WASHINGTON.
Farmers are as busy as bees in this section, planting corn. Nevertheless they were all glad to see the rain that fell on Monday. It will greatly benefit the oat crop and meadows.
Some of the inhabitants of our little village are mourning the loss of their pet canines. The "grim destroyer" got in his work Sunday night and as a consequence several very dead dogs were found on the streets Monday morning.
J. L. Browning of Maysville had a very narrow escape from a serious accident on the Maysville road Sunday morning, caused by the breaking of the front axle of his buggy, but fortunately he got off with only a few bruises and a badly wrecked vehicle.
The hop given at the academy Friday evening was quite a success, socially as well as financially. Some of our old bachelors discovered, rather late in the evening, that they could execute as many "pigeon wings" and bow as gracefully as any of the younger generation.
C. J. Hunter and his bride have returned from their bridal trip to Washington, D. C., and other points of interest. Mr. Hunter is one of Mason's substantial farmers, and his bride one of her loveliest daughters. We predict for them a happy and prosperous future.
The F. L. T. fishing club will give its annual fish fry and picnic soon. This club derives its name from its founder. It is an annual affair and those who were so fortunate as to attend the first one given three years ago, still cherish recollections of a very pleasant event and a delightful day.

SPRINGDALE.
William Garrett is on the sick list and is being waited on by Dr. Dimmitt.
Scott Fletcher received from Cincinnati Thursday morning a fine lot of fat cows.
The Coon Hollow Baseball Club defeated the Orangeburg's Monday by a score of 60 to 8.

The little daughter of Mr. and Mrs. John Sartain, while at supper Sunday, upset a pot of tea, severely scalding herself and mother.
Mrs. Thompson Henderson of Poplar Flat passed through our town Monday, bound for the Queen City to lay in a supply of Millinery.
Miss Viola McCann of Poplar Flat was calling on friends here Monday. She was so unfortunate as to be caught out in the terrible rain of that day and get drenched.
Comrade Ruggles was so unfortunate as to have a valuable net stolen from the river on Sunday night last. On account of the runoff of the creek on Monday the catch of fish was small.
The forest fires across the river in Adams county, Ohio, some three miles distant, on Sunday night, were a most beautiful sight, as viewed from this place.

We have been unable to get an estimate of the damage done, but it must have been considerable.
The most of our town, with a considerable number of persons from this and adjoining counties, were in Maysville Monday attending court, the special attraction being the trial of the suit of the County of Mason vs. the Cabin Creek and Springdale Turnpike Road Company, to recover certain money alleged to have been overpaid for original construction.

The prospects for a large wheat crop are encouraging; and, by the way, R. B. Cord is headquarters for the wheat.
Steven H. Harrison, the hustling merchant of Helena, is able to be on the streets again. It's hard to down cheap Steve.

All the young people are ready to vote Dan Witt the most entertaining host of this locality. Last Saturday evening a number of young people, by invitation of Mr. Dan, met at the beautiful pond on his premises and spent a very enjoyable time fishing and boating. Promptly at 6 o'clock Mrs. Witt invited the merry fishermen to an elegant supper, which established her reputation as an excellent hostess. After an enjoyable social all returned home voting it the happiest event of the season. Those present were Misses Lyde Hord, Dee Rice, Lena Alexander, Hattie Hord, Sadie Clay and Julia Myail, and Messrs. C. G. Degman, Lucian Goodman, George Dohy, Scott Clay, and Rev. McLellan. Hygiene in Egypt.
It is taken for granted that the idea of boiling water before using it as a beverage is of relatively recent date. A manuscript, however, has just been discovered in the khedive's library at Cairo which corrects the false impression. This manuscript treats of hygiene in Egypt and is the work of a celebrated Arabian physician, Ebn-Radouan-al-Maazy. It bears the date of the year 460 of the hegra (1068). In this manuscript it is said "that the best method of setting water free from principles injurious to health, consists in first submitting it to the action of heat, by boiling it, then exposing it to the coolness of night air, decanting it, boiling it a second time, clarifying it by mingling chalk with it, and finally filtering it through a porous jar exposed to the night air." Water which has been thus treated, says the Egyptian physician, is ready for drinking.
