on hand. Cakes, pies, doughnuts, muffins and all good things to eat must be dressed up in their best taste and looks.

Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet every time. She knows it will not disappoint her. Order a can and have the "company" kind of bakings every day.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

Peculiar African Reptile.

The gaboon viper ranges over the whole of tropical Africa. The body is exceedingly thick, stubbied, with a huge, spade-shaped head. Instead of progressing in ordinary fashion, this reptile throws forward lateral loops of the body and moves along in an oblique direction to that in which the head is pointing. A captive specimen displayed the trait of striking backwards.

SPARKS BIG CIRCUS COMING TO WINCHESTER.

The Sparks big 3-ring circus will exhibit in Winchester on Saturday, April 24, and Mt. Sterling, Monday, April 26, giving two performances and inaugurating its appearance with a splendid parade nearly two miles in length. Every feature of the great exhibition will be represented in this truly remarkable pageant, which leaves the grounds daily at 10:30 a. m.

This season finds the Sparks Circus nearly double in size and among the largest tented enterprises. Among the sensational features crowded together in the two and one-half hour program are the Sparks Stable of shimmy dancing horses, including Caesar, champion high jumping horse of the world, statue horses and dogs. Lady and three gorups of marble-like trainers seem to predominate with this circus and two herds of ponderous elephants, among them being the earth's largest monster "Bib Zulu," the sky-scraper elephant, who will be seen at each performance, and will be worked entirely by lady trainers. The daring Metoka will be seen in his front and backward slides for life on a narrow threadlike wire extending from the top of the tent to the ground, a distance of nearly the entire length of the huge canvas and just for good measure forty clowns will be on hand to extract the hearty laughs from you. Two performances will be given, at 2 and 8 p. m. Doors will open at 1 and 7, so that you will have plenty of time to visit the menagerie and horse fair.

WITNESS AFTER WITNESS IN PARIS

Such Evidence Our Readers Cannot Dispute

As we take up THE NEWS week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Rankin does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Floyd H. Rankin, grocer, Lileston avenue and Lucas street, says: "I have used Doan's Kidney Pills off and on for years and have been greatly benefited by them. At times I have suffered severely with kidney complaint. My back often pained and was lame most all the time. The kidney secretions were too frequent in passage and greatly annoyed me. Whenever I have been this way, I have always found that a box of Doan's Kidney Pills has never failed to cure me of the attack in short order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rankin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

World Has Many Lepers.

Neither geography, climate, diet, heredity nor any other known influence sufficiently explains the cause, the distribution or the behavior of leprosy. There is no discovered certain cure for it, and the cases of complete recovery, if there have been such, are rare. To most Americans it is happily only a name made familiar by Biblical mention or by reports of missionaries to far-off lands; and the estimate that there are 2,000,000 of these hopeless sufferers in the world comes to many people as a surprise.—Rochester Post-Express.

CHAMBERLAIN'S COUGH REMEDY

The great benefit derived from the use of Chamberlain's Cough Remedy has been greatly acknowledged by many. Mrs. Benjamin F. Blakeney, Decatur, Ill., writes, "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and have taken it myself." (adv)

VICKSBURG CITIZEN PRINTED ON WALL PAPER IN 1862.

The print paper shortage could possibly be surmounted by the example set by the Daily Citizen, of Vicksburg, Miss., issued July 4, 1863, a copy of which has turned up. That issue of the Citizen was printed on wall paper. Very few copies remain extant, and the one found at Pasadena, Calif., in the possession of Miss Persia Schofield, a sister of George Schofield, Federal soldier, has attracted some large offers from souvenir purchasers. On July 2, 1863, J. M. Sword, editor of the paper, had hardly set type for publication before the city was taken by Union soldiers. Schofield, of the Fourth Minnesota Regiment, being a printer, walked into the shop, finished setting the type and added news of the capture. He looked around for paper on which to print. None being available, he took rolls of wall paper, ran off the edition and "placed it on the street."

CATARRHAL DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness. Circulars free. All Druggists, 75c.

Behind Your Telephone

Back of that telephone on your wall or your desk are miles and miles of wire; huge cables in the air or underground; the wonderfully intricate mechanism of switchboards; a complete plant plus a trained organization of people whose business it is to provide for and make your telephone service.

The telephone instrument itself is the smallest part of the telephone exchange; it represents hardly one-tenth the investment the company has made to provide a line for your own special use; its maintenance is but an insignificant fraction of the cost of the management, upkeep and operation of the plant behind it.

It is but representative of the plant and organization behind it, all of which must be organized, maintained and operated in readiness, day or night, to serve you.

When you lift your receiver, you have all this at your command!
