chas. Page, for keeping a disorderly house was continued until Monday. The warrant was sworn out by City Attorney Lightfoot.
Louis Sloan, a peddler, was charged with allowing his horse to run at large. The case was continued until Monday. He owns the horse that has committed so many depredations on the North side.
Jim Johnson, for plain drunk, was fined the usual dollar.

PROSPECTS FOR PEACE INDEFINITE.

Still Rumored That Negotiations Have Been Informally Begun—United States Is Favorable.

BUT SPAIN OPPOSES PEACE.

Madrid, July 9.—Peace negotiations are pending and say Santiago will hold out to the last.

DAY HAS NO OFFICIAL NEWS ABOUT PEACE.

Rome, July 9.—The Italian says negotiations have been opened by various European cabinets with the view to arrange for concluding peace. The best intentions are manifested at Washington, the paper says, but the idea of peace is opposed at Madrid.

MADRID OFFICIALS DENY.

London, July 9.—Madrid advices today bring positive denials by ministry that peace negotiations are pending and declare Santiago will withstand the American attack to the last.

DAY HAS NO NEWS.

Washington, July 9.—Secretary of State Day and other officials of the state department today nothing official is known about the much-talked-of peace negotiations.

DESERVED PROMOTIONS.

Washington, July 9.—On General Shafter's recommendation Lieut. Gens. Young and Kent have been promoted to major generals for bravery at Santiago.

COLON MAY BE SAVED.

Washington, July 9.—Advices from Admiral Sampson indicate that the Cristobal Colon may be saved and repaired so she may be of some use to our navy. Also two or three cruisers of the Spanish fleet may be saved.

PANDO NOT AT SANTIAGO.

Siboney, July 9.—Notwithstanding information to the contrary Gen. Pando is not at Santiago, but is at Manzanillo with his entire force. The only reinforcements that have arrived at Santiago since the Americans landed at Baiquiri were two bodies of one thousand men each who went into Santiago before the city was surrounded.

THE CANARIES.

Spain's Defenses There Are Very Poor, and Could Not Withstand an Attack.

London July 9.—The Pall Mall Gazette yesterday published a letter from Las Palmas, capital of the Canary Islands, in which the writer says under the date of July 1: "In view of the prospective visit of the Americans the Spaniards are busy at their defenses. At the present moment the means of repelling an attack and preventing a landing are miserably inadequate. They consist of a battery of mixed smoothbore and rifle muzzle loaders on the heights overlooking the harbor, six obsolete field guns north of the Mole, a six-gun battery in the artillery barracks within the town, and a small saluting battery. With modern long range guns the Americans could easily wreck the batteries."

AT THE WHARF.

Two Accidents That Occurred There This Morning.
There were two accidents at the wharf this morning. Prof. Murray Gilbert, while assisting in loading an organ onto the wharf boat, fell off the stage plank, and the organ went on top of him. He escaped with a wetting.
Mr. Ab. Coleman, the well known painter, fell from the dry dock, headfirst into the water, and but for the timely assistance of bystanders, would have drowned.

AN ABLE ARCHITECT

Arrived to Look After the Nahn Building on Broadway.

Mr. Wm. L. Brainerd, of the well known architectural firm Brainerd & Holman, of Chicago, arrived in the city this morning. He designed the new building to be erected on Broadway near Fourth, for Mr. Max Nahn, and the bids for constructing the edifice will be opened Monday morning.

Mr. Brainerd has been engaged in active practice in Chicago the past nine years. He is a graduate of the Massachusetts Institute of Technology, class of '86, afterward serving two years as draughtsman in the office of Messrs. Hartwell & Richardson, Boston, where he was engaged on some of the most artistic work in State Normal schools, churches and residences then executed.

Mr. Holman is a graduate of Iowa College and has had seven years of independent practice. He served three years as head of the architectural department and superintendent for Messrs. Burke & Co., and Messrs. Frederick P. Bagley & Co., Chicago, contracting interior marble and mosaic decorations, and was assistant designer and superintendent in the "Temple," the Title & Trust building, Schiller Theater, Columbus Memorial building, Marshall Field Annex, the Lees building, the Fort Dearborn National bank building and the Continental National Bank building, all of Chicago. His position as contracting superintendent made him familiar with the work and methods of many of the architects of highest repute in this country.

They have a well organized office and are doing work that which there is none more thorough and complete. They have several first-class libraries at their disposal, and besides are living in an atmosphere of progressive-ness of marked high standard in engineering and industrial and fine arts. They are in a position to give their personal attention to work and assure all they can give work that will stand the test of criticism from any quarter.

They have designed some of the finest buildings in the country, including the Illinois College, at Jacksonville, Ill., a fine church at Rock Island, Iowa, Bank of Chicago Heights, Piano factory at Pullman, Ill., and have been the best of references.

MORE SOLDIERS FOR MAYFIELD.

Pewee Valley Company Passes Through With a Gatling Gun. Great Excitement Out There Today.

It Is Thought By Many That Blanks Will Be Wrested From the Soldiers—The Jury Gets His Case.

There is more excitement in Mayfield today than on any day since Bob Blanks, the rapist, was taken back to be tried.

The city is full of country people, and the state of feeling runs high. This morning a special train passed through Paducah about noon with the military company from Pewee Valley, and when the soldiers reached Mayfield, it was found that they had a Gatling gun. This did not have a very pacific effect, but whether any effort will be made to lynch the prisoner remains to be seen.

The case was finished this afternoon and given to the jury, which will settle it without delay, it is thought. Yesterday's Mayfield Mirror said of the trial: The Blanks case was called to trial at 9 o'clock this morning and the distinguished prisoner was carried to the courthouse with military pomp and splendor, but in immediate charge of Sheriff Douthitt. Judge Robbins had ordered the courthouse cleared, and said everybody would be expected to stay out except attorneys, court officers, and county officials, witnesses, jurors and parties to the case. Under this ruling there came near being a serious clash between the civil and military authorities. The soldiers wanted to go inside and stand guard at the entrance. The matter was finally compromised by allowing the military to guard the entrances on the lower floor.

A jury has been selected from the Hickman county men and the trial will likely proceed without delay. There are very few witnesses. Blanks' attorney had only two summoned, Bull Hoyer and Ed Long, the latter having joined the army some time ago. Blanks will attempt to show the victim of the rape is over thirteen years of age, and is of a bad character. The prosecution will show by medical experts that the girl had never had connection before. The people do not know what to make of Gov. Bradley sending soldiers down to take charge of their county court house, and thus preventing and delaying the transaction of every day business at the court house. The better element is now beginning to wax indignant, and just a little encouragement from them would cause serious trouble.
