Only six weeks now until the November election. It behooves all Democrats to be on the alert.

Wonder what has become of Ohio county's King road drag, ordered some months ago by the Fiscal Court to be made and put into commission?

Gen. Huerta seems to be impressed with the idea that President Wilson, in his handling of the Mexican matter, is not in accord with the great mass of people of the United States. In this he is mistaken. Every patriotic American citizen is with the President.

In these modern times prizes are not offered for the prettiest baby, but for the most physically "perfect" specimen of infantile humanity. Inasmuch as every mother naturally thinks her baby is the prettiest, and that this will count for much in the decision, the new ruling does not materially affect the number of entries.

That the business interests of the country have the fullest confidence in the new tariff bill and its political promoters and supporters, is evidenced by the way they are receiving it. No lock-out notices, no threatening cry of hard times, but on the contrary, business of all kinds is proceeding with increased energy and optimism. Such is the confidence in the present Democratic administration.

Every once in a while we receive a circular from one of the several concerns scattered around over the country which proposes to write our editorial staff for us at the very low price of a dollar a month. Cheap enough and the stuff makes fair copy. However, this column may be pretty bum sometimes, (and we are quite sure it is) but it was thought out and written right here in the shop, and whether passably good, or bad, it is not plagiarized.

The Ohio County Fair begins today and should have the most liberal patronage of the people of the county. Dr. Bean has assumed a big responsibility in giving us a fair this year, after a lapse of three sessions, and he should receive the hearty encouragement of the people in this worthy effort. Everybody should have county pride enough to attend, and they are assured the worth of their money in entertainment. Let's make it the biggest Fair the county ever had.

The Bull Moose party has done little else than create destruction and dissension in Republican ranks since its inception. In fact, this seems to have been its main purpose. Wherever it has invaded the strongholds of Republicanism it has caused strife and discord, aiming to crush its former party friends and set itself up as a political god. Two notable instances are in Butler and Ohio counties, where the formerly strong Republican party has been almost annihilated.

Taking into consideration the assertion of Hon. W. J. Bryan that he cannot meet his ordinary expenses and live on the \$12,000 per year which his office of Secretary of State affords him, and that \$20,000 per annum is the least he can put up with, the New York World voluntarily offers to supplement his income with the necessary difference of \$8,000 per year, provided Mr. Bryan will devote his entire time to the duties of his office. This appears to be a very generous offer, but it is doubtful whether Mr. Bryan will accept it.

Almost every community has its "whited sepulchers"—as our Saviour called them—those people who assume to walk the straight and narrow path of rectitude yet do not lose an opportunity to criticize the characters, or actions of others whose failings, perhaps, are not greater than those of their critics, if

known. They are the ones who stand aloof, but for personal reasons are unable to cast the first stone. They never extend the kindly, helping hand, and are quick to hear and repeat slanderous reports. But where will they stand at the Judgment Day?

The many friends of Rev. Geo. W. Briggs, the noted evangelist and Bible orator, will be pleased to know that although he has resigned from the ministry, he has taken up editorial work and is now managing editor of the Galveston (Texas) News. For many years Mr. Briggs was one of the most able and eloquent pulpits orators in the country, until he became afflicted with a disease that has dragged many a good man down. Through it all, however, his earnestness and loyalty in the cause of the Cross was never doubted. But he has been restored to his former prestige and although his life lines are directed in a different channel, he is making good.

Lacking something to write about during the recent dull season of editorial comment, the editors of the Frankfort State Journal and the Bowling Green Messenger have taken to discussing biblical questions. Editor Leigh, of the Messenger, says he got into trouble by trying to please both sides on the long mooted question of the manner of baptism. It is only the strenuous advocate of either side of the dilemma nowadays who will admit of no departure from his views. It is now quite the general opinion that there were several forms of baptism practiced during apostolic times. If the heart is right and water is used, the commands of our Saviour are usually fulfilled.

CHICKENS ARE TRADED FOR A HOMELESS BABY

Left Homeless Again By Burning To Death of Its Adopted Mother.

Kansas City, Mo., Sept. 20.—The death of Mrs. Lillie Carnes, in a gasoline explosion yesterday, at her home, left homeless Maurine Carnes, one year old, adopted daughter, for whom Mrs. Carnes had traded five Plymouth Rock hens, a rooster and half a dozen chicks.

Mrs. Carnes made this trade when the mother of the baby came to Mrs. Carnes's home, after being discharged from the General Hospital. The mother said she had no place to go; that the baby had not been born in wedlock, and that she did not dare return with it to the home of her parents in the country. She said her parents were very poor.

Mrs. Carnes, taking pity on the young mother, said: "I'll take the baby. Here, take these chickens—they're all I can give you—and take them home with you. They will help you and your parents. You will be better off on the farm, and the chickens will give you a start toward making your own living."

The young mother has not been heard from recently.

Mrs. Carnes's husband deserted her three weeks ago. Left without any means of support, Mrs. Carnes was compelled to give the baby into the care of a neighbor.

This woman appeared in Juvenile Court to-day and obtained permission to keep the child.

RESOLUTIONS OF RESPECT

Hall of Camp No. 319, W. O. W., Hartford, Ky., R. F. D. No. 7, Sept. 19, 1913.

Whereas, God in His infinite wisdom visited the home of our fellow Sovereign, William Johnson, and took from him his little son who passed from this life to the great beyond, Sept. 9, 1913, therefore be it Resolved, That while Sovereign Johnson has an aching void in his heart and a vacant place in his home, the angels are rejoicing with little Delbert, and that father and mother have another link drawing them to life which is the real life. Be it further

Resolved, That Evergreen Camp, No. 319, W. O. W., extend their heartfelt sympathy to the bereaved family.

A. D. MILLIGAN, W. A. HIGGS, R. A. ROWAN, Committee.

Bryan Buys Bonnet. Washington, Sept. 22.—William Jennings Bryan has bought a new hat—a fuzzy "Kelly" of the type favored by Swiss yodelers. It is learned, however, that Mr. Bryan did not acquire his fondness for this style of "lid" through his recent association with other professional folk on the chautauqua circuit. He was simply talked into the investment by a Washington shopkeeper. It set him back \$5.

GREAT RECORDS MADE IN RACES OF VETERANS

At Chattanooga Reunion—Mimble Sprints Were Made By Old Men.

Chattanooga, Tenn., Sept. 19.—Colonel J. L. Smith, 69 years old, of Detroit, Mich., this afternoon retained the Grand Army of the Republic speed championship title by winning a sprint and a long-distance race over seven challengers.

The Michigan champion took the one-hundred-and-forty-yard dash in the remarkable time of 17 seconds. In the gruelling two-and-a-half-mile contest Colonel Smith crossed the tape 309 yards ahead of H. G. Barnes, 68 years old, of Pittsburg, Penn. The elapsed time was 16 minutes and 10 seconds.

Merideth Wolfe, 86 years old, of Chattanooga, broke through the barrier on a false start just preceding the first race. The United Confederate Veteran was speeding swiftly around the track when called back by his Union comrades. He felt unable to start again.

Col. C. W. Howe, 70 years old, of Port Huron, Mich., took third honors in both races. In the hundred-and-forty-yard dash, W. A. Heincheim, 67 years old, of Cleveland, finished fourth, Colonel Barnes fifth and Jacob Hoffer, 68 years old, of St. Cloud, Fla., sixth.

Few thought that any of the contestants would complete the two-and-one-half mile race.

EXCELLENT MEETING OF TRUSTEES AND TEACHERS

Trustees and Teachers association met at Shultztown schoolhouse, Friday, September 19, 1913.

Devotional exercises were conducted by Prof. Aaron Ross in a very impressive way, after which a cordial welcome was extended to all by Mr. E. Austin, followed by Mr. Slade Taylor. Frank Miller responded to "Why I Teach" in a plain, practical talk that was enjoyed by all present.

1 o'clock p. m. "School Discipline" was discussed in an interesting way by W. A. Casebier and H. B. Taylor.

E. S. Howard made a good talk on "The Money Value of Education."

Mr. E. G. Austin and Shelby Shultz gave some good points on "How the school grounds may be made attractive."

"How I Teach Children to Study" was thoroughly discussed by Mr. H. B. Taylor and Miss Lillie Patterson. "Nature Study" was made very interesting by Miss Corinne Woodward, followed by Mrs. S. O. Keown. "Why Study History" was discussed in a very practical speech by Henry Leach.

John Allen gave some excellent methods of teaching home geography.

Prof. A. H. Ross made it plain to all present that it did require a knowledge of Psychology to be an efficient teacher.

Mr. E. S. Howard made plain "The Course of Study."

"How can you Encourage Cleanliness in the School Room" was thoroughly discussed by Earl Miller. "Agriculture" was carried over till next meeting which will be at Cooper's schoolhouse.

W. A. CASEBIER, Ch'm'n. MRS. S. O. KEOWN, Sec'y.

Resolutions

Adopted by trustees and teachers of Dist. No. 5, at Shultztown, Ky., Sept. 19, 1913.

Be it Resolved, 1st, That we as trustees and teachers greatly appreciate the invitation extended to us by the people of Shultztown to meet with them and discuss the questions as set forth by the program.

2d, That we greatly appreciate the interest manifested by the patrons and trustees in attending said meeting.

3d, That we are grateful to know that we have a few teachers in our division who are so well informed that they need not the benefits derived from such meetings, but we regret very much that we are so unfortunate as not to have them present with us.

4th, That we wish to extend our hearty thanks to the teacher and patrons of Shultztown District for the hospitable manner in which we have been entertained.

H. T. LEACH, AARON ROSS, LILLIAN PATTERSON, Committee.

DEANEFIELD.

Sept. 20.—The many friends of Mrs. Jesse Loyd, of Reynolds, Ky., are grieved to learn of her sad death which occurred on Tuesday, September 19th. The funeral services were conducted from Zion

church by Bro. Lewis, of Fordsville, on Wednesday, and her remains were taken to Whitesville for burial. Mr. Barlow Lyons, of Etznaville, is very sick with heart trouble and dropsy.

Mrs. Sue Barfield left recently for her home at Evansville, after spending several weeks with relatives here. She was accompanied home by her sister, Miss Mary Wade.

Mrs. Ira Tanner and children have gone to Owensboro to spend a few days with Mr. and Mrs. James Wade.

Mr. W. H. Curtis is building a nice barn. Mrs. Geo. Grey, of Owensboro, is visiting her father, G. W. Kelly. Born to Mr. Frank Bowman and wife, on the 16th, an 8-lb boy.

Mrs. Fanny McElroy, of Owensboro, is spending a few days at G. W. Kelly's.

Miss Effie Kelly has gone to Danville, where she will enter school. Mr. C. D. Norris and family have moved back here from Canalon, Mo.

BUSINESS CONCERNS READY FOR NEW TARIFF

Two things are noticeable as the new tariff is about to take effect—first, that business of all kinds is proceeding with increased energy and optimism, and secondly, that nowhere is there a marking-up of prices on the necessities of life.

Business in highly favored lines has responded in this fashion to the stimulus of privilege and monopoly when tariffs for extortion have been adopted, but in this instance practically all business feels the impulse of freedom and justice.

If under the new and lower schedules the cost of living does not immediately come down, it is certain that it is not going to be increased. For the first time, since the war tariff was imposed upon the people a half century ago, we have in sight a new tariff that cannot be urged as an excuse for higher prices.

The two things, business acquiescence and prices stable or showing a tendency to decline, go together. They prove that the country is ready for tax reduction; that it no longer leans helplessly upon tariffs; that it is weary of monopolistic shackles, and that from this time forward there must be freer trade and wider markets.—[New York World.

"LAW MAKE ME SEEK," SAYS ITALIAN BEAUTY

Los Angeles, Sept. 22.—A year ago Ida Puccinelli, 18, queen of the Italian colony of Half Moon Bay, California, married Abraham Barsiegla. Five days later she asked for a divorce. Judge explained that it couldn't be granted until she had been married a year.

The year passed and Mrs. Barsiegla appeared before Judge with George Bardoni, another fiance. She asked for a license.

Judge explained that she must first be divorced.

"Understand?" "Yes."

Then the County Clerk administered the oath.

"And you must be divorced a year before you can marry again."

The queen of the Italian colony flew into a rage. "De law make me seek!" she shouted and fled.

Adenoids Are a Menace to Children.

Babies and young children must be carefully watched for the growth of adenoids, which spoil the mental and physical life of a child. They usually result from a succession of colds and throat irritations, and their presence is so productive of harm, that many school boards have an examining physician to detect them. The conditions that cause them may be easily avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of Foley's Honey and Tar Compound, and adenoids will not develop. Sold by all dealers. (Advertisement.)

STATE FAIR ATTENDANCE SMALLEST ON RECORD

Louisville, Ky., Sept. 20.—Only a few thousand persons braved the cold wind and rain to attend the final day of the State Fair, which closed to-day. Despite the light attendance, due to bad weather throughout the week, Commissioner of Agriculture Newman to-night declared the fair had been a success in the matter of uniform co-operation over the State, and that while the receipts would show no margin over the disbursements, the indications were that expenses will be made.

The attendance for the week is estimated at 86,000, the smallest on record.

OUTPUT OF COAL IN KENTUCKY INCREASED Two and a Half Millions of Tons, Chiefly from the Eastern Counties.

Washington, Sept. 22.—The production of coal in Kentucky established a new record in 1912 with a total production of 16,490,521 short tons, according to Edward W. Parker, coal statistician of the United States Geological Survey. This represented an increase of 2,440,818 tons over the figures for 1911 and of nearly 2,000,000 tons over the former maximum output of 1910. There was an even greater increase in value in 1912, namely, 2,845,749 over the figures for 1911. The increased production in Kentucky was due chiefly to the new developments in the eastern part of the State, although the western counties participated largely in the gain.

The number of men employed in the mines in 1912 was 24,204, and the average production per man 678 tons. Kentucky ranks second among the States in the percentage of coal produced by machines, Ohio holding first place. In 1912, 66 per cent. of the coal produced was machine mined. Labor troubles in the State were insignificant during the year, but according to the United States Bureau of Mines, there were 51 fatalities in and about the mines, 41 underground, 2 in shaft and 8 on the surface.

The total area underlain by coal in the eastern counties of Kentucky is estimated at 10,270 square miles, and the coal-bearing areas in the western part of the State are estimated to contain 6,400 square miles. Up to the close of 1911 the larger part of the production of the State had been from the western district, but as a result of extensive developments in Harlan, Johnson, Letcher and Pike counties, the larger part of the coal production in 1912 was from the eastern part of the State. The Eastern Kentucky coals are mostly high-grade "gas" or "coking" coals, with some cannel coal.

Said ditch being approximately one and three-fourths (1 3/4) miles long and containing 56,545 cubic yards; the construction of said ditch to be begun by November 1, 1913, and completed by April 1, 1914.

Plans and specifications may be seen on file in the Ohio County Clerk's office. Said Board reserves the right to reject any and all bids. Bond with good and sufficient security, as required by law, will be required of the successful bidder.

Done by order of Ohio County Board of Drainage Commissioners, this 17th day of September, 1913. S. T. BARNETT, Ch'm'n. A copy. Attest: W. C. TINSLEY, Sec'y.

HIGH DIVER LEAPS OFF THE BROOKLYN BRIDGE

New York, Sept. 22.—"Daredevil Murphy," as Joseph P. Murphy is known because of his high diving feats, took what he called a "practice" jump off the Brooklyn bridge yesterday, was picked up unharmed by three of his friends in a rowboat and afterward went calmly to sleep in a police station cell, where he was placed on a charge of "attempted suicide."

Murphy made his 135-foot jump clad in a bathing suit, which he wore under his street clothes, discarding the latter on the bridge promenade and leaping off the railing in sight of the Sunday bridge crowds before a policeman who ran for him could get near him.

It is natural for some women to act unnatural.
